REVIEW OF MAY.

A series of unfavorable events, attended by some exciting developments, marked the course of the month of May. The principal adverse happenings were the collapse in the so-called Webb-Meyer securities—involving the suspension of three Stock Exchange houses—and the inauguration of the anthracite coal miners' strike. The conclusion of peace in South Africa was an auspicious event of prospective great importance, but the document containing the terms of the agreement was not definitely signed until the very last day of May and the announcement itself did not come until the first day of June.

The collapse in the Webb-Meyer shares (Dr. Webb denies having had direct pecuniary interest in any except the Rutland Railroad) was one of the most noteworthy occurrences of recent years. There had been wild movements in all these properties and their prices had been marked up to very high figures. The collapse in International Power stock on the Stock Exchange on April 30 (the price on that day dropped from 198 to 120) had excited suspicion as to these Webb-Meyer specialties, which had been manipulated in the same way and with even greater facility, for with the exception of the Rutland Railroad and the St. Lawrence & Adirondack Railway they are all dealt in exclusively on the "curb." In our review of the outside market for the week ending May 9, published in our Bankers' Gazette column on page 971 of the CHRONICLE of May 10, we presented a little table to show the great shrinkage in these shares within the two or three days after the bubble had been pricked. The shrinkage, however, continued for practically the whole of the month, and as a result we find Dominion Securities shares at the close of May down to 16, against 118¼ at the beginning; Hackensack Meadow shares at 8, against 79½; Storage Power at 3½, against 10¼, and North American Lumber & Pulp Company at 5, against 39¼. As for Rutland Railroad stock, it sold down from 120⅛ on May 1 to 75 on May 16 and closed May 29 (the Stock Exchange was not open on May 30 and May 31) at 83. St. Lawrence & Adirondack sold down from 139 on May 1 to 50 on May 16, and the best price at the close was 30 bid. The shrinkage in these various properties caused the suspension on May 5 of three Stock Exchange houses, namely Henry Bros. & Co., Lockwood, Hurd & Co. and Offenbach & Moore. Henry Bros. & Co. subsequently resumed. The situation doubtless would

have become still more precarious had not Dr. Webb taken up a considerable amount of Rutland preferred stock pledged by Meyer in loans. With these failures and collapse in prices the outlook for a few days looked very threatening, but fortunately the general situation was very strong and as a consequence the trouble was circumscribed and localized.

The anthracite coal miners's strike came very much in the nature of a surprise, for up to the last moment it was supposed that the strike would be averted. Through the instrumentality of the National Civic Federation conferences were held at the beginning of the month between the operators and the miners which it was hoped would lead to some kind of an agreement. But these efforts proved fruitless. The miners having failed to obtain any concessions from the operators, the Executive Committee of the United Mine Workers on May 9 sent out an order directing a temporary strike to begin Monday May 12 and to continue until the holding of a convention of the miners which had at the same time been called for May 14 at Hazleton, Pa. On the second day of the holding of this convention a decision in favor of the continuance of the strike was reached by a vote of 461¼ to 349¾, the basis of representation having been one vote for each 100 miners.

The strike consequently remained in progress until the end of the month and is estimated to have involved about 145,000 men. As a further demonstration of their power the Mine Workers' organization directed the engineers, firemen and pumpmen at the mines to quit work on Monday of this week (June 2). Quite a large proportion of these latter obeyed this order but the operators were enabled in most cases to supply their places with other men and thus avoided the flooding of the mines which had been threatened and which would have involved very serious damage had it occurred. It remains to be said that on May 24 District No. 17 of the United Mine Workers, which includes the soft coal miners of Virginia and West Virginia, voted to suspend work on June 17 unless their demands for increased wages, etc., were complied with. It is claimed, however, that most of the miners in these two States are non-union men.

Weather conditions during May were very much better than in the month immediately preceding and it is believed that an improvement in the condition of the wheat crop occurred as the result.

Among some of the other noteworthy occurrences of the month (which, however, did not have any material influence on affairs) may be mentioned the installation of the Republic of Cuba, the United States forces having on the 19th of May turned over the affairs of State to the new government with Senor Palma as President. One of the greatest calamities in the world's history occurred with the destruction of the Town of St. Pierre on the French island of Martinique by a volcano, with the loss of about 40,000 lives; also the loss of about 2,000 lives on the island of St. Vincent by volcanic eruption.

The Webb-Meyer troubles and Stock Exchange failures involved serious derangement of the money market at the beginning of the month. On the 1st of May as high as 15 per cent was paid for money on call at the Stock Exchange, on the 2d as high as 10 per cent and on the 5th (the day of the failures) as much as 25 per cent. Up to and including the 12th, 8 to 15 per cent were some of the extreme figures occasionally reached. After that, however, normal conditions were restored, and at the close of the month the market was in a state of ease. Surplus reserves of the Clearing House banks got down to $3,461,000 May 10, but after that there was marked expansion in this item.

The stock market, in view of the many adverse developments, may be said to have held up remarkably well. There were of course some sharp declines in the general list, but the inherent strength of the market was shown in the ease with which the market recovered after the selling pressure abated. Prices at the close were lower as a rule than at the beginning, but the loss on the whole (outside of a few specialties) was relatively small. Canadian Pacific stock was strong throughout the month, and advanced from 122½ May 2 to 141⅝ May 26.

NEW YORK STOCK EXCHANGE.

MONTHLY AND YEARLY RECORD.

The following tables furnish a complete record of the New York Stock Exchange transactions for the past month and the year 1901. They need no extended introduction, as they are self-explanatory. The tables embrace every security (excepting only State bonds) dealt in on the Exchange. We give bonds first, using the classification adopted in the official list. As to prices the form is our own, and we think it will be found to contain just the facts desired by our readers and to present them in the most convenient way for study and reference. All quotations in the column headed "*Prices about January 2, 1902*," were made on that date except those in italics, which are the nearest in January, 1902 The black-faced letters in the column headed "Interest Period" indicate in each case the month when the bonds mature.

☞ *For foot notes to tables see last page of Bonds and last page of Stocks.*

§ Less than 100 shares. *a* Ex-rights. *b* Ex-dividend and rights. *c* Trust Co. certificates. *d* Anaconda Mining now quoted per cent.

NOTE.—On March 31 the Stock Exchange began quoting mining shares having a par value of over $10 on a per cent basis instead of dollars per share. Mining shares with a par value of less than $10 are still quoted in the old way, that is, per share.

BOSTON STOCK EXCHANGE.

MONTHLY AND YEARLY RECORD.

The railroad securities which are active on the New York Stock Exchange are omitted from this list.

☞ *In comparing New York and Boston prices, it should be noted that bond prices in New York are flat prices—that is, the price includes the accrued interest, while in Boston accrued interest must be paid in addition to price. It should also be remembered that New York stock prices are per cent while those in Boston are dollars per share.*

† Ex-rights. § Less than 100 shares. *a* Including assessm't paid this month. *b* Before payment of assessm'ts called for during 1902.

GENERAL QUOTATIONS

—OF—

BONDS AND STOCKS.

1. In the following twenty-seven pages of tables quotations are given for all securities listed on any Stock Exchange in the United States; also for all leading unlisted and inactive securities for which we have been able to obtain reliable prices.

2. Quotations from all Stock Exchanges are as near as possible for the *last day of May*. Of course the coupon if there be one, maturing between the date of quotation and the date of this publication, is not deducted from the price.

3. Bond prices marked thus (§) indicate that the purchaser must pay accrued interest *in addition to the price given* The method of quoting on the New York Stock Exchange is to quote the prices flat (that is to include the accrued interest in the price), and hence in the tables below no mark is now affixed where this method of quoting is followed.

4. Stock prices marked thus (†) are per share. All others are per cent except bank stock prices.

5. It should be borne in mind in the use of these tables that the quotations for many inactive and unlisted securities are merely nominal, but in all cases the figures are obtained from sources which are considered reliable.

6. The following abbreviations are often used, viz.; "M.," for mortgage; "g.," for gold; "g'd.," for guaranteed; "end.," for endorsed; "cons.," for consolidated; "conv.," for convertible; "s. f.," for sinking fund; "l. g.," for land grant: "op." for optional

7. The black-faced type in the letters showing the interest periods indicates in each case the *month* when the bonds mature.

☞ We no longer affix a mark to prices quoted flat, but only to those which require payment of accrued interest in addition to the price. Designating mark in this instance is (§).

STATE AND MUNICIPAL BONDS.

Prices marked (*) are flat prices—that is, the purchaser does not pay accrued interest in addition. *In all other cases accrued interest must be added to the price.*

The figures in the column "*to net*" indicate the basis on which the securities sell or the interest rate which the securities, if held to maturity, will net to the purchaser at the present market price.

It should be borne in mind that municipal bonds are not subject to such decided fluctuations in value as are securities which form a basis for speculation.

QUOTATIONS OF BANK AND TRUST COMPANY STOCKS.

Prices are per share, not per cent, with the exception of New York City, Brooklyn and Canadian bank stocks.
Prices marked thus (*) indicate sales.
The dagger (†) prefixed to a price indicates that the figures show the book value.
☞ **Notice Change.**—We now report surplus and undivided profits together (in the column designated Surplus and Profits) except where otherwise indicated.
Where names of the banks are printed in italics, fuller returns may be found in the advertising columns in the front part of the paper.
