REVIEW OF JULY.

Crop prospects improved during July. Otherwise the developments were along the same lines as in the months immediately preceding. Considerable disquietude was caused by the announcement from Washington that a new Federal policy had been determined upon in the prosecutions contemplated against the so-called trusts. This policy was to ask the Court to appoint receivers to take possession of the various properties or corporations making up the "trusts," operate them meanwhile, and arrange through these receivers for their dismemberment. Suit under this new plan was at once begun against the American Tobacco Company and its various constituent and subsidiary companies (including among numerous other companies the American Snuff Company, the American Cigar Company and the United Cigar Stores Company), it being alleged that the business carried on by these companies and their various subsidiaries constituted a combination in restraint of trade in violation of the Sherman Anti-Trust Law.

Another noteworthy event of the month was the action of the North Carolina State authorities in resisting and seeking to nullify the action of the Federal Courts in restraining the enforcement of a new State law reducing both passenger and freight rates on the railroad lines within North Carolina. U. S. Judge Pritchard at Asheville, N. C., had on June 29 continued the injunction obtained by the Southern Railway Company and other railroad corporations enjoining the North Carolina Corporation Commission from enforcing the passenger and freight rates imposed by the new statute, the passenger rate being reduced to 2¼ cents per mile. Governor R. B. Glenn of North Carolina thereupon provoked a conflict between the State and the Federal Courts. He issued an address to the judges of the North Carolina courts, asking them to see that the railroads and their agents and employees be indicted for violating the new law. This latter had gone into effect on July 1. Two of the agents of the Southern Railway were actually sentenced in the State Court to thirty days on the chain gang for selling passenger tickets in disregard of the new statute, notwithstanding Judge Pritchard's injunction. They were subsequently released, however, by the latter in habeas corpus proceedings. At the same time Judge Pritchard declared Section 4 of the new statute unconstitutional, because the fines and penalties imposed by it are so enormous as virtually to deprive the carriers of their right of appeal to the courts. The injunction had been

Federal Reserve Bank of St. Louis

granted because the moving petitions of the carriers showed that the new rates would be non-compensatory, but the question whether this was so had been referred by the Court to a Master, who had been ordered to submit his conclusions not later than Sept. 25. It had also been made part of the injunction order that the railroads must give to buyers of tickets coupons to represent the difference between the old rates and the new rates, which coupons were to be redeemed in case the law was found to be Constitutional. The roads were at the same time required to give heavy indemnity bonds—the Southern Railway $325,000 and the Atlantic Coast Line $175,000.

President Finley, himself, of the Southern Railway was on Saturday July 27 placed under arrest, though he was speedily released by Judge Pritchard. But notwithstanding the Federal Court gave the various indicted officials its shelter and protection, the process of intimidation employed by the State authorities became so serious that it threatened to interfere with the operation of the roads, and finally a compromise was agreed upon. Governor Glenn had insisted that before he would listen to any proposal from the railroads, the latter must first agree to put the new rates into effect. He took this position even when Assistant Attorney-General Sanford, representing the Department of Justice at Washington, made a trip to North Carolina to try and adjust the differences. The railroads, being practically helpless, at length agreed to put the 2¼ cent rate in effect Aug. 8, while the State on its part agreed not to commence any more indictments and to nol pros those on the dockets of the State Courts, except the two cases from which appeals had been taken, and which were to be pressed to a final determination as speedily as possible.

Another important development during the month was the action on July 9 of the United Metals Selling Company and Phelps, Dodge & Co. in announcing reduced prices for copper. There had previously been a deadlock between consumers and producers of the metal, and meanwhile quotations had been held at the nominal figures of 25 cents for electrolytic copper and 26 cents for the Lake brands. A reduction of 3 cents per pound was made, to 22 cents and 23 cents respectively. The cut in price, however, did not have the effect intended, and purchases were quite unimportant and were at considerable concessions from the new figures—sales of small lots at the close of the month being reported at 20@21 cents.

There was no revival in the investment demand for new bonds. The Union Pacific offered its shareholders $75,000,000 of 4% convertible bonds at 90, and the shareholders actually took only a little over $4,000,000. The underwriters were therefore obliged to take the remainder. The Atchison Topeka & Santa Fe Railway invited its shareholders to subscribe for $26,000,000 5% convertible bonds at par, and the aggregate applied for was about $9,000,000. The remainder was subsequently sold to J. P. Morgan & Co.

Though crop prospects, both for grain and for cotton, improved during the month, quite an excited advance in cotton occurred in the early part, occasioned by the fact that the Government report issued July 2 showed less betterment of condition than had been looked for. From 13.25 cents July 1 middling uplands got up to 13.50 cents July 2, and remained close to this figure for a week or more. On improving crop accounts, however, there was a decline to 12.85 cents by July 13; after that the market fluctuated more or less, the close July 31 being 13.00 cents. Print cloths at Fall River, which had remained at 5 cents, were on the 20th quoted nominally at 5@5¼ cents.

The foreign exchange market was more or less irregular during July. At the opening it was active and higher, influenced, it would appear, by an urgent demand to remit for July interest and dividends on securities held abroad and to cover oversold bills. Later, rates receded on offerings of finance bills. The drawing of these bills was encouraged by the firm rates ruling here for money at the time, especially for 90 days, and also by the expectation that these bills could be covered in October at a profit with drafts against cotton. Subsequently the fall in the rates for money at this centre discouraged the further drawing of loan bills, and a sharp upward reaction in exchange rates again ensued. The market was moderately active and strong thereafter, but closed easy on a better supply of finance bills. There were several engagements of gold for export—$1,000,000 being taken July 1 for Amsterdam and $1,750,000 July 9, $1,000,000 July 10 and $500,000 July 30 for Paris.

There was some tension in the money market the early part of July on account of the low bank reserves and the calling of loans incident to the lar e July 1 interest and dividend disbursements. Gradually, however, the market relaxed.

The stock market was strong at the beginning of the month, and there was a general rise of 3 to 5 points in the better class of stocks. The improvement, however, was not maintained. There was decided weakness at the close, in part on the falling off in the orders of the U. S. Steel Corporation and unsatisfactory reports concerning the copper trade.

NEW YORK STOCK EXCHANGE

MONTHLY AND YEARLY RECORD

The following tables furnish a complete record of the New York Stock Exchange transactions for the past month and the year 1906. They need no extended introduction, as they are self-explanatory. The tables embrace every security (excepting only State bonds) dealt in on the Exchange. We give bonds first, using the classification adopted in the official list. As to prices the form is our own, and we think it will be found to contain just the facts desired by our readers and to present them in the most convenient way for study and reference. All quotations in the column headed "*Price about January* 2 1907" were made on that date, except those in italics, which are the nearest in January 1907. The black-faced letters in the column headed "*Interest Period*" indicate in each case the month when the bonds mature.

☞ *For foot notes to tables see last page of Bonds and last page of stocks.*

GENERAL QUOTATIONS

OF

BONDS AND STOCKS.

1. In the following thirty pages of tables, quotations are given for all the more important securities listed on any Stock Exchange in the United States; also for leading unlisted and inactive securities.

2. Quotations from all Stock Exchanges are as near as possible for the *closing day of the month preceding the date of issue* **Of course the coupon, if there be one, maturing between the date of quotation and the date of this publication, is not deducted from the price.**

3. Bond prices marked (*a*) indicate that the purchaser must pay accrued interest *in addition to the price given*. The method of quoting on the New York Stock Exchange is to quote the price flat (that is, to include the accrued interest in the price), and hence in the tables below no mark is now affixed where this method of quoting is followed.

4. Stock prices marked thus (*d*) are per share. All others are per cent except bank stock prices, which are quoted per share unless otherwise stated.

5. It should be borne in mind in the use of these tables that the quotations for many inactive and unlisted securities are merely nominal, but in all cases the figures are obtained from sources which are considered reliable.

6. The following abbreviations are often used, viz.: "M" for mortgage, "g" for gold, "g'd" for guaranteed, "end" for endorsed, "cons" for consolidated, "conv" for convertible, "s f" for sinking fund, "l g" for land grant, "op" for optional.

7. The black-faced type in the letters showing the interest period indicates the *month* when the bonds mature.

STREET AND ELECTRIC RAILWAYS

In response to the request of many subscribers, we have changed the order of arrangement of the Street and Electric Railway Securities contained in the following lists. The previous practice was to group them by cities. This was a satisfactory and logical arrangement so long as the railways remained distinctly local enterprises and confined to the limits of a single city. But with the introduction of electricity as motive power most of the local systems have by degrees been transformed into interurban roads, some of them covering wide stretches of territory and connecting numerous cities and towns. In such cases the reader might look under several places before finding the one under which the road was given. To obviate this difficulty, we have recast the entire list and arranged the roads all *in alphabetical order according to the names*. Where the title is that of a street (like Third Avenue RR.), the securities will still be found grouped together in most cases, it being possible to do this because the controlling company usually bears the name of the city where it is located. Thus the New York City lines will be found under the New York City Railway, the Philadelphia lines under the Philadelphia Rapid Transit, &c. Cross references will assist the reader in finding any particular security.

Prices marked thus (*a*) indicate that the purchaser has to pay accrued interest in addition to the price given. Prices not marked are flat prices—that is, the purchaser does *not* pay accrued interest in addition.

STATE AND MUNICIPAL BONDS.

It is not the custom in quoting municipal bonds to include accrued interest in the price given. Hence this accrued interest must in all cases be added on. There are a very few instances which form exceptions to the rule—that is, where the prices given are flat prices, the accrued interest having been taken into account in making them. These are indicated by a special mark, thus (*).

The figures in the column *"to net"* indicate the basis on which the securities sell or the interest rate which the securities, if held to maturity, will net to the purchaser at the present market price.

Bonds.	Bid.	Ask.	To Net.

Federal Reserve Bank of St. Louis

BANKS AND TRUST COMPANIES.

Quotations in this department are given per share, not per cent, except for stocks of New York City, Brooklyn and Canadian institutions, and are as near as possible for the *closing day of the month preceding the date of issue*, though often are nominal. An asterisk (*) denotes sales. The letter (*h*) prefixed to a price indicates that the figures show the book value.

Figures of deposits, capital and profits for the national banks are from the Comptroller's last call; for all other institutions they are the latest obtainable, direct returns being procured by us where no periodic statements are required. For the Clearing-House banks of New York, Philadelphia and Boston, deposits are taken from the latest weekly statement.

ALABAMA—*Nat. banks last call May 20; State institutions latest returns.*
