ANGELL, J. W.

Reparations and the cash transfer problem, POLITICAL
SCIENCE QUARTERLY,

September, 1926.

Pp. 25.

Important problem of effecting cash transfers of German reparations will probably arise beginning in 1927-28. This will require a movement of the balance of trade favorable to Germany. Desired results may be obtained if the transfers can be made so as to cause a decrease in German prices which will stimulate her exports and discourage imports. Writer describes mechanism by means of which this may be accomplished.

England has been liberal in shipping gold to US
for selfish reasons--to keep money rates low here.
It would be 'unseemly for her to discontinue gold ship-
ments at that juncture when rate for her future borrow-
ing in US has been practically fixed.
