F.R.B.,---

Pittsburgh has the largest independent wire manufacturing plant in the world,

Pittsburgh has the largest air brake manufacturing plant in the world,

Pittsburgh has the largest plant in the world for the manufacture of rolling mill machinery,

Pittsburgh is the National plumbing supply center,

Pittsburgh's jobbing markets serve ten million people, and does an annual business of one billion dollars,

Pittsburgh stands third in the Nation in the distribution of produce and vegetables; handling more than thirty-five thousand cars annually.

Pittsburgh's tonnage, aggregating 177 million tons, is greater than the combined import and export tonnage of Hamburg, London, New York, Liverpool and the Suez Canal combined. Pittsburgh's tonnage has doubled in the last eight years.

The value of manufactured products in the Pittsburgh Metropolitan district as per the census of 1910, was greater than the value of the combined manufactured products of each of twenty-one sovereign states of the Union, including Missouri, Michigan, Wisconsin, Indiana, Connecticut and California,

The banking surplus of Pittsburgh exceeds the combined surplus of Cleveland, St. Louis, Buffalo and Detroit and is more than double that of the Bank of England, Bank of Germany and Bank of France combined.

Very respectfully submitted.
