ACF Industries, Inc.—Calls Preferred Stock—

The directors on Dec. 6 voted to call for redemption on Jan. 18, 1957, all the remaining 83,014 shares of the 600,000 shares of $50 par 5% cumulative convertible preferred stock created in the ACF recapitalization of Nov. 23, 1954.

Formal notice of the redemption will be mailed to stockholders on Dec. 17, 1956. The redemption price per share is $55 plus accrued dividends of 33⅓ cents. Until the close of business on the redemption date, holders of the preferred will have the option of converting their shares into common at the rate of 1⅛ shares of common for each share of preferred. The redemption is being underwritten by Blyth & Co., Inc. through an offer to buy the preferred at $56 per share flat after Dec. 17, 1956 and prior to the close of business on the redemption date.

After the redemption date the sole capital stock of the company will be its common. If all preferred shares are converted, there will be 1,413,621 shares of common outstanding.—V. 184, p. 2221.

ACF-Wrigley Stores, Inc.—To Offer Stockholders Securities of New Realty Unit—

The directors, acting upon the recommendation of a special committee, on Dec. 6 authorized the formation of Wrigley Properties, Inc., which company will engage in development of locations principally for use by the supermarket company, which may include individual locations, warehouse sites or shopping centers.

Rights to purchase shares of this company will be offered to the stock, debenture and option holders of ACF-Wrigley Stores, but only in the case of shareholders will such rights be transferable. A registration statement of the proposed issue will be filed shortly with the Securities and Exchange Commission, with a record date to be set as soon as is practicable. Allen & Co., New York, will underwrite the unsubscribed shares.

While the exact terms of this offering have not been finally set, the management plans to offer rights to subscribe on the basis of one share for each two shares of ACF-Wrigley.

Upon completion of this financing, the assets of the new company will initially exceed $5,000,000 in cash and property, and the capitalization will consist solely of common stock.—V. 184, p. 2113.

Alleghany Corp.—SEC Bars Exchange Offer—

The Securities and Exchange Commission on Nov. 30 denied applications relating to a voluntary exchange by this corporation of its outstanding 5½% preferred stock for a new series of 6% convertible preferred stock. The applications, which were filed by Alleghany and certain of its stockholders, sought a declaration that no approval or other action by the Commission was required under the Investment Company Act of 1940 with respect to the exchange, or, in the alternative, for an order of exemption. Commissioner Patterson dissented from the Commission's action.

Under the exchange plan, each share of Alleghany 5½% $100 par value preferred stock, on which there were dividend arrearages of $132 per share, was exchangeable at the option of the holder for 10 shares of a new 6% $10 par value preferred stock. The 10 shares of new stock were not redeemable prior to May 1, 1970 and were convertible into 47 shares of Alleghany common stock, upon payment of $3.75 per share of that stock. The conversion ratio was set so that the number of common shares into which the 10 new shares were convertible would have a market value at May 25, 1955 of $237 after deducting the required cash payment. The $237 is equivalent to the redemption price of the old stock including the dividend arrears.

The exchange offer was previously approved by the Interstate Commerce Commission in May, 1955, and execution of the plan was commenced. However, in an action brought by certain Alleghany common stockholders, the U. S. District Court for the Southern District of New York enjoined consummation of the plan, finding that Alleghany was subject to regulation by the SEC under the Investment Company Act and was not under the jurisdiction of the Interstate Commerce Commission. In the proceeding before the Interstate Commerce Commission, the SEC unsuccessfully asserted its jurisdiction over Alleghany.

Under the Investment Company Act the transactions Alleghany had effected pursuant to the exchange offer could only be made by an investment company if registered with the SEC. Alleghany registered with the SEC and filed the applications which the Commission decided on Nov. 30.

In denying the applications, the SEC found that an exemption was required under the Investment Company Act and that it could not grant an exemption. It found that the new security was a right to purchase, specifically outlawed by Section 18(d) of the Investment Company Act, and not a senior security which would be exempt from Section 18(d). It stated that whether a security is a right to purchase "is not controlled by the nominal designation given the security but is rather appropriately based on a realistic appraisal of the rights and values attaching to it at time of issuance." The Commission pointed out that the preferred stock attributes of the new stock are "clearly subordinate and probably have an indiscernible influence on its market value."

The Commission concluded that the requested exemption from the statute could not be granted in view of the difficulties of evaluating the new security that would be imposed on investors, both present as well as prospective, to whom the safeguards of the statute extend, and the fact that it was not able to find on the basis of the record that the exchange offer fell within the range of fairness. The Commission observed that the "statutory prohibition against long-term warrants and rights to purchase gives Congressional recognition to the fact that such securities are a speculative medium that introduce complicating and undesirable features into a corporate structure and which may impose serious difficulties upon investors in determining the intrinsic value not only of the warrant or the right to purchase but of all the securities affected in the corporate structure."

On the question of fairness, the Commission stated that the very experts introduced in support of the plan differed sharply as to the ultimate value of the new security. It pointed out that one expert believed 10 shares of the new security would attain a value in excess of $400 after final consummation of the plan. In the Commission's opinion this would appear to produce a grossly unfair result. The Commission noted that the other expert witness who testified in support of the plan originally shared the first expert's view but when he appeared at the hearing stated he had changed his opinion. This difference and change of opinion the Commission concluded "not only demonstrates the unclear and conflicting nature of the record with respect to whether the plan is within the range of fairness but it also shows the complex problems which would face an ordinary investor seeking to appraise Alleghany's securities."

Commissioner Harold Patterson in his dissenting opinion concluded that, since the new preferred stock carried with it a priority over the common stock as to distribution of assets and payment of dividends, it was a senior security as defined by Section 18(g) of the Act and therefore specifically exempted by Section 18(e)(2) from the prohibitions of Section 18. He was of the opinion on the basis of the record that the exchange offer fell within the permissible range of fairness and therefore qualified for an exemption.

David W. Wallace, Vice-President and Resident Counsel of Alleghany, on Nov. 29, issued a statement in which he said:

"This plan had been approved by the Interstate Commerce Commission and also by 97.5% of the common stockholders, 99.75% of the $4 prior preferred stockholders and 93.5% of the series A preferred stockholders at a special meeting on Feb. 8, 1955.

"The plan would have eliminated $18,000,000 of back dividends on the series A preferred stock and cleared the way for dividends on the common stock."

Alleghany Corp. will appeal the SEC's finding to the Courts.—V. 184, p. 1473.

Allied Laboratories, Inc., Kansas City, Mo.—Files With Securities and Exchange Commission—

The corporation on Nov. 26 filed a letter of notification with the SEC covering an undetermined number of shares of common stock (no par) to be offered to employees pursuant to an Employees' Option Plan at a price not to exceed an aggregate offering price of $50,000. There will be no underwriting. The proceeds are to be used to purchase stock off the open market.—V. 184, p. 1739.

Amalgamated Minerals, Ltd., Denver, Colo. — Files With Securities and Exchange Commission—

The corporation on Nov. 23 filed a letter of notification with the SEC covering 3,000,000 shares of common stock (par five cents) to be offered at 10 cents per share, through Lackner & Co., Denver, Colo. The proceeds are to be used for expenses incident to mining operations.

American Brake Shoe Co.—Dunn Chief Executive—

Kempton Dunn, President, has been elected Chief Executive of the company, effective Jan. 1, 1957. Wm. B. Given, Jr., who has been Chief Executive Officer of the company, will continue actively as Chairman of the Board.

As Chief Executive Officer, Mr. Dunn will follow the pattern set by Mr. Given to expand and diversify the company's operations.

Under Mr. Given, an active program of diversification was begun during which Brake Shoe changed from largely a manufacturer of railroad equipment to a producer of products for many industries.

Mr. Dunn stated that 1956 will be the best year in the company's history for both sales and earnings. The backlog of orders is exceptionally high for the company and prospects for the first half of 1957 indicate a continued high level of activity.

Merges Four Railroad Divisions—

Four of its railroad divisions will be united by this company, effective Jan. 1, 1957, in a newly created Railroad Products Division. Headquarters will be in New York.

Included in the new division will be the railroad product facilities of the present Brake Shoe & Castings Division, the National Bearing Division, the Ramapo Ajax Division and the Southern Wheel Division.—V. 183, p. 1469.

American Can Co.—Has Broad Overseas Program—

This company on Dec. 3 reported that it has undertaken a broad program of overseas manufacturing operations and expansion of its export sales of containers made by the company in the United States.

William C. Stolk, President, announced as a first step in the program the organization of Metalgrafica Canco, S. A., a can-making company with a manufacturing plant at Sao Paulo, Brazil.

Canco's interests in the Brazilian plant will be held by a wholly-owned Canco subsidiary, American Can International, Inc., of Panama, Mr. Stolk said. Other overseas operations include Canco's interests in Envases Venezolanos, S. A., Venezuelan can-making firm established in 1953. The Sao Paulo plant will be expanded in the next few months to supply food cans in large volume to packers in the area, Mr. Stolk said.

The company he added, also has concluded technical-assistance agreements with can companies in eight foreign countries—Denmark, Germany, France, England, Mexico, New Zealand, Australia and Japan. Agreements currently are being negotiated with companies in a number of other countries, he said.—V. 184, p. 2221.

American & Foreign Power Co., Inc.—Units Expand—

See General Electric Co. below.—V. 184, p. 1910.

American Heritage Life Insurance Co.—Stock Offering to Public Oversubscribed—Pierce, Carrison, Wulbern, Inc., of Jacksonville, Fla., and associates on Nov. 29 offered publicly 575,000 shares of common stock (par $1) at $2 per share. This offering was quickly oversubscribed. Concurrently, the company is offering to its agents and employees until Dec. 27, next, 435,000 shares of common stock at $1.81 per share, and any unsubscribed shares are to be publicly offered at $2 per share through the same underwriters. An additional 126,250 shares are reserved for issuance pursuant to certain stock purchase options granted to employees by the company.

PROCEEDS—The net proceeds are to be used to increase working capital.

BUSINESS—Corporation is authorized to do business as an insurance company in Florida, and plans to engage in the ordinary life insurance business, offering a variety of life, term and endowment policies.

CAPITALIZATION—Giving effect to the current financing, there will be outstanding 1,262,500 shares of common stock (par $1), not including the 126,250 shares reserved for issuance upon exercise of the stock purchase options to be given to employees.

UNDERWRITERS—Associated with Pierce, Carrison, Wulbern, Inc., in the underwriting are: Johnson, Lane, Space & Co.; Odess, Martin & Herzberg; Atwill & Co.; Clement A. Evans & Co., Inc.; Alester G. Furman Co., Inc.; Louis C. McClure & Co.; Varnedoe, Chisholm & Co., Inc.; Frost, Read & Simons, Inc.; A. M. Law & Co., Inc.; Frank B. Bateman, Ltd. and T. Nelson O'Rourke & Co., Ltd.—V. 184, p. 2009.

American Hide & Leather Co.—Change in Name—

An amendment to the certificate of incorporation changing the name of this company to General American Industries, Inc. became effective on Nov. 30, 1956, and dealings on the New York Stock Exchange under the new name began on Dec. 3, 1956.—V. 184, p. 2009.

American Investment Co. of Illinois—Note Placed Privately—This company on Dec. 4 announced the sale of $7,500,000 of a 15-year 5⅜% subordinated note issue due Oct. 1, 1971. The note issue was placed privately with 15 leading institutional investors by Kidder, Peabody & Company.

The company has received $6,200,000 of the proceeds which will be used to pay off short term borrowings from commercial banks. The remaining proceeds will be taken down in March 1957.

The sale of this note issue brings the amount of long term notes sold during 1956 to a total of $42,500,000. This amount, which is the largest placement in a single year during the company's history, is made up of $10,000,000 of capital notes sold in January 1956, $25,000,000 in senior notes placed in July of this year, and the $7,500,000 subordinate issues sold Dec. 4.

The terms of the subordinate issue closed Dec. 4 are substantially the same as those of the company's other outstanding subordinate issues. The present issue provides the basis for part of the anticipated expansion in 1957.

It is expected that the volume of business done by the company during 1956 will exceed $300,000,000, making this year's business the largest in the company's history.—V. 184, p. 317.

Ampal - American Palestine Trading Corp. — Partial Redemption—

The company has called for redemption on Jan. 1, 1957, $5,500 of its 15-year 4% sinking fund debentures, series A 1967 at 100% and accrued interest. Payment will be made at the Manufacturers Trust Co., 55 Broad Street, New York 15, N. Y.—V. 183, p. 2642.

Anderson, Clayton & Co.—New Product—

A new type of shortening called "Flair" is being launched in a smartly designed package that is winning immediate acclaim wherever it is displayed, it was announced on Nov. 28. This company's Foods Division is introducing the product in the Mid and Southwest.—V. 184, p. 1790.

Associated Artists Productions Corp.—New Name—

See P. R. M., Inc. below.

Baldwin-Lima-Hamilton Corp.—New Contracts—

The Eddystone Division of this corporation is building 65 coal-type hopper cars of 100 tons capacity—the largest ever equipped with air-operated, clam-shell door mechanisms—on orders totaling more than $1,000,000 it is announced.

Thirty-five of the giants will go to Kansas City Power & Light Co. of Kansas City, Mo., and 30 to the River Queen Coal Co. of the Sinclair Peabody Coal Co., St. Louis, Mo.

The Kansas City power cars will haul coal from the company mines at Ladue, Mo., to the power plant in Kansas City, Mo. The Sinclair-Peabody cars will be used at the company's River Queen Coal Co. properties in Greenville, Ky. to transport washed coal from the mine to the plant.

The delivery of these cars is scheduled for 1957.—V. 181, p. 1670.

Baltimore & Ohio RR.—Definitive Bonds Ready—

It was announced on Dec. 4 that this company will exchange the temporary first consolidated mortgage bonds (series A, 3⅞% due Aug. 1, 1970; series B, 4% due Sept. 1, 1980; and series C, 4¼% due Oct. 1, 1995) for definitive fully engraved bonds of the respective series. The exchanges will be made at The Hanover Bank, 70 Broadway, New York 15, N. Y., and the temporary bonds of the respective series should be sent to that bank for exchange on and after the dates indicated: series A, Dec. 5, 1956; series B, Dec. 27, 1956; and series C, Jan. 23, 1957.—V. 184, p. 2322.

Basic, Inc., Cleveland, Ohio—Files With SEC—

The corporation on Nov. 23 filed a letter of notification with the SEC covering an undetermined number of shares of common stock to be offered under the company's Salaried Employees Consolidated Profit Sharing & Retirement Plan in an aggregate amount not to exceed $100,000. The funds will be used to purchase common stock of Basic, Inc. in the open market. There will be no underwriting.—V. 184, p. 2322.

Beatrice Foods Co., Chicago, Ill.—Stock Div., etc.—

The company on Nov. 29 authorized a distribution of one share of common stock for each two outstanding shares. Distribution will be made on March 5, 1957, to common stockholders of record Feb. 5, 1957.

The directors also released the following statement:

"It is the present intention of the board to place the common stock, after the distribution of the additional shares, on an annual cash dividend rate of $1.80 per share (45 cents quarterly) beginning April 1, 1957."

"This common stock distribution and the contemplated change in the regular cash dividend rate, will be equivalent to an increase of 25 cents per share over the aggregate cash dividends (regular and special) paid on the common stock in 1956; and it is accordingly contemplated by the board that the company's past practice of declaring so-called year-end special cash dividends will be discontinued."

A special dividend of 25c per share on common stock, in addition to the regular quarterly dividend of 55c per share, also was declared, payable on Jan. 2, 1957, to holders of record Dec. 14, 1956.

The company has sufficient authorized but unissued shares to cover the common stock distribution and, accordingly, no special meeting of stockholders is necessary.—V. 183, p. 2758.

Beckman Instruments, Inc.—Data Processing System—

The first industrial data processing system capable of automatically and continuously computing process yields, material balances and other statistics vital to optimum production operations was unveiled in New York City on Nov. 26 by this corporation.

The new data processing system is described as the Beckman "112."

According to John F. Bishop, General Manager of the Scientific Instruments Division in Fullerton, Calif., the new system can log and compute secondary operating guides which often are the controlling elements in the safe, economical operation of an industrial process.

Heart of the new instrument is the unique Beckman CADC unit (Computing Analog-to-Digital converter). A single CADC unit can handle hundreds of channels of incoming information from thermocouples, pressure gauges and stream-analysis instruments. This data, in the form of electrical signals, is automatically sorted, stored, converted to digital numbers, or combined in complex mathematical formulae. The output in each instance is in the form of numbers, easy to read, accurate to three figures, and ideally suited for production control, Mr. Bishop declared.

An earlier version of the data system, the Beckman "111," has been in operation for more than six months at the Baton Rouge Research Laboratory of Esso Standard Oil Co.—V. 184, p. 1790.

Bingham-Herbrand Corp.—Merged Into Van Norman —Private Financing Arranged by Latter—

This corporation was merged into Van Norman Industries, Inc., on Dec. 5.

In connection with the acquisition, Van Norman has arranged for financing in the amount of $1,500,000 with The Prudential Insurance Co. of America.

The transaction involved the creation of a new subsidiary under the laws of Ohio which acquired all of the assets and personnel of Bingham-Herbrand. Two officers and directors of Van Norman, Donald F. Hess, Chairman of the Board, and Herbert I. Segal, President, were added to the directorate of the new subsidiary, which retains the name The Bingham-Herbrand Corp. L. E. Yunker, President of Bingham-Herbrand, was added to the directorate of Van Norman Industries, Inc.

Van Norman Industries now operates autonomously-managed subsidiaries with two plants in Michigan for the Super Tool Co.; three plants in Ohio for The Bingham-Herbrand Corp.; and plants in Springfield, Mass., for Van Norman Machine Co. and Van Norman Automotive Equipment Co.; at New Bedford, Mass., for Morse Twist Drill & Machine Company; at Manchester, N. H., for Transitron, Inc. and Insuline Corporation of America; and at Bethayres, Pa., for H. W. Butterworth & Sons Co.

Total employees number approximately 4,500.—V. 184, p. 2222.

Blackstone Valley Gas & Electric Co.—Preferred Stock Sold—Salomon Bros. & Hutzler on Dec. 5 announced that the recent offering of 25,000 shares of 5.60% preferred stock has been sold and the books closed. See also V. 184, pp. 2323 and 2222.

Bonista Co., New Orleans, La.—Files With SEC—

The company on Nov. 27 filed a letter of notification with the SEC covering 850 shares of common stock (par $100) and $212,500 of 6% second mortgage debenture bonds, to be sold in units of one share of common stock and a $250 debenture bond at $350 per unit. There will be no underwriting. The proceeds will be used for construction, equipment and working capital.—V. 182, p. 911.

Borax (Holdings) Ltd.—Plans 12-for-1 Split—

The directors of this corporation, more than 20% of whose shares are held in the United States, on Dec. 3 announced that it has obtained United Kingdom consent for the issue of bonus shares and that it will call an extraordinary shareholders' meeting for approval of the recapitalization.

By this move the present ordinary capital of 3,000,000 shares of a par value of £1 will be increased to 9,000,000 shares of £1 par value by capitalization of £6,000,000 of the company's capital reserve. At the same time the £1 units will be split into 4 shares of a par value of 5 shillings per share.

Present ordinary shareholders will receive the new £1 shares in the ratio of two additional shares for each old share and will, after creation of the 5-shilling units, hold 12 units of 5-shilling par value each for each present £1 share.

The new shares will rank equally in all respects with the existing ordinary shares including ranking for the final dividend declared and paid in respect of the fiscal year ended Sept. 30, 1956. It is expected that the board will declare for the year ended Sept. 30, 1956, a final dividend on the ordinary shares, including the bonus issue of 6½% less tax, which is equivalent to 19% on the £3,000,000 shares outstanding prior to the recapitalization.—V. 183, p. 2894.

Borg-Warner Corp.—Buys Certain Flakice Patents—

This corporation and Flakice Corp. announces that Borg-Warner has purchased certain patents from the Flakice Corp. under which the York Division of Borg-Warner has been manufacturing Ice Makers for the production of cubes and other forms of shaped ice. Flakice Corp. retains certain other patents and all its trademarks. Each corporation will, therefore, in the future manufacture and sell its own lines of ice making equipment independently of the other.—V. 184, p. 1578.

Boriana Lease, Kingman, Ariz.—Offering Suspended

The Securities and Exchange Commission, it was announced on Nov. 29, has issued an order temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a public offering of securities by Boriana Lease. The order provides an opportunity for hearing, upon request, on the question whether the suspension should be vacated or made permanent.

Boriana Lease, a limited partnership, filed its Regulation A notification on April 20, 1953, proposing the public offering of 300 income notes at $100 per unit. According to the Commission's suspension order, there is "reasonable cause to believe that the offering, if continued, would act as a fraud or deceit upon purchasers" in that material changes have occurred in the affairs of the firm which are not reflected in its Notification, to wit: (A) One of the general partners, Dan E. Harper, has retired from the partnership; and (B) The company has lost its principal asset, its mining lease.—V. 177, p. 2246.

Britalta Petroleums Ltd.—To Acquire Wilshire Oil—

The stockholders recently voted in favor of a plan to acquire Wilshire Oil Co. of Texas, of Midland, Texas, through an exchange of stock. The exchange offer was approved previously by the board of directors of both companies.

At the time of the meeting, holders of more than 86% of Wilshire's outstanding common stock had agreed to the proposal whereby each of the 1,000,000 outstanding shares of Wilshire could be exchanged for 1½ shares of Britalta.

Britalta is a Canadian corporation engaged in oil and gas exploration in Canada, while Wilshire, which will become a U. S. operating subsidiary of Britalta, engages in similar activities in the West Texas and Rocky Mountain areas in the United States.

The following have been elected to the Britalta board of directors: Paul A. Conley, of Blyth & Co., Inc.; Ross H. Faulkner, of Lehman Brothers; and Frank W. Lake, who continues as General Manager of Wilshire. Robert L. Reed has been reelected President of Britalta and Claude E. Peavy, now Executive Vice-President, has been named Chairman of the newly appointed operations committee.—V. 184, p. 1014.

Brooklyn Union Gas Co.—Appliance Sales Up—

In October, for the second time in the merchandising history of this company monthly appliance sales exceeded the $1,000,000 figure. The first time Brooklyn Union hit this mark was in September, 1950 when pre-buying caused by the Korean incident helped push sales to $1,039,953. The October, 1956 figure was $1,026,586, only $13,367 short of the all-time record. From present indication it looks like 1956 will be a better than $7,000,000 appliance sales year. For the ten-month period sales were 21% ahead of last year.—V. 184, pp. 1911, 1678 and 818.

Brutona Uranium & Metals Corp., Toronto, Canada—Stock Offering Suspended—

The Securities and Exchange Commission, it was announced on Dec. 4, has issued orders temporarily suspending Regulation D exemptions from registration under the Securities Act of 1933 with respect to the public offering of securities of the following Canadian companies:

Brutona Uranium & Metals Corp.—Regulation D notification, filed Aug. 20, 1956, proposed the public offering of 3,000,000 shares of common stock at 10c per share.

Hawker Uranium Mines Ltd., Edmonton, Alberta, Canada—Regulation D notification, filed Oct. 20, 1953, proposed the public offering of 1,500,000 shares of common stock at 20c per share.

The respective suspension orders provide an opportunity for hearing, upon request, on the question whether the suspensions should be vacated or made permanent.

In its suspension order with respect to Brutona, the Commission asserts that a Regulation D exemption is not available to that company in that Joseph Nastasi is a promoter of Brutona; that he individually and as a controlling person of U. S. CAN Securities, Inc., is an underwriter of the Brutona shares to be offered; and that he was a promoter of Hawker Uranium Mines Ltd. and participated in and was connected with the public offering of Hawker shares, with respect to which a suspension order has been issued. The order further asserts that Brutona's offering circular was false and misleading in respect of various material facts, in that there was a failure to state therein in a clear and concise manner (1) that the promoters of Brutona are also the principal stockholders of US—CAN Securities; (2) the cost to the promoters of the properties transferred to Brutona in exchange for stock; (3 the amount of cash contributed by the promoters and their associates and by the investing public and the voting control to be held by each; (4) the total amount and percentage of proceeds from the proposed issue which the promoter, Edward H. Fingard, will receive; (5) the nature and extent of interests of Fingard in property contiguous to property transferred to Brutona, and the failure to disclose that by reason of such interest Fingard may be benefitted by any successful exploratory work on properties transferred to Brutona; (6) the status of the properties transferred to Brutona, in the event Brutona defaults on cash payments to Fingard, if sufficient funds are not raised through the sale of securities; (7) the comparative effect on public stockholders and the promoters and their associates in the event of liquidation of the issuer; (8) that, with respect to references in the offering circular to well known companies operating uranium mining properties in the Bancroft area where Brutona expects to explore, such companies have the benefit of governmental sales contracts providing for a better-than-usual uranium price (because of the low grade quality of the ore in this area) and that contracts of this type are no longer available; and (9) whether or not Brutona has qualified or could qualify the proposed offering in Ontario, and the omission from the offering circular of information relating to (a) the requirements of Ontario law for the escrow of promoters' shares and the limitation on consideration to promoters and (b) whether or not Brutona could presently meet such requirements, and the effect thereof upon possible future financing by the issuer.

The Commission's order with respect to Hawker asserts that that company's notification and offering circular are false and misleading in the following respects (1) the notification fails to disclose each predecessor and each affiliate of the issuer, in that a predecessor company, Hawker Uranium Mines, Inc., a Delaware corporation, was a predecessor of Hawker, and that North Country Uranium and Minerals Ltd. was an affiliate under common control with Hawker; (2) the offering circular represented S. Donald Moore and Augustus R. Hawker were the founders of Hawker, received 2,300,000 shares in exchange for certain properties, and transferred 15,000 shares to other individuals in consideration for services rendered, but failed to disclose that Joseph Nastasi is a promoter, that an agreement existed between Nastasi and Moore pursuant to which Nastasi was entitled to 30% of the initial shares issued by Hawker, and that Nastasi was to assist in the distribution of the Hawker shares; (3) the offering circular represented Moore as owning 1,691,501 shares and Augustus R. Hawker 576,000 shades but failed to disclose the percentage of shares issued to them which it was agreed would be issued to Nastasi; and (4) the offering circular represented Degaetano Securities Company, New York, as the principal underwriter of the issue but failed to disclose that the promoter, Mastasi, was to participate actively to assist Degaetano in the sale of the securities.

Burndy Corp., Norwalk, Conn.—Offering to Employees Oversubscribed—Employees of this corporation oversubscribed an offering of 25,000 shares of common stock at $9.25 a share by more than 25%, Bern Dibner, President, reported on Dec. 6. In view of the rate of oversubscription, the directors declined to exercise their subscriptions under the offering plan, freeing an additional 9,250 shares, reducing the oversubscription rate to 15%.

In October, the company made an initial public offering of 225,000 shares of common stock at $10.25 per share which was fully subscribed within 24 hours.

The corporation manufactures electrical connectors. See also V. 184, p. 1678.

Burroughs Corp.—Debentures Offered—This corporation is offering to its common stockholders of record on Nov. 30 rights to purchase $30,154,700 of 4½% convertible subordinated debentures due Dec. 1, 1981 at 100%, on the basis of $100 principal amount of debentures for each 20 shares of stock held. The offer will expire on Dec. 17, 1956. The offering has been underwritten by a group headed by Lehman Brothers.

Sinking fund provisions of the issue stipulate that the company may optionally retire up to $1,200,000 debentures annually during the years 1961-1965, inclusive. During the years 1966-1980, inclusive, it is required to retire $1,200,000 annually and may, at its option, retire up to an additional $1,200,000 annually.

The debentures are convertible into common stock at $10 per share.

PROCEEDS—Of the net proceeds from the sale of the debentures, Burroughs plans to apply $12,000,000 to the partial retirement of short-term bank loans, amounting to $29,000,000 on Nov. 29, incurred during the past year for the purpose of acquiring and constructing additional manufacturing plants, machinery and equipment, for modernization of existing facilities, and for current working capital requirements resulting from the growth of the company's business. The balance of the proceeds from sale of the debentures will be available for additional capital expenditures of a similar nature which the company expects will amount to at least $18,000,000 by the end of 1957.

BUSINESS—Corporation and its subsidiaries are engaged in the production, distribution and servicing of many models of business machines, including small and medium sized electronic data processing systems, a line of office supplies and accessories, and a line of business forms. In addition, the company has become a supplier of military goods with special emphasis on electronic computers and control apparatus of various kinds.

Canadian Homestead Oils Ltd.—Deepens Test Well—

Shell Oil Co. of Canada Ltd. will make a $100,000 "bottom hole contribution" toward deepening to 7,000 feet a test well on the 36,845 acre Panther River Reservation jointly owned by Union Oil Co. of California and Canadian Homestead Oils Ltd., it was announced on Nov. 23 by E. H. LaBorde, President of Canadian Homestead. Drilling was scheduled to be resumed Dec. 1 on the test well, Union-Canadian Homestead Panther River 12-11, which is now at a depth of 4,700 feet. Shell will receive 35% of any production encountered until its contribution has been refunded and also has an option to continue drilling below 7,000 feet at its own expense. Shell owns substantial acreage adjoining the Panther River Reservation, which is approximately 70 miles northwest of Calgary, Alberta.—V. 184, p. 1226.

Canadian Javelin Ltd.—Forms Delaware Subsidiary—

The company on Nov. 30 announced that the Julian Iron Co. (Del.), a subsidiary, has been formed to develop a large iron ore property located on Lake Julian, 20 miles north of the Wabush Lake deposit within the present Javelin concessions.

John C. Doyle, President, further stated in part:

"The estimated reserves in the Julian deposit are in excess of 500,000,000 tons. This deposit is in close proximity to the Wabush Lake Railway Co., Ltd., and will require only a short railway spur.

"Negotiations with a foreign steel group are being held to build a mill on this site."—V. 184, p. 1678.

Capitol Products Corp. — Management Says Read Standard Sales Can Triple Within Next Five Years—

The Read Standard Division of this corporation has a $15,000,000 potential annual gross sales with present personnel and current market demands, Eugene Gurkoff, President of Capital Products Corp., stated on Nov. 20 at a meeting of security analysts in Mechanicsburg, Pa. The Read Standard Division manufactures bakery and chemical plant equipment, industrial blowers and stoker replacements. Read's 1955 gross sales were slightly in excess of $5,000,000.

Mr. Gurkoff made in clear that this growth by Read Standard, which Capital Products acquired by merger early in November, is planned within the next five years. He also said the bulk of the growth would be in servicing the booming chemical industry with material-handling equipment and building integrated bakery plants.

Securities analysts from Boston, New York, Philadelphia, Harrisburg and Allentown attended the meeting which was sponsored by Hemhill, Noyes & Co.—V. 184, p. 2010.

Central Illinois Light Co., Peoria, Ill.—Files With SEC

The company on Nov. 23 filed a letter of notification with the SEC covering 5,555 shares of common stock (no par) to be offered to employees pursuant to stock purchase plan at 90% of the average closing price on the New York Stock Exchange for a five-day period prior to the purchase. There will be no underwriting. The proceeds are to be used for construction, improvement or extension of facilities or for general corporate purposes.—V. 184, p. 915.

Central Public Utility Corp.—Unit Liquidated—C. H. Coughlin, President, on Dec. 5, said in substance:

The management of this corporation announces the receipt of a ruling by the Commissioner of Internal Revenue that the complete liquidation of the Santo Domingo subsidiary will be entirely free of any Federal income tax liability.

Accordingly, early in 1957 approximately $11,900,000 in cash will be received by The Islands Gas & Electric Co., a wholly owned subsidiary of this corporation. This amount, which will include approximately $390,000 of interest realized since the sale by the Santo Domingo subsidiary of its property, will then be available for investment and other corporate purposes. The Islands Gas & Electric Co. will use $2,000,000 of such funds to pay its bank loan, thereby freeing from pledge an equal amount of cash of the parent corporation now on time deposit. —V. 184, p. 1119.

Century Industries Co., Inc.—New Name—

See Century Ribbon Mills, Inc. below.

Century Ribbon Mills, Inc.—Name Changed, Etc.

The stockholders on Nov. 29 approved a proposal to change the name of this corporation to Century Industries Co., Inc. and voted to increase the authorized common stock from 200,000 shares to 300,000 shares. An amendment to the certificate of incorporation became effective on Nov. 30.

Dealings on the New York Stock Exchange under the new name began Dec. 3.—V. 184, p. 2323.

Chart-Pak, Inc., Stamford, Conn.—Files With SEC—

The corporation on Nov. 27 filed a letter of notification with the SEC covering 4,150 shares of common stock (par $2.50) to be offered at $12 per share, without underwriting. The proceeds are to be used to purchase land, construction of plant and repayment of debts.—V. 179, p. 2139.

Chesapeake & Ohio Ry. — Acquires Interest in Slick Airways Securities—

This company has acquired a substantial interest in Slick Airways, Inc., all-cargo airline, through the purchase of $3,333,000 worth of the latter's 10-year debentures, Walter J. Tuohy, President of the C&O, and D. W. Rentzel, Chairman of Slick, announced on Dec. 6.

The debentures which would be issued next month, would be convertible into Slick common stock after Jan. 1, 1959 at $6.50 per share.

The total debenture issue by Slick will be $5,000,000, with the balance of $1,667,000 to be taken by Earl F. Slick, now a director of the Airline, and other members of the Slick family. The family now is the largest holder of the Airline's 850,000 common shares outstanding.

Slick said the proceeds from the debentures would be used to increase its capacity for handling air freight. At the present time Slick is operating five DC-6A all-cargo aircraft and a number of two-engine planes. It is scheduled to receive another DC-6A next February. In addition, it has five more DC-6As on order which are scheduled for delivery beginning in the Spring of 1958.—V. 184, p. 2115.

Chrysler Corp.—November Output Lower—

Production of Plymouth, Dodge, DeSoto, Chrysler and Imperial passenger cars and Dodge trucks, U. S. only, was as follows:

Total	106,017	139,899	844,040	1,331,704

*November, 1956 figures are preliminary and subject to change.

NOTE—Chrysler Corp.'s production of 31,440 cars and trucks during the week ended Dec. 1, 1956 was the highest for any week since the week ended Dec. 17, 1955 when 31,865 cars and trucks were produced. —V. 184, p. 2011.

Cities Service Co.—Has Large Expansion Program—

A $30,000,000 expansion of Cities Service refining and marketing activities in Canada was announced on Dec. 3 by W. Alton Jones, Chairman of the Board.

Major item will be construction, during 1957, of a 20,000-barrel-per-day refinery in the Toronto area, at a cost of approximately $22,000,000.

Simultaneously, Cities Service will undertake a multi-million dollar expansion of its marketing facilities in Ontario and Quebec, further strengthening the favorable position Cities Service has long held in that area. The marketing program embraces construction of new service stations, bulk plants and other marketing facilities in the area, which is one of the fastest-growing in North America.

A third phase of the expansion is acceleration of Cities Service oil exploration and drilling activity in western Canada, principally in the Province of Alberta.

The Canadian development is an important step in a broad-scale Cities Service expansion program which is expected to require capital expenditures exceeding $750,000,000 during the next five years. The program, most extensive in Cities Service history, embraces all phases of the oil and natural gas business in the United States and several foreign countries.

The company's Canadian refinery is designed primarily to process western Canadian crude oil.—V. 184, p. 1119.

Clinchfield Coal Corp.—Merger Effective Dec. 31, 1956

See Pittston Co. below.—V. 184, p. 1689.

Colorado Fuel & Iron Corp.—Calls Preferred Stock—

The corporation, through the operation of the sinking fund, will redeem on Dec. 31, next, 13,334 shares of its series B 5½% cumulative preferred stock ($50 par value) at the redemption price of $50 per share, plus accrued dividends to the redemption date of 68.75 cents per share.

The redemption price of $50 per share will be immediately available for payment at the office of The Marine Midland Trust Co. of New York, and the accrued dividends will be mailed to the holders of certificates on Dec. 31, 1956.—V. 184, p. 1350.

Community Public Service Co., Fort Worth, Texas—Files With Securities and Exchange Commission—

The company on Nov. 27 filed a letter of notification with the SEC covering contributions to the company's Thrift Plan for Employees in an aggregate amount of $297,547.50. The proceeds are to be used to purchase stock on the open market.—V. 183, p. 2896.

Connecticut Light & Power Co.—Plans Financing—

It is announced that the company plans to spend approximately $100,000,000 between 1956 and 1959 for improvements and additions to property. About two-thirds of the funds are expected to be obtained through outside financing.

The initial step in the company's financing program probably will be an offering of additional common stock to present common stockholders early in 1957.—V. 184, p. 4.

Consolidated Cuban Petroleum Corp.—Signs Contract

See Gulf Oil Corp. below.—V. 184, p. 2323.

Consolidated Cuban Petroleum Corp.—Acquisition—

This corporation has acquired 7,000 acres of potentially-rich oil land in the Motembo field, located in the Las Villas province, Clarence W. Moore, President, told a group of New York Security Analysts in New York on Nov. 27. The land contains 53 stringer wells producing pure naphtha.

Mr. Moore also revealed that the company's newly struck oil well—Cruz Verde No. 4—had reached production at 930 feet. A minimum of 35 barrels per day are now being bailed out during completion of this well, Consolidated's sixth producing well in the Bacuranao-Cruz Verde oil field, Mr. Moore said.

The company also has begun drilling of a seventh well, Consolidated No. 3, and has reached a depth of 530 feet, he said.

Consolidated Cuban Petroleum Corporation, with its two subsidiaries Petroleo Cruz Verde, S. A., and Cuban Land Oil Co. S. A., has had an active working agreement with Esso-Standard Oil Co. (New Jersey) since August of this year. Esso purchases Consolidated's crude oil for refining into gasoline, the first such agreement—Cuban oil company and a major refinery—in Cuban history.—V. 184, p. 1792.

Continental Copper & Steel Industries, Inc. — Plans Stock Offering —

The company has announced plans to offer additional common stock for subscription by its common stockholders on the basis of one new share for each 10 shares held, with Allen & Co. to head a group of investment bankers, who will underwrite the offering.

The net proceeds are to be used in [illegible] with the company's $6,000,000 expansion program.—V. 183, p. 2288.

Cuban Atlantic Sugar Corp.—Loeb Chairman—

John L. Loeb, senior partner of the New York investment banking firm of Carl M. Loeb, Rhoades & Co., has been elected Chairman of the Board and of a newly created executive committee of The Cuban Atlantic Sugar Corp., it was announced on Dec. 5 by Laurence A. Crosby, President.

At the same time it was announced that Mr. Loeb, and Mark J. Millard and Clifford W. Michel, also partners in Carl M. Loeb, Rhoades & Co., were elected to the board of directors.

Other new directors of the company are Edgar M. Bronfman, Vice-President and director of Distillers Corp.-Seagrams Ltd.; Harold F. Linder, Vice-Chairman of General American Investors Co., Inc.; Stuart N. Scott, a member of the law firm of Dewey, Ballantine, Bushby, Palmer & Wood; Francisco Blanco Calas, a prominent Cuban investor; and Richard S. Buell, a member of the law firm of McLanahan, Merritt & Ingraham.

Re-elected to the board were John B. Sollenberger, President of Hershey Trust Co., Hershey, Pa.; Mr. Crosby, and Harry B. Lake.—V. 183, p. 1753.

Dallas Power & Light Co. — Bonds Offered—Halsey, Stuart & Co., as manager of an investment banking group, on Dec. 4 offered $10,000,000 of first mortgage bonds, 4¼% series due Dec. 1, 1986, at 100.848% and accrued interest to yield 4.20%. Subscription books have been closed. The underwriters won award of the bonds at competitive sale on Dec. 3, on a bid of 100.09%.

Other bids for the bonds, all specifying a 4¾% coupon were received as follows: Equitable Securities Corp., 101.663; First Boston Corp., 101.419; Salomon Bros. & Hutzler, 101.382; Eastman Dillon, Union Securities & Co., 101.329; Kidder, Peabody & Co. and Blyth & Co. Inc. (jointly), 101.119, and Kuhn, Loeb & Co. and American Securities Corp. (jointly), 100.484.

The new bonds will be redeemable at general redemption prices ranging from 105.85% to par, and at special redemption prices receding from 100.85% to par, plus accrued interest in each case.

PROCEEDS—Net proceeds from the sale of the bonds, and from the sale last month of 31,835 additional shares of common stock, together with funds derived from its operations, will be used by the company for the construction of new facilities during the remainder of 1956 and in 1957, and for other corporate purposes.

BUSINESS—Company, a public utility operating wholly within the State of Texas, is a subsidiary of Texas Utilities Company, and is engaged in the generation, purchase, transmission, distribution and sale of electricity. Eastman Kodak Co.—Votes Wage Dividend—

The directors on Nov. 20 voted a wage dividend estimated at $35,700,000 to be shared by about 51,000 Kodak men and women in the United States.

This wage dividend, to be paid next March 19, is the highest amount authorized since the plan was begun by the company 44 years ago.

Eligible employees will receive $31.75 for each $1,000 they earned at Kodak during the five years 1952-1956. The previous high dividend payment of $32,100,000 was made last March at a rate of $30.25 for each $1,000 earned during the years 1951-55.—V. 184, p. 321.

Elastic Stop Nut Corp. of America — To Pay Stock Dividend—W. F. McGuinness, President, on Nov. 29 said in part:

The directors have decided to improve the company's cash position by the adoption of a combined cash and stock dividend policy. The proposed plan contemplates the payment of quarterly dividends in cash and extra dividends in stock at such rate and times as the financial status of the company may warrant. In pursuance of this policy, the board on Nov. 29, 1956, declared an extra dividend in the form of 5% of stock held, payable on Dec. 24, 1956, to stockholders of record on Dec. 10, 1956 and a cash dividend of 25 cents per share, payable on Feb. 1, 1957, to stockholders of record Jan. 22, 1957.

No fractional shares will be issued upon distribution of the stock dividend. Stock holders who are entitled to a fractional interest will receive an order form from the Guaranty Trust Co. who will act as agent for the stockholders to buy or sell fractional shares. Stockholders will have until Jan. 15, 1957 to notify the agent as to whether they desire to purchase an additional fractional share to make a whole share or sell their fractional share interest.

The company presently has available 31,719 authorized but unissued shares, of which 25,240 shares will be used to pay the Dec. 24, 1956 stock dividend. In order to make available the shares that may be required for stock dividends in the future, and at the same time to provide shares for the acquisition of other products or businesses, should the opportunities arise, the board will recommend to the annual meeting of the stockholders on March 29, 1957 that the authorized number of shares be increased from 537,920 to 1,000,000.

John R. Munn, Chairman of the Board of Directors, on Dec. 3 announced the election of Dudley B. Bonsal to fill the board vacancy resulting from the death of Fraser M. Horn.

Mr. Bonsal, a member of the law firm of Curtis, Mallet-Prevost, Colt and Mosle, of New York City, is a director of American European Securities Co.—V. 175, p. 709.

Electromation Co., Santa Monica, Calif.—Acquisition

James M. Johnson, President, has announced the acquisition of the corporate structure of Hallen Corp., Burbank, Calif., said to have been the first U. S. firm to enter the magnetic film recording equipment field.

Electromation Co. acquired Kinevox Co., also a pioneer in the motion picture sound equipment field, a year ago

The Electromation firm is now a factor in electronics, having acquired Cado Manufacturing Co., Santa Monica, earlier this year. The Cado firm manufactures microwave switching components used for radio, TV and airborne radar.

Harold L. Powell, former President of Hallen Corp., will supervise the combined Kinevox-Hallen enterprise, as a division of Electromation Co. The combined firms are being moved into new factory and executive offices at 1646 Eighteenth Street, Santa Monica.—V. 183, p. 2415.

Electronic Accounting Card Corp., High Point, N. C.—Stock Offered—First Securities Corp., Durham, N. C., on Dec. 6 publicly offered as a speculation to bona fide residents of North Carolina an issue of 394,500 shares of common stock at par ($1 per share).

The corporation was incorporated Oct. 1, 1956, in North Carolina for the purpose of engaging in the manufacture of tabulating cards and other similar related supplies and equipment. These tabulating cards are unit record cards designed for the recording of data in the form of punched holes to be sensed by mechanical, electric or electronic means. The corporation holds a non-exclusive license from International Business Machines Corp. to make, have made and to vend tabulating cards.

Epsco, Inc.—Notes Privately Placed—The corporation, it was announced on Nov. 30, has arranged to place privately, through W. C. Langley & Co., an issue of $1,000,000 convertible subordinated notes due Nov. 1, 1963.

The corporation manufactures electronic equipment.

Erie RR. — Equipment Trust Certificates Offered — Halsey, Stuart & Co. Inc. headed a group of underwriters who on Dec. 5 offered $2,805,000 of 4¼% serial equipment trust certificates, maturing annually Jan. 1, 1958 to 1972, inclusive. The certificates are scaled to yield from 4% to 4.25%, according to maturity. They were awarded to the group Dec. 4 on a bid of 99.51%.

Salomon Bros. & Hutzler bid 99.151% for the certificates, also as 4¼s.

Issuance and sale of the certificates are subject to the authorization of the Interstate Commerce Commission.

The issue is to be secured by 500 50-ton capacity box cars estimated to cost $3,625,000.

Participating in the offering are: Dick & Merle-Smith; R. W. Pressprich & Co.; Freeman & Co.; Gregory & Sons; Ira Haupt & Co.; The Illinois Co. Inc.; McMaster Hutchinson & Co.; Wm. E. Pollock & Co., Inc., and Shearson, Hammill & Co.—V. 184, p. 2116.

Faraday Uranium Mines, Ltd. (Canada) — Registers With Securities and Exchange Commission—

This corporation on Nov. 30 filed a registration statement with the SEC covering 595,000 shares of its $1 par capital stock. These shares are to be offered by the company pursuant to stock purchase warrants, issued under an indenture dated March 15, 1956, between the company and Guaranty Trust Co. of Canada, as trustee. The warrants will expire by their terms on Dec. 31, 1959, and may be exercised at any time and from time to time on and after Jan. 1, 1957. The offering price is $1.75 per share. No underwriting is involved.

Early in 1956, according to the prospectus, the company sold in Canada through underwriters $8,500,000 of 5½% sinking fund debentures, due March 15, 1965. The securities were not offered or sold in the United States and consequently the debenture offering was not registered with the Commission. Stock purchase warrants were attached to the debentures, entitling the holders to purchase shares of capital stock of the company at the rate of 35 such shares for each $500 of debentures. The warrants may be detached from the debentures without becoming invalid. As far as the company knows the debentures and the attached warrants were not purchased by or sold to citizens or residents of the United States. However, since said securities were issued in bearer form through underwriters, the company cannot be certain of the present holders thereof and the warrants may come into the hands of citizens or residents of the United States. The company has been advised that, to the extent that the warrants represent a continuing offer of the company to sell its capital stock, the stock to be issued upon exercise of the warrants should be registered.

The company has not determined how the net cash proceeds to be received from the sale of its capital stock and the exercise of the warrants will be used. It anticipates, however, that the proceeds will be added to general funds and part thereof may be used to retire some of the outstanding debentures, if circumstances will allow.—V. 183, p. 1613.

Firestone Tire & Rubber Co.—Operations in Liberia—

The company was cited today (Dec. 10) as an outstanding example of an American firm which, through its operations in an underdeveloped country, has achieved both good profits and goodwill.

The operation of Firestone's rubber plantations in the independent Negro republic of Liberia and the company's direct and indirect contribution to the social and economic development of its host country are analyzed in the fifth Case Study of the National Planning Association's Policy Committee on U. S. Business Performance Abroad. The study, entitled "The Firestone Operations in Liberia," was conducted by Wayne Chatfield Taylor and is the product of a firsthand investigation in Africa. The author has had a long career of public service. Among other public offices, he has served as President of the Export-Import Bank, Assistant Secretary of the Treasury, Under Secretary of Commerce, and Assistant to the Administrator of the Economic Cooperation Administration.

Mr. Taylor points out that 1956 marks 30 years of Firestone activity in Liberia, during which it has had an impact "that extends far beyond the boundaries of the plantations and, in fact, pervades almost every aspect of Liberian life." The company, he estimates, accounts for nearly 39% of the government's total revenues, over 70% of the value of its exports, and 35% to 40% of its dutiable imports.

It is the largest employer—its average annual payroll numbering 25,000 Liberian workers—and the largest trainer of productive skills in the country.

One important result of the goodwill established by Firestone is the "Open Door" policy of Liberia's President William V. S. Tubman for private foreign capital, Mr. Taylor observes.

In a letter prefacing the report, President Tubman comments: "The success of the Firestone venture in Liberia is proof of the part enlightened private capital can play in the development of underdeveloped countries on the basis of mutual benefits.

"Liberians are aware of the need for further foreign investment in Liberia and realize the benefits to be derived by the country from this type of investment."

During its 30 years in the country, Firestone has created two modern plantations, considered by independent rubber experts to be the most efficient in existence. The plantation at Harbel produces more rubber and processes more latex in its factory than any in the world.

The company has made a number of direct contributions toward economic and social progress in the country. One of these activities is designed to help Liberians grow rubber on their own farms, and thereby greatly increase their own incomes as well as the rubber supply available to the company. For this purpose Firestone provides not only free trees but free technical services as well.—V. 184, 1227.

Fleetwood Motel Corp., Philadelphia, Pa.—Files With Securities and Exchange Commission—

The corporation on Nov. 27 filed a letter of notification with the SEC covering 15,030 shares of class A common stock (par $1) to be offered at $7 per share, and 1,432 shares of class B common stock to be offered at par ($1 per share). There will be no underwriting.

The proceeds are to be used for completion of purchase of 3002 Pacific Ave., Atlantic City, N. J., and for working capital.—V. 183, p. 770.

Flying Tiger Line, Inc.—Stock Sold—

This all-cargo carrier has sold 50,000 shares of common stock to the Axe Houghton Funds, at $10 per share, plus $500,000 of bonds. In a private sale earlier this year Flying Tiger Line, Inc. sold 100,000 shares of common stock to the Axe Houghton group.—V. 184, p. 1913.

Food Fair Properties, Inc.—Arranges Bank Borrowings—This corporation has completed a $10,000,000 revolving loan agreement with a group of seven banks headed by The First Pennsylvania Banking & Trust Co., the Chase Manhattan Bank and the Philadelphia National Bank, Samuel Friedland, President, reported in a letter mailed to stockholders on Dec. 4.

Mr. Friedland stated that the $10,000,000 revolving credit would be used for construction purposes. The corporation is presently engaged in a $40,000,000 program calling for the development of 21 shopping centers in its initial two-year program through 1957. Five of these centers are in full or partial operation, and a sixth will open this week. Five additional centers are in the process of construction and 15 others are in the planning stage or ready to go into construction.

Mr. Friedland also stated in his letter to stockholders that definitive debentures and common stock certificates will be available on Jan. 30 for exchange by holders of Food Fair Properties units. Each unit consists of $50 principal amount of 20-year 5½% subordinated debentures and 11 shares of common stock. Until the exchange, debentures and shares of stock represented by the units are transferable only together.

A total of 153,825 of these units were offered on a rights basis to common shareholders of Food Fair Stores, Inc. in September and October of 1955. The exchange of units for definitive debentures and common stock certificates will be effected by the National State Bank of Newark.—V. 184, p. 1690.

General Electric Co.—Receives Generator Order—

Cia. Electrica Mexicana, S. A. and Cia. Hidroelectrica Guanajuatense, S. A. have each ordered two 16,500 kilowatt steam turbine-generator units from the General Electric Co.'s Medium Steam Turbine, Generator and Gear Department in Lynn, Mass.

Cia. Electrica Mexicana, S. A. will install two units in its Puebla power station, while the steam turbine-generator units scheduled for Cia. Hidroelectrica Guanajuatense, S. A. will be put into operation in the Celaya steam plant.

Both of the Mexican electric utilities are subsidiaries of the American & Foreign Power Co. The design engineering and purchasing for these two power stations will be performed by Ebasco International Corp., American and Foreign Power Co.'s New York services organization.

The contracts for the sale of the equipment to the two Mexican electric utilities were negotiated by the International General Electric Co., the General Electric Company's overseas marketing organization.

The units for delivering to Cia. Electrica Mexicana, S. A. are scheduled for February and March, 1957, while those for Cia. Hidroelectrica Guanajuatense, S. A. are for April and May, 1957.—V. 184, p. 2224.

General Merchandise Co., Milwaukee, Wis.—Stock Div.

The stockholders received the certificates representing the declared 1½% stock dividend on the stock of the company on Dec. 1, 1956. Those stockholders entitled to a fractional part of one share of stock received checks.

According to Reuben Kritzik, Treasurer, the purpose of this stock dividend is to reinvest retained earnings of $91,125 without withdrawing any of the cash in the company's bank account.—V. 184, p. 1728.

General Motors Corp. — Plans to Spend $700,000,000 During 1957 for Capital Improvements—Harlow H. Curtice, President, on Dec. 6 forecast that 1957 would be the automotive industry's second best sales year in history and announced GM anticipated spending $700,000,000 for capital investment during the year. He predicted that the industry will "contribute more substantially to economic progress in the year ahead than it has in 1956."

Mr. Curtice said that in 1957 the industry should produce and the United States market absorb approximately 6,500,000 new passenger cars and 900,000 trucks. Including Canadian and export sales, he added, production should approximate 8,360,000 passenger cars and trucks.

The $700,000,000 will be spent, Mr. Curtice said, "both to keep our facilities and products modern and to assure General Motors adequate capacity to keep pace with our appraisal of the normal growth of the market for our products."

This sum is in addition to the nearly $1,000,000,000 of GM capital expenditures this year and will bring the corporation's total capital expenditures since World War II to $5,200,000,000.

In addition, Mr. Curtice pointed out, very substantial annual expenditures have been made for special tools.

"To bring the 1957 General Motors models to market," Mr. Curtice disclosed, "required an outlay of approximately $630,000,000. This is more than we have ever spent in any one year for styling, engineering and mechanical advances."

Mr. Curtice said 1957 would be another good year for GM, exceeded only by 1955.

Whiteford of Gulf Oil Corp. Elected a Director—

William K. Whiteford, President of Gulf Oil Corp. on Dec. 3 was elected a member of the board of General Motors Crop. The Board also appointed three men to be Vice-Presidents, effective Jan. 1, to replace others leaving under the corporation's retirement program.

Elected Vice-Presidents were James M. Roche, whose appointment as General Manager of the Cadillac Motor Car Division was announced on Dec. 3 by Harlow H. Curtice, President of GM; Louis G. Seaton, Director of the Personnel Staff and Anthony G. De Lorenzo, Director of the Public Relations Staff. Mr. Roche was also elected a member of the Administration Committee.

Retiring Dec. 31 under the corporation's retirement program are Don E. Ahrens, Vice-President and General Manager of Cadillac; Harry W. Anderson, Vice-President in charge of the Personnel Staff and Paul Garrett, Vice-President in charge of the Public Relations Staff.

Cost-of-Living Allowance Up—

This corporation on Nov. 26 announced an upward revision of two cents per hour in its cost-of-living allowance to approximately 395,000 hourly-rate employes resulting from an increase in the nation's cost-of-living index.

The revision becomes effective with the first pay period after Dec. 1. The GM hourly rate employees, therefore, will receive a total hourly cost-of-living allowance of 13 cents per hour for the months of December, January and February.

Approximately 107,000 eligible salaried employes will receive an equivalent increase of $10 in their quarterly cost-of-living allowance. Thus their total cost-of-living allowance for the three-month period will be $65.—V. 184, p. 2013.

General Telephone Co. of Wisconsin—Bonds Sold Privately—This company, it was announced on Dec. 4, has placed privately with five investors $3,500,000 of first mortgage 4¾% bonds, due 1986. At the same time, the company sold to General Telephone Corp., the parent, 18,000 common shares for $1,800,000.

The proceeds will be used to retire $2,500,000 of short-term bank loans and to retire notes covering loans from the parent company. The balance will be used for construction and expansion.—V. 182, p. 413.

General Tire & Rubber Co.—Sales Continue to Rise—Large Capital Expenditures Planned—

Sales for the fiscal year ended Nov. 30, 1956, are expected to exceed $370,000,000, M. G. O'Neil, Executive Assistant to the President, told the New York Society of Security Analysts on Dec. 4. In the previous fiscal year sales totaled $295,000,000.

Earnings for the fiscal year just ended, Mr. O'Neil continued, will be down compared with "our record 1955, but this is already being offset by the remarkable boom in tires and plastics as we enter 1957." The company earned $6.29 per share in fiscal 1955.

Mr. O'Neil forecast that in fiscal 1957 sales might possibly exceed $425,000,000. He added that 1957 profits are going to be considerably above those for 1956.

Questioned whether General Tire was working on a plan to revamp the capital structure, Mr. O'Neil said that the management definitely was working on a plan to revamp the capital structure of the company and that the company would like to come up with one issue of preferred stock.

To help meet new demands for its products, the company will put close to $18,000,000 into capital investments during fiscal 1957, Mr. O'Neil said. This is more than double the capital investments of two years ago, he explained.—V. 184, p. 2325.

Goodyear Tire & Rubber Co., Akron, Ohio—New Lab.

Opening of a new, fully equipped radiation laboratory, the first of its kind in the rubber industry and constructed at a cost of more than $125,000, was announced on Dec. 4 by this company.

As an addition to Goodyear's main research facilities, the new lab is especially designed for the exploration and development of rubber products which will perform satisfactorily in a radiation environment, said Dr. R. P. Dinsmore, Vice President in charge of research and development. Radioactive cobalt 60, which gives off high energy x-rays or gamma rays, will be utilized in this wide, new field of rubber research.

One of the more important projects contemplated is development of radiation-resistant airplane tires which could be used on atomic powered aircraft of the future.—V. 184, p. 2117.

Granite City Steel Co.—To Increase Facilities—

A generator to produce oxygen by the liquefaction of aid will be built at Granite City, Ill., next year, it was announced on Nov. 26.

The generator will be able to produce 70 tons—48,000,000 cubic feet—of oxygen a month. The company already operates two smaller oxygen generators. The oxygen is used in several important phases in the making of steel.

Air Products, Inc., of Allentown, Pa., is the contractor.—V. 184, p. 2117.

Grayson-Robinson Stores, Inc.—New Treasurer—

The election of Bernard Fuchs as Treasurer was announced on Dec. 3 by Hyman P. Kuchal, President and Board Chairman. Mr. Fuchs has been the Controller of the corporation for the past three years and will henceforth serve as both Treasurer and Controller.—V. 184, p. 2325.

Great Southern Life Insurance Co.—Offer to Purchase Northwestern Shares Amended—

The Dallas Union Securities Co., Dallas, Texas, acting as agent for the Great Southern Life Insurance Co., has announced an amendment to its pending offer to purchase capital stock of Northwestern National Life Insurance Co. at $103.50 per share. As originally made, Dallas Union's offer was to become positively effective only if 165,000 (75% of the total number outstanding) or more shares are tendered within the time limit, although Dallas Union retained an option to purchase any lesser number of shares deposited. This requirement has been reduced to provide that just as soon as 110,500 (slightly over 50%) shares are tendered, the offer will become effective, and payments to stockholders will be distributed immediately thereafter for all shares tendered. Dallas Union is continuing its offer to pay compensation of 75 cents per share purchased to soliciting NASD members.—V. 184, p. 2325.

Great Sweet Grass Oils Ltd.—Trading Suspension—

The Securities and Exchange Commission on Dec. 4 announced the issuance of two orders summarily suspending trading in the capital stocks of this company and of Kroy Oils Ltd., respectively, on the American Stock Exchange for a period of 10 days from Dec. 5, 1956 to Dec. 14, 1956, inclusive, and it declared that such action is necessary and appropriate for the protection of investors and to prevent fraudulent, deceptive or manipulative acts or practices.—V. 184, p. 2325.

(Daniel) Green Co., Boston, Mass.—Chairman Elected

William B. Snow has been elected Chairman of the Board of this company, slipper manufacturers of Dolgeville, N. Y., it was announced on Nov. 28. Mr. Snow is President of Suffolk (Mass.) Savings Bank for Seamen and others.

John D. Reardon, Sales Vice-President, has been elected a director.—V. 162, p. 2271.

Guild Films Co., Ltd.—Sells Program—

A 40 market regional sale of Guild Films' Jack London TV series, "Captain David Grief," to D-X Sunray Oil Co. of Tulsa, Okla., has been announced by John Cole, Vice-President for Sales.

This is the third big regional deal for the high-budget program, adding up to a total of 72 markets, covering most of the major cities in the country, Mr. Cole revealed. The other two companies signed up are Standard Oil Co. of California for 12 markets in the West, and Stroh Brewery for 20 markets in the Middle West.

The contract with D-X Sunray Oil Co., as with the others, is for a firm 52 weeks, with telecasting scheduled to start in February, 1957.

"Captain David Grief" is based on the South Sea Isle adventure stories of America's great literary figure and is being filmed in color on location among the atolls of the Pacific on a budget of $1,912,000.—V. 184, p. 2117.

Gulf Insurance Co., Dallas, Tex.—Stock Dividend—

The directors have voted, subject to approval of stockholders, a transfer from "Surplus Account" to "Capital Account" of the sum of $250,000, thereby increasing capital stock from $2,750,000 to $3,000,000, divided into 300,000 shares of par value $10 each. If adopted, this means each shareholder will receive one new share for each 11 shares held on the date of distribution. The executive officers will submit the question for final action to the regular annual meeting of stockholders scheduled to be held Feb. 8, 1957.—V. 183, p. 406.

Gulf Oil Corp.—To Drill in Cuba—

Signing of a contract through which Gulf Oil Corp. and Consolidated Cuban-Petroleum Corp. have become partners in the development of a 25,000 acre tract of potentially oil-rich land in the Santa Clara Province, Cuba, now owned by Gulf, was announced on Dec. 3 by Clarence W. Moore, President of Consolidated Cuban.

Consolidated will undertake to drill an 8,000 to 10,000-foot well in the area, according to Mr. Moore.

This represents one of the few occasions in recent Cuban history that a major American oil company has located a site for a deep well test on its own property in Cuba, he stated.

He added that Gulf has made extensive geological and geophysical studies and seismographic work in this area, as well as numerous core drillings there, prior to the delineation of a structure on which it finally selected the drilling location.

Mr. Moore explained that the new contract, which gives Gulf and Consolidated each a half interest in the well, also entitles Consolidated to 50% interest in 25,000 acres of land surrounding it.

In addition, he said, a supplemental agreement gives Consolidated an option for the drilling of a second well and the right to earn a 50% interest in 12,500 additional acres of Gulf land in the Santa Clara province.

Gulf's major holdings in Cuba are in the Santa Clara province and embrace over a million acres of land, 900,000 on which Consolidated maintains 2% royalty rights.

Consolidated has entered into an agreement with the Simpson Oil Drilling Co. of Cuba for the drilling of this well, which is expected to begin immediately, Mr. Moore said. In addition, he said C. J. Simpson, President of this Cuban drilling company and a prominent Texas oil man, is assuming half of the costs on a joint venture basis with Consolidated.

The contract with Gulf represents the second agreement made by Consolidated with a major American oil company within the past four months. In August, Consolidated, which produced over 30,000 barrels of oil in the Aug. 1-Oct. 31 period, signed a contract with Esso Standard Oil Co. (New Jersey), the latter purchasing the company's output from its six producing wells in the Cruz Verde fields.

The new Gulf-Consolidated contract and a reported $40,000,000 earmarked by various American oil companies for oil development in Cuba, is indicative of the fast-growing interest in the Island's potential, Mr. Moore said.

Consolidated, with its two subsidiaries, Petroleo Cruz Verde, S. A., and Cuban Land Oil Co., S. A., will continue to exert all its efforts in furthering its ambitious drilling and exploratory program, Mr. Moore declared.—V. 184, p. 2325.

Hancock Electronics Corp., Redwood City, Calif.—Files With Securities and Exchange Commission—

The corporation on Nov. 19 filed a letter of notification with the SEC covering 300,000 shares of common stock to be offered at par ($1 per share), through Daniel Reeves & Co., Beverly Hills, Calif. The proceeds are to be used for research and development.

Harris-Seybold Co. (& Subs.)—Earnings Higher—

Three Months Ended Sept. 30—	1956	1955
Net shipments	$8,842,282	$7,556,325
Earnings before taxes on income	1,035,508	969,162
Provision for taxes on income	542,000	476,000
Net earnings	$543,508	$493,162

The company has recently sold its subsidiary, Airtronics, Inc., back to its original owner, because operations did not work out as anticipated. The disposition of this small subsidiary will have little effect on over-all operating results. This sale does not reflect a change in Harris-Seybold's exploratory interest in the electronics field.

New orders are higher than a year ago and the over-all outlook for the full year continues to be favorable.

This company should be able to exceed last year's record shipments and earnings in the fiscal year ending June 30, 1957, George S. Dively, Chairman and President, said on Dec. 6 at a meeting of the New York Society of Security Analysts. However, a five-week strike this fall at the company's Cleveland plant will cause figures for the current quarter ending Dec. 31 to be lower than last year.

In the fiscal year ended June 30, 1956, the company reported shipments of $42,546,577 and earnings of $4.40 per share. On Nov. 16 the directors voted to increase the quarterly dividend payable Dec. 20 from 45 cents to 50 cents, placing the annual dividend on an indicated basis of $2, compared to the previous $1.80 rate. One of the country's largest suppliers to the $9½ billion printing and publishing industry, Harris-Seybold's shipments have almost quadrupled since 1947.

The company is following two main approaches to provide new and improved products, Mr. Dively told the analysts. One is through its own research and engineering development, while the other is through acquisition of established companies.

Although Harris-Seybold is known primarily as a producer of color printing presses and related machinery, he said, it is diversifying its products and building up its sales volume of "consumable" supplies, such as lithographic chemicals and plates. Cited was the company's purchase in January of Lithoplate, Inc., Los Angeles, maker of presensitized (ready-to-print) photo-offset plates.

Over the longer term, Mr. Dively said, Harris-Seybold should continue to grow in both shipments and earnings. The company employs about 2,800 people, and operates major plants in Cleveland and Dayton, Ohio, Westerly, R. I. and Milwaukee, Wis., plus several smaller plants. It has about 3,700 shareholders and its common stock is listed on the New York Stock Exchange.—V. 184, p. 918.

Hawaiian Pineapple Co., Ltd.—Registers With SEC—

This company filed a registration statement with the SEC on Nov. 29, 1956, covering 413,920 shares of its $7.50 par common stock. These shares are to be offered by the company for subscription by common stockholders of record Dec. 28, 1956, in the ratio of one share of additional stock for each four shares then held. The subscription price and underwriting terms are to be supplied by amendment. Dean Witter & Co. is named as the principal underwriter.

Net proceeds of the financing will be added to working capital. Initially $4,000,000 thereof will be applied toward payment of short-term bank loans which aggregated $25,500,000 at Oct. 31, 1956. For many years the company has been a substantial borrower from banks, such borrowings reaching a maximum during the Fall coincident with the seasonal inventory peak and are normally liquidated during the Spring as seasonal inventories are sold. It has established lines of credit at various banks aggregating $27,275,000.—V. 184, p. 2326.

Hertz Corp.—5% Stock Dividend—Acquisitions—

Directors on Dec. 6 declared a 5% stock dividend in addition to the regular quarterly cash dividend of 25 cents. The cash dividend will also be paid on the additional stock.

At the same time the board approved acquisition of a majority interest in Europcars, S. A., the well-known auto rental company operating in Paris, France, and the central company of the largest chain of auto rental companies in Europe.

The board also approved purchase of the largest car rental company in Palm Springs, Calif.

The 5% stock dividend is payable Dec. 28 to stockholders of record on Dec. 13. The regular 25-cent per share cash dividend is payable Jan. 9, 1957, to stockholders of record on Dec. 31, 1956.

Walter L. Jacobs, President, said that through Europcars, S. A., The Hertz Corp. for the first time will engage in company-owned operation outside the continental United States. Europcars has three car rental locations in Paris, with facilities at Le Bourget and Orly airports, and licensee representation in 70 cities in France and North Africa.

The purchase in California from E. L. McCoubrey, former Hertz System licensee, includes car rental locations in the famed desert resort of Palm Springs, Palm Springs Airport, and car rental facilities in San Bernardino, Riverside, Fontana, Pomona, Ontario and Ontario Airport, Santa Ana, Fullerton, Anaheim, Newport Beach, and Palm Desert.—V. 184, pp. 1795 and 1729.

Holland Finance Corp. (Nev.)—Stock Offered—

The company on Nov. 27 offered publicly 200,000 shares of common stock at par ($1 per share) through Charles M. Holland, its President, Treasurer and General Manager. The company's offices are now located at 1500 No. Main St., Las Vegas, Nev.

The net proceeds are to be used to purchase equipment and for working capital and general corporate purposes.

The company was incorporated in Nevada on July 24, 1956. It is qualified to do business under the laws of the State of Nevada and, at a later date, the company intends to establish a branch office in Los Angeles, Calif., and such other places as may be decided upon by the board of directors from time to time, and to qualify the company to do business under the laws of the State of California and such other States in which the company's business may be conducted.

The primary purpose of the corporation is to conduct and carry on a general finance business in its various branches of activity; but more particularly, to engage in the business of lending money and purchasing trust deeds, including the financing of automobiles, motorcycles, house trailers, and other negotiable paper, etc.

Idaho Power Co.—To Offer Bonds—

The company has applied to the Federal Power Commission for authority to market $20,000,000 in 30-year first mortgage bonds.

The company said it plans to sell the securities at competitive bidding. The proceeds would be used to pay off short-term notes and finance construction.

FPC Affirms License —

T. E. Roach, President, in a letter to the company's stockholders, said:

"The United States Court of Appeals for the District of Columbia on Nov. 16 denied the petition for rehearing filed by the National Hells Canyon Association, which has asked reconsideration of the decision affirming the Federal Power Commission's grant of license to your company for our three-dam Snake River development program."—V. 183, p. 3011.

Illinois Brick Co.—Acquires Concrete Block Firm—

Acquisition by this company of land, buildings, equipment and other assets of the Oswalt Co., concrete block manufacturer of Erie, Ill., for cash, was announced on Dec. 5 by John Goodridge, President.

The acquisition will increase Illinois Brick's concrete block production by one-third and will provide a nine-acre site for future expansion, Mr. Goodridge stated. Units for the manufacture of high-pressure steam-cured concrete blocks which are widely used for interior finish by churches, schools and other public buildings will be installed at the acquired plant, he said.

Although the Oswalt Company was established in 1921, its present plant is new and modern having been built only three years ago.—V. 183, p. 2075.

Income Foundation Fund, Baltimore, Md.—Merger—

The shareholders of this Fund and of Federated Fund, Worcester, Mass., will meet Dec. 28 to vote on a merger of the two mutual funds.

The plan is for the merged fund to bear the name of Income Foundation Fund, with assets of about $4,000,000. Federated Management Corp., present investment manager of Federated Fund, will manage the merged fund.

The shareholders of Federated Fund will receive approximately four shares of Income Foundation Fund for each share of Federated Fund.

James H. Lennon, President of Federated Fund, is to become President of Income Foundation Fund. David W. Barton, now President of Income Foundation Fund, becomes Board Chairman. Income Foundation Fund was founded in 1934 and claims to be the first mutual fund registered under the Investment Company Act of 1940.—V. 178, p. 2326.

Insurance Securities, Inc. (Calif.)—Court Decision—

Federal Judge Louis E. Goodman at San Francisco, Calif., on Nov. 29 threw out of court a complaint by the SEC against this corporation and five of its officers. The defendant corporation is the investment advisor, sponsor and principal underwriter of the $200,000,000 Insurance Securities Trust Fund.

The SEC had claimed that a director could not sell his personally owned stock in an investment service company to another individual at a price agreeable to both parties.

Judge Goodman rejected the claim as unsound and held that the law neither prohibited the sale of stock in a service company nor regulated the price.

In his opinion Judge Goodman said:

"The complaint makes no charge of any misconduct or abuse of trust, gross or otherwise, with respect to the trust fund or its investors. No claim has been made in the complaint or otherwise that the business of the trust fund had not been conducted efficiently or honestly or that the investors of the trust fund have suffered any loss or damage of any kind with respect to their interest in the trust fund by reason of any act or conduct of the service company or its officers or directors." (New York "Times").—V. 184, p. 324.

International Nickel Co. of Canada, Ltd — Major Nickel-Producing Operations to Be Developed in Northern Manitoba at $175,000,000 Cost—Ore Findings Said to Fully Justify Cost of Project—

Plans for the development over the next three to four years of a $175,000,000 nickel project in the Mystery-Moak Lakes area in Northern Manitoba, Canada, were announced on Dec. 5 by this company and Premier Douglas Campbell of Manitoba.

The company will open two new nickel mines in the area, to be known as the Thompson and the Moak Mines. The project will constitute the biggest nickel-producing operation in the world next to Inco's operations in the Sudbury District of Ontario and will be the largest single investment of any kind in Manitoba.

The project in Manitoba together with the progress under way at Sudbury will lift Inco's regular 1955 annual nickel-producing capacity by approximately 130,000,000 pounds to 365,000,000 pounds, or by 50%, of which some 24,000,000 pounds will be regular production to replace existing temporary premium-priced production for the United States national stockpile.

The joint announcement was made with the conclusion of understandings between the Province and Inco including an agreement for the establishment of a new local government District of Mystery Lake and an agreement with the Manitoba Hydro-Electric Board. The Hydro agreement provides that the Board will undertake construction, at an estimated cost of $32,000,000 to $38,000,000, of a large power plant at Grand Rapid on the Nelson River to supply power for Inco's new facilities.

The total cost which Inco has already incurred in its Manitoba exploration is some $10,000,000.

The company will assist the Province in financing the power plant by way of a four-year $20,000,000 loan during the construction period bearing interest at 2%. Thereafter the loan will be converted into debentures repayable in installments over a period of 20 years.

Henry S. Wingate, President, said that in setting up its expansion program Inco had taken into account the published invitation by the Office of Defense Mobilization of the U. S. Government to companies inside and outside the United States for the development of plans for new and expanded nickel production facilities. He said that in response Inco had submitted a proposal to the U. S. Government covering the expansion projects now announced and the circumstances under which a portion of the nickel from Inco's new and additionally expanded facilities might be supplied, at market prices, to the United States Government.

He stated that while Washington had not accepted Inco's proposal, Washington had confirmed that if it determines to enter into contracts for new nickel production in Canada in connection with its invitation for proposals for expanded production, consideration would also be given to providing Inco with the right to deliver some portion of its new Canadian production to the United States national stockpile. With this confirmation, Inco is proceeding immediately to initiate these extensive expansion projects, Mr. Wingate said, in order to avoid substantial delays by taking advantage of the winter freeze-up for transportation of construction equipment.

Moak Mine and the Thompson Mine and townsite will be linked together by a 28-mile company-operated railway and a new 30-mile C.N.R. spur line will connect the Thompson townsite with the C.N.R. Hudson Bay line from a point north of Thicket Portage.

FINANCING OF PROJECT

"In order to get the program under way immediately, Inco with its own funds will finance all of the initial capital costs of the undertak-

ing but expects ultimately to be reimbursed for its advances for the construction of the power plant and for advances which may be made for the new 30-mile C.N.R. spur line," Mr. Wingate said. "As presently projected Inco's capital investment in Manitoba, not including expenditures already made for exploration and preproduction items, will approximate $115,000,000. This will include the cost of opening and developing two mines, of constructing a concentrator, smelter, refinery and transportation facilities and of providing certain townsite installations. The $115,000,000 is exclusive of the $32,000,000 to $38,000,000 power plant costs, of approximately $5,000,000 of costs for the new C.N.R. spur line, and of some $20,000,000 estimated costs of homes and buildings at the townsite."

INITIAL PRODUCTION BEGINS IN 1960

Mr. Wingate said the new mining development will contribute greatly to the very much larger supply of nickel which the free world can expect by 1960.

He announced that the opening up of the Manitoba project in 1960 is part of a major expansion program through which Inco expects to attain an annual over-all regular nickel production capacity of 365,000,000 pounds from its operations in the Sudbury District of Northern Ontario and in Manitoba. In 1955, total Inco Sudbury District nickel production from its own ores was nearly 280,000,000 pounds, consisting of approximately 255,000,000 pounds of regular production and 24,000,000 pounds of special production from high-cost ores for the United States Government stockpile.

Mr. Wingate emphasized that since the Manitoba ores carry very small copper values, Inco's copper production capacity will not be increased correspondingly with the large increase for nickel. Heretofore the copper production has been nearly as large as nickel production. In view of the costs of separating and refining the copper from the Manitoba ores, the copper content is not regarded as a commercial asset. Minor quantities of cobalt, platinum, palladium, gold and silver are present to assist in making the project successful.

Increases Nickel Price to 74 Cents (U. S.) Per Pound

Simultaneously with the above announcement, the company announced that in order to deal with higher costs and facilitate maximum production it is increasing the price of refined nickel by 9½ cents (U. S.) per pound effective Dec. 6, 1956. Similar increases were announced by the company's United States subsidiary, The International Nickel Co., Inc., and its United Kingdom subsidiary, The Mond Nickel Co., Ltd.

This brings the export price of electrolytic refined nickel, from the Port Colborne, Ontario, refinery to 74 cents (U. S.) per pound including the 1¼ cents U. S. import duty which is paid by the company. At existing exchange rates the corresponding price in Canada will be 70 cents per pound Canadian currency.

Similar changes in price were announced for nickel oxide sinter and other forms of primary nickel. Corresponding increases are also being announced for nickel and nickel alloys in the form of mill and foundry products produced at the plants of the company's United States and United Kingdom subsidiaries.—V. 184, p. 2326.

Johns-Manville Corp.—New Plant Operating—

It was announced on Dec. 3 that the new Johns-Manville synthetic silicates plant at Lompoc, Calif., is now in full production making an initial line of four synthetic calcium silicates marketed under the name, Micro Cel. These serve as absorbents and anti-caking agents to improve the free flowing characteristics of insecticides, cleansers and detergents, fertilizers and certain food and feed products. Additional calcium silicates are under development and Johns-Manville also is working on magnesium and other metallic silicates.

The plant is largely automatic in operation and its present capacity is upwards of 1,000 carloads a year.—V. 184, pp. 2327 and 2225.

Koehring Co.—Forms New Division—Acquisition—

The management of this company has announced that effective Dec. 1 a new Central Office executive group and a new organization to be known as the Koehring Division have been formed. The Central Office will take over the functional executive duties of manufacturing, marketing, research development, foreign operations and finance. This Central Office also will take over the duties of secretary and treasurer and will supervise the legal and stockholder relations departments.

The Koehring Division will be a completely integrated operating unit responsible for the design, manufacture and sales of Koehring trademark products.

The management of Koehring Co. also announced that effective Dec. 1, the company will take over the control and operation of Buffalo-Springfield Roller Co., Springfield, Ohio, through the acquisition of its capital stock.—V. 184, p. 2327.

Kroy Oils, Ltd.—Trading Suspension Continued—

See Great Sweet Grass Oils Ltd. above.—V. 184, p. 2327.

(James) Lees & Sons Co.—Plans Expansion—

Substantial progress in Lees building program to increase its carpet production facilities was reported on Dec. 5 by Robert J. McCann, Vice-President in charge of manufacturing. The company has been increasing capacity, decentralizing its plants and responsibility of operations.

Mr. McCann said that doubling the yarn spinning facilities at the Pine Tree Co., Dahlonega, Ga., a wholly-owned company subsidiary, was well under way and that operations in the new addition will be started by mid-1957.

Tufting production is already under way at the company's new Rabun Mills plant, located at Rabun Gap, Ga., where a training center has been in operation for several months. This plant will double the company's tufted capacity.

The Lees manufacturing head also said additional broad Wilton and Velvet looms have been installed at Glasgow, Va., during the past year.

Steel for the construction of the new Lees weaving mill at Robbinsville, N. C., will be delivered next month, Mr. McCann said. Production is expected to be under way there by July.

Mr. McCann also revealed that the company will have a complete new dyehouse, water and waste treatment plants at Rabun Mills that is expected to be in operation by next September.—V. 183, p. 1756.

Lefevre Chemical Co., Oklahoma City, Okla.—Files With Securities and Exchange Commission—

The company on Dec. 3 filed a letter of notification with the SEC covering 33,333 shares of capital stock (par 50 cents) to be offered at $1.50 per share, without underwriting. The proceeds from 25,833 shares are to be used for working capital.

Of the total, a maximum of 7,500 shares are to be offered for the account of two selling stockholders.

(R. G.) LeTourneau, Inc.—New Freight Vehicle—

A radically new type of vehicle for transporting freight over rough open country, without benefit of highways or railroads, has just been introduced by this corporation.

So nimble are the new light-footed Transporters that the only "roads" they require may be through soft sand, powdery snow, deep mud, or dense underbrush.

Even when loaded to their full 35-ton capacity, the giant truck-like carriers can take wide gullies and steep grades easily in stride.

R. L. LeTourneau, Vice-President of the company, revealed that first production models currently are being delivered to undeveloped areas of both the Eastern and Western Hemispheres where highways and railroads are not available. Additional units are scheduled for shipment in the near future.—V. 184, p. 2015.

Libby, McNeill & Libby—Debentures Offered—This company is offering common stockholders of record Nov. 29 the right to subscribe at the principal amount for $100 principal amount of 5% convertible sinking fund debentures, due Dec. 15, 1976, for each 35 shares of common stock held, and rights to subscribe at $12 per share for one additional share of common stock for each six shares held. The financing involves $10,468,500 of debentures and 610,664 shares of $7 par value common stock. The subscription offers expire Dec. 17, 1956. A banking group headed by Glore, Forgan & Co. has underwritten the subscription offers.

The debentures to be issued will rank on a parity with Libby's presently outstanding funded debt and will be convertible into common stock at $14.80 per share on or before Dec. 15, 1966, and at higher prices thereafter.

PROCEEDS—Net proceeds from the financing will provide additional working capital for financing the company's increase in business which, during the past five years, has seen net sales of Libby and subsidiaries increase from $205,500,000 to $292,500,000.

BUSINESS—Libby is believed to be the country's largest packer of a general line of canned and frozen foods. It operates 40 plants in the United States, Alaska and Hawaii. Through subsidiaries plants are also operated in Canada, England, Belgium and Germany. During the past five years, Libby has spent approximately $26,000,000 for improving and expanding its plant facilities. More than 250 canned and frozen food products are sold under the Libby label.

EARNINGS—The company and its subsidiaries for the year ended June 2, 1956, had consolidated net sales of $292,514,000 and consolidated net profit of $8,079,000. The corresponding figures for the preceding fiscal year are $261,876,000 and $5,619,000, respectively.

L. O. F. Glass Fibers Co.—Buys Site—

This company has purchased 75 acres of land in Corona, Calif., for plant and warehouse site purposes, it was announced by R. H. Barnard, President, on Dec. 1.

Mr. Barnard said that plans for the use of the site are not yet definite but that company engineers are already at work on the first basic steps in planning.

The company now has six manufacturing plants in the United States. One facility is located at Burbank, Calif., a suburb of Los Angeles, and serves as headquarters for the company's Pacific Coast Division under the direction of John A. Morgan, Vice-President and Division General Manager. At this location, the company manufactureres thermal and accoustical insulating blankets and shrouds, widely used by the makers of commmercial and military aircraft.

Other plants are located at Waterville, Ohio; Parkersburg, W. Va.; Houston, Texas, and two plants at Defiance, Ohio.—V. 184, p. 1582.

Logistics Research Inc., Redondo Beach, Calif.—New High Speed Paper Tape Input-Output Unit—

A new high speed paper tape console, consisting of a 400 character per second photoelectric reader and a 60 character per second punch, makes possible an 1800% increase in the input speed and a 500% increase in the output speed of the ALWAC III-E Electronic Digital Computing System, manufactured by this corporation.

This new high speed ALWAC unit provides rapid read-in and punch-out of data on paper tape and greatly increases the volume of productive computing time of the ALWAC III-E because the speed of the computer is not delayed by slower input and output devices. The new console also increases the ALWAC III-E system's range of applications, now extended to include unlimited storage of data (inventory, payroll, personnel, sales, production and accounting records) on inexpensive paper tape.

Modular construction of the new high speed paper tape unit permits the purchase of either punch or reader if application does not require both. Basic price of the ALWAC III-E computer is $48,000.—V. 184, p. 822.

Long Island Lighting Co. — Bonds Offered—Halsey, Stuart & Co. Inc., as manager of an investment banking syndicate, on Dec. 6 offered $20,000,000 of first mortgage bonds, series I, 4¾% due Dec. 1, 1986, at 102.75% and accrued interest, to yield 4.58%. Napco Industries, Inc.—Reports Earnings—

This corporation reports net sales of $6,135,695 and net earnings of $970,588 in the nine months ended Sept. 30, 1956, equal to $1.54 a share on 629,450 shares of common stock outstanding.

Comparative 1955 nine-month figures are not available since the five companies that merged to form Napco operated separately prior to March 1, 1955, said Max Rappaport, President.

"Inasmuch as the first 1956 Quarter ended with a loss of $40,000, this profit was earned in only a six-month period," said Mr. Rappaport. He added: "It is anticipated that we will continue at a favorable rate and that net earnings for 1956 will be approximately $2 per share."

In the three months ended Sept. 30, net sales totaled $2,146,819 and net earnings were $473,805, equal to 75 cents a share.—V. 181, p. 748.

National Aviation Corp.—Seeks SEC Exemption—

This corporation, it was announced on Nov. 29, has applied to the SEC for an exemption order permitting it to purchase not exceeding 25,000 shares of the $1 par common stock of Northeast Airlines, Inc.; and the Commission has given interested persons until Dec. 10, 1956, to request a hearing thereon.

As previously indicated, Northeast Airlines proposes to make a public offering of 750,000 shares of its common stock. One of the underwriters is to be the firm of Paine, Webber, Jackson & Curtis. One of the partners of that firm, Stuart R. Reed, is a director of National Aviation. Because of such affiliation, the latter's purchase of Northeast Airlines stock during the public distribution thereof is prohibited by the Investment Company Act unless an exemption order is issued by the Commission. National Aviation states that its purchase of Northeast Airlines stock would be made from underwriters other than Paine, Webber, Jackson & Curtis.—V. 184, p. 116.

National Cash Register Co.—Debentures Offered—The company is offering to holders of its outstanding common stock subscription rights to subscribe for $28,170,500 of 4½% convertible subordinated debentures, due Dec. 15, 1981, on the basis of $100 principal amount of debentures for each 25 shares of common stock held of record Dec. 4, 1956. The subscription price is 100%. Subscription warrants expire at 3:30 p.m. (EST) on Dec. 19, 1956. Dillon, Read & Co. Inc. heads an investment banking group which is underwriting the offering. The offering represents the first public financing by The National Cash Register Co. in 30 years.

The debentures are convertible into common stock at $54 per share through Dec. 15, 1966 and at higher prices thereafter to maturity. An annual sinking fund, commencing in 1967, will retire approximately 40% of the issue prior to maturity. The company may retire through the sinking fund an additional amount of debentures not exceeding the amount required to be retired in each year. The debentures will be redeemed for the sinking fund at 100% and are redeemable at the option of the company at prices ranging from 105% to and including Dec. 14, 1961 to 100% on and after Dec. 15, 1977.

PROCEEDS—Net proceeds from the sale of the securities will be used primarily for working capital.

BUSINESS—The company and its subsidiaries are engaged in the production, distribution and servicing of business machines, including cash registers, accounting and bookkeeping machines, adding machines and supplies for these machines. These products are distributed and serviced principally through their own sales and service organizations in the United States and in approximately 95 countries throughout the world.

EARNINGS—For the nine months ended Sept. 30, 1956, net sales and other income of the company amounted to $241,126,000 and net income to $12,661,000. This compares with net sales and other income of $213,985,000 and net income of $9,747,000 for the same period of 1955.

Nekoosa-Edwards Paper Co.—Private Loans—

The stockholders on Nov. 30 approved borrowings by this company of up to $10,000,000 from the Northwestern Mutual Life Insurance Co. and the Aid Association for Lutherans.

Borrowings would be made as needed on or before Sept. 1, 1959 at 4⅝% interest and are to be repayable $500,000 annually commencing in 1960, with the final payment to be due Oct. 1, 1979. The borrowings would be secured by a mortgage on the properties.

The proceeds are to be used for expansion program.—V. 184, p. 921.

New England Electric System—Registers With SEC—

This corporation on Dec. 3 filed a registration statement with the SEC covering 819,000 common shares ($1 par). NEES proposes to offer its common shares in exchange for shares of capital stock of Lynn Gas & Electric Co. on the basis of two shares of NEES common for each share of Lynn stock. The company has arranged for Paine, Webber, Jackson & Curtis and F. S. Moseley & Co. to form and manage a group of securities dealers to solicit deposits under the exchange offer.

The company proposes to acquire all of the 409,500 shares of outstanding capital stock of Lynn, of which 28,223 shares are owned by certain stockholders of Lynn who have contracted to exchange their holdings. The contracting stockholders owning the 28,223 shares of Lynn stock will be entitled to receive in exchange therefor 56,446 shares of NEES stock, in accordance with provisions of the exchange offer.—V. 184, p. 2328.

New Haven Clock Co.—File Reorganization Petition—

This company proposes to file a voluntary petition for reorganization under Chapter X of the Federal Bankruptcy Act, the American Stock Exchange announced on Dec. 6.

Such a petition had been expected to be filed sometime last week in the U. S. District Court in New Haven, Conn.—V. 184, p. 1798.

New York Central RR.—Equipment Trust Certificates Offered—Salomon Bros. & Hutzler and associates on Dec. 7 offered $8,055,000 of 4¾% equipment trust certificates due Jan. 1, 1958-1972, inclusive, at prices to yield from 4.30% to 5%. The group submitted the high bid of 98.069% for the issue at competitive sale on Dec. 6.

Halsey, Stuart & Co., Inc. bid 98.701% for the certificates as 4⅞s.

The offering is subject to award and approval of the Interstate Commerce Commission.

Associates in the offering are Drexel & Co., Eastman Dillon, Union Securities & Co.; and Stroud & Co. Inc.—V. 184, p. 2016.

Niagara Mohawk Power Corp.—Debs. Authorized—

Holders of the common stock on Dec. 4 authorized the corporation to issue convertible debentures in an amount not exceeding $50,000,000. They also authorized an increase of 2,000,000 in the number of shares of common stock and 600,000 in the number of shares of preferred stock.

The preferred stockholders also approved an increase of $50,000,000 in the amount of the corporation's unsecured debt.

Following the vote, the directors authorized preliminary action to issue $46,224,200 of convertible debentures, due Feb. 1, 1972. The company plans that in January, 1957, common stockholders will be given rights to subscribe to the debentures on the basis of one right for each share of common stock held. Twenty-five rights and payment of $100 will be required to subscribe for each $100 of debentures.

This plan is subject to the effectiveness of a registration statement filed with the SEC and to the approval of the New York P. S. Commission. The interest rate, redemption provisions and the number of shares of common stock into which each $100 of debentures will be convertible will be determined at a later date.

The corporation has no immediate plans for issuing the additional shares of common and preferred stock, but such shares will be available for financing of future construction.—V. 184, p. 2328.

Norfolk Southern Ry.—May-October Earnings Rise—

In their second proxy-soliciting letter to shareholders, Henry Oetjen, Chairman and President, and Henry G. Bruns, Chairman of the Executive Committee, who are fighting an effort by an opposition group to gain control of the railroad, on Dec. 5 reported figures covering the road's operations since the present management assumed direction of the corporation last May.

During the May-October, 1956 period, they stated, gross revenues increased to $5,360,431 from $5,190,424 for the same period of 1955, under the prior managemeint, while net income rose to $337,305 from $323,193. They also noted the gross revenues last October exceeded the $1,000,000 level for the first time in three years and that both gross and net income for October, 1956 were the highest for any month since 1953.

Perry N. Selheimer, who lost control at the stockholders' meeting last May, seeks to regain control through the device of a special meeting which has been called for Dec. 21.—V. 184, p. 2226.

Northeast Airlines, Inc.—Proposed Stock Offering—

It is announced that of the additional shares of common stock to be offered by the company, it is anticipated that 50% will be offered to the general public through Carl M. Loeb, Rhoades & Co.; 6% will be purchased by Atlas Corp., which presently holds approximately 56% of the outstanding common stock of Northeast Airlines, Inc.; and the remaining 44% will be offered on Dec. 10, 1956 for sale to the common stockholders of Northeast of record Dec. 7, 1956, other than Atlas Corp., with rights to expire on Dec. 17. See also V. 184, p. 2226.

Nuclear-Chicago Corp.—New Chairman—

James M. Phelan is the new Chairman of the Board and President of this corporation. He was chosen by the board of directors at a meeting held on Nov. 27, according to Joseph R. Gray, Acting Chairman.

Mr. Phelan has had some association with Nuclear-Chicago Corp. since 1951 and has been a member of the board of directors since 1952. He is a partner in the management consulting firm of A. T. Kearney & Co., Chicago, Ill., having become a partner in 1944. He will also actively continue his partnership with that firm in addition to his duties with Nuclear-Chicago Corp.

"We expect to continue the steady expansion of Nuclear-Chicago Corp.," said Mr. Phelan.—V. 184, p. 1395.

Old Republic Insurance Co., Greensburg, Pa.—Also to Operate in Canada—

This company has been authorized to transact business in Canada, according to an announcement made by James H. Jarrell, President. The license was issued Nov. 9 by K. R. MacGregor, Esq., of Ottawa, Superintendent of Insurance for the Dominion. The company is now licensed in 45 states, the District of Columbia, as well as the Dominion.—V. 182, p. 1017.

Olin Mathieson Chemical Corp.—Secondary Offering—A secondary offering of 135,526 shares of common stock (par $5) was made on Nov. 30 by Blyth & Co., Inc., at $49 per share, with a dealer's discount of $1.25 per share. This offering was quickly oversubscribed.—V. 184, p. 2120.

Over-The-Counter Securities Fund, Inc.—Initial Div.—

The directors on Nov. 28 declared an initial dividend of 10 cents per share on the capital stock, payable Dec. 20, 1956 to holders of record Dec. 10, 1956, according to Ralph P. Coleman, Jr., President.

The corporation, a mutual fund devoted exclusively to over-the-counter securities, began offering its shares to the investing public in June of 1956.—V. 184, p. 1799.

Pacific Coast Co.—To Operate Tankship Fleet—

See Union Oil Co. of California below.—V. 183, p. 2420.

Pacific Finance Corp.—To Place Debentures Privately

This corporation filed an application with the SEC on Nov. 29, 1956, for qualification under the Trust Indenture Act of a trust indenture pursuant to which it proposes to issue $3,000,000 of 4¾% debentures due 1971. The debentures are to be sold to Investors Mutual, Inc., and the issuance and sale thereof, according to the application, will not involve a public offering and so will be exempt from registration under the Securities Act of 1933.—V. 184, p. 2120.

Pacific Gas & Electric Co.—Plans Financing—

Subject to formal approval by the board of directors, this company announced on Dec. 5 that it has made tentative plans to sell, at competitive bidding, $35,000,000 face amount of its first and refunding mortgage bonds early next year.

Under present plans it is expected that bids will be received on or about Jan. 22, 1957.—V. 184, p. 2056.

Pacific Power & Light Co.—Registers With SEC—

This company on Dec. 6 filed a registration statement with the SEC covering $20,000,000 of first mortgage bonds, due 1987, and 90,000 shares of serial preferred stock ($100 par), to be offered for public sale at competitive bidding (which will determine the interest and dividend rates, public offering prices and underwriting terms).

Net proceeds of the financing will be used, together with treasury cash, in carrying forward the company's construction program through 1958 and in retiring bank borrowings (not expected to exceed $10,000,000). The company estimates its construction expenditures in 1956, 1957 and 1958 at $29,156,000, $51,822,000 and $53,571,000, respectively (of which $23,946,000 has been expended at Oct. 31, 1956).—V. 184, p. 2120.

Packard-Bell Co.—Name Changed—

The stockholders on Oct. 15 approved a proposal to change the name of this company to Packard-Bell Electronics Corp.—V. 181, p. 649.

Packard-Bell Electronics Corp.—New Name—

See Packard-Bell Co. above.

Parmelee Transportation Co.—To Buy Its Stock—

The company announced on Nov. 29 that it had issued a call for tenders of shares from stockholders at $16 per share on or before 3 p.m. (EST) Dec. 18.

Tenders will be received by the company's agent, Schroder Trust Co., in New York City. See also V. 184, p. 2328.

Patonite Manufacturing Co.—Securities Offered—I. J. Niemuth Co., Dallas, Tex., on Nov. 19 publicly offered to residents of Texas $77,000 of first mortgage 5% bonds and 27,726 shares of common stock in units of $100 of bonds and 36 shares of stock at $550 per unit.

Penn-Texas Corp.—Record Earnings—Stock Increased

Leopold D. Silberstein, President and Chairman of the Board of Directors, on Dec. 3 declared that this corporation is stronger financially than ever before, and that 1956 earnings from all sources will probably reach $8,000,000, the highest in history, and equal to better than $2 per share. He also announced his intention of recommending to the board of directors that both cash and stock dividends be paid on the common during 1957. He stated that the corporation's increasing financial strength warranted this step.

The stockholders on Dec. 3 voted to increase the authorized capital stock (par $10) from 5,000,000 shares to 10,000,000 shares.

Mr. Silberstein also detailed the progress of the corporation's various subsidiaries. He pointed to large air force orders placed with the Hallicrafters Co. and to an indicated 30% jump in the machine tool business of Pratt & Whitney. He also stated that the newest oil well brought in by the corporation's Tex-Penn Oil and Gas was flowing at 500 barrels for 24 hours through a ¼-inch choke and that it had increased the corporation's reserves by approximately 1,000,000 making the total more than 10,000,000. He expressed particular optimism about the corporation's coal operations, pointing out that net tons sold during the first ten months exceeded the corresponding period a year ago by more than 150%. He saw further sharp improvement ahead for this division, citing a backlog of export orders alone at 1,000,000 tons.

Stockholders Protective Committee Formed—

A group of stockholders in this corporation has formed a stockholders protective committee to carry out an immediate and intensive review of the policies and acts of the corporation's present management headed by Leopold D. Silberstein, President and Chairman of the Board, it was announced on Dec. 3.

Alfons Landa, Washington attorney and business executive, will serve as Counsel to the committee.

Other members of the committee announced by Mr. Landa are Mark Thompson McKee, prominent in transportation; Robert C. Finkelstein, major realtor; Wallace S. Whittaker, veteran industrial executive; N. C. Earl, investor and executive; and James Hanks, Washington, D. C., industrial consultant. Mr. Landa said that other members of the committee will be announced subsequently.

Headquarters set up by the committee are located at 1 East 54th St., New York, N. Y.—V. 184, p. 2328.

Perkin-Elmer Corp.—Notes Sold Privately—The corporation, it was announced late last month, has placed privately with the Prudential Insurance Co. of America an issue of $1,000,000 5% promissory notes due 1972.

The proceeds are to be used to refund an issue of 4½% mortgage notes.—V. 184, p. 430.

Pittsburgh Consolidation Coal Co.—Extends Offer—

George H. Love, President, on Dec. 3 announced that since shareholders representing more than 85% of the 1,020,456 outstanding common shares of Pocahontas Fuel Co., Inc. have accepted the stock exchange offer of Pittsburgh Consolidation, the exchange was declared effective.

The basis of exchange is 2⅜ shares of Pittsburgh Consolidation common stock for each share of Pocahontas. Shareholders of Pocahontas who have not deposited their certificates will have until Feb. 1, 1957 to effect an exchange, Mr. Love stated.—V. 184, p. 2057.

Pittston Co.—Merger—Conversion Ratio—

In connection with the declaration on Nov. 23 of a 5% stock dividend on its common stock, the company on Nov. 29 called attention to the fact that the agreement of merger with Clinchfield Coal Corp. provides that the $3.50 Pittston cumulative preferred stock, to be issued to the Clinchfield common stockholders when the merger is declared effective, is convertible into Pittston common stock at an initial ratio of 1⅓ shares of common for each share of preferred, subject to adjustment by reason of any stock dividends paid by Pittston on its common stock subsequent to the date of merger.

As it is now contemplated that the merger will be made effective on Dec. 31, 1956, the 5% stock dividend payable on Jan. 10, 1957, will result in the adjustment of the conversion ratio on the preferred stock from 1⅓ shares of common for each share of preferred to 1⅜ shares of common for each share of preferred on and after Jan. 11. In effect, this results in a preferred stockholder receiving the benefit of any stock dividend paid by Pittston on its common stock in addition to the cash dividend of $3.50 per share paid on the preferred stock.—V. 184, p. 2227.

Pocahontas Fuel Co., Inc.—Offer Extended—

See Pittsburgh Consolidation Coal Co. above.—V. 184, p. 2057.

(H. K.) Porter Co., Inc.—To Build 17-Story Building

This company on Nov. 30 announced plans to have constructed a 17-story office building at Sixth Avenue and Grant Street, Pittsburgh, Pa., according to T. M. Evans, President. The general offices of the company will occupy approximately six floors of the proposed building and the balance will be rented to other tenants.

The proposed building, it is expected, will be ready for occupancy by mid-1958.—V. 184, p. 430.

Prince Marine Drilling & Exploration Co., Houston, Tex.—Registers With SEC—

This company on Dec. 6 filed a registration statement with the SEC covering $1,250,000 of 5½% sinking fund debentures due Jan. 1, 1969, and 125,000 shares of common stock (50c par), to be offered for public sale in 12,500 units each consisting of $100 of debentures and 10 shares of stock. The public offering price and underwriting terms are to be supplied by amendment. Shields & Co. is named as the principal underwriter.

The company was organized under Delaware law on Nov. 26, 1956, by Associated Oil & Gas Co. and Shields & Co. for the purpose of engaging in the business of drilling oil and gas wells, and also acquiring interests in, developing operating oil and gas properties. It holds an option to acquire two submersible drilling barges with rigs and related equipment, one gas butane powered land rig and equipment, and other miscellaneous drilling apparatus and equipment, together with certain oil, gas and other mineral leasehold interests, including properties now producing gas and oil.

Net proceeds of this financing will be used to pay the $1,182,000 cash portion of the purchase price of these properties. The balance of such proceeds will be added to the general funds as working capital.

Various sellers of the properties in question have granted an option, now held by F. & C. Realty Co., a Texas corporation, to buy such properties for $2,030,000 cash (subject to adjustments) plus 166,176 shares of the common stock of Associated Oil. Prince Marine has agreed to purchase such properties from F. & C. subject to a reserved oil and gas production payment of $850,000, for $1,182,000 and the 166,176 shares of Associated Oil stock. F. & C. has arranged to sell the reserved production payment to a third party for $850,000.

Associated Oil has agreed to issue the 166,176 shares of its stock to F. & C., which in turn will transfer such stock to the sellers of the properties in satisfaction of the option. The cash requirements of the option will be satisfied out of the cash proceeds of the financing.

As consideration for the issuance by Associated Oil of its stock to F. & C., Price Marine has agreed to pay Associated Oil $550 in cash and to issue to it 4,812 shares of $100 par 6% cumulative preferred stock and 224,500 shares of common stock of Prince Marine. The latter also has agreed that upon its acquisition of the properties owned by the sellers it will make the following sales of its common stock at $1 per share for investment: 99,500 shares to Shields & Company; 5,000 shares to Z. C. Ambrose, President; 25,000 shares to Jack G. Taylor, a finder and director of the company and a director of Associated Oil; 2,000 shares to A. Knox Tyson, C. R. Williams and John W. Wimberly, directors; and 25,000 shares to the underwriters. Upon consummation of the foregoing transactions, Associated Oil will own 44% of the outstanding common stock of Prince Marine and its directors an additional 5.9%. Dewey K. Davis, Vice-President and General Superintendent and director, also has agreed to purchase for investment 25,000 common shares for $25,000, the total purchase price of which is due and payable on or before Dec. 31, 1961.

P. R. M., Inc.—Name Changed—

The name of this corporation has been changed to Associated Artists Productions Corp., and accordingly, beginning Nov. 29, 1956 transactions in the common stock (par $1) on the American Stock Exchange have been recorded in the new name of the corporation.—V. 184, p. 729.

Public Service Electric & Gas Co.—Stock Offered—Public offering of 1,000,000 shares of common stock (no par value) was made on Dec. 5 by a nationwide underwriting group headed by Merrill Lynch, Pierce, Fenner & Beane at $31.12½ per share. This offering has been oversubscribed.

PROCEEDS—Net proceeds from the offering, together with proceeds received from the sale on Nov. 21, 1956 of $50,000,000 first and refunding mortgage bonds due 1986, will be added to general funds of Public Service and used for general corporate purposes. Such purposes include the prepayment of bank loans and the payment of part of the cost of the company's current construction program. The bank loans, incurred in 1956, were used for general corporate purposes including payment for a portion of the construction costs.

Estimated cost of the current construction program as of Aug. 31, 1956 was $226,000,000, the largest items of which are the construction of two new electric generating stations. Of the $226,000,000, approximately $42,200,000 has been or will be expended in the last four months of 1956 and about $81,700,000 will be expended in 1957. Gross property additions during the first eight months of 1956 amounted to $77,859,003 and during the period Jan. 1, 1951 to Aug. 31, 1956 they totaled $466,079,814.

DIVIDENDS—The company is currently paying common dividends at the rate of 45c a share quarterly, equal to $1.80 a year.

EARNINGS—Total operating revenues of Public Service Electric in the 12 months ended Aug. 31, 1956 were $292,788,691 and net income applicable to the common stock was $23,572,250, equal to $2.38 a share on the average number of common shares on which dividends were paid during the period.

Reichhold Chemicals, Inc.—Files Suit—

This corporation on Dec. 6 announced that it has filed a $150,000 suit against Delaware Chemicals Corp. of Staten Island, N. Y., for fraud. The suit was filed in New York State Supreme Court.

The litigation arises out of the same circumstances concerning the manufacture of pentaerythritol for which Delaware Chemicals is suing RCI in Wilmington, Del.

RCI alleged that Delaware Chemicals had made false representations, among them that it had a commercial process for the manufacture of pentaerythritol, that it had a plant suitable for the manufacture of high grade penta as well as the necessary skill and knowledge to manufacture it.—V. 184, p. 2121.

Rhinelander Paper Co.—Omits Dividend—Earns. Up—

Due to the necessity of conserving cash for the installation of a new boiler and turbine (costing in the neighborhood of $4,000,000), the directors on Nov. 27 decided to omit dividend payments on the outstanding common stock.

The omission of a dividend is in no way a reflection on the earnings of the company. The following comparison shows the progress that has been made:

	Jan. 1 to Oct. 27, '56	10 Mos. End. Oct. 31, '55
Net earnings	$1,726,867	$1,434,958
Earnings per share	$3.20	$2.66

Folke Becker, Chairman of the Board, further stated:

"The primary purpose of the action taken by the board is one of cash conservation. As of Oct. 27, 1956, the outstanding indebtedness of this company was $5,021,000. This indebtedness, together with the present high interest rates, influenced the board in its decision to conserve the company's cash rather than to borrow additional funds at this time.—V. 183, p. 2422.

Richwell Petroleums, Ltd.—Proposed New Name—

See Wilrich Petroleums, Ltd. below.

Rockwood & Co.—Way for Merger Cleared—

See Selby Shoe Co. below.—V. 175, p. 1025.

Roddis Plywood Corp.—Secondary Offering—A secondary offering of 3,000 shares of common stock (par $1) was made on Nov. 27 by Blyth & Co., Inc., at $15 per share, with a dealer's discount of 75 cents per share. A small unsold balance was subsequently withdrawn.—V. 183, p. 2079.

Saco-Lowell Shops—Gross Elected a Director—

Boone Gross, President of the Gillette Safety Razor Co., has been elected a director of Saco-Lowell Shops, manufacturers of textile machinery since 1813, according to Malcolm D. Shaffner, President of Saco-Lowell.

Mr. Gross is active in various enterprises, including membership on the board of trustees of American Optical Co.—V. 181, p. 751.

St. Regis Paper Co.—Makes Exchange Offer—

The company is offering the holder of the outstanding shares of common stock of J. Neils Lumber Co. 750,000 of its shares of common

THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, Dec. 8, clearings for all cities of the United States for which it is possible to obtain weekly clearings will be 13.3% above those of the corresponding week last year. Our preliminary totals stand at $23,341,689,418 against $20,606,592,698 for the same week in 1955. At this center there is a gain for the week ending Friday of 16.0%. Our comparative summary for the week follows:

Total all cities for week	$23,341,689,419	$20,606,592,698	+13.3

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday, and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results of the previous week—the week ended Dec. 1. For that week there was an increase of 2.3%, the aggregate clearings for the whole country having amounted to $23,121,919,896 against $22,602,910,090 in the same week in 1955. Outside of this city there was a gain of 3.3%, the bank clearings at this center showing an increase of 1.3%. We group the cities according to the Federal Reserve Districts in which they are located and from this we note that in the New York Reserve District (including this city) the totals show a gain of 1.3%, in the Boston Reserve District of 3.9% and in the Philadelphia Reserve District of 7.7%. In the Cleveland Reserve District the totals are larger by 5.1%, in the Richmond Reserve District by 0.1%, and in the Atlanta Reserve District by 2.6%. The Chicago Reserve District records an improvement of 2.4%, the St. Louis Reserve District of 5.7% and the Minneapolis Reserve District of 4.5%. In the Kansas City Reserve District there is an increase of 4.1% and in the San Francisco Reserve District of 1.6%, but in the Dallas Reserve District the totals register a decrease of 3.0%.

In the following we furnish a summary by Federal Reserve Districts:

stock (par $5) in exchange for the 300,000 outstanding $10 par value common shares of the Neils Company on the basis of 2½ shares of St. Regis stock for each Neils common share. The First National Bank of Portland, Portland, Ore., is depositary and exchange agent.

The exchange offer will expire at 3 p.m. (PST) on Dec. 31, 1956, unless such date is extended by the St. Regis Co.—V. 184, p. 1956.

Seaboard Oil Co.—Closes New York Office—

The company will close its New York office, effective Dec. 15, 1956. All communications after that date should be addressed to the head office of the company in the Continental Building, Dallas 1, Texas. —V. 184, p. 2329.

Sears Roebuck Acceptance Corp.—Plans Financing—

The first public financing by this recently formed subsidiary of Sears, Roebuck & Co. will be undertaken next month, Theodore V. Houser, Chairman of the parent firm, has announced.

At the same time, Mr. Houser said the parent company is not planning any long-term financing "at this time."

The Acceptance corporation's financing will consist of $50,000,000 of long-term debentures. Registration of the issue with the SEC is expected shortly with public marketing scheduled for January by an investment banking group headed by Goldman Sachs & Co., Halsey, Stuart & Co., Inc. and Lehman Brothers.

The proceeds from the proposed offering will be used to purchase customer instalment receivables from Sears, Roebuck & Co.

In mid-November, when formation of the wholly-owned subsidiary was disclosed, Mr. Houser said that it would provide an additional source of funds with which to meet the parent company's expanding volume of time payment sales. Sears will continue to sell a portion of its instalment receivables to banks, a practice initiated in 1938, he added.

Donald MacArthur, Treasurer of Sears, Roebuck & Co., has been elected President of the Acceptance subsidiary.

Securities Investment Co. of St. Louis—New Director

John C. Baine has been elected a director of this company, it was announced by C. Harold Schreiber, President. Mr. Baine is President of St. Louis Public Service Co.—V. 183, p. 3016.

Selby Shoe Co.—Offer to Stockholders—

The company is offering to pay $17.25 per share to stockholders who opposed the merger of Selby into Rockwood & Co., approved by a majority of shareholders Nov. 6.

The company offer falls far short of the demands of some shareholders who have asked the company for fair cash value of their stock. Most of the dissenting shareholders asked for $34 and $35 per share, while one holder reportedly sought $42.

The Common Pleas Court at Portsmouth, Ohio, dismissed an injunction to prohibit Selby and Rockwood from certifying the merger to state secretaries of Ohio and Delaware. Harold K. Baron, New York city holder of 700 shares, filed the suit to block the merger. Dismissal clears the way for certification of the merger.

Dissenting stockholders must press their demands with court suits if they still insist on fair cash value and turn down the company's offer, a company spokesman said. Terms of the Selby-Rockwood merger provided an exchange of five shares of Selby common for one share of a new Rockwood series B 6% preferred stock, $100 par.—V. 178, p. 1821.

Serrick Corp., Defiance, O.—Note Placed Privately—This corporation, it was announced on Dec. 6, has arranged to place privately, through Blyth & Co., Inc., a $1,000,000 promissory note due 1968.—V. 184, p. 1800.

Sheraton Corp. of America—Buys Two Motels—

A new sign went up in suburban Syracuse, N. Y., on Nov. 21, when two local motels became the first highway properties to join this corporation and add its family name.

The 153-room King George, largest motel in the State of New York, became the Sheraton-Syracuse Inn, and the 150-room Dewitt Ranch, in nearby Dewitt, N. Y., was renamed the Sheraton-Dewitt Motel. —V. 184, p. 2122.

Sinclair Oil Corp.—Debentures 97.8% Subscribed For—This corporation reported on Dec. 4 that of its recent offering to shareholders of $167,247,600 principal amount of 4⅜% convertible subordinated debentures due 1986, a total of $163,570,700, or 97.8%, had been subscribed for. The unsubscribed portion of $3,676,900 of the debentures has been taken up by the underwriters headed jointly by Smith, Barney & Co. and Merrill Lynch, Pierce, Fenner & Beane.—V. 184, p. 2330.

Southwestern Public Service Co.—To Offer Stock—

This company plans to offer its stockholders the right to subscribe to 292,000 shares of common stock on the basis of one new share for each 14 shares held, H. L. Nichols, Chairman, announced earlier this month.

He said the new issue would be registered with the Security and Exchange Commission on Dec. 21, and offered to shareholders on Jan. 15, 1957. The company has not yet set a record date for subscription to the stock offer.

Mr. Nichols said the company expects to raise about $7,500,000 from the stock sale and will use $5,000,000 of the funds to pay off bank loans and the remaining $2,500,000 to help pay its 1957 construction bill.

The company expects to do no further financing until late in 1959, when it plans to raise between $2,000,000 and $3,000,000 from bank loans or the private placement of mortgage bonds, Mr. Nichols said. —V. 184, p. 2058.

Standard Register Co.—Offering to Employees Oversubscribed—The recent offering of 40,000 shares of common stock (par $1) to the company's officers and regular full-time employees at $22.45 per share has been oversubscribed by 30%. See also V. 184, pp. 1957 and 2228.

Stix, Fuller & Fuller—Sales and Earnings—

Sales for the period ended Oct. 27, 1956, were $40,622,752, which compares with $37,397,404 for the period ended Oct. 29, 1955, or an increase of 8.6%. Net profit before taxes amounted to $1,781,227 this year, which is compared with $1,834,363. Net profit after taxes was $837,127 compared with $862,163 in 1955. These net earnings, after deducting preferred dividend requirements, were equivalent to $1.12 per share of common stock outstanding compared with $1.16 per share in 1955. It is to be noted that these figures represent the parent company only, inasmuch as the subsidiaries have not been consolidated since the end of fiscal year 1955.

The third quarter earnings represent an important recovery in profit over the first and second quarters of the year. The quarterly earnings figures in comparison with last year are as follows:

	1956	1955
First Quarter	$.19	$.44
Second quarter	.09¾	.13
Third quarter	.83¼	.59
Nine months	$1.12	$1.16

Studebaker-Packard Corp.—To Produce New Clipper

This company on Dec. 6 previewed one model of its new and different Packard Clipper line for 1957. The four-door sedan shown is two inches lower, 300 pounds lighter and 20% better in acceleration and performance than previous Packard Clipper cars.

Displayed publicly for the first time at the New York Automobile Show which opened Dec. 8, the new Packard Clipper will be introduced by dealers in mid-January along with a 4-door station wagon, the first in the Packard line since 1950.

Harold E. Churchill, President, said the company will concentrate its Packard program for 1957 in the medium priced field where 80% of its Packard sales have been for the last two years.

Representing a major move toward parts and body interchangeability, a two-year goal of the company, the cars are the first to be made in South Bend, Ind., as part of the company's program of consolidation of all automobile manufacturing there. Production will begin about Dec. 17.

While withholding all mechanical details of the new models until dealership introduction time, Churchill said the cars will be the highest performing production Packard Clippers ever made by the company with at least three automotive engineering firsts in the medium priced field.

Moving rapidly ahead on the program, following conclusion of the agreements with Curtiss-Wright corporation last August, the company met with the Packard-Clipper dealer council Aug. 28 and immediately announced its plans to introduce the 1957 Packard shortly after the first of the year. While accomplishing this major engineering, styling and purchasing feat, the company moved all Packard activities out of the facilities in Detroit and consolidated them in the South Bend plants.

At the same time, wherever feasible, Packard and Studebaker dealers were dualed in preparation for the new Packard car program, not only to broaden the distribution base and the number of service points for Packard buyers, but also to strengthen individual dealers by giving them a wider price range in which to market. At introduction time the corporation will have an estimated 2,050 dealers authorized to handle Packard service and sales compared with approximately 1,200 at the beginning of 1956.

Concurrently with approval of the 1957 Packard program in August, the company moved into final styling and engineering phases of the 1958 programs for both Studebaker and Packard.—V. 184, p. 1482.

Sunrise Fund, Inc., N. Y. City—Registers With SEC—

The corporation filed a registration statement with the SEC on Dec. 3, 1956, covering 500,000 shares of its capital stock, to be offered for public sale at $5 per share.

Organized under New York law on June 30 1955, the company will operate as a diversified management investment company. It is presently a closed-end investment company but will become an open-end company in March, 1957, or on such earlier date as all the shares the subject of this offering are sold.

Sunset International Petroleum Corp.—Declares Initial Dividend—Wildcat Well Shows Oil—

The directors on Nov. 29 declared an initial semi-annual dividend of four cents per share on the common stock payable Dec. 27, 1956, to holders of record Dec. 11, 1956.

A wildcat well drilled by this corporation near Edmonton, Alberta, in Canada has encountered 38 gravity oil and a substantial amount of gas in the D2 formation at a depth of 4,040 feet, it was announced on Nov. 30 by Morton A. Sterling, Executive Vice-President. This is the company's initial venture in the exploration for oil in Canada, said Mr. Sterling.

The new well is located 1¾ miles south of Ardrossan townsite and 11 miles east of Edmonton. It is on a 4.480 acre site obtained on a farmout from Hudson's Bay Oil Co. and Imperial Oil Ltd. This represents only a small portion of the total farmout which exceeds 20,000 acres located on a trend south and east of Edmonton.

The well, the Brinkerhoff, was drilled as a joint venture by Sunset International Petroleum, Terminal Oil Co. and Douglas Oil Co., all of Los Angeles, and Brinkerhoff Drilling Co. of Calgary, with the latter the operator. Each of the companies holds a 25% interest.

On formation tests, clean 38 gravity oil surfaced in 16 minutes and gas flowed at a daily rate of up to 1,250,000 cubic feet.

Mr. Sterling also announced that the casing has been set and cemented at a depth of 4,100 feet preparatory to giving the well a thorough production test.—V. 184, p. 2164.

Tectum Corp., Newark, Ohio—Debentures Offered—

The Ohio Company, Columbus, O., has underwritten a $1,000,000 issue of Tectum Corp. 15-year 5¾% sinking fund debentures, it was announced on Dec. 2 by Ewing T. Boles, President of the investment banking firm.

The Ohio Company is offering these debentures to Ohio residents only. Priced at $995 per $1,000 debenture, plus accrued interest, the debentures will pay $57.50 a year for each $995 invested, a yield of 5.8%.

The proceeds from the sale of the debentures, offered in $500 and $1,000 denominations, will be used to purchase automated equipment for a proposed new plant to be built in the Southwest. Proceeds of a recent issue of 80,000 shares of Tectum common stock, all of which was offered and sold by The Ohio Company, will be used for the same purpose. When the new plant is in operation in late 1957 or early 1958, total production of "Tectum" will be increased by 150%. See also V. 184, p. 2330.

Texas Fuel Corp., Clarksville, Tex.—Files With SEC—

The corporation on Nov. 29 filed a letter of notification with the SEC covering 120,000 shares of common stock (par $1) to be offered at $2.50 per share, through Franklin Securities Co., Dallas, Texas. The proceeds are to be used to pay bank loans, financing of time payment sales of appliances and air conditioners and for working capital.

Thermal Research & Engineering Corp.—New Dev.—

This corporation and Stone & Webster Engineering Corp. will cooperate in the promotion of a high velocity combustion method developed by Stone & Webster for producing sulfur dioxide. This was announced on Nov. 26 in a joint statement by T. C. Williams, President of Stone & Webster Engineering Corp., and L. C. Peskin, President of Thermal Research & Engineering Corp. The joint undertaking, which will be of special interest to the paper industry and other sulfur users, will make use of the Thermal burner in the Stone & Webster high velocity sulfur combustion process. For similar capacities, sulfur dioxide production units incorporating this advancement will be approximately one-twentieth the size of conventional type equipment. Considerable savings in both installation and maintenance costs are also anticipated.—V. 184, p. 471.

Thew Shovel Co.—Record Sales Expected—

The favorable level of construction activity throughout the nation holds promise of a near record sales volume in 1956 for this company, according to C. B. Smythe, President.

Since about 22% of the Lorain machines are used for road building and maintenance, continuation of the nation's $33 billion Federal road-building program, matched with about $53 billion local dollars is certain to contribute good business for this company, Mr. Smythe declared. While there may be some change in construction, with home building somewhat lower, he thought construction in general would stay close to its present level for the remainder of 1956 and through much of 1957.

Sales of between $46 million and $47 million in 1956 were estimated by Mr. Smythe. This would be the second highest yearly volume in the company's history, surpassed only in 1952, when postwar sales brought the volume up to $48,380,000. Sales in 1955 totaled $34,750,000. Net earnings for 1956 should be between $4.25 and $4.50 a share, Mr. Smythe estimated.—V. 184, p. 954.

Third Avenue Transit Corp.—Plans Issuance of Bonds—To Change Name—

This corporation filed an application with the SEC on Nov. 30, 1956, for qualification under the Trust Indenture Act of a trust indenture pursuant to which $8,528,000 of first mortgage 6% bonds are to be issued. The bonds are to be issued pursuant to a Joint Plan of Reorganization, dated June 26, 1956, which has been confirmed by order dated Oct. 8, 1956, of the U. S. District Court for the Southern District of New York in reorganization proceedings before that Court of the company and certain of its subsidiaries, pursuant to Chapter X of the Bankruptcy Act. Under the plan, a wholly-owned subsidiary of the company, Surface Transportation Corp. of New York, will be merged into the company, which will thereupon assume the name of Surface Transit, Inc. The company will then issue the bonds, under the name Surface Transit, Inc., to the holders of the first refunding mortgage 4% gold bonds, due 1960, of Third Avenue Railway Co., at the rate of $575 of the new bonds for each $1,000 of the first refunding bonds. In addition, the company will pay $424 in cash for each $1,000 of first refunding bonds.—V. 184, p. 1627.

Thor Power Tool Co.—Stock and Cash Dividends—

The directors on Dec. 3 announced a 5% stock dividend in addition to the regular quarterly dividend of 40 cents.

Neil C. Hurley, Jr., President, said the common stock dividend was declared as an "extra in reflection of record sales and earnings attained by the company in the first six months and the first three quarters of 1956."

The regular quarterly cash dividend of 40 cents a share on the common stock is payable also on the extra shares in the stock dividend. Both stock and cash dividends are payable Dec. 29, 1956 to stockholders of record Dec. 13, 1956.

Mr. Hurley reported the company's net income before the end of October already had surpassed the earnings for the entire year of 1955.

He said the company's current record levels could be attributed to wide acceptance of new products of all its divisions, and to a continued sharp increase in do-it-yourself activity. Net income for the first nine months was $1,929,357, or $2.45 a share, compared with $1,443,934, or $1.83 a share in the same period in 1955, an increase of 34%.

Mr. Hurley predicted the fourth quarter would maintain the high levels and result in a new all-time record year for the company.—V. 184, p. 2165.

Tidewater Oil Co.—Completes Three More Units—

Three large petroleum processing plants, including one unsurpassed in capacity anywhere in the world, have been placed in operation at this company's new Delaware Flying A Refinery, officials announced on Nov. 27.

They are a 102,000-barrel-per-day Orthoflow fluid catalytic cracking plant—largest ever built—a huge gas plant, and a catalytic polymerization plant.

In September, a 130,000-barrel-per-day crude distillation plant became the first unit to go on stream at the refinery site 15 miles south of Wilmington.

The greater portion of the partly finished products from the four units now in operation are being placed in storage pending completion of several other major units still under construction. The entire refinery is scheduled to be operating early next year.

Moves Refinery Personnel—

Eight buildings, forming an administrative center and laboratories for this company's new Delaware Flying A refinery, 15 miles south of Wilmington, Del., are about complete and most office personnel have moved in, officials announced on Dec. 4.

The ultra-modern 130,000-barrel-a-day plant is, however, still unfin-

ished, they added. So far, four manufacturing units—the crude distillation unit, the Orthoflow fluid catalytic cracker, the gas plant and the catalytic polymerization plant—are now in operation. The remaining seven units will be placed "on stream" as they are finished this year and early 1957.—V. 184, p. 1840.

Tilo Roofing Co.—Giles Elected a Director—

Jeremiah D. Giles, President of the Celluplastic Corp., Newark, N. J., has been elected a director of Tilo Roofing Co., it was announced on Nov. 30. Mr. Giles was formerly president of the Glasfloss Corp., a Tilo subsidiary sold in March 1954 to the Pittsburgh Plate Glass Co.—V. 184, p. 964.

Topp Industries, Inc.—Acquisition—

Acquisition by this corporation of all assets of Heli-Coil Corp., Danbury, Conn., maker of wire screw thread inserts and other fasteners, was announced on Nov. 17 by B. F. Gira, President.

Topp exchanged 100,000 shares of common stock, $900,000 face value of 3% convertible subordinated debentures and $500,000 in cash for the Heli-Coil assets.—V. 184, p. 1170.

Tower Acceptance Corp., Houston, Tex. — Registers With Securities and Exchange Commission—

The corporation on Dec. 7 filed a registration statement with the SEC covering a proposed issue of 200,000 shares of class A common stock (par $1) to be offered at $5 per share, through S. D. Fuller & Co. of New York City. The net proceeds are to be used for working capital and general corporate purposes.

Trans-Canada Pipe Lines, Ltd.—Deadline Extended—

The Canadian Board of Transport Commissioners on Nov. 30 gave this company a two-month extension in its Dec. 1 deadline for showing satisfactory financing of its $370,000,000 natural gas pipeline.

It was the sixth deferment in two years for the company, which proposes to build a 2,287-mile line from the Alberta border to the east. The company now holds a provisional permit from the Board, conditional on its showing adequate contracts for gas and for sale of its securities.

The deadline set by the Board is now Feb. 1, and Chief Commissioner J. D. Kearney said it would be reviewed again Jan. 31.

The Alberta Government told the Board it approved the corporation's application, and D. A. Golden, Deputy Defense Production Minister, said the Government already had extended its own deadline for Trans-Canada to Feb. 1. Financial witnesses for Trans-Canada told the Board that the money market had deteriorated but they were hopeful the company could be financed adequately in the next two months.

A. Deane Nesbitt, speaking for the Canadian syndicate participating in the underwriting of Trans-Canada securities, said $30,000,000 in bonds had been taken up in Canada and he estimated another $6,000,000 would be absorbed.

For the United States syndicate Paul Clarke of New York said sales of $80,000,000 were in sight in the United States and a good portion of another $18,000,000 should be available.

The company proposes to issue $144,000,000 in first mortgage bonds in addition to junior securities.

Mr. Nesbitt told the Board the underwriters hoped to issue the junior securities—common stock and debentures—early in the new year after the bonds had been taken up. See also V. 184, p. 2373.

Trans World Airlines, Inc.—Burgess Named President

Carter L. Burgess, whose resignation as Assistant Secretary of Defense was accepted by President Eisenhower on Dec. 5 has been named President of this corporation, Howard Hughes has announced.

Mr. Hughes is President and sole owner of Hughes Tool Co. of which TWA is a subsidiary.

"Mr. Burgess will assume his duties with TWA as Chief Executive Officer, member of the board of directors and member of the executive comm'tee early in 1957, following completion of government projects in which he is currently engaged," Mr. Hughes said.

The position of TWA President has been vacant since Ralph S. Damon, President from 1949 to 1956, died last Jan. 4. John A. Collings, Executive Vice-President, has been Acting Chief Executive since then.—V. 184, p. 525.

Transocean Air Lines, Inc.—Training Contract—

The Taloa Academy of Aeronautics, a division of this corporation at Oakland, Calif., has been awarded an aviation training contract by the United States Army.

The contract calls for the training of 108 commissioned aviators of the Sixth Army in instrument flying. Both the flight and ground school instruction will be given at Metropolitan Oakland International Airport. The first class will commence Jan. 7, 1957, and the last class will graduate Dec. 6, 1957.

Tri-Continental Corp.—Smaller Extra Expected in '57

Holders of this corporation's common stock will have received by the end of 1956 a total of "around $2" on their shares, currently selling around $27, Francis F. Randolph, Chairman of the Board and President, told the New York Society of Security Analysts on Nov. 19.

This amount includes a 50c extra dividend, paid in February on the basis of a subsidiary's earnings, he explained, adding that the nation's largest diversified closed-end investment company expects to pay another extra dividend next year, although less than the amount paid in 1956.

Mr. Randolph brought out that the stock, which opened the year with a market price of $25¾ and traded between 24¾ and 28¾ throughout the year, was now selling at about $27 despite some 800,000 new shares coming into the market in 1956 from exercise of warrants and subsequent sale of the common stock received in arbitrage type transactions.

"You would say," he commented, "that it would be impossible to pour that many new shares on the open market and not break the price of the stock badly."

It is believed that some 325,000 of these shares were purchased by investors in England and Scotland, Mr. Randolph disclosed. He expressed the belief they were the "long term" type of investor, and told the analysts that London investment brokerage houses have been giving Tri-Continental approving write-ups in recent months.

Mr. Randolph gave as a general reason for splitting off the public underwriting activities formerly conducted by Tri-Continental's subsidiary, then known as Union Securities Corp., the fact that this portion of the operation and the investment company management portion had both grown "too big for joint management." As the basic undertaking of Tri-Continental is investment management, he said, the public underwriting activities were separated.

He spoke of the need in financial circles for "intermediate financing," and said this was the field in which the subsidiary, now known as Tri-Continental Financial Corp., would continue to operate. —V. 184, p. 1841.

Union Oil Co. of California—Turns Over Operation of Tankship Fleet—

This company on Nov. 30 announced plans to turn over the management and operation of its tankship fleet to Pacific Coast Transport Co., a subsidiary of The Pacific Coast Co., effective Dec. 1.

"This change-over," explained E. L. Hiatt, Vice-President of Transportation, "is in line with Union Oil's policy of contracting for services which are not directly connected with the production, manufacturing and marketing of petroleum and petroleum products.

"It is believed that economies will be effected over the long term by transferring operation of the company's chartered tankship fleet to an organization specializing in that field.

"Seagoing personnel and a substantial number of the company's marine department shore-side organization will be employed by Pacific Coast Transport Co."—V. 184, p. 2059.

United States Hoffman Machinery Corp.—Unit Opens German Plant—

Radiant Manufacturing Corp., a subsidiary, on Dec. 4 announced the opening of new manufacturing facilities in Bergisch Gladbach—suburb of Cologne, Germany. A complete line of Radiant table, portable tripod and wall screens will be manufactured for European consumption at the new plant.

Word of Radiant's German plant follows close on the heels of their ground-breaking for a new $1,800,000 factory and office building in suburban Chicago, Ill., at which their three Chicago factories and main offices will be consolidated. This new structure is planned for completion within six months.—V. 184, p. 1397.

U. S. Industries, Inc.—Debentures Offered—Lehman Brothers and associates on Dec. 7 offered $6,000,000 of 5½% convertible subordinated debentures due Dec. 1, 1971, convertible into common stock at any time at $16.66⅔ a share. The debentures are priced at 100%, plus accrued interest.

The debentures have the benefit of a purchase fund and of a sinking fund. The purchase fund provisions require the company to purchase in each of the years 1957-1960 under certain conditions, $240,000 principal amount of the debentures for retirement. Under the sinking fund provisions, USI will be required to retire $360,000 principal amount of the debentures annually during the years 1961-1970, inclusive; in addition, USI may at its option retire up to an additional $360,000 principal amount in each of those years.

PROCEEDS—Of the net proceeds from the sale of the debentures a portion will be applied to the reduction of short-term notes payable to banks and the remainder used for general corporate purposes. Such purposes include the expansion and improvement of plants and facilities and additional working capital needed to finance increased inventories and accounts receivable resulting from a continuing expansion in sales.

BUSINESS—The corporation is principally engaged in the manufacture of a diversified line of metal fabricated products, including drilling, production and transmission equipment for the petroleum industry, water service equipment, metal fabricating equipment, and other metal fabricated products, among which are aircraft components and electronic systems for aircraft and missiles. The company has 11 plants and employs over 6,000 persons.

EARNINGS—Net sales and other income during the nine months ended Sept. 30, 1956 amounted to $77,212,000 compared with $58,221,000 in the corresponding period of 1955. Net income in the first nine months of this year was $3,553,000, including a special credit of $1,035,000; this compared with net income of $2,106,000 in the like months of 1955.

UNDERWRITERS—Included in the offering group are: A. C. Allyn & Co., Inc.; Bache & Co.; Bear, Stearns & Co.; A. G. Becker & Co., Inc.; Alex. Brown & Sons; Goodbody & Co.; Paine, Webber, Jackson & Curtis; L. F. Rothschild & Co.; Straus, Blosser & McDowell; Van Alstyne, Noel & Co.; Bacon, Whipple & Co.; Ball, Burge & Kraus; E. F. Hutton & Company; Reinholdt & Gardner; Schwabacher & Co.; Stein Bros. & Boyce; J. Barth & Co.; H. Hentz & Co.; Hirsch & Co.; Laird, Bissell & Meeds; Piper, Jaffray & Hopwood; I. M. Simon & Co.; Burke & MacDonald, Inc.; Cantor, Fitzgerald & Co., Inc.; Dixon Bretscher Noonan Inc.; Ellis, Holyoke & Co.; John H. Kaplan & Co.; and Irving J. Rice & Co., Inc.—V. 184, p. 2165.

United States Steel Corp.—To Increase Capacity—

The placing of contracts for construction and improvement of facilities to add about 670,000 ingot tons to the steelmaking capacity of this corporation's Pittsburgh District plants has been authorized, according to an announcement made on Dec. 6 by Harvey B. Jordan, Executive Vice-President—Operations.

These projects will raise the annual capacity of United States Steel's Monongahela Valley plants to about 11,910,000 tons.

Expansion of existing open hearth and electric furnace capacity, together with installation of finishing facilities, will provide approximately 450,000 tons of plates, structural steel, forgings and other products, all considered essential to national defense.

Work on the new facilities and improvements is expected to get under way early in 1957.—V. 184, p. 1734.

Van Norman Industries, Inc.—Private Financing—See Bingham-Herbrand Corp. above.—V. 184, p. 2271.

Varian Associates—To Redeem Debentures—

The company has called for redemption on Dec. 31, 1956, all of its 15-year 5% convertible subordinated debentures due Dec. 1, 1970 at 105% plus accrued interest. Payment will be made at the Crocker-Anglo National Bank, one Montgomery Street, San Francisco, Calif. or The First National City Bank of New York Two Wall Street, New York 15, N. Y.

The right to convert the debentures into common stock will expire on the fifth day prior to the redemption date. Accordingly, until the close of business on Dec. 26, 1956, the debentures will remain convertible into shares of common stock of Varian Associates on the basis of $11.111 principal amount of debentures for each share of such common stock.—V. 184, p. 1398.

Vendo Corp.—Announces Coffee-Vending Machine—

A revolutionary new coffee-vending machine, utilizing the first new process for brewing coffee in more than 50 years, was announced on Dec. 4 by this company.

Robert W. Wagstaff, Executive Vice-President, said the machine, "which represents a million dollar investment in research," has four exclusive features missing in other coffee venders: (1) It is the first to use vacuum-packed coffee; (2) the coffee is brewed right in its own can; (3) it acts as its own filter; and (4) the coffee grounds never leave the can. The new process is known as "jet-brewing."

Hot chocolate may also be purchased through the Vendo machine, which is the first coffee-vender in the company's line. Other Vendo machines dispense milk, cookies, salads, sandwiches, bottled soft drinks, and complete hot and cold meals, from soup to nuts.—V. 184, p. 1398.

Western Development Co.—Farm-Out Agreement—

This company on Nov. 26 announced that the Gulf Oil Corp. has commenced drilling an important new deep test well in the San Juan Basin under a farm-out agreement from Western.

The initial well, located in San Juan County, New Mexico, will test the Gallup formation at an estimated depth of 6,500 feet. —V. 184, p. 52.

Western Maryland Ry.—Proposes Exchange Plan—

A special meeting of stockholders has been called for next Feb. 6 to vote on the issuance of $100 in debentures and one share of new callable first preferred stock for each of the outstanding 177,420 shares of non-callable 7% cumulative first preferred stock. The meeting also will vote on voiding the non-callable provision of the outstanding preferred stock.

Last year the company paid dividend arrears of $19,250,070 on the 7% first preferred, making possible consideration of plans to retire the issue. If stockholders approve the plan, the company will realize tax savings that initially will amount to $500,000 a year. These tax savings would provide a substantial part of the funds for the retirement of the debentures.

Western Natural Gas Co., Houston, Tex.—Files With Securities and Exchange Commission—

The company on Nov. 29 filed a letter of notification with the SEC covering 10,000 shares of 5% convertible preferred stock to be offered to its employees and officers who are not directors at $30 per share. There will be no underwriting.—V. 184, p. 369.

William Penn Finance Corp., Philadelphia, Pa.—Files With Securities and Exchange Commission—

The corporation on Nov. 30 filed a letter of notification with the SEC covering $250,000 of 6% subordinated renewable debentures due Dec. 20, 1966 to be offered at face amount, without underwriting. The proceeds are to be used to repay outstanding indebtedness to Factors Corp. of America and other indebtedness.

Williams-McWilliams Industries, Inc.—Acquisition—

This corporation has acquired the business of Merkel, Inc., chain store, food merchandisers and pork processors, it was announced on Dec. 6 by Rowley W. Phillips, Chairman.

Acquisition of the 56-year-old firm of Merkel, Inc., brings Williams-McWilliams into the food field and sets up a pattern for further diversification, it was indicated by the new group in control of the company, headed by Mr. Phillips. Terms of the transaction were not disclosed.

Merkel, Inc. operates a chain of 52 stores in metropolitan New York, Long Island and New Jersey. Merkel, Inc. is also well-known as a packer of premium pork products. Early this year, Merkel instituted a program to change a number of its stores to Superette Markets, supported by an aggressive advertising campaign. Reports show that each store that has been converted to a Superette Market has approximately doubled its volume. For the fiscal year ended Oct. 27, 1956, Merkel reported gross sales of $30,000,000.

In addition to selling its products through its own stores, Merkel, Inc. sells through leading chain stores. The Merkel products are premium-priced and have earned a reputation for outstanding quality. —V. 184, p. 771.

Wilrich Petroleums, Ltd.—Change in Name, etc.—

The stockholders on Nov. 23 approved the proposed capital reorganization and change in name of the corporation which provides for the issuance of one share of "new" capital stock (par $1) in exchange for each eight shares of present capital stock (par $1) and the change in name of the corporation to Richwell Petroleums, Ltd.—V. 181, p. 1606.

Yale & Towne Mfg. Co.—Publishes New Brochure—

The company has published a new brochure covering in detail the various models in its "Integrated Design" line of gasoline and LP-Gas powered industrial lift trucks.

The booklet includes key features and specifications on trucks from 2,000 to 10,000 pounds in capacity with cushion or pneumatic tires and with Yale Torque Transmission, Fluid Coupling or straight dry disc clutch.

Details are also given for special trucks in the Yale lines such as stevedoring models, cotton and textile trucks, dust protected trucks and those bearing Underwriters' Laboratories GS Approval.—V. 184, p. 2059.

Yardney Electric Corp.—Issues New Brochure—

This corporation has announced publication of a new brochure on its line of "Silvercel" (silver-zinc) and "Silcad" (silver-cadmium) rechargeable storage batteries.

Titled "Compact Power by Yardney," the booklet includes a complete set of technical data sheets giving the latest physical and electrical specifications of available cells and batteries, varying in size from a fraction of an ampere hour to many thousands of ampere hours. An application questionnaire is also provided for designers and engineers requiring cells of special design.

The outstanding features of Yardney cells are outlined in an attractive three-color folder. These advantages include light weight, small size, flat voltage characteristics and high current output. Special advantages cited for the newly developed Silcad battery are long life, ability to accept rapid charging and withstand overcharge, plus a capacity of nearly 2½ times that of nickel-cadmium and lead-acid batteries of equal volume.—V. 183, p. 562.

Zapata Petroleum Corp.—Banker Elected to Board—

J. Hugh Liedtke, President, on Dec. 3 announced that George L. Coleman of Miami, Okla., has been elected a director of this corporation. Mr. Coleman has been associated with the oil industry for many years and is also President and a director of the First National Bank of Miami and a director of the Ben Hogan Co., Ft. Worth, Texas.—V. 184, p. 1627.
