STANDARDIZATION equipment means efficiency and economy in bank operation. You probably know that every officer and employee of your bank who uses a bankers directory wants *The* Bankers Directory—Rand McNally's Blue Book. You will be following the precedent set by Executives of practically all important American banks when you standardize on the Bankers Directory for inside equipment, outside information and inter-bank publicity.

Before YOU SIGN ~

A contract for bank directory service, give careful consideration to the following facts:

1. The Rand McNally Bankers Directory (The Bankers Blue Book) for more than 50 years has been the standard publication of its kind.
2. It has a paid circulation several times larger than its nearest competitor, and larger than all similar directories combined.
3. 90% of the banks subscribing to bank directories buy the Rand McNally Bankers Blue Book.
4. Based on circulation its rates are one-third that of any similar publication.
5. More than 8,000 Commercial Banks, Savings, Trust and Investment Banking Houses advertise regularly in each edition.
6. The number of advertisers alone greatly exceeds the number of paid subscribers to any similar work.
7. Its greater prestige, circulation and preference is deserved because it is the most reliable and comprehensive reference book of its kind and the publishers spare no expense in keeping it complete, thorough and up-to-date.
8. The Blue Book is the Official Numbering Agent of the American Bankers Association.

"MANHATTAN SERVICE"

AT HOME AND ABROAD

"MANHATTAN SERVICE" represents every phase of modern banking, trust and investment service. Chartered in 1799 as a public utility—to which fact it owes its famous "Oceanus" seal shown above—the Bank of the Manhattan Company is the oldest banking institution in America operating under its original charter.

Throughout its long history this bank has steadily enlarged its resources to meet the swiftly expanding needs of commerce and industry. Today, with its extensive system of branch offices conveniently located in various sections of Greater New York—the greatest financial and marketing center in the world—and with complete foreign banking and investment facilities which are provided through its affiliated companies — the International Acceptance Bank, Inc., and the International Manhattan Company, Incorporated—the Bank of the Manhattan Company is prepared to render to American financial, commercial and industrial interests and to individuals a comprehensive service at home and abroad.

BOND AND MORTGAGE GUARANTEE COMPANY

CLARENCE H. KELSEY, Chairman — CAPITAL FUNDS $19,000,000 — CLINTON D. BURDICK, President

THE TITLE GUARANTEE AND TRUST COMPANY located in New York City insures titles and makes loans on real estate in Greater New York and on Long Island. The Company also does a general banking and trust business and is prepared to receive accounts from out of town customers including banks and will render the usual services that go with this business. Its Capital funds are over $32,000,000, devoted to title insurance and banking—none of it to guaranteeing mortgages. Organized in 1883.

THE BOND AND MORTGAGE GUARANTEE COMPANY is associated with the Title Guarantee and Trust Company and the businesses are closely related and coöperative. The two companies occupy the same offices. The Bond and Mortgage Guarantee Company guarantees the payment of principal and interest on real estate bonds and mortgages approved by its Mortgage Committee and most of the mortgages sold by the Title Guarantee and Trust Company are sold under this guarantee. The Title Guarantee and Trust Company guarantees the validity of the titles to the properties covered by the mortgages, and, protected by this insurance, the Bond and Mortgage Guarantee Company issues to the investor its absolute guarantee of payment of principal and interest. Its Capital funds are over $19,000,000, devoted solely to the guaranteeing of first mortgages in this community. Organized in 1892.

During the past thirty-seven years, it has guaranteed more than 187,000 separate mortgages aggregating in amount $1,713,000,000. Of this $971,000,000 have fallen due and have been repaid without the loss of a dollar to any investor, and $742,000,000 are still in force. This record is unequalled by any line of securities ever offered by any other investment house in this country. If mortgage investments are sought there are no others so good as these.

THE NUMERICAL SYSTEM

THE A.B.A. NUMERICAL SYSTEM has been of definite value to business and banking in the United States and we are proud of our part in that system as official numbering agents of American Bankers Association. Each bank listed in this Directory has its transit number shown next to its name.

The entire system is explained and mapped in the first part of the Directory.

We devote a special publication to this numerical system which lists by numbers and by banks and your bank should have a copy of the latest number. Write for the Key to the Numerical System, A.B.A., Volume XI, Published September 1, 1929. Price $2.50.

Number under Name of Bank is the New Transit Number given to each bank in U. S. exclusively by The Rand-McNally Bankers' Directory, under the authority of The American Bankers Ass'n.

A contract for bank directory service, give careful consideration to the following facts:

1. The Rand McNally Bankers Directory (The Bankers Blue Book) for more than 50 years has been the standard publication of its kind.
2. It has a paid circulation several times larger than its nearest competitor, and larger than all similar directories combined.
3. 90% of the banks subscribing to bank directories buy the Rand McNally Bankers Blue Book.
4. Based on circulation its rates are one-third that of any similar publication.
5. More than 8,000 Commercial Banks, Savings, Trust and Investment Banking Houses advertise regularly in each edition.
6. The number of advertisers alone greatly exceeds the number of paid subscribers to any similar work.
7. Its greater prestige, circulation and preference is deserved because it is the most reliable and comprehensive reference book of its kind and the publishers spare no expense in keeping it complete, thorough and up-to-date.
8. The Blue Book is the Official Numbering Agent of the American Bankers Association.
