ST. LOUIS CLEARING HOUSE ASSOCIATION.

St. Louis, January 28th, 1914.

To the Banks, Bankers and Trust Companies of Southern Illinois.

Gentlemen:

During the meeting of the Organization Committee of the Federal Reserve System held in St. Louis January 21 and 22, many letters were read, and oral arguments made, to Secretaries McAdoo and Houston, advocating the placing of the Southern portion of your state in the St. Louis District. Some of the main reasons for the choice were: direct railroad connections, economical and quick handling of transit items and familiarity of St. Louis bankers with the needs and requirements of your portion of the state, which requirements have always been taken care of promptly and cheerfully.

The Organization Committee, during the hearing, requested that expressions be forwarded to them at Washington as to your preference in this matter, and in order to comply with this request we are enclosing herein a blank form stating that it is your desire to be placed in the St. Louis District.

If you will kindly sign this statement and mail to the St. Louis Clearing House Association in the self addressed envelope enclosed, it will be highly appreciated by the undersigned.

It is our desire that you sign this statement and mail it in whether you expect to be a member of the Federal Reserve System or not.

Very respectfully,

Special Committee, St. Louis Clearing House Association.
