Dear Mr. Griswold:

I have your letter of April 13, 1942, in which you advise that your Japanese client, Sam Suekichi Habara, would like to dispose of his automobile and certain household furniture and that you have prepared a special power of attorney running to his son, Sam Kazuo Habara, authorizing him to make the sale.

You inquire whether it will be necessary to secure a special license for Habara, Senior, to dispose of this property, he at the present time being interned under orders of the Federal Bureau of Investigation.

If Mr. Habara, Senior and his son are both generally licensed under General License No. 68A, copy of which is enclosed, and if neither of their accounts have been blocked by orders of the Treasury Department, there is no reason why Habara, Senior, cannot make the sale through his son. You will easily be able to ascertain whether or not these accounts are blocked by inquiring at the bank where they customarily do business. If the account of either the father or the son is blocked, it will be necessary to obtain a special license in order to consummate the transaction.

Very truly yours,

Dear Mr. Agnew:

Mr. Sam Suekichi Habara would like to dispose of the following personal property, to wit:

One (1) Dodge 4, Engine Number 410658, Cover Plate Number 867295, Registration Number 9G591, 1924 Model; One (1) Ford Pick-up, Engine Number 2283949, Cover Plate Number 867294, Registration Number 9 G 590, 1941 Model; all of the personal property which he now is in possession of, including miscellaneous household furnishings.

I have prepared a Special Power of Attorney appointing his son, Sam Kazuo Habara, as Attorney in fact to dispose of the same.

Will it be necessary to secure a special license for Mr. Habara to dispose of this property? At the present time, Mr. Habara is interned by the F.B.I.

As his family is to be evacuated in the near future, we would appreciate an early reply.

Advised by telephone today from W.R.A that a satisfactory sale has been negotiated for tractor, harrow & plow belonging to above.

MEMORANDUM TO: WAR RELOCATION AUTHORITY
Evacuee Property Division

SUBJECT: JAMES HABU

Reference is made to a telephonic conversation of even date between your Mr. Furth and our representative Mr. Borden, pertaining to the above evacuee.

According to our records, James Habu, formerly of Pescadero, first approached us on March 21, 1942. It appeared that the main problem facing him at that time concerned a small store operated by his mother in Pescadero. Certain questions pertaining to the rights of Japanese were asked and advice for a solution of their problems was rendered. Subsequently, it developed that they had some difficulty with the State Board of Equalization due to the lack of a strict record of sales and receipts, but after some negotiation this matter appeared to be satisfactorily settled.

On May 22, 1942 we were approached by one Mrs. Angelo Antongiovanni, 1282 Gilman Avenue, San Francisco. She related that for some years past they had leased the Pescadero property to Habu for $17.50 per month, which lease had expired December 31, 1941. Shortly prior to the expiration of this lease, Habu had indicated a desire to purchase property and an agreement was reached involving the total price of $3,500, including a $200 down payment which was effected. The entire contract was of an oral character.

The Antongiovannis had received no rental since Habu was evacuated and they wished to make some other arrangements for maintenance of the property. A meeting was arranged between the evacuee, Antongiovanni and a Mr. Angelo De Vincenzi in the presence of our Merced representative, Mr. Harold Johnson, May 24, 1942.

According to a letter in our files from Mr. Johnson, a mutually satisfactory program was evolved with the exception of a straw-flower drier located on the property. It appears that Habu had constructed the drier during the Spring of 1941 at a cost to himself of approximately $2,500. It consists of a frame building covered with galvanized iron resting on concrete blocks and equipped with a forced air oil furnace and tank. The approximate size of the building is 15 X 30 feet. We are informed that it is impossible to obtain or replace such equipment under the present emergency.

Memorandum to: War Relocation Authority September 25, 1942

We are informed that the original lease agreement provided "All improvements placed upon said premises by the lessee shall, upon the termination of this lease, or sooner termination thereof, by sale as hereinabove provided, be and become the property of the lessor, provided, however, any small buildings erected by the lessee on said premises at his sole cost and expense may be removed by said lessee upon the expiration of the lease; but such buildings so constructed must not be attached to any existing structure upon the premises." It is, of course, apparent that with no definition of the term "small buildings", there was room for disagreement.

The meeting was concluded upon the promise of the two Italians mentioned above to visit the Filipino tenant to see if some arrangement could be worked out for use of the flower drier on a rental basis, the bulk of which was to be remitted to Nabu.

No further developments have occurred until the receipt of a letter dated September 22, 1942 from Mr. Johnson. He advises that Nabu is perfectly willing to pay the land owners a reasonable sum for rental of the space on which the drier is situated. However, it appears that the land owners have now negotiated a sale for the property and no ground rent can be established until the new owner is contacted.

It appears that there has been some confusion existent for a considerable length of time which had its inception in the oral purchase agreement between Nabu and the land owner. There is a conflict of statement between the two parties concerning the point of responsibility for termination of this agreement. It is obvious that the evacuee could not in all probability afford to go ahead with the contract, with a negligible income for the duration. If it is true that the flower drier constituted such a large capital investment as claimed and was solely owned by him, there should be some channel allowing him to retain title. By the same token, however, the Italian landlord is in the position of facing a loss of income due to a revoked agreement for which he is blameless. It would appear that both are partially at fault in establishing an oral contract where opportunity for misunderstanding is probable.

In view of Nabu's removal to a Relocation Project, and therefore within your jurisdiction, we feel that you will wish to review the foregoing and undertake a further exploration of the problem.

Assistant Cashier.

Dear Mr. Johnson:

In reply to your letter of May 22nd., I find the following conditions exist.

I located the three pieces of equipment, namely the 30 Caterpillar tractor, plow and disc. I also talked to Mr. Diss and to other people in the community regarding the possibility of selling this equipment and what price we could expect to get for it.

The consensus of opinion was that the disc was in very good shape, but the plow was an obsolete model. I understand from those who had been using the tractor that it was quite an old model when it was purchased by Mr. Habu, and that it is in need of repairs at the present time in the amount of approximately $200.00 to put it in good working order. It was the opinion of the people whom I talked to that the three items of equipment would sell for approximately $700.00.

As this price differs from what the Japanese expected to get for it, would you please discuss this further with him and let me know what you want me to do in this matter.

Dear Sir:

An evacuee at the Merced Assembly Center has asked that I contact your office and enlist your aid in selling some farm equipment that he left at Pescadero. The equipment is being used by a Philipino on the ranch of John Dias. Mr. James Habu, the owner of the equipment, does not know the location legally but states that everyone in Pescadero knows John Dias and that you can locate the place by inquiring for him. The Philipino who is in partners with the evacuee is named S. Cabbab.

Apparently there will be no further use for the equipment on the place as the evacuee states that all the crops will be harvested by now. There is a 20 Cat. plow, and disc. This equipment cost the evacuee $1000 the first of the year and he states that it should be worth around $900 now.

Please check into the matter and see if you can liquidate same. Should you recieve any offers let me know and I will contact Habu.

Dear Sir:

Subsequent to your telephone call of May 22 a meeting was held between Angelo Antongiovani and Angelo DeVincenzi of San Francisco and James Habu and his father at the Merced Assembly Center.

After discussing the matter of the property and dried flower business at Pescadero I find that the main interest of the Italians is to cut in on the dried flower business and if possible retain, without compensation to the evacuee, a flower dryer which the Japanese has built on the property. This dryer represents an investment of approximately $2500.00. From all indications the dried flower business is very profitable as there is an expected gross income of about $15,000.00 from the ten acres planted, with a net of about $10,000.00

First in the matter of the option or deposit of purchase. In either matter in my opinion this would be forfeited as the owner is still willing to convey the property on the basis agreed upon and the evacuee is now unwillimg to go ahead with the deal fearing that he will not be able to return to the area after the war. It would be impossible to make an absolute decision in the matter without obtaining a copy of the agreement covering same unless Saburo Kido, Atty, formerly located on Webster betwen Sutter & Post could be located and a copy of the papers obtained from him. The evacuee thinks that he is in the middlewest. Common practice in conveying realestate however is that the deposit is forfeited unless the deal completed when the owner is willing to complete same.

The rent for the March and April has been paid and the new tenants will have to pay the rent from now on. This was agree to by both the evacuee and the owner. To be determined yet is the amount of rental to be paid on the ground on which the dryer rests. The Italian didn't want to make any commitment on this part as he wanted to talk to his attorney apparently still feeling that he might have a chance to hang onto the dryer.

The dryer consists of a frame building covered with galvanized iron resting on concrete blocks. The most valuable part of the unit however is a forced air oil furnace and tank. This unit was purchased in March 1941 from Nelson Co. 10th & Howard Street, San Francisco. The straw flowers are picked and then placed in this building and completely dried. It is impossible to replace this equipment now. There is a question in the lease about the evacuee being able to remove the dryer however as long as there is a question and the evacuee had intended to purchase the property and does not feel safe to do so due to uncertain conditions I feel that his interest should be protected even if it becomes necessary to freze the property. The paragraph covering the construction of the buildings is quoted as follows: "10. All improvements placed upon said premises by the lessee shall, upon the termination of this lease, or sooner termination thereof, by sale as hereinabove provided, be and become the property of the lessor, provided, however, any small buildings erected by the lessee on said premises at his sole cost and expense may be removed by said lessee upon the expiration of the lease; but such buildings so constructed must not be attatched to any existing structure upon the premises." As there is no definition in the lease of "small buildings" there comes up the question of size. The building according to the Japanese is about 15 x 30 feet.

All matters in regards the property were straightened out to the satisfaction of both parties with the excpetion of the dryer. The Italian agreed to break the rent down for the three occupancies now on the property on a reasonable basis. In discussing the dryer last he seemed to feel that he might allow the dryer to be left on the property for a nominal land rent with an agreement that the Japanese could remove it whenever he could. If he will do this everything will be fine. He is to write to me soon about it.

Due to the fact that the Philipino now running the place is a poor businessman, although an excellent worker, the italians are going to contact him and see if they can work into the deal on a percentage basis. This was agreeable with the evacuee.

My conclusion in the entire matter is that we should protect the evacuees interest in the dryer as the whole matter hinges on it.

Dear Sirs:

I am writing in regard to the property of which I recently spoke.

Everything is ready for the completion of the transaction, but we are having some difficulty in regard to the store with the State Board of Equalization.

As this store was a very small business run by just the family, we failed to keep a strict record of the sales and purchases. We have managed to find the returned checks for the sales taxes, but have not as yet been able to locate all of the tax returns.

In a recent notice from the Board (which I herein enclose) we were told to bring records of sales & purchases and copies of our tax returns

to the San Francisco Office.

As all our transactions were done through correspondence, we have already been quite delayed.

Please advise us as to what would be the best solution.

Waiting anxiously for your advice and thanking you for your co-operation, I remain,

Store owned by mother. (Japanese National generally licensed under 68 A). James Habu the son thinks they will have a chance to trade said store for a piece of property (house + lot) to which he ~~will~~ (being American born) will take title. Wants to know if they can go ahead with the deal three regular channels.

James Habu himself has a ½ interest with a Filipino in a flower garden (commercial). He wants to know if he can make arrangements for the Filipino to carry on for him.

Action taken:*

Advised that mother either sell business, or give him title to said business then to go on with the trade. As for making a direct trade the question might arise that Mrs Habu (Japanese Natl) would have temporary title to real property while in act of transferring it to her son. Therefore it would be better to work it out as above.

Advised that any agreeable arrangement could be made with Filipino partner.

Dear Sir:

We are enclosing a letter from Tamotsu Hadeishi an evacuee resident at Walerga Assembly Center, relating to contraband deposited with the Courtland Police and for which the evacuee apparently did not receive a receipt.

While property of this character has not come and is not within our jurisdiction, it might be possible for you to obtain some information regarding the transaction which would be of benefit to the evacuee. An interview with the evacuee might be helpful.

Yours very truly,

Dear Sir:

I am an American citizen of Japanese ancestry and am here in this camp. Previously I have had my "Weltine Camera telescope and flash gun" in care of Courtland policeman to turn in to the headquater for safe keep as a contraband was ordered turned in. In as much of my visits to the policeman in Courtland I was not able to obtain recipt ~~from~~ for those articles. I'd like very much you to investigate what happened. All these

times, to my property. I am waiting for an answer from the Sacramento County Sheriff concerning those articles where about, which I have written two weeks ago.

The Courtland policeman each time told me that the Sacramento head quater had not sent the recipt for those articles and wait for it. During which time I have not heard from him.

Thank you.

Dear Sir:

I am writing to inquire what procedure would be necessary for me to go through in order to lease or buy one of the places from which alien citizens are being evacuated. I am employed by the Southern Pacific Railroad as a painter but the doctor has advised me to move my family away from the city to a higher altitude if possible as my oldest boy is subject to asthmatic attacks here. It seems to be a bad time of year to get a lease on property as everyone I've seen about it says that leases are made in November. However, I read that the government was anxious to have the places cared for in order that the crop loss would be as small as possible. I am familiar with all kinds of farm work and have had experience in it. I can operate and maintain most kinds of farm machinery. If it is not possible for me to lease such a place would it be possible for me to care for one on a salary basis or work one on shares. I can give good references as to character and ability. My job at present is a good one and will be so far as I know steady but I feel justified in giving it up in the best interests of my family's health. I wouldn't consider such a move if I did not intend to make such a transfer permanent. I mean that I would stay in the country steady. I hope that I may hear from you soon in this matter.

Respectfully yours,

Edward Hajek

Dear Haruko:

It was very nice to see you when I was in San Francisco. If you are now on vacation, I wish you would go to the Federal Reserve Bank and ask them for a copy of the inventory which was agreed upon with the City of San Francisco and which is attached, as I recall, to a letter of May 14, 1942 from your mother to the City. If the bank can give you a photostatic copy of the inventory, this would perhaps be best. Otherwise, I wish you would make a copy of it in long hand and send it to me. Also, please let me know when you are to be free during your vacation and I shall try to come to San Francisco. I am extremely anxious to bring this matter to a conclusion at the earliest possible moment.

Please give my regards to your mother and George.

Dear Sir:

I am obliged for your reply in regard to the Japanese Tea Garden and certain items of property there belonging to the Hagiwara Family.

You are correct in presuming that I have been in communication with the Park authorities regarding the plate glass now in question. This glass was purchased from the Hagiwara Family just one year ago by the President of the Board of Park Commissioners, Mr Herbert Fleishhacker, who proposed to present the glass to the City. Some weeks after this plan had been agreed upon, I wrote to Mr Fleishhacker, to learn his wishes. My letter was ignored. In November I again made enquiry, and this letter was likewise ignored. In January of this year I wrote to Mr Fleishhacker's attorney, Mr Harry S Young, stating the circumstances of the purchase and requesting him to assist me in the matter of obtaining payment. Mr Young is, to the best of my knowledge, still representing Madame Hagiwara, and I presumed it was quite in order to bring this matter to his attention.

Mr Young's reply to me, under date of February 6th, 1943 is as follows, quote:

> "In response to yours of January 19th, permit me to state that I have something else to do besides reading your scurrilous letters. You will favor me by discontinuing this correspondence."

On Saturday last, June 19, I called at the Tea Garden and spoke at length with the Superintendent, Mr Julius Girod. While he is friendly enough to me, he entertains an undisguised hostility towards the Hagiwaras, and appears not disposed to release to me certain salvage items which I have asked for.

It would therefore be a favour to me, in view of the fact that the Federal Reserve Bank now no longer has jurisdiction over the affairs of evacuated Japanese, if you would put me in touch with the proper parties in the War Relocation Authority.

Very sincerely yours,

C H Schnabel

Dear Sir:

Reference is made to your letter dated June 15, 1943, addressed to Mr. Joseph Tyler, concerning the Nagiwara family.

We presume that you have been in communication with the Park authorities with respect to the matter of disposition of the plate glass and salvage items mentioned in your communication. It would seem in some respects, desirable that you await their reply to determine whether it will be necessary, in your opinion, to seek assistance in connection with the matter.

In view of the fact that the War Relocation Authority now has jurisdiction over the matter of assistance to Japanese in connection with their problems, the activities of this bank in that connection having been terminated, no doubt the War Relocation Authority should be consulted with respect to any request for assistance. We shall be pleased, however, to place you in touch with the proper parties in such event.

My dear Mr Tyler:

Would it be possible for you to meet me at the former Japanese Tea Garden in Golden Gate Park this coming Saturday, at any time between two and five o'clock?

The matter of the plate glass which the Hagiwara Family left in the Exhibition Pavilion has not yet been settled, and I believe I am considered guilty of unlawful trespass if I enter that building unaccompanied.

There are in addition a number of salvage items strewn about the Tea Garden, all evidently marked for destruction, which I should like to itentify to you and claim for the Hagiwaras. They are items of absolutely no intrinsic value, but which I feel the Family would wish to retain for sentiment's sake.

Should Saturday be inconvenient for you, perhaps Friday or the following Monday would find you free.

Very sincerely yours,

Re: Evacuation Claim of Takano Nagiwara,
No. 146-35-15261.

Gentlemen:

This office is processing the evacuation claim of the above-named claimant who formerly operated the Japanese Tea Garden in Golden Gate Park. The claim is in excess of a quarter of a million dollars and involves losses related to machinery, equipment, statuaries, potted dwarf trees, potted plants, garden ornaments, a replica of a shrine, antiques, chinaware, vases and various household items. In support of her claim, claimant has filed a sworn statement that on about May 20, 1942, her daughter, Sumi, conferred with Mr. Joseph Taylor of the Federal Reserve with reference to procuring from the City of San Francisco an extension of time to vacate the Japanese Tea Garden premises. She has also submitted a sworn statement to the effect that shortly after May 5, 1942, the Federal Reserve Bank engaged a trucking company, at the expense of the bank, for the purpose of moving approximately two-thirds of the personal property located on the Japanese Tea Garden premises. Claimant states that this property was moved to Mill Valley, California, and that she believes the trucking company was the Lyon Moving and Storage Company. She also asserts that four or five vans were used over a five day period. The statement further recites that at some time before May 5, 1942, claimant's daughter, Sumi, conferred with Mr. Taylor and with city officials and that a complete inspection of all property at the Tea Garden was made and an agreement was entered into as to which property belonged to the claimant and could be removed and which items of property were to remain in the Garden. Claimant further asserts that she believes her daughter, Sumi, signed certain releases releasing any claim to the portion of the property which purportedly belonged to the City.

This office will greatly appreciate being advised specifically in connection with any information your bank might have with reference to the above matters. I would also appreciate if you would forward whatever files and documentary evidence you may have concerning this matter that would aid in the adjudication of said claim. I will, of course,

Dear Mr. Fleishhacker:

In compliance with your request to contact Mr. Charles Holbrook Schnabel regarding his complaint of the theft of plants from the Tea Garden on May 18:

I telephoned Mr. Schnabel regarding this matter, and he informed me that he knew the person that had taken the plant material. After I questioned him further, he seemed confused and was unable to identify the person other than to say that he had talked with this person several times; that the man was about 15 years younger than himself; that he wore a uniform resembling that of a military officer or a State Police officer. He was not sure. He also informed me that this person carried side arms but did not have a star on his uniform.

Mr. Schnabel stated also that on the evening this plant material was removed, this man was accompanied by three ladies and that the plant material was carried from the plant racks adjacent to the De Young Museum through the Tea Garden and around the rear of the Hagiwara residence to near the Monastery site, where it was loaded into two automobiles. Mr. Schnabel also stated that Mr. Murphy, a Park watchman, was in the Tea Pavilion at the time these plants were removed.

From Mr. Schnabel's description of the location, it is approximately 500 feet from where the plants were removed to the place where they were loaded into the automobiles. In order to carry these plants to the automobiles, as Mr. Schnabel described, it would be necessary to pass in front of the Exhibition Temple, which is approximately 20 feet from the Tea Pavilion, where the watchman was sitting. The plants would have to then be carried through the main entrance gate to the Hagiwara yard, around the rear of the building, and out through the garden to the automobiles.

The time stated by Mr. Schnabel was between seven and nine o'clock in the evening when it is still day light, and I do not see how it was possible for a person to remove any plant material as outlined by Mr. Schnabel.

Mr. Schnabel also informed me that he was going to see Mr. George Hagiwara and that he was certain Mr. Hagiwara could give him the name of this person, as he felt that Mr. Hagiwara knew him very well. Mr. Schnabel informed me today that he had contacted Mr. George Hagiwara and that the latter was unable to identify this person.

MEMORANDUM TO: Mr. Everson
Mr. Armstrong

SUBJECT: HAGIWARA FAMILY (GOLDEN GATE JAPANESE TEA GARDEN)

Mr. Herbert Fleishhacker, president of the Board of Park Commissioners of the City and County of San Francisco, telephoned the afternoon of June 18, 1942, advising that he had received a letter from Charles Holbrook Schnabel, of an alarming nature. It was suggested that he promptly send us a copy, which reached us the same afternoon. After a discussion with Mr. Armstrong and Mr. Everson, the undersigned visited the Hagiwara family yesterday (June 19) afternoon at Tanforan Assembly Center.

Those present at the conference in Barracks 143, Apartment 3, were Mrs. Nagata, her sister and mother, also George Hagiwara, her brother. The following quite accurately describes the substance of the interview that followed:

The undersigned advised that a letter had been received from Mr. Schnabel addressed to Mr. Herbert Fleishhacker, a portion of which indicated that the Hagiwara family, who had previously executed a waiver of any further claims against the Board of Park Commissioners, now claimed ownership of certain buildings and residences located within the concession grounds; also that he (Schnabel) presumed the Board of Park Commissioners contemplated a property settlement in reference to the buildings; and that Mr. George Hagiwara had been asked by Mr. Schnabel to submit a statement of expenditures affecting the Tea House Garden, covering the past several years. To the members of the Hagiwara family present, the following questions were asked by the undersigned:

1. Was it not the understanding of the Hagiwara family at the time they executed the waiver of claims against the Board of Park Commissioners that they conceded that the buildings located in the Tea House Garden grounds were the property of the Board of Park Commissioners?

The answer of Mrs. Nagata and of George Hagiwara, to each of whom this was individually addressed, stated that it was their understanding.

2. Did not Mrs. Nagata and George Hagiwara state to the undersigned the day before the waiver of claims was executed, that the family conceded all buildings on the property in the Tea House Garden concession to be the property of the Board of Park Commissioners?

To this, both answered, "Yes".

3. Asked of George Hagiwara: Was he preparing, or considering preparing, a statement of expenditures for presentation to the Board of Park Commissioners on the Tea Garden building to which Mr. Schnabel referred in his letter?

He stated that he knew nothing about this action.

The family were advised that the representatives of this bank, with whom they had had personal contact, had complete confidence in the integrity of the family and that today's statements made by the family confirmed that opinion, notwithstanding the statements made in the letter above referred to, of Mr. Schnabel.

Mrs. Nagata expressed the hope that it would not be necessary to bring these further developments to the attention of Mr. Agnew, inasmuch as they now confirmed the action taken by them in executing the waiver of claims. Mrs. Nagata was advised the undersigned could not assure her that the matter had not already been discussed with Mr. Agnew, or would be in the future, but that he felt it would make no difference in our understanding of the position of the Hagiwara family. She requested that we send her a copy of Mr. Schnabel's letter addressed to Mr. Fleishhacker. She was advised that we would be glad to do so with Mr. Fleishhacker's approval. This approval was given this morning (June 20) and a copy of the letter has been sent.

The undersigned believes that the Hagiwara family are sincere in the statement that they have no further claims of any kind against the Board of Park Commissioners, but they still have clearly in their minds, bitterness against certain Park officials for what they feel was the wholly unnecessary and unjustified harsh treatment accorded them during the last sixty days of their occupancy of the concession.

The letter above referred to, from Mr. Schnabel to Mr. Fleishhacker, copies of which are attached hereto, referred to a report of a radio broadcast and also to the theft of certain potted plants tendered as a gift by the family to the city.

As to the radio broadcast rumor referred to by Mr. Schnabel, Mrs. Nagata said that she had heard from several friends that the amount of settlement made by the City with the family was $80,000.00, not $8,000.00, as Mr. Schnabel has stated, and that it had been a source of embarrassment to the family in denying same.

As to the theft of certain potted plants referred to therein, this item will be dealt with further in this report.

This morning the undersigned contacted Mr. Herbert Fleishhacker, advising him of the substance of the conversation with the family yesterday (June 19) afternoon, and also of their desire to have a copy of the letter addressed to him by Mr. Schnabel. He gave his consent. He stated he did not intend to answer the letter inasmuch as it was addressed to him personally and not as Chairman of the Board of Park Commissioners. He advised however, that he had promptly requested the Park Board personnel to contact Schnabel and get to the bottom of the statement made by the last named, that a Park employee, known to him (Schnabel) was responsible for the theft.

Schnabel, it seemed, was most vague in his final conversation, finally admitting that it was not a Park employee but some one in uniform whom he did not know.

Later this morning (June 20) the undersigned contacted Mr. Sheldon Cooper, address, Crocker Building, San Francisco, who for some time past has been acting as personal attorney for the Hagiwara family.

The undersigned outlined to Mr. Cooper the substance of the conversation that took place yesterday (June 19) afternoon at Tanforan, then asked him if he, as attorney for the Hagiwara family, wished to add in any way to the statements made by the family.

Mr. Cooper stated that prior to approving the family-signing waiver of claims against the Board of Park Commissioners, he directly asked Mrs. Nagata if the family had any claims at all against any other property in the Park, <u>specifically referring to the buildings</u>. He stated that Mrs. Nagata told him, "No, we have no claims, as we feel those properties belong to the City". Mr. Cooper stated that he was glad to confirm this statement to us and further, expected to have Mr. Schnabel call on him within the next ten days and would, at that time, secure from him a letter addressed to Mr. Herbert Fleishhacker stating that he had been in error at the time as to the intent of the

Hagiwara family to bring any further claims against the Board of Park Commissioners. Mr. Cooper said he would advise the Hagiwara family, as their counsel, to follow this course, notwithstanding Mr. Schnabel's written statements to the contrary.

Mr. Fleishhacker was advised of Mr. Cooper's statements.

It would appear from the foregoing that Mr. Schnabel has incorrectly reported to Mr. Fleishhacker the attitude of the Hagiwara family without their knowledge or consent. Both the family and their attorney confirm this. If Mr. Cooper secures the letter from Mr. Schnabel which he appears confident can be done shortly, the case appears closed.

Herbert Fleishhacker, Esq.,
San Francisco

Dear Sir:

As you are no doubt aware through Assistant Superintendent Julius Girod, the residence of the Hagiwara family has now been vacated by me, and such of their private property removed as time allowed. I have been asked by Madame Hagiwara to express to you her great thanks for the extension of time which you allowed.

There are a number of matters upon which I should perhaps speak at this time. Firstly, in regard to the reported theft of twelve potted dwarf plants; these items were removed from their place on the tiers the evening of the day the Hagiwara family formally conveyed them to the Park Commission, and Mr. Tyler, then present, accepted them for the Commission. Their loss was first reported by Mr. Cummens the following morning. They were removed from the Tea Garden between seven and nine o'clock on the evening of May 17, by an employee of the Park; he was assisted by three women, arriving and leaving by the temporary exit made in the Garden paling in the vicinity of the Hearst Monastery. They left in two motor cars. The employee is well known to me; I do not recall having seen the ladies before. It was quite impossible for any watchman stationed in the Tea Pavilion to have observed the removal of the plants, as the employee and his assistants entered and left by way of the passage behind the Hagiwara residence.

I mention this matter at this time only to clear Watchman Murphy; he was in no sense negligent in the performance of his duty. It was impossible for any one to have detected the removing of these plants. The Hagiwaras themselves knew nothing of it; they were at dinner at the time and consequently saw no one. Supposing that an employee of the Park would hardly presume to remove Park property without orders from his superiors, I did not report the loss. It was none of my affair, as the plants were no longer in my custody.

The carved statue, a loan exhibit from the De Young Memorial Museum, is still in the exposition building; I have a memorandum from Dr. Heil placing it in the custody of the Hagiwaras, and as soon as it is convenient to Dr. Heil I shall arrange for its return to him.

The matter of the plate glass is still not concluded. I believe you suggested my leaving the two panes in place and that you would purchase them from the Hagiwara family and present them to the City. As previously stated, the Fuller Glass Company offered me $40 for them, one-half their cost price. I await your further instructions.

Reports have reached both the Hagiwara family and myself that on May 18 it was broadcast, over a major network, that the Board of Park Commissioners had reached an agreement with the Hagiwara family by which the former paid the latter the sum of eight thousand dollars in settlement of their claims in the Tea Garden. I should be obliged if you could inform me who authorized this announcement. If it was an error, I shall insist that the station making this announcement rectify the statement in a future broadcast.

It is the understanding of the Hagiwara family that the document signed by them and presented to the Board of Park Commissioners by Mr. Tyler related solely to the disputed ownership of certain items on display in the Tea Garden. "The Property in question consisted of valuable potted plants and a miscellaneous collection of personal property, largely Oriental objects of art." It is the contention of the Hagiwara family that this release therefore applies only to the above stipulated items, and does not embrace the various buildings and residences, which are still (with the single exception of the warehouse) their undisputed personal property.

Presumably the Board of Park Commissioners contemplate a property settlement in regard to these buildings. I have asked George Hagiwara to prepare for your consideration a statement of expenditures covering recent renovations and alterations, and receipts for the Tea House, which was entirely rebuilt two years ago. This statement I hope to be able to place before you in the near future.

I have the honor to remain, dear Sir,

Very sincerely yours,

GOLDEN GATE PARK JAPANESE TEA GARDEN CONCESSION
HAGIWARA FAMILY
HISTORY AND FINAL REPORT

This memorandum deals with a situation that came to our attention through a letter addressed to us March 10, 1942, by Mr. H. S. Young, attorney-at-law, 605 Market Street, San Francisco, who at that time was acting as attorney and family adviser for the Hagiwara family.

The Hagiwara family, consisting of four generations, until evacuated on May 20, 1942, had occupied that portion of Golden Gate Park known as the Japanese Tea Garden concession for practically forty-five out of the last fifty years. For many years, in fact, up to about two years ago, the family occupied the concession under no written lease, the occupancy resulting from an intimate friendship and confidence of many years' standing existing between Mr. Hagiwara Senior and Mr. John McLaren, for many years superintendent of Golden Gate Park - for some time past physically and mentally incapacitated.

At the beginning of the war the family was operating under a month-to-month lease and up until December 1, 1941 there appeared to be relatively little friction between the family and the Board of Park Commissioners or any members of its staff.

Subsequent to December 1941 and up to March 1, 1942 personal differences developed between George Hagiwara and certain members of the Board of Park Commissioners' staff.

When the situation first came to our attention on March 13, 1942 and after an initial conference with Mr. Herbert Fleischhacker, president of the Board of Park Commissioners; Mr. H. S. Young and Mrs. Sumiko Nagata, it appeared the difficulties then existing could be amicably settled at an early date. It was informally indicated that the Board of Park Commissioners would be interested in taking over the Hagiwara family properties on some mutually satisfactory basis.

The Hagiwara family have represented at numerous times that they have expended during the past approximate forty years' period, between $400,000 and $700,000 on the concession and personal property contained therein.

As a result of the attitude taken by George Hagiwara and the entry of Mr. R. A. Schnabel into the picture (under power of attorney from the Hagiwara family), the situation became further involved in personalities, Schnabel adopting an attitude that further antagonized the Board of Park Commissioners' staff and certain members of the Board with whom he came into direct contact.

Mr. John Lerman, an attorney and member of the Board of Park Commissioners, at this point strongly urged that the Board of Park Commissioners should declare the existing month-to-month lease cancelled as of May 1, 1942 and at the same time the Hagiwara family were advised that no property of any kind was to be removed from the concession grounds. An eviction order followed shortly thereafter, giving the family three days to leave the grounds.

Inasmuch as Mr. Herbert Fleischhacker at an earlier meeting attended by the writer and Mrs. Nagata, had assured the last named that the Hagiwara family could occupy the premises until such time as they were evacuated by the Army authorities, I promptly brought this statement to Mr. Fleischhacker's attention. After contacting certain city officials, Mr. Fleischhacker confirmed the undue harshness of the eviction order and we were authorized to advise the Hagiwara family that they might stay until evacuated by the Army authorities.

For a portion of this period (between approximately March 20, 1942 and May 10, 1942) both the Hagiwara family and the Board of Park Commissioners claimed title to all of the personal property within the concession. The Board of Park Commissioners, in the interval, had made an effort to check back over many years to determine the extent to which the city had invested funds in the tea garden concession, particularly for personal property such as growing plants and ornamental works of art. This investigation disclosed that the City, up to thirty years ago, had expended approximately $7,000 to $8,000 on articles in the two above classifications -- none, apparently, since, although expenditures had been made up to and including recent years for

buildings and additions and alterations thereto.

Because of the many problems involved, including ownership of valuable works of art, growing plants, removable scroll panels, lattice work, side walls and plate glass, the possible loss of a valuable cultural exhibit to the City, and the political ramifications that had developed, it was felt that some prompt and effective effort should be made to reach a satisfactory settlement of the existing viewpoints between the Hagiwara family and the Board of Park Commissioners.

As the result of a meeting on May 11, 1942 of representatives of the interested parties including also representatives of the Federal Reserve Bank and the Army Authorities, a committee was appointed consisting of Mr. G. J. Linares, secretary of the Board of Park Commissioners and Mr. Julius Girod, acting Park Superintendent, acting on behalf of the Board of Park Commissioners and the undersigned, acting on behalf of the Federal Reserve Bank of San Francisco, to meet with the Hagiwara family. In the event the family and the representatives of the Board of Park Commissioners could not reach a mutually satisfactory agreement on important items under dispute, the undersigned was authorized to make final decision as to ownership, which decision would be binding.

On Tuesday, May 12, 1942, the writer promptly held a preliminary meeting, first with the two representatives of the Board of Park Commissioners. They were urged to eliminate the personal differences and animosities that had developed in recent weeks and to tolerantly recognize the large investment that the Hagiwara family had made during their many years' occupancy, indicating also that if they would adopt this attitude I felt quite confident the Hagiwara family in turn would generously view the City's position. Both the representatives indicated that they would follow this procedure in a joint meeting with the Hagiwara family.

Immediately thereafter Mrs. Nagata and Mr. George Hagiwara were contacted privately by the writer along similar lines of discussion with the Board of Park Commissioners' representatives and while it was evident some bitterness still existed in their minds, they indicated their willingness to act tolerantly also.

In addition, as the result of these two preliminary conferences, the ownership of the fixed improvements, namely--buildings and plants in the ground, were mutually recognized as the property of the City. Hence, one of the original major items of dispute was promptly removed.

That same afternoon, Tuesday, March 13, 1942, a joint meeting was held in the Tea Garden grounds, which was attended by the two representatives of the Board of Park Commissioners, Mrs. Nagata and George Hagiwara representing the Hagiwara family, and the undersigned.

At that meeting the major removable properties in the concession were individually viewed and discussed, and a broad policy of ownership finally agreed upon, with the understanding that the following day the major items mutually conceded the previous day to be the property of the Hagiwara family, would be physically identified and tagged, which the City agreed might thereafter be removed by the Hagiwara family from the grounds without further controversy.

The following day the above identification and tagging was actually accomplished. Each major item, of which there were approximately 150, exclusive of hundreds of potted and boxed trees and plants, was again viewed, commented upon and tagged by the representatives of the Hagiwara family and the Board of Park Commissioners. An agreement was reached in all cases without need for arbitrary decision by the undersigned. Both the Board of Park Commissioners' representatives and the two members of the Hagiwara family displayed in these final negotiations, an excellent spirit of cooperation in contrast to their attitude several weeks earlier.

As a result of this concluding cooperative action, an agreement was executed by the Board of Park Commissioners at its regular monthly meeting on May 17, 1942, ratifying the action and recommendations of Messrs. Linares and Girod and releasing the Hagiwara family from any and all claims that the City might have against them. The same afternoon the Hagiwara family gave us an agreement of similar purport releasing the Board of Park Commissioners of the City and County of San Francisco from all claims that they might have had. These signed documents were given to the undersigned by the two parties at issue, with authority to deliver them one to the other when both had been ratified and placed in our hands.

After the completion of these documents, original executed copies of which are in our files, the Board of Park Commissioners granted authority to the Hagiwara family to stay until evacuated by the Army and to remove any and all property tagged as belonging to them, together with any and all remaining personal property, art objects and household furniture, etc., stored in or behind the buildings then occupied by the Hagiwara family.

The Federal Reserve Bank of San Francisco arranged drayage facilities for the prompt removal of many hundreds of potted plants, stone lanterns and other objects of art adjudicated as the property of the Hagiwara family from the concession to the family residence of Mr. Samuel Newsom at Mill Valley, where they will be cared for by Mr. Newsom pending final disposition by the Hagiwara family. The writer visited this Mill Valley property and found it suitably situated as a storage point for the properties shipped thereto.

When Army evacuation notice was received, it was apparent that the Hagiwara family could not remove their remaining personal effects from the rear premises prior to the date of evacuation, Wednesday morning, May 20, 1942. The Park Commission authorities at the suggestion of the undersigned granted the Hagiwara family or any authorized representative thereof an additional ten days' period of time to permit such removal. This advice was officially conveyed by telephone to Mr. Schnabel, attorney in fact for the family, by Mr. Herbert Fleishhacker, president of the Board of Park Commissioners, subsequent to actual evacuation of the Hagiwara family. Further postponement by Mr. Schnabel of his departure necessitated further contact with him. It was finally arranged that he would complete all removal by 6 P.M. Saturday, June 6, subsequently extended to 5 P.M. Monday, June 8. His final departure, we have just been advised by the secretary of the Board of Park Commissioners was made yesterday.

This involved situation has now been finally closed to the satisfaction of the Board of Park Commissioners and the Hagiwara family. We hold a copy in our files of a formal resolution of thanks from the Board of Park Commissioners and the thanks of Mrs. Nagato and her brother George Hagiwara orally expressed to the undersigned.

"To the Honorable

"Gentlemen:

"Your committee, consisting of Asst. Supt. Julius Girod and Board of Park Commissioners' secretary, A.J. "Your committee met with Mr. Joseph Tyler, Assistant Director of the Evacuation Property Department of the Federal Reserve Bank of San Francisco who, by mutual consent, had been requested to assist both parties concerned in arriving at a settlement. Mr. Tyler and your committee reviewed the history of the Tea Garden and produced all documentary evidence for his inspection in an effort to clarify the issue.

"On the same day at 2:00 P.M. your committee met at

"Fourth: That the Board of Park Commissioners authorize the preparation and execution of the necessary papers, with the approval of the City Attorney, releasing all right, title and interest in and to the properties to be removed by the Nagiwara family.

"Your committee wishes to express its sincere personal appreciation to Mr. Joseph Tyler for his assistance and counsel, and recommend that the Board of Park Commissioners acknowledge, in the proper form, the value of his efforts and cooperation in this matter.

" Respectfully submitted,

"(Signed) JULIUS L. GIROD

"(Signed) JERRY LIHARES "

The recommendations contained in the above report were unanimously approved.

The Board then authorized the Secretary to execute a communication, approved by the City Attorney, addressed to the Evacuee Property Department, Federal Reserve Bank of San Francisco, which stated that a satisfactory settle-

ment of certain personal property had been made with the Hagiwara family and that all claims on the part of the Board of Park Commissioners against the said Hagiwara family heretofore existing were hereby released.

Mr. Tyler then presented to the Board a communication addressed to the Evacuee Property Department of the Federal Reserve Bank of San Francisco, signed by Mrs. Takane Hagiwara, Mrs. Sumi Hagiwara Nagata and George Hagiwara stating that a satisfactory settlement of the personal property had been effected between the Board of Park Commissioners and themselves, and that said personal property had been delivered to them. The communication further stated that through the settlement made, all claims that they have had against the City and County of San Francisco and the Board of Park Commissioners have been fully satisfied, and all such claims heretofore existing were hereby released.

On motion of Commissioner Budde, duly seconded and carried, the Board unanimously adopted the Secretary's report and recommendations, and accepted the communication addressed to the Evacuee Department of the Federal Reserve Bank of San Francisco from the Hagiwara family.

Japanese Tea Garden

* * *

Our records show that the Japanese Tea Garden has been in existence since 1896, and from that date until 1910 the Board of Park Commissioners operated the tea concession, with the exception that in 1899 Mr. George Marsh was appointed "Advisory Manager" of the garden. Park Commissioner George H. Sandy advises that he talked with Mr. George Marsh, Jr., and Mr. Marsh informed him that his father had operated the tea garden and that he had installed certain properties in the garden.

Our records show that from 1896 to 1910 the Board of Park Commissioners spent $15,838.71 on the Japanese Tea Garden for construction, for materials and supplies, for the purchase of 15,000 plants and for the purchase of stone lanterns, cash register and Japanese curios and bronzes. More specifically, in 1895 the Commission spent $4,500.00 for " construction of Japanese Tea Houses" and in 1902 $5,942.30 for the " extension of Japanese Tea Garden, labor, lanterns, etc." and in 1906 $1,367.00 for " Japanese curios and bronzes".

Our records show that from 1896 to 1906 M. Hagiwara, the first of the Hagiwara family to be in the Japanese Tea Garden, was employed as a laborer in said garden, for which the Commission paid him a salary ranging from $50.00 to $100.00 per month.

Our records show that from 1910 to April 30, 1942, the rental for the concession at the Japanese Tea Garden was $50.00 per month.

Our records show that from 1910 to the present date the Commission has spent monies for repairs and maintenance of the Japanese Tea Garden.

Mr. Fleishhacker states that for many years he has been dissatisfied with the manner in which George Hagiwara has operated the Tea Garden, and the plants and flowers and the physical properties have been sadly neglected.

Assistant Superintendent Julius Girod states that for the

past four years the plant material has not been properly cared for; that many of these dwarf trees in pots have been neglected to such a degree that dry rot has developed; that they have very little commercial value, and that many of the earthenware and porcelain pots have been broken and the plant material allowed to die.

Mr. Girod further states that he advised Mr. Fleishhacker of the neglected condition of the pools and on his instructions spent City funds in cleaning the same. This condition became so serious that on several occasions, in his presence, Mr. Fleishhacker advised George Hagiwara that unless he took better care of the Garden the Park Commission would revoke the concession privileges.

On or about March 11, 1942, President Herbert Fleishhacker instructed Assistant Superintendent Julius Girod to make an inventory of the Japanese Tea Garden, to include all properties except those within the family house. The inventory was made with the assistance of George Hagiwara.

On March 16, 1942, in the presence of Messrs. Girod and Linares, George Hagiwara checked off the inventory and claimed ownership of everything except a few minor items.

On March 12, 1942, at a regular meeting of the Board of Park Commissioners, the Commission passed a resolution revoking the agreement between the Board of Park Commissioners and Takano Hagiwara, for the operation of the Japanese Tea Garden, (said contract entered into on August 1, 1940) terminating said agreement in accordance with the terms prescribed therein, as of April 30, 1942. This agreement is the only written agreement on record for the operation of the Japanese Tea Garden.

A communication prepared by Park Commissioner John J. Lermen, and signed by the Secretary, advising Takano Hagiwara of the revocation and termination of the said agreement, was sent registered mail, return receipt requested, to said Takano Hagiwara on March 18, 1942. Receipt, duly signed for Takano Hagiwara by George Hagiwara, was returned to the Secretary by the postman on March 20, 1942.

On March 26, 1942, on instructions of Commissioner John J. Lermen the Secretary, accompanied by Mr. Girod, delivered in person to Takano Hagiwara, a duplicate copy of the letter, dated March 18th, 1942, which revoked and terminated the said lease agreement betweenthe Board of Park Commissioners and Takano Hagiwara.

On May 5, 1942, at the request of the Commission, City Attorney John J. O'Toole prepared a 3-Day Notice to Quit, which was served

by the Secretary on May 5, 1942, on each and every resident residing in the house at the Japanese Tea Garden.

The Secretary states that he advised George Hagiwara on May 5, 1942, that members of the Commission had informed him that the Hagiwara family was privileged to move all of their household belongings as long as the Secretary was notified in advance so that a record could be kept of the property moved.

George Hagiwara requested permission to move some lumber and the Secretary granted permission; the lumber was moved by the Hagiwara family on May 6, 1942.

Assistant Superintendent Julius Girod reports that on visiting the Japanese Tea Garden two or three weeks ago he inquired from George Hagiwara whether or not they could prove ownership to the property and materials in the Japanese Tea Garden, and he was advised by George Hagiwara and Sumi Hagiwara that it was up to the Park Commission to prove ownership and not up to them.

MEMORANDUM

SUBJECT: Golden Gate Park Tea Garden - Hagawara Family.

Supplementing previous memos, the situation between the family and the Park Commission has been steadily deteriorating. This condition has been due, I believe, largely to the attitude and action of John Lerman, attorney and member of the Park Board, who has insisted that the Park Board evidence in writing to the Tea Garden concession operators that any rights that they may have heretofore had legally expired on April 1 and that all property contained in the concession is the property of the Park Commission at least until legally proved otherwise. It will be recalled that the Hagawara family have operated the Tea Garden concession without a lease for a period of 40 - 50 years and have spent large sums of money in building up the enterprise.

On the other hand, the Hagawara family, through George Hagawara, one of the sons American born, has apparently antagonized many of the park employees and officials of the Park Commission, by his attitude. In addition, Mr. Schnabel, to whom the family gave power of attorney, has not gotten along at all well with the Secretary of the Park Board or with Mr. Fleishhacker or Mr. H. S. Young, who has been acting as attorney, without legal compensation, for the Hagawara family. Last week matters came to a further head when notice was served on the family by the Park Commission that they must evacuate from the Park within three days and that they must immediately give up the operation of the Tea Garden concession. As Mr. Herbert Fleishhacker, President of the Park Board, had previously, in the presence of the writer, advised one of the Hagawara daughters that the family could reside in the concession until the Army evacuated them, I phoned Mr. Fleishhacker stating that this seemed to be an unduly harsh action and not in accord with the personal

statement he had previously made. Mr. Fleishhacker agreed and promised to immediately contact Mr. John O'Toole, City Attorney. He called back shortly thereafter and said that he had talked with both Mr. O'Toole and the Mayor and, irrespective of what the order had stipulated, that the family would not be evacuated until the Army authorities so ordered. I ~~ss~~ so advised the Japanese family. This morning, Mr. Schnabel called and indicated that he had been ordered to leave the park as the legal representative, through power of attorney, of the Hagawara family. He asked what aid we could be to the family in permitting him to stay there as they need his help in packing, etc. I told him that our responsibility dealt with the Hagawara family and as such we had helped to assure their continued occupancy of their Tea Garden home until Army evacuation. With regard to their property interest, however, these had been conveyed by power of attorney to Mr. Schnabel which removed them from our sphere of responsibility. I told him, however, that in view of the impasse that had apparently been reached between the Park Commission and the Hagawara family, ~~that~~ I wished to review the history of the case with Mr. Everson and Mr. Armstrong and would call him back later after so doing. Mr. Everson and Mr. Armstrong confirmed the above analysis and I conveyed their opinion to Mr. Schnabel.

This Tea Garden picture has ~~possibly~~ the possibility of fireworks due to the emotional characteristics of Mr. Schnabel now acting for the family, and the uncompromising attitude taken by John Lerman, attorney and member of the Park Board, whose advice and judgment the Park Board apparently are following. Court~~con~~ contest may be necessary ~~so~~ determine the legal ownership of some possibly ~~any or~~ all of the personal property situated ~~involved~~ and represented in the concession.

MEMORANDUM April 8, 1942

SUBJECT: Tea Garden, Golden Gate Park
Hagawara Family.

In talking this morning with Mr. H. S. Young, attorney for the Hagawara family, relative to the progress made in the above matter, he stated that he had had a further talk with Mr. John O'Toole, City of San Francisco attorney, who stated that careful checking of the records for many years past was under way to determine the amount and type of ownership of personal property and art objects owned by the City and generally included in the Japanese exhibit.

It is quite evident that these checkings will not be completed by the time the family is evacuated from the Park. Mr. Young stated that the family had given a Power of Attorney to a Mr. Snobel who would be authorized to act for them if and when final stages of negotiations with the Park Commission and the City of San Francisco are reached and that he would advise us currently as to any important developments that might take place.

JAPANESE TEA GARDEN (HAGIWARA)

Dear Mr. Tyler:

A few days ago, I inquired as to whether or not a representative of Japanese aliens had to have any particular license or permit. I was then informed by what I understood was the Federal Fund Control of the Federal Reserve Bank that none of the Japanese having left this country for several years, no license was necessary for me to act as their attorney or for them to enter into any transactions. Am I correct in the statement set forth in this letter and does the rule still prevail? Are there any other regulations that may affect the transaction in which your department of the government and the Hagiwaras are interested?

Awaiting your advices, I am,

Very truly yours,

H. S. Young

MEMORANDUM

March 22, 1942.

SUBJECT: HAGIWARA FAMILY (Golden Gate Park Tea Garden)

This memorandum will bring up to date Sunday, March 22, 1942, the status of this situation, pending a second meeting to be held tomorrow morning at 11:00 at the office of Mr. Herbert Fleishacker, 200 Bush Street, and to be attended by Mr. H. S. Young, attorney for the Hagiwara Family, a representative of the family and the writer.

On Friday, last, a meeting was held at the office of Mr. Young, 605 Market Street, attended by a member of the Hagiwara Family and the writer. The following appears to be the present status, problems involved and the attitude up to the present time, at least, of the parties of interest.

The Hagiwara Family have occupied the Tea Garden concession in Golden Gate Park for a period of 48 years continuously and 4 generations of the family reside there now. The problems involved are as follows:

(a) Certain buildings in the concession were erected and paid for by the family; in whom does title vest?

(b) Growing bulbs and plants, some in ground and some in pots, title thereto vested in whom?

(c) Important Japanese art properties, valuable in cultural times, have a high value to the family and possibly some material cultural value (certainly in the past) to the citizens of San Francisco; should this property be removed from the park and stored, or should the concession still be maintained?

(d) The problem of the evacuation of this large family, plus one employee, consisting of four generations and including two elderly members who require considerable care.

The family representative was a most delightful cultured woman and indicated unreservedly that the family wished to cooperate in every way with the wishes of the government and the city.

Mr. Young, in addition to acting for, and from indications at the meeting, holding the full confidence of the Hagiwara Family, is personal attorney for Mr. Herbert Fleishacker, who, in turn, is Chairman of the Park Commission of the City, which has jurisdiction over Golden Gate Park under the Board of Supervisors.

Subject: HAGIWARA FAMILY (Golden Gate Park Tea Garden) - (continued)

Our position in this matter was briefly but clearly outlined to those at the meeting as follows:

In replying to Mr. Young's letter, we felt that the many ramifications of the situation he presented, political, cultural and property values involved, justified our most thoughtful aid possible in finding a solution of the problem. We would be glad, after learning the full facts which were brought out at Friday's meeting, to suggest certain steps that the parties interested might find mutually acceptable. In view of the cooperative attitude expressed, the suggestion was made by the writer that the Park Commission might consider taking over the custody, under mutual agreement, of the art properties, etc. and some prompt agreement be reached between the Park Commission and the Japanese family as to the ownership, value and disposal of the growing plants and the buildings now on the property, the cost of which was borne by the family. Mr. Young stated that City Attorney O'Toole had given him an informal opinion that title to the growing plants and bulbs would vest in the City, but Mr. Young also informally indicated that this problem, he believed, could be promptly and satisfactorily adjusted. He indicated he did not believe that the question of building property ownership would be much of a stumbling block. Mrs. Hagiwara expressed sincere appreciation of our offer to aid in finding a solution, as did Mr. Young. He suggested in view of the attitude of all parties that we meet with Mr. Fleishacker tomorrow morning at 11 o'clock.

MEMO TO MR. ARMSTRONG:

Talked with Mr. H. S. Young relative to the attached situation. He, as it happens, is also personal attorney for Mr. Herbert Fleishacker, head of the Park Commission. He suggests that the most effective and prompt action could undoubtedly be reached by a conference of Mr. Fleishacker himself and a representative of this department.

If this suggestion meets with your approval Mr. Young is to be advised and will arrange such an appointment.

Gentlemen:

May I take the liberty of addressing you on behalf of Mrs. Takano Hagiwara, who operates the Japanese Tea Garden in Golden Gate Park. The family which I represent consists now of four generations who have occupied this park concession for a period of forty-eight years. The following were born in Japan:

Tai Hagiwara, approximately seventy-three years of age,

Takano Hagiwara, approximately sixty-four years of age,

Sumiko Hagiwara Nagata, approximately thirty-seven years of age,

Harugo Hagiwara, approximately twenty-six years of age,

Sakae Antoku, a Japanese gardener employed in the Tea Garden, approximately thirty-seven years of age.

In addition to the foregoing, the following were born in the United States, or in one instance in Hawaii:

George Hagiwara,

Namaka Hagiwara, wife of George Hagiwara, (born in Hawaii),

Tana Hagiwara, daughter of George Hagiwara

Frederick Nagata, son of Sumiko Nagata

All of the foregoing persons are living at the Park Tea Garden with the exception of Frederick Nagata, who is going to school and lives in Oakland for that purpose. It is desired that he be returned shortly to his mother, Sumiko Nagata.

Assuming that this family will be required to vacate, a problem arises as to what should be done with the personal property that Takano Hagiwara owns there situated. This property consists of considerably valuable trees and plant life, works of Japanese art, and personal effects, and in addition a question may arise as to ownership of certain of the buildings, some of which were built by Takano Hagiwara and her predecessors. I realize also a question may arise as to ownership of certain of the plant growth. Some is actually planted in the ground and some is in boxes and pots. The art collection would run into considerable value in normal times. In case of removal of these parties from the premises, what can be done in order to provide safe custody of these assets? The family desires to cooperate with the authorities.

I likewise realize that the Park Commission, of which Mr. Herbert Fleishhacker is president, will be concerned with this situation, and no doubt will desire to be heard in the matter. If possible, it is desired to arrive at some final disposition during the emergency. Two of the parties are quite old and need considerable care and it is conceivable will never return. I will appreciate your advices.

Very truly yours,

H. S. Young

Payment of ¥750.00 to Hagiwara for 1500 plants appears on January 10th. 1905?

There are several payments direct to the Japanese bank showing that we, the Park Commission, bought plants at various times.

(Excerpt from minutes of Jan. 29, 1910)

"To the Honorable
The Board of Park Commissioners
Mills Bldg.
San Francisco

"Gentlemen:

I beg to report as follows:

Sometime ago Mr. McLaren called my attention to the opportunity of acquiring a large number of rare plants at a very low price, stating that these plants were very desirable for the Park. They consisted of the plants formerly at the Japanese Nursery outside of the Park. I thereupon authorized Mr. McLaren to enter into negotiations for the acquisition of these plants subject to the approval of your Board, the results of these negotiations to be submitted in due time to your Board. Permission was also given to transfer these plants to the Park, subject to such negotiations.

Pending these negotiations and the submission thereof for approval to this Board, permission was granted to Mr. Hagiwara to temporarily place the plants in the Japanese Tea Garden in the Park.

These fifteen thousand plants can now be acquired for the sum of $750.00 which will make the average cost per plant only five cents each, delivered at the Park, while the market value of these plants would, in Mr. McLaren's opinion, easily aggregate $2500.00, as some of them are worth as high as $10.00 each.

I therefore recommend to your Honorable Board that you authorize the purchase of these plants at the price named and the payment of the amount of same, namely $750.00, to Mr. Hagiwara, and that until such purchase is consummated and the plants acquired by the Park, that Mr. Hagiwara shall have the privilege to remove them from the Park.

Respectfully submitted,
P. W. Dohrmann
President of the Park Commissioners."

Upon motion of Commissioner Brandenstein, duly seconded, the report of the President and the recommendations contained therein were approved and adopted and the authorization for the expenditure was made by the approval of the demand with the signatures thereon of four members of this Commission, and that until such purchase is consummated and the plants acquired by the Park, Mr. Hagiwara shall have the privilege to remove them from the Park.

Upon vote being taken . . . it was so ordered.

Dear Sirs

In regarding to disposing of a automobile, left in charge with Smith's Used Car, 437 E. Anaheim St., Long Beach, Calif., I'd like to know if you can help in any way.

Prior to my evacuation, I left a 1932 Model Ford V 8 with this above mentioned firm to whom I've asked this car to be sold. It is almost 4 months since then but have not yet heard a word concerning the automobile.

I wonder if you can by any chance contact Mr. Smith and find out as to what has happened. I'd greatly appreciate.

Thank you kindly.

Sincerely,

(Signed) Yasaburo Hama

Principal property involved and scope of problem:

200 Acres of vineyard and orchard. Being purchased from the Metropolitan Life Insurance Company of Spokane, Washington. Field representative for Metropolitan is Mr. Richmond, Mortgage Guarantee Co. Fresno, California.

The original contract of sale on this property is from the Metropolitan to Belle Terre Farms Company. Belle Terre Farm Co in turn has given Contract of sale as follows, Eden Company 80 acres, Belle Terre Farm company 80 acres, Takumi Hamada 40 acres.

Problem: If one of the farms go behind it creates default for all the units and Metropolotan can repossess all the farms. Several years back this happened when the farms were almost paid for and Metropolitan took them back and after several years again sold them to the same people thereby realizing several times the value of the land. They are afraid of this during evacuation and contacted the field representative of the Metropolitan and asked for seperate contracts. The field man would not discuss it with them.

Action taken:*

Contacted Federal Land Bank and local lending institutions for loan. Unable to make one due to uncertain conditions. Suggest that the Metropolitan Life be contacted by the Fdereal Reserve Bank and see if due to fact that evacuation will bring about unusual conditions which might create default of one or more owners that each owner be given a seperate contract and let each unit stand on its own. They will probably give various reasons why they shouldn't do this but recommend it be pressed most urgently due to past experience on the case.

Dear Sir:

The Japanese in this neighborhood have a number of sacks of Arkansas and California rice that they would like to sell before they are evacuated from this area.

I have talked to local and Fresno concerns about the purchase of this rice, but have been unable to get any results.

I also called the managers of the two assembly centers in Fresno and they referred me to you. Up to now some twenty sacks of rice have been reported together with thirty sacks of soy beans. Can you use any or all of this?

An early answer would be greatly appreciated.

Principal property involved and scope of problem: The above evacuee owned the boat "Katsu YO", 24' long, 7' wide, built in 1932. He also had a lease on the wharf where he ran a fish market in Monterey. Through the office of John Thomsen, atty., he made a lease with the consent of the city to H. L. Messinger & L. F. Romano, including the stock and good-will, etc. for around $3,300. He also sold his 2 automobiles for $750. Thomsen will report on this transaction later.
These people own a house at 360 Belden Avenue, Monterey.

Action taken:* We have kept track of this transaction from time to time and contacted Thomsen's office and also Bill Wyatt the Customs House man and more recently, Miss Jane Leslie an expert accountant who has charge of the books and various other matters for a good many of these evacuees who formerly did business on the wharf.
4-28-42: Called Thomsen's office and Miss Walker there reported that Messinger & Romano had bought the boat "Katsu Yo" and had the certificate and had taken it to W. H. Wyatt's office for transfer. These people left towards the end of March and went to Fort Lupton, Colo. leaving the address in care of Hisamoto Fish Market.

Hamaguchi stuff, through the offices of John H. Thomsen to Messinger & Romano so that boat is out of the way.

5-13-42: Miss Jane Leslie, an accountant in Monterey, is acting as agent for these people but has no power of attorney although she has a letter directing her to act for them in renting and caring for their home at 360 Belden Avenue, Monterey, where they used to live and in which they have left their furniture.

The place is now rented for $28 per month, by the month, and this money is being used by Miss Leslie for expenses and the balance is remitted from time to time. John H. Thomsen tells me his business for the family is all concluded and he will send in a letter to that effect, which has not yet been received.

I telephoned him 5/18 and he again promised to do so.

John F. Lehnhoff
Field Representative,
Salinas

5/19/42: Since dictating this memorandum, the following letter has been received which would appear to close the case:

"Regarding the concessions on the old Wharf that were owned by MR. TEICHI HAMAGUCHI, commonly known as JACK HAMAGUCHI, doing business under the name of Central California Fish Market, and the fishing boats in connection with the Market; all of this property has been sold, part for cash and part on secured contract. All payments that were due on the transaction have been paid to date.

"Miss Jane Leslie who formerly kept Mr. HAMAGUCHI'S books and is now looking after the books of the new purchaser, has received all payments for MR. HAMAGUCHI, which I understand she has deposited to his account in a local Bank. MR. HAMAGUCHI has paid my fees and as far as I know the transaction is closed.

Gentlemen:

In reference to the above, I am enclosing copy of policy as per your request.

In checking through the correspondence of Clyde Williams, I note that some $32.00 has been mentioned but I cannot arrive at that figure even though a pro-rata figure could of been given, as the insured is only entitled to a short rate cancellation as the policy was cancelled upon his request in paying off the account.

I trust that the attached will assist you in clearing this matter up.

Gentlemen:

We have your letter regarding refund on insurance policy due above mentioned. It is true that on April 21,1942 this man paid us $318.13 to be sent to Commercial Discount and they in turn advised us that this amount was quoted as net pay off in error in as much as they could not cancell insurance policies for the Japanese. An additional check for $32.05 was sent them by Hamanishi on April 27. It was our understanding that the refund check was to have been sent direct to Hamanishi from Commercial Discount Company. This company has now closed their Sacramento office and we are writing them today in Los Angeles advising them to get in touch with you immediately.

It is not our intention to defaud this man, but we do not have this money, however we will make every effort to run it down for him.

Merced Assembly Center

The above mentioned individual contacted me today in regards a return premium for insurance on a G. M. C. truck of approximately $32.00 due him from your agency. As yet he has not heard from you and it has been over a month since Mr. K. T. Gregg of the Federal Reserve Bank contacted you in regards the matter. At that time you told Mr. Gregg that you would check over and see that the matter was taken care of. Will you please take care of it at once.

In the near future this evacuee will be sent from the State to a Relocation Center. If the matter isn't cleared up prior to that time he will have no other alternative than to turn the matter over to the Bureau of Complaints of the Insurance Commissioners office.

Yours very truly,

Harold Johnson

April 24. The land is now being farmed by Mr. Arthur Starr. Mr. Manwell is helping clear title by petitioning court to name Mr. Flannery guardian and thus facilitate a sale to Mr. Starr. May 1st present guardian resigns and new guardian to be appointed. Mr. Starr has placed money in escroe with the Brook Realestate Agency on a contract to buy.

April 27. Optional plan. If the above is not completed Mr. Hamanishi will give power of Attorney to the Bank of America, Marysville to manage the ranch.

Action taken:* This case is obviously not closed but everything that can be done has been done. The legal processes will probably run the date of actual closing past the date of evacuation.

I am placing it in my closed files as there is an optional plan in event present legal plans are not consummated.

The bank carried a mortgage on the property and Mr. Dooly wanted to discuss the problem. While I was at the bank information was received that Mr. Hamanishi had had a very satisfactory offer for the sale of the land, which if granted by the court could clear the matter.

Owner of 16 acres.

Action taken:* Contacted the P. G. & E. and did not get any more satisfaction than that Mr. Hamanishi would have to dispose of his 25 H.P. motor and get a smaller motor. It would appear that the P. G. & E. has had other similar problems presented, but I wonder if the Federal Reserve Bank should not contact the P. G. & E. to give a rulling which would allow this Japanese to use the larger motor during this emergency and thus save the 2 acres of cabbage.

Suitable arrangements for the managements of his automobiles is in process with Mr. Clyde Williams, and Mr. Hamanishi is contemplating putting his 16 acres on the marked for sale.

Dear Mr. Reid:

As an reply to your letter of May 5th, I have still uncollected bills while operating grocery store in Oakland. I have been sending out bills to notify them of their balance but responce is very slow.

I have been advised from the local representative in Sacramento to turn the account over to local collection agency but this method the percentage taken by the agency is quite large so to this date I have not forwarded to them.

However, if Federal Reserve Bank takes this situa tion in their hands and inform each one of my customers and explain the predicament to them, I am positive the result will be satisfactory. This other method they might be trying to take advantage of the situa tion. I shall be very glad to forward the name, address, and the amount of their bill totaling around $250.

I shall be glad to hear from you as soon as possible.

Gentlemen:

With reference to interview of March 27th and supplementary interview of March 28th, account of James Hanamura regret very much the action taken by this party in selling at the loss he did.

His merchandise was all new stock in groceries and the inventory written down to take care of odd lots. He advised that he would have no difficulty in realizing his inventory value of $2500.00 on groceries but that there may be some difficulty on fixtures.

The writer advised him that if he could sell at a fair price to do so, but if not that the writer had personal contacts with some of the larger jobbers in San Francisco and would ask them to take off his hands if necessary.

Next morning his wife came in very annoyed at the low price he had sold at- as figured at least $1000.00 loss that was unnecessary. As Hanamura seemed a very intelligent sort was surprised and annoyed at his action as had promised him assistance if necessary. It seems he lost his head when a buyer came and let them have it at their own price, and having closed the deal nothing more we could do.

Dear Sirs:

Your letter of April 9, suggesting that a contract be obtained, with a subsidy, to protect the property of evacuees in the Stockton area, has been received.

We know of no means by which such subsidy can be provided for your services for the purposes suggested in your letter, but when personal properties are delivered into the custody of the Federal Reserve Bank and warehoused some form of protective service will be provided. When it is necessary to consider protection facilities available for that purpose, we shall be glad to communicate with you so that you may submit a proposal to us.

Dear Sir:

A need has been called to our attention as to the protection of real property belonging to the Japanese of Stockton and warehouses where they are storing excess personal property for the duration against loss, damages, and fire.

The majority of the Japanese reside in a poor district of Stockton commonly referred to as "Skid Row Area". Some of the Japanese leaders have shown an interest in our plan of having patrolmen patrol this section of Stockton, keeping their property under surveillance 12 hours a day (during the night) or 24 hours a day. But the plan is expensive, therefore, we are writing to you to see if it is possible to obtain a government contract with a subsidy to patrol and watch all alien property in Stockton. By receiving said subsidy, we will be able to maintain an efficient organization and give a worthy protection to their property.

If such a contract can be obtained with a subsidy we are in a position to handle other communities in San Joaquin County, plus alien farm properties that will be operated by citizens.

We have been established since 1907, and will gladly furnish any references upon request. Hoping to hear from you soon, as many of the aliens, particularly the Japanese, are in a quandary as to whether they will receive government protection by way of watchmen and patrolmen or will have to retain said services themselves, to which only a few are capable financially to subscribe.

Respectfully yours,

HANNAN PATROL

May 8, 1942.

Mr. O. T. Handorf,
Post Office Box 757,
Coalinga, California.

Dear Sir:

Acknowledgment is made of your letter dated May 1, 1942 addressed to the United States Customs, San Francisco, received by us today for reply, in which you indicate your interest in the purchase of a fishing boat up to forty feet long to use in shark fishing operations.

Inasmuch as no property of this exact character has come to our attention in connection with the evacuee program, we discussed the subject matter of your inquiry with a local ship chandlery concern intimately conversant with the small fishing industry in California. They advised us substantially as follows:

Boats of the character mentioned, up to forty feet, have been in general demand, particularly last fall and early this year, when shark fishing was at its height and large profits were being made from shark liver extraction. The last shark run took place in Puget Sound some time ago but they have now disappeared from the coast, probably only temporarily. They suggested advising you to visit either San Pedro, San Diego or the San Francisco Bay area at any one of which three points you would undoubtedly find a few boats available, at least of the type and size in which you are interested. The cost would run between $2,000 and $5,000, depending upon the condition of the boat, its size and the willingness of the owner to dispose of same. Terms could undoubtedly be arranged with the seller provided price proved mutually satisfactory. We have placed your inquiry in our files and will communicate with you, should occasion arise.

We hope that this information may be of some assistance to you in your plans.

Very truly yours,

cc: L. J. Allen, Field Representative

Principal property involved and scope of problem: M. Hane was in and reports selling his 1939 Chevrolet Tractor, Motor #2-2588696 and 1939 Reliance Semi-trailer, serial #39612 to Ernest Bettencourt of Hollister and has left us copy of bill of sale.

Hane reports selling his 3 leases to 2 separate buyers. The buyers and the names of the ranches involved will follow. W. A. Pack of Hollister bought the lease of the ranch on Buena Vista which is owned by Erminia Pedrazzi of Hollister.

George M. & Henry A. Peterson of San Juan bought his leases of the 2 ranches on Bolsa Road, one of which is owned by Maurice O'Donnell and the other is owned by A. L. & O. W. Hart.

He has not sold any of his farm equipment to the purchasers of his leases as they did not want any or needed any on these ranches. This has F.S.A. approval.

Action taken:* Checked with F.S.A. and find all these transactions to be as reported and in order. Told Hane to make a list of his equipment and report in as it is sold and if not sold, to bring in the list and give us authority to sell or rent it for his account. They own one 1937 and one 1941 automobile which we advised them to sell before evacuation, if they could at a satisfactory price and report the transaction.

Telephone Number:

Principal property involved and scope of problem: These people have completed a deal with the Salinas Valley Ice Co. through their attorney, Edson Thomas, to sell 3.1536 acres of their land on which the labor camp is situated, including 3 cars and trucks and household kitchenware of which inventory was shown but we did not keep a copy of the same, and also including the exclusive lease on and use of a domestic well across the street from the property sold on property still owned by Hanazono for $12,000 cash. However, from this amount of cash the payments on the cars and trucks were deducted as Myers is going to cash out the contract, and also $1,500 were deducted because Myers had made an advance to these Hanazonos of that amount last October.

Action taken:* We reported this deal to the F.S.A. agent. This really completes the Hanazono transaction so far as this office is concerned; the balance of their property being leases of farms. They are attempting to settle their difficulty with the landowner Dr. Reeves, with the help of F.S.A. on another lease which they have given up.

Principal property involved and scope of problem: Have 3 cars, 2 in Denshiro Hanazono's name and 1 in brother's name, all on contract, which they want to dispose of. They have buyers for all these cars and want to cash out their contracts.

T. Hanazono was in here on 3/30/42 and reported ownership of 5 acres with litigation over a claimed commission. She says she has won this suit and is making above sale with the aid of her attorney, Rosendale. An additional piece of about 71 acres is being leased with F.S.A. approval. This piece has a mortgage of about $6,000 on it, to the Salinas National Bank. The new tenant will be Cecilia Madalora who will live on the place.
These people are having some disagreement with Dr. R. Reeves of Salinas over a lease on a lettuce ranch on land he bought. Dr. Reeves was in here 3/28/42 and stated he didn't feel he owed these people much of anything and would not pay them unless the crop turned out well enough to warrant it. He claimed the crop was neglected. The F.S.A. agent has had several consultations with Reeves and Hanazono and as yet the matter is not settled.

Action taken:* Explained that cars could be sold and told them they did not need a permit to sell and could arrange to cash their contracts at their dealer's or at the bank or at their attorney's office, while leaving the money on deposit until such time the pink slips would be sent in. They are giving P. of A. to their banker to attend to their real estate matters and sale of crops.

San Bruno, California.

Dear Mr. Harada:

This is to say that I have discussed the problem of unemployment insurance with Mr. E. E. Ferguson of the legal department of the War Relocation Authority and he tells me that the matter in question is being referred to the Federal Social Security Agency at Washington, D. C., for action. I told Mr. Ferguson that he might obtain from Mr. Yoshio Katayama copies of correspondence with the California State Unemployment Insurance Commission.

Will you be good enough to mention this to Mr. Katayama so he will understand Mr. Ferguson's request is made at my suggestion?

Sincerely yours,

Your message concerning unemployment insurance has been conveyed to Mr. Yoshio Katayama of the Personal Aid Bureau.

As you mentioned in your letter, Mr. Edwin E. Ferguson of the War Relocation Authority has requested copies of the ruling from the California Department of Employment.

Your interest in our plight is encouraging to know that there are still people who believe in democratic principles.

I am more than happy to express my thanks for every kindness and service extended to me.

Principal property involved and scope of problem:

Harada, a gardner, brought a bill to me in the amount of $70.85 for garden work against J. Slavsky of Lafayette, Contra Costa County, California. This bill was due November, 1941, but Slavsky had moved from Lafayette and Harada was unable to contact him. Harada came to me for assistance in collecting the bill.

Action taken:*

I traced Slavsky to San Francisco and found that he was employed by Seagram Corp., 406 Montgomery Street, and resided at 2208 Carroll Street, Oakland, phone MI 8553. Slavsky claimed that he had made payments on this bill and that the correct balance due Harada is $56.00, and stated that he was willing to pay that amount, but that he was unable to pay at the present time. Harada agreed to accept $56.00 as the correct balance due him.

July 15, 1942

Federal Reserve Bank of San Francisco
Evacuee Property Department
San Francisco, California

Gentlemen:

This Department has been advising from time to time various residents of this relocation center respecting their personal legal matters. A certain Miss Sumi Harada, of Riverside, California, came to our office concerning her house and lot situated at 3256 Lemon Street, Riverside, California. She has made arrangements with a certain Jess Stebler to occupy said house for the duration of the war. However, she has recently heard that he is going to vacate the property on July 15, 1942, after which said date the house will remain vacant. Is there anything your office can suggest to protect her property from trespass, damage, or theft of the property contained in the house?

Miss Harada does not wish to lease the property to anyone, and since she is unable to find a satisfactory occupant of the property, she desires to know whether your office or any agency has any suggestions to insure the protection of the property for the duration of the war. Any suggestion or advice will be greatly appreciated.

Very truly yours,

(Signed) K. Tamura

Subject: Fusa Haramatsu

Dear Sir:

Reference is made to your letter dated September 4, 1942 addressed to our Seattle Branch, regarding the death of the above-named evacuee and the disposition of certain property and personal effects in the light of the absence of known heirs.

It is our feeling that the disposition of the property of this decedent should be made in the same fashion as that of any other person dying under similar circumstances. It may be that this is a case within the jurisdiction of the Public Administrator of the county involved.

So far as Foreign Funds Control restrictions are concerned, consideration should be given to that phase of the matter by the person or agency taking jurisdiction of the administration of the estate.

If through the information now in hand or subsequently developed it seems apparent that any of the heirs of the decedent are Japanese aliens residing in Japan, no doubt the person administering the estate will desire to call that fact to the attention of the Alien Property Custodian. The local representative of that agency maintains offices at 315 Montgomery Street, San Francisco, California.

September 4, 1942

Federal Reserve Bank of San Francisco
Seattle Branch Office

Seattle, Washington

Gentlemen:

This is to advise you that one Fusa Haramatsu, formerly a resident of Seattle, Washington and holder of Social Security Card #536-01-9029 and a recent evacuee to this Project from the Assembly Center, Puyallup, Washington, died in a hospital at Wendell, Idaho, on August 18, 1942.

The deceased left the following personal effects of value:

1. One Howard gold pocket watch, 17-jewel, 1271438, approximate value. . . . . $ 35.00

2. Cash found on person. 2.70

3. Cash in bank at the Seattle First Nat'l Bank, Internat'l Branch, Account No. 7959, as of April 30, 1942: Balance 121.01

4. Currency found in money belt among personal effects left at St. Valentine's Hospital 75.00

TOTAL. $233.71

We have made inquiries and find that the deceased left no heirs, whatsoever, residing in the United States, save and except one Sakamoto, a distant cousin, whose whereabouts is unknown. In view of the fact, that the possible heirs now reside in Japan and hence would be considered "Blocked Nationals of Japan," I am writing to you what to do in this matter.

It seems that it would be very appropriate that we turn over to you all of the personal effects of value left by the deceased to be held for the duration of the war. All of the cash can be deposited into the account of the deceased and be blocked by your department.

Will you please advise us what to do.

Very truly yours

Dear Sir:

Upon receipt of your letter giving me the lot and block numbers of the property located in Richmond which you wished to sell I checked up on the location and discussed the posibilities of sale with the secretary of the realestate board here.

The property is not readily salable at this time because of very little building since the discontinuance of loans under title 6. Even under that the building was limited to houses of $4,500.00 or under.

I am informed that each 50 foot parcel is in the neighborhood of $250.00 although I realize you stated in your letter you wanted $400.00 each. I am sorry that I can not give you any encouragement on the sale of your property but for your further information I am enclosing herewith a list of members of the Richmond Realestate Board any ofwhome you may contact about your property either by letter or otherwise and you can referr them, if you wish, to this office for any further information on these lots.

Principal property involved and scope of problem: Mr. Harneau claims the following:
Born in Germany - father an Alsatian + Mother a Russian Jewess.
Has lived in US and has no german blood + is 100% loyal to U.S.
Has filed his papers 3 times + in each instance due to delay or neglect has missed his second papers by a matter of days.

Owns + operates an apt. house at above address from which he grosses about $200/300 per month depending upon occupancy. Has had to make many improvements during the last few years and claims that

(1) If he sells property he will come out with positively nothing as he still owes on improvements and has a $4000 mtge to meet on which he has only been able to pay interest during last few years. He claims to have actually thoroughly checked with Real Estate Agents on this behalf.
(2) If he places an agent in as his manager and pays a small salary he can receive nothing for himself as all income is accumulated for.
(3) He claims that he has no funds what so ever + that he merely gets his livelyhood out of operating the apt. house + therefore if evacuated would have absolutely nothing.
(4) Would like to appeal his Status as a Citizen of Germany and in some way be excluded from evacuation etc.

Action Taken: Advised Mr Harneau that as far as this department was concerned he was considered a German alien + that we could not alter his status. Also suggested he bring in figures representing Board's appraisal on his property and that unless his status of Citizenship be cleared up he should prepare to evacuate.

Dear Sir:

We have had complaints from several Japanese persons that on Saturday, before noon, April 4, a certain garage man called on them making them offers for their automobiles which they considered extremely low. He stated that on the afternoon of April 4, that all automobiles in the possession of Japanese would be frozen by the Government and that the Japanese will not be able to sell them after the deadline. He stated that his information came from the Motor Vehicle Department in Oakland.

Was his information correst, or was he trying to take advantage of the Japanese?

Principal property involved and scope of problem:

Mr Harrison represented about 30 Japanese families in Contra Costa County. He was quite concerned about these Japanese farmers who have their tomato plants in hot beads and all of them are large enough to plant and should be planted because of their size. Most of them have men who will continue their operations but what they want is legal advice to help them arrange leases and to fix prices for investments that the Japanese have made.

Action taken:*

Mr Harrison was reffered to the County Field Agent, Wartime Farm Adjustment Program, 601 Nevin Street in Richmond California, who has instructions to handle such cases.

Dear Mr. Weeks: In re: Robert S. Kiyotake, Japanese
8-140 A. Stockton Assembly Center

The above Japanese mentioned has given the undersigned a power of attorney to transact all his business dealings while he is not able to attend to same.

I recently consummated a deal which was the selling out of his Pool Furnishings and fixtures located at 15 E. Market Street, Stockton, Cal. for the selling price of $1950.00, to be paid on contract of $30.00 per month starting November 1st, 1942. Also the buyer assumes a contract for two pool tables with monthly payment of $29.45 per month, with The Brunswick-Balke-Colender Co; after said contract is fully paid up, the tables revert to the new buyer, Harry Lopez.

All this dealing took place before ROBERT S. KIYOTAKE left Stockton for other parts of the country and he attended to signing all papers himself and was satisfied and understood clearly the contents of the agreements.

Any other information you may wish on this case at any time I will be glad to furnish to you as I am to take complete charge of his affairs from now on.

Respectfully yours,

WM. H. CASSIDY

These people purchased the Modern Cafe No. 2, 1020 Fifth Street, Sacramento, from Masao Hasegawa who formerly lived at the New Clayton Hotel in Sacramento but is now at Walerga.

Since the sugar certificates were not turned over to the new owners by Mr. Hasegawa, it was feared by Mr. Giesy that he could not open for business last night.

These certificates are as follows:

C - 29098741	200 lb.
C - 29098742	200 lb.
C - 29098743	200 lb.
C - 29098744	500 lb.

Action taken:*

We contacted Masao Hasegawa at Walerga yesterday and learned that the sugar certificates were in a box in the basement of the Modern Cafe. We therefore recovered these certificates and Mr. Giesy was able to open for business last night.

Action taken:*

Answer. As to calling on people several miles distant this could happen and also due to the fact he was a physician there might be a need for an auto. However now is a good time to sell, as there is a ready market with good prices and he found later he had no use for his car it would depreciate rapidly — as far as I know at the present time the Army would allow him to use it.

Dear Sir:

I would like to place this application for a permit to go to the Western States Wholesale Company located on the corner of Grant Avenue and Bush Street, San Francisco, California.

My brother before his departure to the Utah Relocation Center had left a Singer Sewing Machine at a grocery store next door to the Wholesale Company. It would be necessary for me to go to San Francisco and make the necessary arrangements for having it shipped either to the Assembly Center or to the Relocation Center.

I shall be willing to assume all expenses for myself and an escort, and will need only one hour or so time.

Since I am leaving on the 20th, I would appreciate prompt attention and consideration of this application.

Dear Sir:

I contacted the local office of the California Highway Patrol this afternoon after talking with the Federal Reserve Bank in San Francisco. The matter of transfer of your fathers truck will go through without any trouble. To make sure that the transfer will not be held up I suggest that you have the postmaster at the Winton Post Office sign the inclosed certification. Should he refuse to do this bring the slip in anyway and we will send it in, however it might be delayed while the California Highway Partol checks on your fathers residence.

Yours very truly,

In Reply Refer to
MCP No. 632554
Hashimoto, Masuno and Masura
Former address: 1956 Sawtelle Blvd.
West Los Angeles, California

Dear Sir:

The above-captioned parties are indebted to this Administration in the amount of $103.15 plus interest at the rate of six percent per annum from April 3, 1942, by reason of their having defaulted to the First National Bank of Los Angeles, in payment upon a modernization loan insured under Title I of the National Housing Act.

At the time of application for this loan Mr. Masuno Hashimoto was acting as a gardening contractor for various persons, not listed, receiving about $200.00 per month. Title to the improved property, 1956 Sawtelle Boulevard, was listed in the name of Masuno and Masura Hashimoto and the California Bank in West Los Angeles held the mortgage. Property was assessed at $2,750.00 with an unpaid balance of $2,404.00 due on the mortgage on August 21, 1941. Mr. Hashimoto claims to be a native of Hawaii and, therefore, an American citizen. The reference given was T. Koga, 2004 Sawtelle Boulevard.

We have received information to the effect that these parties have been placed in a relocation center, and it would be appreciated if you will advise us whether the Federal Reserve Bank holds any assets in their names and whether you have any information regarding their present whereabouts.

Your cooperation with us in this matter will be greatly appreciated and we are enclosing herewith a postpaid addressed envelope for your convenience in replying to this letter.

September 11, 1942

Mr. R.E. Everson
Evacuee Property Dept.

San Francisco, Calif.

See Ishiyama, George

Dear Sir:

A Mrs Sumi Hashimoto, an evacuee here at the Heart Mt. Relocation Center in Wyoming, came to me yesterday seeking assistance in regards to the disposition of florist fixtures which she has stored at a warehouse located at the corner of Sacramento and Kearney streets in San Francisco and which is under lease to the Pacific Dry Goods Co.

Mrs Hashimoto informs me that she stored her goods, there, on the good faith of a Mr. Saito who told her that he had a 5 year lease on the building. Mr. Saito, who at present is at the Tanforan Assembly Center, has written her to the effect that he has received notice to vacate the building by September 14th.

After receiving his letter, Mrs Hashimoto, who is a widow, has tried to find some way to dispose of the fixtures or to move them to another warehouse. Her efforts have proved futile in both instances and, therefore, came to me for assistance.

I am taking this liberty to write to you, hoping that you may be able to assist this woman in disposing of her fixtures or in finding a suitable storage. Is it not possible to put it in government storage with the rest of the evacuee property.

Your immediate attention in this matter will be very sincerely appreciated. I am,

Very truly yours,

I have a 1934 Ford V8 Coupe. Have been unable to sell it for what is the Blue Book Value and will the army buy it. The car is free of indebtedness

Action taken:*

The Blue Book value is $100 or less. The Army might buy it but if they did they would have it appraised by two appraisers. But in no case would the price be more than Blue Book Value

Mr. Hashioka and Mr. Nishioka occupy adjacent buildings and are both tennants of Mary A. Gyntis. Mr. Barrell of Colusa is agent for owner. Since Mr. Nishioka's rent is paid for over three years in advance, these neighbors will store their equipment in Mr. Nishioka's building. They will leave power of attorney with Mr. Barrell who can sell equipment or sublet building and equipment. Very satisfactory.

Dear Sir: Im Re: Kazumasa Hayakawa

Inclosed please find power of attorney forms for the above mentioned individual to sign. He had formerly signed a similiar form but due to improper acknowledgement the Tulare County Recorder refused to record same. This area is being registred for evacuation and the power of attorney has some business to wind up for Hayakawa and it will be impossible to do so until these forms are completed and returned. This new power of attorney will supercede one dated and signed March 13, 1942.

I would greatly appreciate it if you would have these forms signed and a full notarial acknowledgement attached and returned via air mail to me at once. Due to the short time remaining to wind up their affairs and the volume of cases to be handled your co-operation will be of grat assistance to us. Thanking you in advance I remain,

Dear Miss Hayakawa:

In connection with your letter of June 27, 1942, and your father's letter of June 23, 1942, we are returning to you by registered mail safe deposit key number 567.

We are sorry that we are unable to grant the request made by you and your father concerning the delivery to you of the ownership card of your automobile which is in the above mentioned safe deposit box. Our refusal to comply with your request is based upon instructions of the United States Treasury Department, under which there is a restraining order pertaining to your safe deposit box.

It would be our suggestion that you procure from the Collector of Internal Revenue, United States Treasury Department, the proper releases enabling us to comply with your request in this matter. When, as and if you are able to procure these releases we then will be pleased to take the action you desire.

May we ask that you acknowledge receipt of the aforementioned key by signing the enclosed copy of this letter and returning it to us at your earliest convenience.

Subject: Mieki Hayano

Dear Sirs:

We have received your letter dated December 9, 1942 regarding the above matter.

As we believe Mr. L. J. Allen informed you in connection with your last letter to us, the property problems of evacuees residing in War Relocation Projects now come within the jurisdiction of the War Relocation Authority, which has offices locally in the Hotel Whitcomb Building, San Francisco. This does not affect the administration of Foreign Funds Control regulations of the Treasury Department which, of course, continue to be handled by this bank.

Under these circumstances, if further assistance in the subject matter is desired, it should be obtained from the War Relocation Authority. We might say, however, that we are not informed as to what the policy of that agency is with respect to problems in which the evacuee is already represented by counsel.

Should Mr. Hayano desire to submit the matter to the War Relocation Authority, no doubt he could consult the Legal Aid representative provided by that agency in the War Relocation Project where he is now residing.

Herbert D. Armstrong,
Acting Assistant Cashier.

Dear Mr. Allen:

Re: Mieki Hayano matter.

Enclosed herewith are duplicates of a letter received from Harry W. Horton, in the above entitled matter, today. We have kept you advised of the situation, and you know that there has been a long delay on the part of Mr. Horton in bringing this matter to a focus.

We know that Mr. Horton is a busy man, and he doubtless has had difficulty in finding time to give his full attention to this matter. However, we ask that the Federal Reserve Authorities bring pressure to bear, without further delay, in an attempt to secure a solution of this case. Mr. Hayano, of course, cannot go to El Centro for the purpose of expediting this settlement, and, located as we are, over approximately 400 miles from El Centro, it would be very difficult and very expensive for Mr. Hayano to have members of this firm go to El Centro for the purpose of driving through the settlement.

We submit that the Federal Reserve Authorities ought to take a hand.

Awaiting word from you, and with kindest personal regards, I remain

Very truly yours,

Your letter of the 3rd has been received.

I have been tied up in a jury trial since receiving your detail and will be in this same case for a week to two weeks yet and it will be some little time I am afraid before I can again get at this matter.

This matter is so complicated and involves so much detail that it is almost impossible to do anything on it without simply sidetracking everything else. In addition to this, I have to go to the bank to work with their records and can only work when they have a man available whom they can sidetrack from his work.

I will, however, get at it as soon as I possibly

Re: Mieki Hayano

We are returning one copy of each of the communications forwarded with your letter of October 24, 1942 regarding the above named evacuee.

While Mr. Hayano is a Relocation Center resident and therefore under the jurisdiction of the War Relocation Authority, we saw no harm in writing to Mr. Horton at El Centro along the lines of our today's letter, a copy of which is enclosed for your information.

If further difficulties are encountered, about all we can do is to submit the matter to the War Relocation Authority for consideration, although it seems questionable how far that agency would be inclined to go in solving the problem in view of Hayano's representation by counsel of his own selection.

You can inform Mr. Conley that we have written to Mr. Horton urging that he communicate with them, looking toward a discussion of the entire problem.

We are informed that while considerable time has elapsed since the claim of Mr. Mieki Hayano in connection with property owned by Mr. Kamiya was first discussed with you through correspondence from the attorneys for Mr. Hayano, no complete discussion of the situation between the interested parties has occurred.

Re: Mieki Hayano Matter.

Dear Conley:

I have made a diligent effort to go over the records at the Bank of America in connection with the above matter, with a view of coming to some conclusion as to the payment of the claims in connection with the building in question.

Frankly, the records of the Bank are inadequate to arrive at any intelligent conclusion upon and I guess I am going to have to ask you to have Hayano prepare a detailed statement covering the following:

1. An itemized statement of all claims for labor, as well as materials, which he, Hayano, has paid for in connection with all matters involved in the building in question, whether Hayano claims that those items paid by him are involved in the original contract or otherwise.

2. A separate list of the items that he claims come within the scope of the original contract, the written contract.

3. A separate list of all of those items which he claims are involved in the matter of claimed extras.

4. Separate and apart from the foregoing, which is to be confined to the items that he, Hayano, has paid, it will be necessary that he prepare a list of all of the items of work that he claims is involved in the original contract, i.e., the written building contract and specifications, and separate from that a separate list of all items which he claims constitute extras.

As to these last two items, we wish a detailed list of those irrespective of whether or not he has or has not paid anything upon the labor of materials.

Also, in a letter of Hayano's, dated December 13, 1941, Hayano refers to some "endorsement" of Kamiya relative to alleged extras in the amount of $2781.76. If there is a document of any kind which relates to that particular feature of the matter, we wish two copies of that document, one for the bank and one for this office. If the document does not describe in detail what is covered by the $2781.76, we wish a detailed statement, in duplicate, of what the $2781.76 does cover.

I am going to give you the following named materialmen or laborers and I wish that Hayano would, with reference to each one of them, give us a statement of just what labor or materials each of those indicated persons furnished and as to whether or not any of the matters furnished were, - 1, within the original contract and if so to what amount, and, 2, whether or not any of the items furnished were within the claimed extras and if so to what amount.

The claimants referred to in the next foregoing paragraph are as follows:

Imperial Hardware Company
W. S. Smiley
Harper & Mahaffey
Cecil Bradford
Walter Pollard
Patten-Blinn Lumber Company
Minor Arganbright
S. L. Hartzell & Son
C. G. Bell
A. E. F. Lechner
Latham Lumber Company
W. M. Winn
Viking Products
Whiting-Mead Co.

I also wish you would verify as to whether or not Hayano has received the following sums, to wit:

No. 3.

$1957.80
1957.80
3915.60
1729.08
2186.52
2000.00
1915.60

I wish you would also furnish me with the dates on which Hayano received those amounts, with respect to the last list.

Any other detail that you can furnish me with will enable the checking of this whole transaction, item by item and will be greatly appreciated.

Dear Mr. Allen:

Re: Mieki Hayano.

You are familiar with Mr. Hayano's claim against Chiyeko Hoshizaki, by reason of sums due him under a building construction contract dated July 19, 1941. As attorneys for Mr. Hayano in this matter, we have forwarded to you copies of our correspondence with Mr. Harry W. Horton, Attorney at Law, 218 Rehkopf Building, El Centro, California.

On July 21, 1942, Mr. Horton replied to our letter of July 10, 1942, stating that he would soon go over the entire account with the Bank of America, and give us concrete information as to the standing of the account and the likelihood of early settlement.

Under date of August 24, 1942, Mr. Horton again wrote in response to our letter of August 21, 1942, saying that he had not as yet been able to go over the details of the Hayano matter, and that he would not be able to do so within the next two weeks, but "shortly after I will make it a point to set aside the time and work the whole thing out".

Not having heard from Mr. Horton, we again wrote him under date of September 21, 1942, calling attention to the promise contained in his earlier letter, stating that we were desirous of settling the matter without further delay, asking that he let us know what progress he had made, and saying, "I am sending a copy of this letter to Lawson J. Allen, Foreign Funds Division, Federal Reserve Authorities, at 2146 Inyo Street, Fresno, California. The Federal Government is interested in this matter, and I feel sure that if it is not taken care of in the very near future, the Federal Authorities will intervene." We have received no reply to this letter, and no further information of any kind, from Mr. Horton.

As you know, Mieki Hayano went from Fresno to Block 36, Barrack 13, Apartment D, Poston Reception Center, Poston, Arizona.

Will not the Federal Reserve Authorities take steps to compel the straightening out of this matter? We shall be glad to cooperate in every way possible.

Very truly yours,

Dear Mr. Horton:

Re: Mieki Hayano.

In your letter of August 24, 1942, you assured me that shortly after the expiration of two weeks from that date, you would "make it a point to set aside the time and work the whole thing out", in the above entitled matter.

We have not heard from you since, and we are desirous of settling this situation without further delay.

Please let us know what progress you have made in the matter immediately. I am sending a copy of this letter to Lawson J. Allen, Foreign Funds Division, Federal Reserve Authorities, at 2146 Inyo Street, Fresno, California. The Federal Government is interested in this matter, and I feel sure that if it is not taken care of in the very near future, the Federal Authorities will intervene.

With kind personal regards, I remain

Dear Mr. Everson:

We are enclosing three communications, one of which mentions an apparent error in storing furniture belonging to Mr. M. Kuroki. This, I presume, will be turned over to the War Relocation Authorities. One of the other communications request the delivery of furniture stored in the warehouse.

Dear Mr. Horton:

Re: Mieki Hayano

Your letter of July 21, 1942, was received in due course.

I did not reply immediately because I hoped from expressions in your letter that you would be able shortly thereafter to furnish more of the information requested in our letter of July 10th. However, it has been over a month since you wrote, and your hope that you would shortly be able to give us a definite statement of the difficulties encountered by you in clearing this account has apparently not been realized.

As you know from our previous correspondence, Mr. Hayano is naturally desirous of securing a definite disposition of this matter at an early date. If we could have a progress report on your efforts to clarify the situation, it is possible that Mr. Hayano may be able to help through his comments on the items presented by you.

Awaiting word from you, and thanking you for your kindness and courtesy, I remain

Very truly yours,

PHILIP CONLEY
