Honorable Marriner S. Eccles  
President, Federal Reserve Board  
Washington, D. C.

Dear Mr. Eccles:

This letter will confirm my telephone conversation with your secretary on Monday afternoon.

We have changed our program so that we can schedule your talk to our Business and Professional Men's Group for Friday evening, March 27.

It is our plan that the arrangements suggested in our previous letter will hold for March 27, provided, of course, they meet with your approval. May we hear from you at your convenience concerning them?

All of us are looking forward with a great deal of pleasure to your visit with us on March 27, and to your talk before our group on that evening.

Sincerely yours,

  
V. H. Drufner,  
Director, Business and  
Professional Men's Group

Mr. V. H. Drufner, Director,  
Business and Professional Men's Group,  
University of Cincinnati,  
Cincinnati, Ohio.

Dear Mr. Drufner:

My secretary informed me that you called on the telephone the other day and advised that you had arranged for me to appear before your Business and Professional Men's Group on Friday evening, March 27th, and that the arrangements outlined in your letter of March 7th would apply to that date instead of March 20th.

I am glad to note that the discussion is to be considered "off the record" and that no reporters will be present. With regard to a short statement from me for use by the press, I should like a little more time to consider whether or not I desire to have any publicity on it at all. Therefore, if I do decide to have such a statement prepared for the press, I will arrange to bring it with me and release it on the morning of my arrival.

I expect to leave Washington on the evening of March 26th and will arrive in Cincinnati at 8:23 a.m. A reservation at the Netherland Plaza Hotel will be perfectly agreeable to me as I have arranged to meet President Fleming of the Federal Reserve Bank of Cleveland at that hotel for breakfast.

I shall be delighted to accept Dean Herman Schneider's invitation to an informal dinner at six o'clock on that evening. I have no suggestion to make as to any particular persons to be included in the dinner party.

Sincerely yours,

M. S. Eccles,  
Chairman.
