

July 1, 1946

Dear Mr. Snyder:

I have the honor to transmit herewith information concerning the loans authorized by the Export-Import Bank of Washington since July of last year, at which time the Bank received an increase of \$2.8 billion in its lending authority.

Demands upon the Export-Import Bank for reconstruction loans have resulted in commitments which account for \$2.61 billion of the increased loan authorization with total authorizations by countries for reconstruction purposes as follows:

France	\$1,200,000,000
China	566,793,750
Netherlands	300,000,000
Netherlands East Indies	100,000,000
Belgium	100,000,000
European Cotton Credit	100,000,000
Czechoslovakia	50,000,000
Norway	50,000,000
Poland	40,000,000
Finland	35,000,000
Greece	25,000,000
Saudi Arabia	25,000,000
Denmark	<u>20,000,000</u>
Total Reconstruction Loans	\$2,611,793,750

The figure for China represents the total of seven loans, \$500,000,000 of which is accounted for by the Chinese Overall Credit. The Overall Credit has received the approval of the Board of Directors of the Bank in principle. However, it cannot be entered on the books of the Bank until such time as General Marshall indicates that conditions in China warrant action by the Bank on individual projects and the Chinese have agreed to this method of operating.

The figure for Czechoslovakia represents an approval in principle; it is not a firm commitment and has not yet been entered on the books of the Bank.

There is attached a detailed list of all credits authorized by the Bank during the fiscal year just ended, together with a summary of the status of Export-Import Bank funds as of June 30, 1946.

Sincerely yours,

Wm. McC. Martin, Jr.,
Chairman

The Honorable John W. Snyder, Chairman
National Advisory Council
Washington, D. C.
