REVIEW OF APRIL.

While during April there was very little if any improvement in trade affairs—the country's industries remaining in a state of extreme depression—and while railroad gross earnings in the returns from week to week registered the largest ratio of decline yet reported since the upheaval of last October and November, there was further distinct improvement in the tone in financial circles and further appreciation in values on the Stock Exchange. As in the month preceding, too (in March, we mean), there were a number of favorable happenings and events that furnished substantial ground for a better feeling. The matter which served, perhaps, more than anything else to revive confidence was the favorable outcome of the negotiations for the financing of pressing obligations of the Erie Railroad. This came early in the month, and as up to the last moment it seemed almost certain that the negotiations must fail, the fact that an adjustment was finally reached came as an agreeable surprise and accordingly served to impart great strength to prices on the Stock Exchange and to produce a correspondingly buoyant tone in financial circles.

The Erie Railroad had $5,500,000 of one-year notes maturing April 8. For the purpose of taking up these notes, the company's board of directors had created an issue of $15,000,000 new 3-year 6% notes, of which $5,500,000 were to be exchanged for the old notes and $5,000,000 to be sold at par for cash, the remainder to be reserved for future uses. The whole arrangement was expressly conditioned on the exchange of all of the $5,500,000 old notes for the new notes. The old noteholders, however, showed a decided disinclination to make the exchange. Mr. E. H. Harriman, who is one of the directors of the road, then stepped into the breach and offered to purchase $5,500,000 of the new notes for the purpose of enabling the company to pay off the old notes. The offer was accepted and at the same time the syndicate headed by J. P. Morgan & Co. took the $5,000,000 of notes agreed upon for cash in accordance with the original plan.

The report issued by the Department of Agriculture at Washington showing the condition of winter wheat also proved highly encouraging, and played its part in improving the tone in the financial markets. This report afforded evidence that the fall-sown grain had passed through the trying winter season without having suffered any very decided setbacks. The Department made the average condition of wheat for the whole country 91.3, as against 89.9 April 1 last year, and higher also than in 1906, and considerably above

the average of the ten years from 1898 to 1907, which was 86.2.

The developments regarding the bituminous coal strike likewise proved more assuring than any one had dared to hope when the month opened. A pretty general suspension of operations at the bituminous mines throughout the country had begun with the 1st of April and the fear then prevailed that the strike might prove very prolonged, as was the case two years before. But at the joint inter-State conference of operators and miners from the States of Pennsylvania, Ohio and Indiana held on April 17 a report from the scale committee was adopted. This provided that, subject to the vote of the miners, the old rate of 90 cents per ton for mining coal, which had expired April 1 1908, be continued for another period of two years, or until March 31 1910. This action covered an important body of mines and it was subsequently sustained by the miners. The men returned to work rather slowly, but the indications were that with the first of May operations in this portion of the bituminous regions would be resumed nearly in full. Reports from other parts of the country were also encouraging for an early settlement.

The better tone led to the bringing out of a considerable number of important new loans by the railroads, and this in turn tended still further to strengthen hope and confidence. The most important of these loans was the offering, through Kuhn, Loeb & Co., of $40,000,000, or £8,000,000, consolidated mortgage 40-year 4% bonds of the Pennsylvania Railroad secured by the consolidated mortgage of 1873. A simultaneous issue was made in London, Eng., through N. M. Rothschild & Sons and Baring Brothers & Co., Ltd. This issue was, of course, a gilt-edged one and as the bonds were offered for subscription at 96 proposals were naturally on a very large scale. It was estimated that the amount had been subscribed for over 25 times.

There were numerous other new loan offerings, indicating a belief in a reviving demand in the bond and investment markets. Thus the Norfolk & Western Ry. sold to the Guaranty Trust Co. of New York an issue of $7,500,000 2-year 5% secured notes which were later offered to the public at 99. The Chicago Indiana & Southern RR., through J. P. Morgan & Co. and Drexel & Co., offered at 91 $15,150,000 of 50-year 4% gold bonds, guaranteed by the Lake Shore & Michigan Southern Ry. The Chesapeake & Ohio sold to bankers $2,013,354 5% consolidated mortgage bonds to meet an equal amount of 6% first mortgage bonds maturing July 1 1908 and $1,500,000 of 6% notes, also to provide in great part for maturing obligations. The New York Central & Hudson River RR. was granted permission to issue $4,000,000 3½% refunding mortgage bonds of 1897 and $20,000,000 4% debenture bonds, the latter the remainder of an issue of such bonds authorized in May 1904. The Interborough Rapid Transit Co. brought out $25,000,000 3-year 6% notes, the proceeds of which were to redeem $15,000,000 4% notes of the company maturing May 1 1908 and to pay off other obligations of the company. The notes were underwritten by J. P. Morgan & Co. and were offered by them to the public.

In the stock market, as already indicated, great strength prevailed, and large and general advances in prices occurred, these advances being additional to those recorded in March. Returns of gross earnings for the current weeks of April were exceedingly poor, but failed to exert any adverse effects on prices. Moreover, a feature of some importance was the fact that the returns of *net* earnings coming in for the month of March made it manifest that the roads were at length getting better control of their expense accounts. The Atchison Topeka & Santa Fe on April 1 reduced its semi-annual dividend from 3% to 2½% and the Norfolk & Western on April 23 announced a semi-annual dividend of 2% on its common stock against the previous 2½%. President Roosevelt sent another special message to Congress—the third within a comparatively brief period of time—urging labor and trust legislation along the lines long advocated by him, but it passed practically unnoticed. Special features during the month were the local transportation shares, notably Interborough-Metropolitan, common and preferred; some of the traction securities, in particular Third Avenue Railroad stock, were also especially prominent for a rise. T. A. McIntyre & Co. failed April 24.

In the foreign exchange market gold exports on a large scale were the chief event, about $12,000,000 of the metal being engaged during the month for Paris and 2½ millions going to Montreal. Exchange rates were strong most of the month, and while on the one hand the offerings of bills were in limited volume and there was a dearth of commodity drafts, reflecting chiefly the small export movement of cotton, on the other hand there was an active demand for bills, said to be to furnish cover for contracts for future delivery of exchange made early in the year and which were now maturing.

NEW YORK STOCK EXCHANGE

MONTHLY AND YEARLY RECORD.

The following tables furnish a complete record of the New York Stock Exchange transactions for the past month and the year 1908. They need no extended introduction, as they are self-explanatory. The tables embrace every security (excepting only State bonds) dealt in on the Exchange. We give bonds first, using the classification adopted in the official list. As to prices the form is our own, and we think it will be found to contain just the facts desired by our readers and to present them in the most convenient way for study and reference. All quotations in the column headed *"Price about January 2 1908"* were made on that date, except those in italics, which are the nearest in January 1908. The black-faced letters in the column headed *"Interest Period"* indicate in each case the month when the bonds mature.

GENERAL QUOTATIONS

OF

BONDS AND STOCKS.

1. In the following thirty pages of tables, quotations are given for all the more important securities listed on any Stock Exchange in the United States; also for leading unlisted and inactive securities.

2. Quotations from all Stock Exchanges are as near as possible for the *closing day of the month preceding the date of issue*. **Of course the coupon, if there be one, maturing between the date of quotation and the date of this publication, is not deducted from the price.**

3. Bond prices marked (*a*) indicate that the purchaser must pay accrued interest *in addition to the price given*. The method of quoting on the New York Stock Exchange is to quote the price flat (that is, to include the accrued interest in the price), and hence in the tables below no mark is now affixed where this method of quoting is followed.

4. Stock prices marked thus (*d*) are per share. All others are per cent except bank stock prices, which are quoted per share unless otherwise stated.

5. It should be borne in mind in the use of these tables that the quotations for many inactive and unlisted securities are merely nominal, but in all cases the figures are obtained from sources which are considered reliable.

6. The following abbreviations are often used, viz.: "M" for mortgage, "g" for gold, "g'd" for guaranteed, "end" for endorsed, "cons" for consolidated, "conv" for convertible, "s f" for sinking fund, "l g" for land grant, "op" for optional.

7. The black-faced type in the letters showing the interest period indicates the *month* when the bonds mature.

STREET AND ELECTRIC RAILWAYS

In response to the request of many subscribers, we have changed the order of arrangement of the Street and Electric Railway Securities contained in the following lists. The previous practice was to group them by cities. This was a satisfactory and logical arrangement so long as the railways remained distinctly local enterprises and confined to the limits of a single city. But with the introduction of electricity as motive power most of the local systems have by degrees been transformed into interurban roads, some of them covering wide stretches of territory and connecting numerous cities and towns. In such cases the reader might look under several places before finding the one under which the road was given. To obviate this difficulty, we have recast the entire list and arranged the roads all *in alphabetical order according to the names*. Where the title is that of a street (like Third Avenue RR.), the securities will still be found grouped together in most cases, it being possible to do this because the controlling company usually bears the name of the city where it is located. Thus the New York City lines will be found under the New York City Railway, the Philadelphia lines under the Philadelphia Rapid Transit, &c. Cross references will assist the reader in finding any particular security.

Prices marked thus (*a*) indicate that the purchaser has to pay accrued interest in addition to the price given. **Prices not** marked are flat prices—that is, the purchaser does *not* pay accrued interest in addition.

STATE AND MUNICIPAL BONDS.

It is not the custom in quoting municipal bonds to include accrued interest in the price given. Hence this accrued interest must in all cases be added on. There are a very few instances which form exceptions to the rule—that is, where the prices given are flat prices, the accrued interest having been taken into account in making them. These are indicated by a special mark thus (*).

The figures in the column "*to net*" indicate the basis on which the securities sell or the interest rate which the securities, if held to maturity, will net to the purchaser at the present market price.

BANKS AND TRUST COMPANIES.

Quotations in this department are given per share, not per cent, except for stocks of New York City, Brooklyn and Canadian institutions, and are as near as possible for the *closing day of the month preceding the date of issue*, though often are nominal. An asterisk (*) denotes sales. The letter (*h*) prefixed to a price indicates that the figures show the book value.

Figures of deposits, capital and profits for the national banks are from the Comptroller's last call; for all other institutions they are the latest obtainable, direct returns being procured by us where no periodic statements are required. For the Clearing-House banks of New York, Philadelphia and Boston, deposits are taken from the latest weekly statement.
