NOTE: Monthly seasonal factors for all series and weekly factors for savings, small time, and large time deposits are identical to those published for corresponding months in 1982. Weekly seasonal factors for currency, demand deposits, and demand deposits plus OCD are projections based on the same data used to derive published 1982 factors, but they allow for weeks ending one day earlier in 1982. All of these factors are subject to change in the forthcoming annual revision.
