New York: revised ed., 1924, Pp. xxiv, 573.

First published in 1903; rewritten in 1915.
This 1924 edition contains several new chapters, covering
50 pp., dealing with the postwar period, the crisis of
1920, and the gold and rediscount policy of the federal
reserve banks. Mr. B.M. Anderson, Jr., had general
supervision of the preparation of the new chapters. In
the preface to this revised edition Mrs. Hepburn briefly
describes Mr. Hepburn's relation to the establishment of
the Fed. Res. System and refers to Senator Aldrich's
original opposition to 'meddling with the currency
system." "He finally told Mr. Hepburn that his purpose
[on creating the National Monetary Commission] was to side-
