Dear Mr. Eccles,

I hope you will permit the Rotarian Magazine to use a statement by you about taxes — in substance what you said to the New York State Bankers Association. As an adviser to this magazine, I have made the suggestion. The Editor, Leland Case, will write to you. I just telephoned him in Chicago about it.

We had a visit on the Coast of Maine from your old friends, Fritz and Frances Champs. We hope to welcome you there some day. No need of answering this note.

Sincerely, William I. Foster
