Gentlemen:

We wish your advice concerning the evacuation problem which we are confronted with, and what preparations should be completed.

We believe our problem very serious, due to the large quanity of eggs we are marketing. Our present production is ~~is very nearly one million (1,000,000)~~ eggs per month. We 130,000 also market meat chickens and very vital fertilizer for vegetable farm use.

We are dealing with many interested parties for the lease or sale of our property, but are faced with difficulties dealing with these persons due to the large investments and capacity in the property. And also the expierence required to manage this ranch.

Enclosed herewith is an itemized list of the ranch with valuations and original cost estimates. From the enclosed estimates will you please advise us of the lease or sale value of the ranch under present conditions and poultry trends. And also if Fedral aid can be supplied to persons purchasing or leasing said property.

Very truly yours,

George Ishii

Some time ago, I came in and left the car in care of Mr. Manuel Ghiselline with the understanding that whatever the amount sold be transferred over to you and to be added on my account.

If the car had been sold, would you find out for how much and how much I still owe you.

I have stored the gas range, bedroom set, dining room set, living room set, two carpets and few more articles at place called Fukushimaya Hotel, 112 Rose St., in Los Angeles, and found out the place had been raided and everything the people stored in the place was stolen.

I sold the remainder for the total sum of $15.00 because I got the instruction that nobody can bring anything to evacuating camp so nothing here I got belongs to me except few extra clothings. The Army furnishes mostly everything.

I am absolutely broke here in camp with nothing to do and lucky to get three meals a day with wife and a baby boy and the boy usually goes hungry because he can't eat the stuff that's prepared for adults, milk is about the only extra he gets and believe me, it's like big prison only you have little more room. I wish I could get out of here. I don't think I deserve this.

This is just an assembly center and we are subjected to be transferred to re-location center such as Owen's Valley or Parker's Dam within a short time and I was told that if one works there might get couple of dollars a day, so if I do, I will do everything I can to see that you are all paid because I don't want to lose my credit.

Prior to my coming here, I had an understanding that the evacuee was to get $30.00 a day in comparance to soldiers and I thought that would be sufficient to keep up on the payment, but there are hundreds of boys working here got the final word from the Army that they are to receive $8.00 a month in coupons and that's 26¢ a day and they haven't even got that yet.

Kindly let me know where I stand within couple of days as I may be transferred within a short time.

Very truly yours,

This will acknowledge receipt of your letter of May 14 regarding Harry Ishii of 741 North Boyle Avenue, Los Angeles.

We are sorry to advise you that our records do not indicate storage of furniture by Mr. Ishii. It is our suggestion that you direct registered mail, return receipt requested, to last known address, or perhaps an investigator's inquiry in the neighborhood will uncover storage place of the household goods.

The Boyle Heights area is not completely evacuated, however, and you are privileged to trace the matter with us around June 1.

Mr. Ishii entered into a chattel mortgage with this firm on October 21, 1941, putting up as collateral an automobile and his household furniture, and upon which the payment is now past due.

We have located the automobile at the Hotel Figueroa Garage, 913 So. The furniture has either been disposed of, or placed in storage in places unknown to us, and we are unable to locate either Mr. Ishii or the furniture.

We would appreciate any effort or any information that you may be able to give us in contacting Mr. Ishii, or locating where the furniture has been placed or sold. Thanking you kindly for your cooperation, we are

Mr. Mike Chitjian, the landlord, refused to cancel the lease on this property until the Japanese paid six months' rental at $75.00 a month and an initial deposit of $200.00 in addition was to be forfeited.

We were approached by the landlord and his attorney to arbitrate the settlement on the basis of 4½ months' rental in addition to the intitial deposit of $200. We had determined from the Japanese that the lease was not in default and that the groceries and equipment had been removed prior to that time.

Action taken:*

We accordingly suggested a counter proposal by the Japanese and succeeded in arranging a settlement between the parties at $50., on the basis of a general release to all parties to the lease, and accepted $50. from the Japanese to be delivered to the landlord upon receipt of the general release. This was subsequently accomplished and the landlord's receipt is attached.

I do not consider lessor's offer to cancel lease in consideration of payment of 6 mo. rent, entirely justified. Lessee has on deposit with lessor, $300.00. Lessee believes a substitute tenant can be found who will assume lease and buy stock in trade. An effort should be made by present lessee to make such a deal. If successful present lessee should not be asked to sacrifice more than enough to protect the lessor against loss resulting from transfer of lease and business. Otherwise present lessee should not be required to pay more than $225.00 for cancellation of lease. Advise further negotiations

MEMORANDUM

Larrabee

DRF 3/26/42

March 25, 1942.

Mr. Narlin, Attorney acting for the landlord in this case, was contacted by telephone today for the purpose of determining just what position his client would take in relation to a settlement.

As indicated by the attached memorandum, they are holding out for six months' rent as a bonus to cancel the lease. They are presently holding a deposit of $200., and they of course have no intention of releasing any portion of that. The matter was discussed frankly with Mr. Narlin, and we pointed out to him that six months' rent under the conditions seemed to be excessive. While we are making no particular recommendation, we would like to see the penalty held to the amount of the deposit which he now has, and solicited his cooperation to effect such an arrangement with his client if at all possible.

It is plain to see this is an attempt to obtain not only additional money from this Japanese woman, but to induce her to release some of the merchandise to them and possibly the cash register and scales. This procedure was clearly discouraged during our conversation with Mr. Narlin. We indicated to him that inasmuch as the rent was paid to April 1, there would be no basis for interfering with any disposition this Japanese cared to make of the merchandise or equipment owned. We believe that he now shows a disposition to limit the amount of so-called damages to the approximate amount of the deposit in his hands.

In the meantime, we advised the Japanese to dispose of the stock of merchandise and store the scales and cash register, inasmuch as she apparently had an immediate prospect for the goods. and was willing to proceed on that basis.

ISHIMINE, RUTH SACHIKO (Doing business as Sun Rise Market)

601 South Indiana Avenue

Los Angeles, California

This Japanese girl was operating a small grocery store, at the address given, under a lease arrangement with Mike Chitjian. This lease called for $75 a month rental and there was an initial rental deposit of $200 posted. This lease had been assigned on two previous occasions, this Japanese girl obtaining it from her father. In neither of the two previous assignments had there been any general release given to the lessees. The landlord, through his attorney, had refused to cancel the lease and demanded the payment of six months rental at $75.00 a month in addition to forfeiture of the $200 deposit.

Our initial contact indicated that there was no arrearage in the rent, that the groceries were free and clear of encumbrances of any kind, and that there was no reason why the girl should hesitate to dispose of the property, regardless of the fact that demand had been made for bonus for cancellation of the lease.

Subsequent to disposing of the stock and certain items such as a coffee grinder and scales, the attorney and the landlord, together with the Japanese girl and her father, called at this office for us to arbitrate in connection with the settlement of the lease. The attorney had drawn an agreement which provided that the Federal Reserve Bank was to act as depositary for the funds to be forfeited and the six months rental to be paid. These funds would be released to the Japanese girl provided that no loss was incurred in obtaining a new tenant. It was the contention at this point that the landlord would lose much more than the six months rental because of the anticipated difficulty in finding a suitable tenant.

We finally prevailed upon the parties to negotiate this matter without our assistance except that we undertook to advise the Japanese girl. We finally succeeded in obtaining a complete settlement of the account for $50.00 in addition to the advance rental deposit of $200 and obtained from the landlord a complete release, in writing, for the Japanese girl and the two prior lessees. We held the $50.00 deposit pending delivery of suitable document of release and, subsequent to this, the landlord's receipt for the money delivered upon our acceptance of the general release.

Dear Mr. Bold:

With regard to your letter of April 14, I have more or less settled my affairs. However, I have not turned over the management of the two houses as yet to anyone.

With the advice of your Office, I have contacted the various banks and two of the larger real estate business houses in the city, but they seem reluctant to take over my small pieces of property. No doubt, my account will be a liability to them.

At present, I am in contact with the Church Federation.

However, in all probability, I shall leave the houses to a local real estate agent. That seems to me as having the least complications.

My difficulty in settling this matter lies in the fact that I have not long been in this City and am not well acquainted with the people.

Thank you very much for your letter. I hope I may call upon you in the future if something goes wrong with the management of the property.

Yours faithfully,

Reiko [illegible]

Dear Mr. Bold:

With reference to your letter of April 20, I have talked to one of your officials regarding mortgage, taxes and debts in general. I was told to liquidate whatever I had completely (I have been offered $800 on my equity on the houses) and, or keep my fingers crossed that my money will hold out.

Then what?

I do not expect your office to protect me unduly or finance my interests, but under the present set-up, it looks as though I am about to lose everything sooner or later. Will you kindly give me some suggestions as to what I am supposed to do with my debts (mortgage, income tax installment from last year, personal) if I do not have any income coming in — for say — from one to five years — or more.

Your faithfully,

Dear Sir,

Kindly list my truck under the property listing plan.

Previously Atsumi Itow listed his truck-pick-up Ford V8 for $375.00. Would you be kind enough to reduce it to $300.00.

I would like to also thank you for the kindness you have shown towards the care of the Japanese property. During these difficult times, it is rather difficult to know just what to do, unless there is someone to guide you.

We truly appreciate all consideration you have shown us. Even though we are being evacuated, we too feel that we may someday serve this country in the manner that we sincerely wish too.

Yours for Victory,

Principal property involved and scope of problem:

On December 20th, 1941 Jack M. Iwata sold the equity in his 1941 Buick to John Winniman, dealer, 2437 W. Pico Street, Los Angeles, and received check for $240.10, on which Winniman "stopped payment" because he claimed to the Japanese he did not want to pay out his money until the title to the car cleared with the Motor Vehicle Department. Iwata tried on many occasions to collect the money, without results, until he was evacuated on May 8th, at which time he gave Power of Attorney to his friend, Henry T. Ushijima.

Ushijima called on Mr. Winniman and tried to obtain the money; even after Winniman had resold the car. Inasmuch as Ushijima's evacuation date was set for May 16th he solicited our help on May 14th.

WOULD WE HELP HIMCOLLECT THE MONEY?

Action taken:*

After a number of telephone calls to Mr. Winniman's office and home, which he seemed to ignore, we left word for him to appear at our offices, 707 So. Spring Street at 10:00 A.M. May 15th, which he failed to do. However, after additional stern warning, he called at our office at 4:30 P.M., May 15th, with cash in the amount of $240.10, which we turned over to Mr. Ushijima in time for him to meet his train for Manzanar, where he now resides at Blk 14, Bldg 1, Apt 4, ------- CASE CLOSED.

Norton + Norton Elec Co demands payment in full when due or immediately if sold. Mrs. Karr, manager of bldg. for owner, Tom Johns has, according to Kahara, through intimidation, the use of liquor and advising that the rent will be raised from $25. to $35. per mo. stopped 2 sales he had near completion. He also says she has a bad reputation - that his son has been accused of stealing an auto. and that he thinks she is interfering with a sale so she can pick up the place and equipment for nothing. I advised to get a representative - go on with attempts to sell and we will try to help. Bring any prospects to us for help.

Recommendations of Counsel:

This man and his brother-in-law were prepared to evacuate and move all their possessions out of this area at the time of his conference with me on or about March 17th. Both of these men own automobiles, and both are able to purchase housekeeping trailers in which to live while they are on route to a permanent home; his brother-in-law is an alien but he is American born. He informed me that he had made several efforts to purchase trailers, but that no dealer would make a sale to his brother-in-law because the latter is an alien, and that he did not feel justified in purchasing another trailer for himself, if he could do so, and loaning his own trailer to his brother-in-law if there is any reason why the alien should not be using property owned by American citizens. He wanted to know if this department could assist him. I told him that this department had no authority to force any dealer to make a sale of anything to anybody; that the only thing we could do would be to endeavor to clear up any misunderstandings or misapprehensions on the part of dealers in connection with their right to deal with alien evacuees, and suggested that he continue in his efforts to secure adequate transportation.

Principal property involved and scope of problem:
Mrs Kato, has Cafe at above address. Equipment - furniture and fixtures valued at $10.000.00. Cafe occupies two adjoining rooms - the corner Japanese owned - the other owned by white elderly American citizen. The Japanese had agreed to allow them (verbally) to store the equipment in his building for the duration. Has since changed his mind and is demanding its removal at once. He had been receiving rent from mo to mo $135.00. Can they hold possession and store their goods as formerly agreed to?

They were told they could not hold possession for storage and to vacate peaceably at once, and to store their goods in the adjoining room owned by the white man who will give them a written agreement for storage purposes for the duration at a stipulated agreed price. She said her attorney will draw up the storage lease and she agreed to vacate the property owned by the Japanese. Her principal excuse for not wanting to vacate is lack of time before starting to Owens Valley March 28-1942 to which she has sighed up.

Keller, Seaside local agent, also the credit manager. The Seaside people were asking Kato to sign a statement admitting the $1940.16 as correct amount of indebtedness. Kato refused to sign pending an interpretation of his lease and clarifying his right to remove steel canopy and other buildings which he has erected.

Principal property involved and scope of problem: This person has a lease on the apartment building and furniture at above address. The lessor is Mid-Town Apartment Co. 205 So Broadway, Mr. Lombardi Pres.

He reports that he has been negotiating with a prospective purchaser for the past three weeks and that in the meantime Lombardi has offered to manage the property for him on a basis of $75.00 per mo net to him, Lombardi to pay all expenses and retain all net returns over $75.00. He further reports that he had arrived at a verbal agreement with his purchaser and an appointment was made for 10 o'clock Tues. morning May 5th for closing. The purchaser failed to show up and following this Lombardi withdrew his offer and substituted another at a lower rate and terms which he felt were unreasonable. This interview occurred at 3 o'clock this afternoon and Kawa leaves for Santa Anita in the morning.

Action taken:*

I suggested that in as much as the time was so short he appoint one of his tenants to look after the apartments for 2 or 3 days while he attempted to find a buyer or get a reasonable proposition out of Lombardi.

5/11 Talked to Lombardi and he advised he had made all the offers he was going to, that Kawa had been non-cooperative and he was going to declare the lease forfeited. In my opinion this case should be investigated and the facts determined. Will follow up.

Gentlemen:

This letter is written on behalf of Mid-Town Investment Corp., a California corporation, which is the lessor of a number of apartment houses located in this city which have been leased to Japanese lessees who have managed and operated thesaid apartment houses.

One of the apartment houses leased by Mid-Town Investment Corp. is known as the Chestmere Apartments located at 202 North Grand Avenue, Los Angeles, California. These apartments, together with the furniture and personal property contained therein were leased to Lester Kawa pursuant to a written lease dated August 1, 1940. Said lease calls for a rental of $475.00 per month and is to continue until the 6th day of April, 1944.

We understand that the lessee, Lester Kawa, is also known by the name of Kinji Kawakami.

Some three months ago this office prepared for Mid-Town Investment Corp. a form of management contract which was immediately submitted to all of its Japanese tenants whereby Mid-Town Investment Corp. agreed to take over the management of the apartment houses which had been leased to the Japanese and agreed to operate thesame as the agent of the Japanese until the expiration of the lease or until such time as the Japanese were able to resume the personal management thereof. A copy of such property management agreement is enclosed herewith.

Of some twelve apartment houses leased by Mid-Town to Japanese, all have agreed to and have executed a Property Management Agreement in the form enclosed with the exception of Lester Kawa. The remaining eleven Japanese tenants were satisfied with the Property Management Agreement and have appointed Mid-Town Investment Corp. as their agent.

The same agreement was tendered to Lester Kawa some three months ago. Mr. Kawa at that time executed the agreement, but since that time has cancelled the same and has refused to enter into such an agreement, demanding that Mid-Town Investment Corp. take a sub-lease from him and guarantee to him the sum of $75.00 per month.

Accordingly, at his request, this office prepared a form of a sub-lease whereby said Lester Kawa sub-leased the said apartment house and its furnishings to Mid-Town Investment Corp. at a monthly rental of $75.00. A copy of said sub-lease is enclosed herewith.

This sub-lease was submitted to Mr. Kawa several days before he was required to evacuate. Without any reason or excuse, he also refused to execute this agreement.

On the night before the evacuation order became effective, Mid-Town Investment Corp. found itself in a position where the tenant was abandoning the property, without having made satisfactory arrangements for its management either with Mid-Town or with anyone else. At that time the rent for the month of May was delinquent in the sum of $475.00, and in order to protect itself, Mid-Town had no alternative but to serve a three day notice to pay rent or quit. Thereafter, the Japanese tenant was evacuated from this city but left behind for delivery to Mid-Town a certain check drawn against the California Bank, at 321 East First Street, Los Angeles, in the sum of $475.00.

The said check was presented to the bank for payment on Monday, May 11, 1942, and payment was refused with the notation "referred to maker". The bank verbally advised the agent of Mid-Town Investment Corp. that there were insufficient funds in the account to cover the check.

Kawa is not only delinquent in the payment of rent, but he is also delinquent in the payment of his utilities bills for electricity, water and gas used at said premises in a sum in excess of $200.00. He has left the

premises with these bills unpaid. Furthermore, he is delinquent in a payment of $32.00 upon a purchase contract covering sixteen refrigerators located on the premises. It is obvious that Mid-Town Investment Corp. cannot permit these delinquencies to remain unpaid. The Japanese tenant has had ample opportunity to make arrangements for the payment of these obligations and for the management of his property. Unless satisfactory arrangements are made forthwith for the management of the property and for the payment of these delinquent obligations, Mid-Town Investment Corp. will be forced to terminate the lease.

However, Mid-Town Investment Corp. has no desire to inflict any undue hardship upon the Japanese tenant. It is still willing to enter into a sub-lease and to pay a rental of $75.00 per month, provided all rents and all unpaid charges are pro-rated as of May 8, 1942. A copy of this proposed sub-lease is enclosed with this letter. A reasonable time will be accorded Mr. Kawa to execute said agreement and to pay the sum of $702.57, as set forth therein.

We are satisfied that the proposed sub-lease is the most reasonable agreement that Mr. Kawa could expect to make. A rapid audit of accounts of said apartment house reveals that the ordinary operating expenses amount to the sum of $1050.00 per month, including the payment of $75.00 to Mr. Kawa. The present monthly income of the premises is only the sum of $956.50, although all of the apartments are not now rented. If all of the apartments were kept rented at all times, the total gross income would be the sum of approximately $1125.00. During the past several months, the tenant had neglected to make necessary repairs and replacements, it being obvious that he extracted from the premises the greatest possible revenue with the smallest possible expenditure. This was undoubtedly done because of his knowledge that he would be evacuated at any time. Accordingly, in any estimate of the future expenses of operation, it is imperative that allowances be made for replacements, re-decorating, fumigation and repairs. Such allowances have been made in the monthly figure of $1050.00 above set forth as the expense of operation.

Mid-Town Investment Corp. will withhold any further action against Mr. Kawa for a reasonable period of time. During this perid, Mid-Town will manage and operate the premises and will hold itself accountable to Mr. Kawa in the event the proposed agreement is not executed. In the meantime,

Federal Reserve Bank of
San Francisco--4

May 12, 1942

it is respectfully requested that through your agency you contact Mr. Kawa in an effort to obtain the execution of the sublease which is enclosed herewith, and to obtain from him the payment of the sum of $702.50 as called for therein.

Very truly yours,

HARRY C. WILLIAMS

Attention: Mr. Trevor.

Dear Sirs:

In regard to our telephone conversation about Mr. Dick Kataya who owns a store in Montrose:

The fixtures in this store consist of two Howe scales that hang from the ceiling, worth about $17.50 each; six display stands, lined with metal, fifteen feet long, worth about $100.00; one table for wrapping paper and paper holder, worth about $5.00; and one bath-tub used for washing vegetables, with a used value of about $10.00.

There is $45.00 deposited on the lease for the last month's rent, which will be in June, 1943. Mr. Kataya has subleased a portion of the store to a butcher for $20.00 a month and has accepted $20.00 deposit for the last month's rent. On March 20th the butcher paid $20.00 rent, paying to April 20, 1942.

This is about all the information that I was able to get from my trip to Montrose. I believe the vegetable market at normal sale, should bring $150.00.

Yours very truly,

5 year lease expiring in 1946 on Hotel at 303 So Hewitt
I own all the personal property located at this address such as furniture fixtures etc. which is clear of encumbrances.
Landlord refuses to negotiate any transaction with reference to selling the lease & is pressing this party for the balance of the lease.
Have been unable to find a buyer or party suitable to the landlord to negotiate even a sublease. However, the landlord does wish to sell the Hotel, but has made demand for the balance of the 4 year lease.

Action taken:*

Place your list of personal property with a Business Opportunity Broker after you have worked out a satisfactory agreement with your landlord.
If the landlord is willing to sell the Bldg get together & sell the entire setup at one time as the property being equipped & furnished will be a much easier problem for disposition of either.
Will be back with copy of lease if any further difficulty arises

Re Sale of Pool Hall $550.00 = Now in Escrow at Calif Bk - 1st & Cummings Br. - Problem was he listed this for exclusive sale (14 day contract plus) with Harry Barsam & Assoc. 1000 Do. Dlrs Bk for $1000.00 or 10% basis. They did not sell it but the contract called for written notification of termination after the 14 day period - This, the Japanese did not do and sold the Pool Hall himself for $550.00, but because of that certain clause in contract, Harry Barsam & Assoc put in a $50.00 Debit into the Escrow or 10% of sale price = Legally they are right but morally? - So we worked out a compromise of $25.00 instead & saved Japanese this amt. also ok now -
