Dear Bob

The procedure you are using seems to me admirable; Willard approves it too. As for the Fed, I confess to a some bias in favor of NY but Willard's appears to be pro-Washington. I understand about Columbia & shall be interested in the outcome.

The biography moves - too slowly at times but I think it may be too better for that. Our target date for publication is 1976 & we'll do our best to meet it. It is good to know that there are still a few others around who knew ODY & share our compatriotism. How useful was he on the Gov. Bd. board?

Yours, Sam
