

TREASURY DEPARTMENT

INTER OFFICE COMMUNICATION

DATE: March 14, 1934

TO Marriner S. Eccles

FROM Aubrey G. Lanston

Suggested plan for issuing special Treasury
certificates to Federal Deposit Insurance
Corporation and Postal Savings System

I thought I definitely understood that you had approved the above plan and so reported to the Secretary yesterday morning. The copy which I gave you of my memorandum to the Secretary was, I thought, for your further information. As I may be out of town for some period after the end of this week, I am most anxious to get this matter definitely decided upon by the Secretary in order that I may present it to the two funds concerned.
