The bills of this series will be dated May 12, 1943, and will mature August 12, 1943, when the face amount will be payable without interest. They will be issued in bearer form only, and in denominations of \$1,000, \$5,000, \$10,000, \$100,000, \$500,000, and \$1,000,000 (maturity value).

| As modified  
May 6, 1943

Tenders will be received at Federal Reserve Banks and Branches up to the closing hour, two o'clock p.m., Eastern war time, Monday, May 10, 1943. Tenders will not be received at the Treasury Department, Washington. Each tender must be for an even multiple of \$1,000, and the price offered must be expressed on the basis of 100, with not more than three decimals, e.g., 99.925. Fractions may not be used. It is urged that tenders be made on the printed forms and forwarded in the special envelopes which will be supplied by Federal Reserve Banks or Branches on application therefor.

Tenders will be received without deposit from incorporated banks and trust companies and from responsible and recognized dealers in investment securities. Tenders from others must be accompanied by payment of 2 percent of the face amount of Treasury bills applied for, unless the tenders are accompanied by an express guaranty of payment by an incorporated bank or trust company.

Immediately after the closing hour, tenders will be opened at the Federal Reserve Banks and Branches, following which public announcement will be made by the Secretary of the Treasury of the amount and price range of accepted bids. Those submitting tenders will be advised of the acceptance or rejection thereof. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders, in whole or in part, and his action in any such respect shall be final. Subject to these reservations, tenders for \$100,000 or less from any one bidder at 99.905 entered on a fixed-price basis will be accepted in full. Payment of accepted tenders at the prices offered must be made or completed at the Federal Reserve Bank in cash or other immediately available funds on May 12, 1943.

| As modified  
May 6, 1943

The income derived from Treasury bills, whether interest or gain from the sale or other disposition of the bills, shall not have any exemption, as such, and loss from the sale or other disposition of Treasury bills shall not have any special treatment, as such, under Federal tax Acts now or hereafter enacted. The bills shall be subject to estate, inheritance, gift, or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority. For purposes of taxation the amount of discount at which Treasury bills are originally sold by the United States shall be considered to be interest. Under Sections 42 and 117(a)(1) of the Internal Revenue Code, as amended by Section 115 of the Revenue Act of 1941, the amount of discount at which bills issued hereunder are sold shall not be considered to accrue until such bills shall be sold, redeemed or otherwise disposed of, and such bills are excluded from consideration as capital assets. Accordingly, the owner of Treasury bills (other than life insurance companies) issued hereunder need include in his income tax return only the difference between the price paid for such bills, whether on original issue or on subsequent purchase, and the amount actually received either upon sale or redemption at maturity during the taxable year for which the return is made, as ordinary gain or loss.

Treasury Department Circular No. 418, as amended, and this notice, prescribe the terms of the Treasury bills and govern the conditions of their issue. Copies of the circular may be obtained from any Federal Reserve Bank or Branch.

In accordance with the above announcement tenders will be received at the Securities Department of this bank (9th floor, 33 Liberty Street, New York City) or at the Buffalo Branch of this bank (272 Main Street, Buffalo, New York) up to two o'clock p.m., Eastern war time, on Monday, May 10, 1943.

It is requested that tenders be submitted on special form printed on reverse side and returned in special envelope enclosed herewith.

*Attention is invited to the fact that payment for the Treasury bills cannot be made by credit through the War Loan Deposit Account. Payment must be made in cash or other immediately available funds.*

ALLAN SPROUL,  
President.

## GENERAL NOTES

- (1) The Proclaimed List is divided into two parts: part I relates to listings in the American republics; part II relates to listings outside the American republics.
- (2) In part I titles are listed in their letter-address form, word for word as written in that form, with the following exceptions:

If the title includes a full personal name, that is, a given name or initial and surname, the title is listed under the *surname*.

Personal-name prefixes such as *de*, *la*, *von*, etc., are considered as part of the surname and are the basis for listing.

The listing is made under the next word of the title when the initial word or phrase, or abbreviation thereof, is one of the following Spanish forms or similar equivalent forms in any other language:

Compañía; Cía.; Comp.

Compañía Anónima; C.A.; Comp. Anón.

Sociedad; Soc.

Sociedad Anónima; S.A.; Soc. Anón.

- (3) Spanish personal names containing a compound surname are listed, with rare exceptions, under the first part of the surname. For example, the name José Fulano Sutano or José Fulano y Sutano would be listed:

Fulano Sutano, José

or

Fulano y Sutano, José

Users of the list should, as a precaution, check all surnames that are part of a particular name.

- (4) Addresses appearing after names on the List are not intended to exclude other addresses of the same firms or individuals. A listed name refers to all branches of the business in the country.
- (5) Revision V of the Proclaimed List, of which this is a supplement, supersedes all previous lists published prior to April 23, 1943. The present series of supplements is cumulative, and each succeeding supplement supersedes all previous supplements to the List. Accordingly, the current Cumulative Supplement and Revision V together constitute the effective List.
- (6) For the convenience of users, symbols are placed after each name on the List to indicate, by reference to the table below, the dates of the supplements or revisions in which the name first appeared, or was amended or deleted. It has not been found practicable, however, to indicate here the dates of listings made between July 17, 1941, the date of the original list, and Revision I, dated February 7, 1942. Accordingly, names appearing prior to Revision I and retained in that revision are followed only by the symbol "I". Roman numerals refer

## GENERAL NOTES

to revisions, arabic numerals to supplements. For example, a name followed by the symbols II-1, III, V-1 signifies that the listing first appeared in Revision II, Supplement 1; was *amended* in Revision III; and was *amended or deleted* in Revision V, Supplement 1. Since in the Cumulative Supplements deletions as well as amendments are carried in each succeeding supplement, the last of two or more symbols may reflect either an amendment or a deletion, depending on the action heading under which the listing currently appears.
