### REPORT

OF THE

## COMPTROLLER OF THE CURRENCY.

TREASURY DEPARTMENT,
OFFICE OF THE COMPTROLLER OF THE CURRENCY,
Washington, December 5, 1921.

Sir: Pursuant to section No. 333 of the Revised Statutes, I have to submit herewith the Fifty-ninth Annual Report of the Comptroller of the Currency, setting forth the operations of this bureau

for the year ended October 31, 1921.

The year has been one of the most trying through which banking institutions have passed in a long period. Following an experience of inflation which, considering its world-wide extent, was perhaps without parallel, the banks in the past year have been under the necessity of facing the reaction in the form of progressive deflation. To an extent that a few years ago would have been beyond our utmost imaginings, the necessity has been imposed upon the American banking system to provide, as it were, a pneumatic cushion to ease down the economic structure of the world. The strain has been a heavy and difficult one, and the results have been such as to justify, beyond all our expectations, the confidence that has been reposed in our Federal reserve system.

It is occasion of much satisfaction to be able to report that the national banks have demonstrated throughout this difficult experience a most impressive stability, strength, and soundness of management. That they have stood the test so well is largely due to the high courage and excellent management of their officers. It would be an egregious injustice to omit acknowledgment of this service to the public, and of the fine cooperation which the banks have extended to the supervisory authority of the Government. In connection with such criticisms as may hereinafter be made, and with some suggestions which I shall present, looking to modifications in the method of supervision, it must be understood that the experiences which seem to justify such criticisms and recommendations are decidedly exceptional, though sufficiently numerous, it is felt, to warrant the proposals that will be advanced.

It must be borne in mind that the inauguration of the Federal reserve system was practically simultaneous with the outbreak of the Great War, which, though it did not involve the United States directly for a long time, nevertheless had its instant reactions upon our financial and economic concerns. These reactions were so extensive and intensive that there is hardly possibility, in view of our experience of the last seven years, of questioning that but for the timely establishment of the Federal reserve system, our country, and indeed the rest of the world, would have suffered much greater difficulties in financing the war, than were actually experienced. It may well be doubted

whether the extraordinary demands that were made upon American industry, agriculture, and finance could possibly have been met if this instrumentality of credit consolidation and elasticity had not been in existence. We will arrive at the most adequate appreciation of what the Federal reserve system has meant to us during these trying years, if we will undertake to visualize the conditions that would have existed had we been compelled to operate through the financial mechanism that was in existence prior to the creation of the Federal reserve system.

Within these seven years our country has had its position changed from that of a heavy debtor nation to that of the greatest creditor nation in the world. The consolidation and organization of our financial and industrial resources made possible not only our own tremendous participation directly in the war, but also the extension

of vast and unprecedented financial assistance to our allies.

It was inevitable that the period of deflation which followed the war's expansion of credits should be intense and difficult in proportion to the extent of the inflation. While it is true that no banking system could have created assets and industrial capacity where these did not exist in substantial forms, yet it is also true that none save a highly efficient and smoothly functioning system, could have made possible the contributions of our country during the world's crisis. It is a further testimony in favor of our system that since the armistice we have been able to proceed farther, and with less discomfort, on the way to normal conditions, than any other of the great powers.

The deflation in prices in the last year and a half has tested the solvency of every bank in the land, presenting acute conditions which required the most skillful handling. In dealing with these conditions the chief bank examiners and the examiners under them have rendered conspicuous services, which entitle them to the gratitude of the country, as they have been many times assured of the appreciation of this office. It is with much satisfaction that I embrace this opportunity to acknowledge my appreciation of their loyalty, their capacity, their understanding of conditions with which they were called upon constantly to deal. Theirs has been a very large contribution toward the guidance of the financial ship through the troubled seas; in numerous instances it has prevented chaos, or restored order where chaos had well-nigh supervened. Their work has been uniformly constructive and helpful, and both the banks and the public owe them a debt which is gratefully acknowledged.

Even the most sanguine of its authors would not have claimed that the Federal reserve system was perfect. It did not spring full-panoplied from the brow of either wisdom or experience. In some of its phases the experience of recent years has demonstrated need of modification. Particularly, I suggest serious consideration of some limitation on the privilege of rediscounting bank paper as a means of extending credit. The rediscounting of one bank's paper at another bank is at best a questionable procedure, liable to become a menace when a bank pyramids credits by rediscounting too much of its paper

to other banks.

When the Federal reserve legislation was passed, including the provision for rediscounting bank paper, there was very general doubt whether that privilege would ever be availed of to any considerable extent. But in the trying times through which we have since then

passed this procedure has been quite extensively employed. to be understood not as opposing it altogether, but as urging some safeguards that I feel should be thrown about it. Properly limited and restricted, such rediscounts constitute a practicable means of distributing credit, and of enabling the less fortunately situated communities to draw aid, especially for heavy seasonal requirements, from other communities which are able to extend it. But granting all this, I feel that recent experience admonishes us of the need for limitations and safeguards against the possibility of excesses. limitations would impose no hardship on conservative bankers whose policy would be to keep on the safe side, but they would guard against the procedure being carried too far by less conservative institutions. If the law had placed a wise and proper limitation upon the extent of these rediscounts, very few national banks, in my judgment, would have failed or even been gravely embarrassed. On the basis of actual experience with the national banks during this period, I believe that if they were limited in their rediscounting operations in some ratio to the capital and surplus, it would be a wise insurance against undue inflation, and a further guaranty of the security of the banks. So long as it is possible for banks to exercise an unlimited privilege of rediscounting their eligible paper, there will always be a temptation to embark on an inflation spree that is extremely liable to bring about the embarrassment, and perhaps ruin, of the institution. In view of recent acute experiences, I strongly urge that a modification and definite limitation, such as I have suggested, should have the earnest consideration of the Congress.

With one exception, the Federal reserve banks require collateral from banks rediscounting eligible paper. This requirement tends to take a too large proportion of the best paper out of the rediscounting bank. This has at times left the rediscounting institution in a difficult position if called upon to face extraordinary demands from depositors, because the bank finds itself without sufficient desirable paper to sell, to rediscount, or to offer as collateral for cash needed

to meet the demands of depositors.

The one Federal reserve bank which does not require collateral from rediscounting banks insists that each rediscount operation shall stand on its own bottom. Under this method rediscounting banks offer nothing but gilt-edge paper, thus insuring careful and conservative operations on their part. This seems to me to be the plain intent and purpose of the law, and I believe the method of making rediscounts ought to be so clearly defined as to constitute an addi-

tional measure of safety.

I can not but regard with some misgivings the action of Congress in granting an exemption of \$300 on income received from money deposited in building and loan associations. Admittedly, it offers a new method for the tax dodger, and, moreover, I regard it as undesirable and class legislation. But the evasion of taxes, serious as it will be, is not likely to be the most mischievous result. There is little doubt that it will operate as a somewhat similar law of California has operated. In that State, savings deposited in State banks, savings banks, and trust companies are exempt from taxation. The result is that these State institutions, just before tax-listing periods, advertise that savings deposited with them are exempt from taxation, but subject to taxation if held in national banks. The result

is that savings accounts are drawn from national banks and transferred to State institutions in great volume. Such seasonal and violent shiftings constitute an embarrassment to the banks, which must keep an abnormally large reserve in cash in order to meet the demands, thus making this excessive cash reserve unavailable for general business purposes. I fear that the exemption in favor of building and loan companies will be an incentive to similar operations, to the disadvantage of banks and of the business community dependent upon them. Such seasonal withdrawals of savings accounts from the banks, particularly at such a critical time, must inevitably curtail greatly the ability of banks to serve the commercial interests dependent upon them.

Since September 12, 1916, it has been the policy to show rediscounts as contingent liabilities. This practice was followed notwithstanding that the Supreme Court of the United States, in the case of

Cochran v. United States (157 U.S., 286), held that—

The "liabilities" of a national bank, which are required by Revised Statutes section 5211, to be stated in the reports of the Comptroller of the Currency, include contingent as well as absolute liabilities; and hence an unmatured note, payment of which at maturity is guaranteed by the bank, should be included in the list of liabilities.

Hereafter national banks will be required to include rediscounts in their aggregate resources and liabilities in reports of condition.

The laws controlling the operation of national banks in many cases were passed years ago, and banks governed by these laws are often put to great disadvantage by being unable to compete with State banks operating under more favorable laws. It will be well to consider legislation that will liberalize the national bank act so as to put national banks on an equal footing with State institutions. This can be done without jeopardizing the safeguards thrown around national banks for the protection of depositors and stockholders.

There is now quite a notable tendency of State banks to come into the national banking system. This movement is greatest from States where there is a guaranty of deposits imposed upon State banks by the State laws. The guarantee laws have produced a situation in banking that has become burdensome and dangerous to the

strong banks.

The examination of national banks has salutary effect upon the banking business and is a tremendous incentive to safe and honest banking. The Examining Division of the bureau executes the most important function under the national bank act for the protection of depositors and public. It is highly important that the principal personnel of this Examining Division be made up of bright, keen, and well-educated employees with a knowledge of banking and of the principles of accounting and the national banking laws, so as to insure the most searching insight into the operations of the banks. The division should be the school from which high-class examiners could be taken for the examining work in the field. The employees in this division are at present selected under the civil-service regulations, and receive the compensation provided for civil-service The civil-service regulations make it difficult to get the class of employees required. This is a tremendous handicap, and the ill effects incident to this condition are ever present.

In view of this condition I earnestly recommend that favorable consideration be given to my recommendation contained in the estimates for appropriations for the fiscal year ending June 30, 1922, to confer upon the Comptroller, authority to designate "five additional examiners to analyze the reports of examinations of national banks and aid in conducting the correspondence with the banks growing out of such reports, at salaries which shall be approved, as are the salaries of all other national-bank examiners, by the Federal Reserve Board, and be payable from 'Salaries and expenses, national-bank examiners, special fund' (act May 29, 1920, vol. 41, p. 650, sec. 1).''

In addition to the foregoing recommendation, I earnestly recommend that authority be conferred upon the Comptroller to appoint, without reference to the civil-service regulations, 10 men having a knowledge of banking and of the principles of accounting, who shall be commissioned assistants to national-bank examiners, and assigned to the Examining Division, to assist in the work incident to the analysis of examiners' reports and correspondence relative thereto, etc., and whose salaries shall be paid from the appropriation, "Salaries

and expenses, national-bank examiners, special fund."

The granting of the authority requested will necessitate no appropriation by Congress payable from the general funds of the Treasury Department, in view of the fact that the salaries of these employees would be payable from the fund created by assessment on national banks for their examination, as provided by section 5240, Revised Statutes of the United States.

#### LEGISLATION RECOMMENDED.

With the development of banking and changes in methods of banking has arisen a demand for legislation to meet these conditions. The Federal reserve act provides for conservation of the metallic currency of the country, flexibility of circulating note issues, rediscount of commercial paper, discount rates, advances to member banks necessary to meet current and unusual demands, reduction of expense to the public for collections, and establishment of a more effective supervision of banking, etc. The statutes relating to national banks are in instances archaic and require amendment. With this situation in view bills have been introduced and their favorable consideration recommended to Congress.

#### NATIONAL BANK CHARTERS.

The act of 1863 provided that national banks should have succession for the period named in the articles of incorporation, but not to exceed 20 years. In the revision and reenactment of the banking law in 1864 the period of succession was fixed at 20 years from the date of organization. Under the act of July 12, 1882, provision was made for the extension of bank charters for an additional period of 20 years, and the act of April 12, 1902, authorized extension for a further period of 20 years.

Beginning with April, 1922, a number of banks which were organized under the act of 1863, and with corporate existence of less than 20 years, will reach the end of their corporate life unless the law is

amended. To meet this condition legislation provided by the following bill is recommended:

Be it enacted, etc.:

Section 1. That any national banking association organized under the acts of February 25, 1863, June 3, 1864, and February 14, 1880, or under sections 5133, 5134, 5135, 5136, and 5154 of the Revised Statutes of the United States, or any national banking association, the corporate existence of which may have been extended under the act of July 12, 1882, or reextended under the act of April 12, 1902, may, at any time within one year next previous to the date of the expiration of its corporate existence under present law, and with the approval of the Comptroller of the Currency, to be granted as hereinafter provided, extend its period of succession by amending its articles of association for a term of not more than twenty years from the expiration of the period of succession named in said articles of association, and shall have succession for such extended period, unless sooner dissolved by the act of shareholders owning two-thirds of its stock, or unless its franchise becomes forfeited by some violation of law, or unless hereafter modified or repealed.

Sec. 2. That such amendment of said articles of association may be authorized either by the consent in writing of shareholders owning not less than two-thirds of the capital stock of said association or by the vote of shareholders owning not less than two-thirds of the capital stock of the association, the vote to be taken at a meeting of the shareholders duly called by giving thirty days' notice, either by publication or by mail, said meeting to be held at any time within the twelve months next preceding the date of expiration of the corporate existence of the association under present law; and the board of directors shall cause such consent of said shareholders or such resolution adopted by said shareholders to be certified under the seal of the association, by its president or cashier, to the Comptroller of the Currency, accompanied by an application made by the president or cashier for the approval of the amended articles of association by the comptroller; and such amended articles of association shall not be valid until the comptroller shall give to such association a certificate under his hand and seal that the association has complied with all the provisions required to be complied with, and is authorized to have succession for the extended period named in the amended articles of association.

SEC. 3. That subsequent to the receipt of the application and certificate of the association provided for in the preceding section, the Comptroller of the Currency shall cause a special examination to be made, at the expense of the association, to determine its condition; and if after such examination or otherwise it appears to him that said association is in a satisfactory condition he shall grant his certificate of approval provided for in the preceding section, or if it appears that the condition of said association is not satisfactory he shall withhold such certificate of approval. The association shall cause the certificate of the Comptroller of the Currency, issued under this section, to be published in each issue of some daily or weekly newspaper, published in the city or county where the association is located, for at least thirty days next after the issuing thereof; or if no newspaper is published in such city or county, then in the newspaper published nearest thereto, and such proof of publication shall be furnished as may be required by the comptroller. Notice and date of extension of the corporate existence of the association shall be sent by the association to each shareholder of record, by registered mail, within five days after the

receipt of the certificate of the comptroller authorizing the extension.

Sec. 4. That any association so extending the period of its succession shall continue to enjoy all the rights and privileges and immunities granted and shall continue to be subject to all the duties, liabilities, and restrictions imposed by the Revised Statutes of the United States and other acts having reference to national banking associations, and it shall continue to be in all respects the identical association it was before the extension of its period of succession: Provided, however, That the jurisdiction for suits hereafter brought by or against any association established under any law providing for national banking associations, except suits between them and the United States, or its officers and agents, shall be the same as, and not other than, the jurisdiction for suits by or against banks not organized under any law of the United States which do or might do banking business where such national banking associations may be doing business when such suits may be begun. And all laws and parts of laws of the United States inconsistent with this proviso be, and the same are hereby, repealed.

Sec. 5. That when any national banking association has amended its articles of association as provided in this act, and the comptroller has granted his certificate of approval, any shareholder not assenting to such amendment may give notice in writing to the directors, within thirty days from the date of the certificate of approval, of

his desire to withdraw from said association, in which case he shall be entitled to receive from said banking association the value of the shares so held by him, to be ascerceive from said banking association the value of the shares so neid by him, to be ascertained by an appraisal made by a committee of three persons, one to be selected by such shareholder, one by the directors, and the third by the first two; the expenses of such appraisal to be borne equally by the dissenting shareholder and the bank; and in case the value so fixed shall not be satisfactory to any such shareholder he may appeal to the Comptroller of the Currency, who shall cause a reappraisal to be made, which shall be final and binding; and if said reappraisal shall exceed the value fixed by said committee the bank shall pay the expenses of said reappraisal, and otherwise the appellant shall pay said expenses; and the value so ascertained and determined shall be deemed to be a debt due, and be forthwith paid, to said shareholder from shall be deemed to be a debt due, and be forthwith paid, to said shareholder from said bank; and the shares so surrendered and appraised shall, after due notice, be sold at public sale within thirty days after the final appraisal provided in this section: Provided, That if for any reason either the directors of the bank or the dissenting shareholder fail to appoint the members of the appraisal committee, or the members so appointed by them fail to select a third member within a period of ninety days from the date of extension of the charter, the comptroller may on request of either the bank or the dissenting shareholder make an appraisal which shall be final and binding, the cost of such appraisal to be be borne equally by the bank and by the dissenting shareholder: Provided further, That in the organization of any banking association intended to replace any existing banking association and retaining the name thereof the holders of stock in the expiring association shall be entitled to preference in the allotment of the shares of the new association in proportion to the number of shares held by them respectively in the expiring association.

Sec. 6. That any association so extending the period of its succession shall not be required to deposit lawful money for its outstanding circulation by reason of said extension and may continue to issue circulating notes of the same design as thereto-fore issued, said outstanding circulation and notes subsequently issued to be redeemed as provided by existing law. And any gain that may arise from the failure to present national bank circulating notes for redemption shall inure to the benefit of the United

States.

SEC. 7. That national banking associations whose corporate existence has expired or shall hereafter expire, and which do not avail themselves of the provisions of this act, shall be required to comply with the provisions of sections 5221 and 5222 of the Revised Statutes in same manner as if the shareholders had voted to go into liquidation, as provided in section 5220 of the Revised Statutes; and the provisions of sections 5224 and 5225 of the Revised Statutes shall also be applicable to such associations, except as modified by this act; and the franchise of such associations is hereby extended for the sole purpose of liquidating their affairs until such affairs are finally closed. And all laws and parts of laws in conflict with the provisions of sections 1 to 7, inclusive, of this act, and the act approved April 12, 1902, be, and the same are hereby, repealed.

The foregoing bill follows the lines of the act of 1882 with the following notable changes: Extension of corporate existence may be authorized either by written consent (as provided by act of 1882) or by vote of shareholders representing a two-thirds interest at a duly called meeting. It is further provided that in the event that any shareholder desires to withdraw from the association and an appraisal committee is appointed to value the shares, the names of such appraisal committee shall be certified to the Comptroller of the Currency within 60 days from the date of extension of charter. Should, however, such committee not be appointed within 60 days of extension of charter, either the shareholders or bank shall have the right to apply to the Comptroller of the Currency to appraise the stock, his appraisal to be final and binding. Section 6 repeals the provisions of the corresponding section of the act of 1882 requiring a deposit of lawful money within three years of date of extension to redeem all circulation then outstanding, and also the provision requiring the issue on extension of circulating notes of a different design. Under the bill submitted the circulating notes of the bank will continue to be issued and redeemed as provided by existing law.

These last two provisions will result in a substantial saving both to the banks and to the Government.

#### PERPETUAL CHARTERS.

As an alternative to the bill for extension of charters the following bill is submitted amending section 5136 of the Revised Statutes to provide that banks shall have perpetual succession. The bill in question follows:

That section 5136 of the Revised Statutes of the United States be amended so that the paragraph therein designated as "Second" shall read as follows:

"Second. To have succession until it shall be dissolved by the act of its share-holders owning two-thirds of its stock, unless its franchise shall become forfeited by reason of violation of law, or unless it shall be terminated by the provisions of an act

of Congress hereinafter enacted."

Sec. 2. All acts or parts of acts providing for the extension of the period of succession of national banking associations for 20 years are hereby repealed, and the provisions of paragraph second of section 5136, Revised Statutes, as herein amended, shall apply to all national banking associations now organized and operating under any law of the United States: *Provided*, That at the termination of 20 years from the date of organization, or last extension of charter of any national bank, any shareholder may give notice, within 30 days after the termination of the 20 years period, as aforesaid to the directors of the association of his desire to withdraw from said association. said, to the directors of the association, of his desire to withdraw from said association, and he shall be entitled to receive the value of his shareholdings, the value to be determined as provided by the act of July 12, 1882.

If it shall be determined by the Congress to give favorable consideration to the foregoing bill, which is urgently recommended, that action would make unnecessary legislation providing for exten-

sion of the banks' charters.

An analysis of the State statutes relating to the duration of charters of State banking institutions has been made by Counsel Paton, of the American Bankers' Association, from which it appears that duration of charters is unlimited in 21 States of the Union as follows: Arkansas, Connecticut, Florida, Illinois, Kentucky, Maine, Massachusetts, Minnesota, Nebraska, New Hampshire, New Jersey, New York, North Carolina, Ohio, Oregon, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, and West Virginia.

It will be noted that the list includes the large and commercially important States of Massachusetts, New York, New Jersey, Ohio, and

 ${f Illinois}.$ 

In Utah the duration of charters is limited to 100 years; Louisiana, 99 years; California, Idaho, Iowa (savings banks), Kansas, Mississippi, Missouri (savings banks), Montana, Nevada, New Mexico (trust companies), Oklahoma (trust companies), Texas, Washington, Wisconsin (banks and trust companies), and Wyoming, 50 years. The limitation in Maryland is 40 years; in Georgia and Michigan, 30 years; North Dakota (except trust companies) and Oklahoma, 25 years; Alabama, Colorado, Indiana, Iowa, Pennsylvania (commercial banks), and South Dakota, 20 years.

#### CONSOLIDATION OF STATE WITH NATIONAL BANKS.

Under existing law a State bank may enter the national banking system by conversion only, but when converted consolidation may be effected with another national bank as provided by the act of November 7, 1918. In a number of instances State banks have converted for the sole purpose of ultimately consolidating with existing national banks. In order to avoid this devious course and accomplish directly the end desired, passage of the following bill, to become section 3 of the act of November 7, 1918, for consolidation of State with national banks, is recommended:

SEC. 3. That any State bank, savings bank, or trust company incorporated by special or general law of any State may, with the approval of the Comptroller of the Currency, be consolidated with a national bank located in the same county, city, town, or village in the same manner as is provided for in the consolidation of national banking associations: Provided, That the capital stock of such consolidated association is not less than that required under the existing law for the organization of a national bank in the place in which it is located. And all the rights and interests and franchises of the said State bank so consolidated in and to every species of property, personal and mixed, and choses in action thereto belonging, shall be deemed to be transferred to and vested in such national bank with which it is consolidated without any deed or other transfer, and the said national bank shall hold and enjoy the same and all the rights of property and interests in the same manner and to the same extent as was held and enjoyed by the State bank so consolidated with it, but the consolidated bank shall enjoy and exercise only such rights and franchises as are by law conferred upon national banks: Provided, however, That if the State bank shall have branches, the capital being joint and assigned to and used by the mother bank and branches in definite proportions, the consolidated bank shall be permitted to retain and keep in operation such branches, or such one or more of them as it may elect to retain: Provided, further, That such consolidation shall not be in contravention of the State law.

#### BANK BRANCHES.

The only national banks authorized to maintain branches are such as were conversions of State banks having branches with capital joint and assigned to the parent bank and branches in definite proportions. (Sec. 5155, U. S. R. S.) Elsewhere in this report reference is made to banks maintaining branches, the list including associations which acquired the right to operate branches through consolidation with converted State banks having branches at the time of conversion, authority therefor being conferred by the clause in the consolidation act of November 7, 1918, reading in effect as follows: "The consolidated bank shall hold and enjoy all rights of property, franchises and interests held and enjoyed by the bank so consolidated."

chises and interests held and enjoyed by the bank so consolidated."

In order that national banks located in States the laws of which authorize the operation of branches by State institutions may be accorded a like privilege, a bill has been introduced providing for an amendment to section 5190 of the Revised Statutes, authorizing any national banking association located in such State to establish and maintain one or more branches in the same city, town, or county in which the association is located, provided that the capital of the national banking association shall exceed by 50 per cent for each branch the capital required for the establishment of a national bank at the location of the branch or branches. The bill, however, limits the number of branches to not more than 12.

An amendment of this character received the approval of the national bank section at the recent annual meeting of the American Bankers' Association.

#### SAFE DEPOSIT COMPANY STOCK.

As an incident to their banking transactions it is the custom of banks quite generally to accept for safe-keeping for their customers bonds and other securities and deposit them either in their own vaults or in the vaults of an allied safe deposit company. It has been urged that the banks should be empowered to have a direct interest in the allied safe deposit company by acquirement of all or a portion of its stock.

In this connection it may be stated that while investment in stock of other corporations by a national banking association is not in terms prohibited by statute, the courts have held that such investments are ultra vires. Banks may loan on the security of such collateral and it follows that they may and often do become the owners of the collateral on default of the obligators. Stocks so acquired should be disposed of within a reasonable time.

In order that these matters may be provided for it is suggested that the following section be added to section 5201, United States Revised

Statutes:

That no association shall purchase or hold shares of stock of any corporation except such as are authorized by the Federal reserve act, and except the stock of any safe deposit company organized and existing under the laws of the State in which the bank is located and doing business on the premises owned or leased by the association: Provided, That the purchase of such shares of stock in any such safe deposit company shall be authorized by the board of directors of such company and approved by the Comptroller of the Currency: And provided further, That any shares of stock acquired by any association in satisfaction of debt previously contracted shall be disposed of as soon as sale can be effected at a price equal to the amount of the debt for which the shares were acquired, but in no event shall such shares be held longer than two years from the date of acquirement.

#### PENALTY FOR EMBEZZLEMENT, ETC.

An amendment of section 5209 prescribing penalties for embezzlement, abstractions, willful misapplications, etc., is recommended. The material change in the act is to make its provisions applicable to national-bank examiners, assistants, and clerks for embezzlement, etc., of funds intrusted to or coming into their possession while making an examination of any bank.

#### DIRECTORS' REPORTS TO SHAREHOLDERS.

Requiring directors of national banks to make a written report to shareholders at annual election meetings, copy of the report to be mailed to every shareholder, the report to show the assets and liabilities in detail; profits and losses; amount of salaries paid to principal officers, together with statement of total operating expenses for the year.

#### REPORTS OF CONDITION

Amending section 5211, United States Revised Statutes, to provide that every national banking association shall make to the Comptroller of the Currency not less than three reports during each year. With not less than three reports of condition and semiannual examinations, and with authority to require additional reports and more than two examinations if conditions warrant, it is the opinion that the number of specifically required reports of condition should be reduced from five to three.

#### APPOINTMENT OF NATIONAL-BANK EXAMINERS AND ASSISTANTS.

Amending section 5240, United States Revised Statutes, to confer upon the Comptroller authority to designate a national-bank examiner to act as chief of the Examining Division in his office, five additional examiners to analyze the reports of examinations of Digitized for FRASER

national banks and aid in conducting the correspondence growing out of such reports, at salaries which shall be approved, as are the salaries of all other national-bank examiners by the Federal Reserve Board, and to be payable from "Salaries and expenses, national-bank examiners, special fund"; and 10 men having a knowledge of banking and of the principles of accounting, who shall be commissioned assistants to national-bank examiners and assigned to the Examining Division of the Currency Bureau, to assist in the work incident to the analysis of examiners' reports and correspondence relative thereto, etc., whose salaries shall be paid from the appropriations "Salaries and expenses, national-bank examiners, special fund."

#### LEGISLATION PREVIOUSLY RECOMMENDED.

In connection with the foregoing bills I respectfully request consideration of recommendations heretofore made with respect to amendments of the national bank act, etc.

To enable national banks to obtain relief in emergency by use of

other than eligible paper or United States bonds.

Providing specific penalty for the making of excessive loans and

other violations of law.

Authorizing the Comptroller to institute proceedings through the Department of Justice against directors for losses sustained by banks through violations of law.

Authorizing the Comptroller to remove officers and directors guilty

of persistent violations of the national bank act.

Requiring an increase of capital to an amount commensurate with an increase in the deposit liabilities.

Requiring officers and employees of banks to give surety bonds.

Providing penalties for making false statements for the purpose of obtaining credit from national banks.

Providing penalties for breaking and entering into a national bank

for the purpose of theft or robbery.

Providing for a limit on the amount that may be invested by a national bank in bank premises.

Authorizing the Comptroller to sell bonds on deposit as a security

for circulation within 30 days after a bank goes into liquidation.

Requiring the oath of a director of a national bank to be taken before a notary public or other officer authorized to administer oaths and to be filed with the Comptroller within 30 days succeeding his election or appointment, and making any director who becomes disqualified by hypothecation of stock ineligible to reappointment during the remainder of the year.

Providing for an amendment to the Code of the District of Columbia relating to the organization and operation of banking institutions not organized under the national bank act or the trust company act.

## CONDITION OF NATIONAL BANKS AT THE DATE OF EACH CALL DURING THE REPORT YEAR.

In pursuance of authority granted under section 5211, Revised Statutes of the United States, national banks were called upon to submit six reports of condition as of various dates during the year ended October 31, 1921.

Digitized for FRASER

The condition of all reporting national banks at the date of each call is shown in the following table:

Abstract of reports of condition of national banks in the United States on Nov. 15, Dec. 29, 1920, Feb. 21, Apr. 28, June 30, and Sept. 6, 1921.

#### CONDITION OF NATIONAL BANKS SEPTEMBER 6, 1921.

Detailed statements relative to the resources and liabilities of all reporting national banks in the United States, Alaska, and Hawaii, as of September 6, 1921, follow:

#### RESOURCES.

#### LOANS AND DISCOUNTS.

On September 6, 1921, the loans and discounts of national banks, amounting to \$10,977,614,000, exclusive of paper rediscounted to the amount of \$705,078,000, reached the lowest point during the report year, showing a reduction since the date of the preceding call, June 30, 1921, of \$147,485,000, and since the call a year ago, September 8, 1920, of \$1,446,858,000.

The percentage of loans and discounts to deposits on September 6, 1921, was 75.39 and on September 8, 1920, the percentage was 74.11.

#### OVERDRAFTS.

Overdrafts reported September 6, 1921, to the amount of \$12,355,000 show a reduction since September 8, 1920, of \$5,190,000, and an increase over the amount reported June 30, 1921, of \$2,385,000.

Digitized for FRASER

#### UNITED STATES GOVERNMENT SECURITIES.

The holdings of United States Government securities by national banks were reduced between September 8, 1920, and September 6, 1921, from \$2,175,019,000 to \$1,861,977,000. The reduction since June 30, the date of the preceding call, was \$157,520,000.

#### OTHER BONDS, STOCKS AND SECURITIES, ETC.

The investments in miscellaneous bonds, stocks and securities, etc., including stock of the Federal reserve bank, amounted to \$1,973,749,000, being \$49,588,000 in excess of the amount reported September 8, 1920, but a reduction since last June of \$31,835,000.

#### BANK PREMISES AND OTHER REAL ESTATE OWNED.

The book value of banking houses, furniture and fixtures, and other real estate owned on September 6, 1921, was \$473,966,000, an increase over the amount reported on September 8, 1920, of \$58,909,000.

#### CASH IN VAULT.

Cash in the vaults of national banks, amounting to \$357,798,000 September 6, 1921, was \$16,551,000 less than on June 30, 1921, and \$113,748,000 less than on September 8, 1920.

#### DUE FROM BANKS AND BANKERS.

Balances with other banks and bankers to the credit of national banks, September 6, 1921, amounted to \$2,375,110,000. This includes lawful reserve with Federal reserve banks and items in process of collection with Federal reserve banks of \$1,335,447,000. The reduction in the aggregate of the amounts due from banks and bankers between June 30 and September 6, was \$9,614,000, and since September 8, 1920, was \$772,610,000. The lawful reserve with Federal reserve banks, owing to a reduction in deposits, was reduced from \$1,230,282,000 September 8, 1920, to \$1,029,978,000 September 6, 1921.

#### EXCHANGES FOR CLEARING HOUSE.

Exchanges for clearing house, amounting to \$467,845,000 September 6, 1921, were \$188,248,000 less than on June 30, 1921, although less than a year ago by only \$43,530,000.

#### ALL OTHER ASSETS.

All other assets consisting of checks and cash items, the redemption fund deposited with United States Treasurer, and other miscellaneous items, amounting to \$311,334,000 September 6, 1921, showed a reduction since June 30 of \$51,375,000, and since September 8, 1920, of \$88,590,000.

#### LIABILITIES.

CAPITAL STOCK, SURPLUS, AND UNDIVIDED PROFITS.

The paid-in capital stock of national banks, incident to issuance of charters and additions to capital of previously existing banks, was increased during the year from \$1,248,271,000 to \$1,276,177,000. The surplus of these banks was increased during this period from \$996,928,000 to \$1,027,373,000 and undivided profits, including amounts set aside from undivided profit accounts as reserved for miscellaneous purposes, increased \$10,550,000 or from \$528,234,000 to \$538,874,000.

#### NATIONAL-BANK NOTES OUTSTANDING.

The outstanding circulating notes of national banks, amounting to \$704,668,000 September 6, 1921, were \$11,398,000 in excess of the amount outstanding September 8, 1920.

#### DEPOSITS.

The aggregate deposits of these banks on September 6, 1921, were \$14,560,852,000, consisting of individual deposits (time and demand deposits, exclusive of certified checks and cashiers' checks outstanding) to the amount of \$12,033,460,000 and deposits to the credit of other banks and bankers (including certified checks and cashiers' checks outstanding), amounting to \$2,417,411,000, were lower than at the date of any of the five preceding calls, the reduction between June 30, 1921, and September 6 being \$581,479,000, and the reduction since September 8, 1920, \$2,191,104,000. United States deposits to the amount of \$109,981,000, which are included with demand deposits, showed a reduction since June 30, 1921, of \$139,058,000, but an increase over the amount reported September 8, 1920, of \$56,528,000.

#### BONDS AND BORROWED MONEY.

On September 6, 1921, national banks reported United States Government securities and other securities borrowed to the amount of \$88,077,000, which was \$52,660,000 less than the amount on September 8, 1920. Bills payable were \$551,695,000 September 6, 1921, compared with \$592,563,000 June 30, 1921, and \$1,009,336,000 September 8, 1920. Of the liability for bills payable on September 6, 1921, \$417,859,000 was to the Federal reserve banks, compared with \$879,368,000 September 8, 1920.

The liability for paper rediscounted was also reduced, the amount reported September 6, 1921, being \$705,078,000, or \$585,226,000 less than a year ago. Of the total rediscounts of national banks on September 6, 1921, \$646,059,000 were with Federal reserve banks, while the amount of rediscounts with the Federal reserve banks a

year ago was \$1,148,538,000.

#### BANK ACCEPTANCES.

The amount of acceptances executed for customers and by other banks for account of reporting banks September 6, 1921, was \$218,-180,000, or a reduction of \$196,403,000 since September 8, 1920. All other liabilities September 6, 1921, amounting to \$48,296,000, were \$53,869,000 less than on September 8, 1920.

#### AGGREGATE RESOURCES AND LIABILITIES.

The reduction of \$2,871,378,000 in total resources and liabilities, respectively, of national banks between September 8, 1920, and September 6, 1921, at which time the total resources, exclusive of paper rediscounted to the amount of \$705,078,000, were \$19,014,102,000, was due principally to a substantial curtailment of the loans and discounts, a decrease in the volume of investments, and to a decline in the amount of individual deposits.

The principal items of resources and liabilities of all reporting national banks on September 6, 1921, are shown in the following

statement, by States:

#### CONDITION OF NATIONAL BANKS JUNE 30, 1921.

The total resources of the 8,154 reporting national banks on June 30, 1921, including rediscounts amounting to \$879,416,000, were \$20,517,862,000, a reduction during the year of \$2,893,391,000. Loans and discounts, which include paper rediscounted, acceptances and letters of credit, amounted to \$12,242,802,000, compared with \$14,085,056,000 on June 30, 1920.

The investments of these banks amounted to \$4,025,081,000, a decline during the year of \$161,384,000. Of the total investments, \$2,019,497,000 were United States securities, approximately \$719,000,000 being old United States bonds deposited to secure circulation. Balances due these banks from other banks, bankers, and trust companies on June 30, 1921, amounted to \$1,344,519,000, a reduction during the year of \$531,449,000.

Due to a reduction in the deposits in national banks, their lawful reserve with Federal Reserve Banks was reduced during the year \$205,028,000, the amount of reserve on June 30, 1921, being \$1,040,-205,000. The cash in the vaults of these banks on June 30 was \$374,349,000, or \$76,002,000 less than the amount reported June 30, 1920.

Capital stock increased in the year from \$1,224,166,000 to \$1,273,-880,000, while surplus and undivided profits, including amounts set aside as reserve for miscellaneous purposes, decreased from \$1,533,-172,000 on June 30, 1920, to \$1,522,411,000 on June 30, 1921.

Deposits to the credit of other banks and bankers were \$693,009,000 less than on June 30, 1920, the aggregate on June 30, 1921, being \$2,151,011,000. Individual deposits, including postal savings but exclusive of United States deposits to the amount of \$249,039,000, were \$12,742,281,000, or \$1,393,332,000 less than the amount reported June 30, 1920.

Rediscounts were reduced during the year from \$1,214,516,000 to \$879,416,000; and the liability on account of bills payable, including all other obligations representing borrowed money, was reduced from \$991,552,000 to \$592,563,000. National bank circulation outstanding increased during the year \$15,969,000, the amount reported June 30, 1921, being \$704,147,000.

The resources and liabilities of all reporting national banks, including nonmember banks in Alaska and Hawaii, are shown in the fol-

lowing summary:

Summary of reports of condition of 8,154 national banks in the United States, Alaska, and Hawaii at the close of business June 30, 1921.

#### INVESTMENTS OF NATIONAL BANKS JUNE 30, 1921.

Of the total resources, exclusive of rediscounts, of national banks, June 30, 1921, amounting to \$19,638,446,000, \$4,025,081,000, or 20.50 per cent, were invested in United States Government securities, other domestic securities, consisting of miscellaneous stocks and bonds, etc., and foreign Government bonds and securities. The aggregate compared with the amount held June 30, 1920, shows a reduction of \$161,384,000.

The principal investment of these banks on the date indicated was in United States Government securities to the amount of \$2,019,497,000. The next largest investment was in railroad bonds amounting to \$404,936,000. State, county, and municipal bonds were owned to

the amount of \$393,682,000; other public service corporation bonds,

\$277,205,000; and miscellaneous bonds, etc., \$352,405,000.

While each national bank is required by law to subscribe to stock of the Federal reserve bank of the district in which the bank is situated to the equivalent of 6 per cent of its paid-in capital stock and surplus, only 3 per cent of this amount has been called for by the Federal Reserve Board up to the present time, and on June 30, 1921, stock of these banks held by national banks amounted to \$68,724,000. Stock of other corporations held in accordance with the provisions of section 25 of the Federal Reserve Act, amounted to \$62,541,000, and claims, warrants, judgments and collateral trust and other corporation notes, amounted to \$242,352,000. Foreign Government bonds were held to the amount of \$140,226,000 and other foreign bonds and securities amounted to \$63,513,000. The reduction in the holdings of foreign Government bonds and securities during the year was \$37,186,000.

A classification of the investments of national banks in domestic and foreign securities, including United States Government securities, for the fiscal years ended June 30, 1920 and 1921, is shown in the following statement:

[In thousands of dollars.

	June 30, 1920.	June 30, 1921.

## UNITED STATES GOVERNMENT SECURITIES HELD BY NATIONAL BANKS IN RESERVE CITIES AND STATES.

By reference to the following statement showing the various issues of United States Government securities owned by national banks, including securities borrowed, June 30, 1921, in each central reserve and reserve city, and by country banks in each State, it is noted that of the total of \$2,019,497,000, approximately \$719,329,000 represented prewar issues of bonds deposited to secure outstanding circulation of these banks. The decrease in national bank holdings of United States Government securities between June 30, 1920 and 1921, was \$250,-078,000. War issues of securities consisting of Liberty loan bonds, Victory and Treasury notes, certificates of indebtedness, war sayings and thrift stamps owned or borrowed by national banks and not pledged, on June 30, 1921, amounted to \$615,373,000 and prewar issues amounted to \$8,307,000. Securities pledged to secure United States and postal savings deposits, and as collateral for State and other deposits or bills payable, amounted to \$596,166,000. United States Government securities to the amount of \$13,946,000 were loaned to other banks, and premiums on bonds amounted to \$2,335,000. The remaining securities were on deposit with trust departments or State authorities, in accordance with the provisions of the Federal reserve act.

## United States Government securities (including those borrowed) owned by national banks June 30, 1921. [In thousands of dollars.]

								Owned (	r borrowe	d) and un	pledged.			
Cities, States, and Territories.	Deposited to secure circula- tion (United States bonds, par value).	Pledged to secure United States deposits (par value).	Pledged to secure postal savings deposits (par value).	Pledged as col- lateral for State or other deposits or bills payable.	Loaned.	Prewar issues United States bonds (other than deposited to secure circulation).	Liberty loan bonds (all issues).	Victory notes, 33 and 43 per cent.	Certifi- cates of indebt- edness.	War savings and thrift stamps.	Pre- mium on United States bonds.	Deposited with State authorities in accordance with provisions of section 11-K, Federal reserve act.	Deposited with trust depart- ment in accord- ance with provi- sions of section 11-K, Federal reserve act.	Total.

#### SAVINGS DEPOSITS AND DEPOSITORS IN NATIONAL BANKS.

The number of savings depositors in national banks June 30, 1921, was 8,109,242. Deposits to the credit of these depositors amounted to \$2,957,556,000; and the average rate of interest credited to savings accounts was 3.81 per cent.

This information was reported by 5,620 national banks out of the total of 8,154 banks which submitted reports of condition as of the date indicated. The total amount of deposits includes approximately \$296,879,000 of time certificates included on account of misinterpretation of the definition of a savings deposit.

The number of national banks in each reserve city and State, reporting the information, number of depositors, amount of deposits

and the average per cent rate of interest paid are as follows:

Savings deposits and depositors in national banks June 30, 1921.

#### EARNINGS, EXPENSES, AND DIVIDENDS OF NATIONAL BANKS.

In the 12 months' period ended June 30, 1921, the gross earnings of all national banks were \$1,201,919,000, compared with gross earnings during the fiscal year 1920, of \$1,109,116,000. The principal source of income, interest and discount, amounted to \$1,105,-832,000 and was \$94,213,000 in excess of the amount earned during the year ended June 30, 1920. Exchange and collection charges during the current year amounted to \$20,439,000; foreign exchange profits totaled \$21,472,000, and other miscellaneous earnings were \$54,176,000.

The total expenses, of these banks, increased during the fiscal year from \$736,390,000 to \$829,906,000. Of the total expenses paid interest on deposits was \$291,828,000 or \$4,191,000 in excess of the amount paid in the year ended June 30, 1920. Interest and discount on borrowed money amounted to \$119,396,000, compared with \$82,720,000 in 1920, and the amount paid on account of salaries and wages, namely \$202,726,000 was \$27,274,000 in excess of the amount paid in the prior 12 months. Taxes paid also increased in the year from \$79,484,000 to \$87,398,000, and other miscellaneous expenses amounted to \$128,558,000, showing an increase over similar items for 1920, of \$17,461,000. The amount recovered during the year on charged-off assets was \$23,978,000, against \$23,912,000 recovered in 1920. The net earnings of national banks, after deducting all items of expenses amounted to \$372,013,000, or \$713,000 less than in 1920.

The amount charged off by national banks on loans and discounts was \$76,210,000 or 143.61 per cent more than was charged off during the year previous, while the amount charged off on account of depreciation on bonds and securities, was \$76,179,000, compared with \$61,790,000 during the year 1920. Miscellaneous losses in the current year amounted to \$27,496,000 or \$6,015,000 more than in the year ended June 30, 1920.

The total losses charged off during the past year being greater than in the preceding year, the net addition to the profits of national banks was necessarily reduced and amounted to but \$216,106,000, a reduction as compared with the prior year of \$65,977,000. Despite this fact, however, dividends were declared during the year to the amount of \$158,158,000 compared with \$147,793,000 during the

year 1920. The percentage of dividends for the past year to paidin capital stock was 12.42; dividends to capital and surplus, 6.88, and the percentage of the net amount added to the profits of these banks, to their combined capital and surplus, was 9.40.

In the following statement a comparison is made of the earnings, dividends, and expenses of national banks for the years ended June

30, 1920 and 1921:

Earnings, expenses, and dividends of national banks for fiscal years ended June 30, 1920 and 1921.

#### NONBORROWING NATIONAL BANKS APRIL 28, 1921.

A compilation made from the reports submitted by national banks at the close of business April 28, 1921, discloses the fact that of the 8,152 national banks from which reports were received, 3,243 banks, or 39.78 per cent of the number reporting, were not borrowing either from Federal reserve banks or elsewhere. The percentage of the loans and discounts of nonborrowing banks to the loans and discounts of all national banks was 26.48; the percentage of cash in vault of these banks to the cash in vault of all banks, was 37; and the percentage of the total deposits of these banks to the total deposits of all banks was 30.50.

The percentage of loans and discounts of all national banks to total deposits on the date indicated, was 76.54; and the percentage of loans and discounts to total deposits of nonborrowing banks was 66.46.

Comparison is made of the loans and discounts, cash in vault, and total deposits of all reporting national banks and nonborrowing national banks in each State, April 28, 1921, in the following state-

Loans and discounts, cash in vault, total deposits, and bills payable and rediscounts of all reporting national banks in each State (including city banks), Apr. 28, 1921, compared with similar data reported by those national banks in each State which had no bills payable or rediscounts on date indicated.

#### SHAREHOLDERS AND SHARES OF STOCK OF NATIONAL BANKS.

According to the returns for December 29, 1920, the paid-in capital stock of the 8,130 national banks was \$1,272,291,000, divided into 13,945,663 shares, making the average par value approximately \$91.25. In some instances State banks having a division of stock into shares of less than \$100, and converted into national banks, have continued with that division as authorized by law. The capital stock of all other national banks is divided into shares of \$100. Of the total capital, about 70 per cent, or 9,664,873 shares, is owned by local residents, and the remainder, 4,280,790, by nonresidents. number of shares owned by males is 8,837,242, 63 per cent, and 3,-088,744, 22 per cent, by females. Shares to the number of 2,019,677, 15 per cent, are owned by others than natural persons—that is, corporations, companies, etc. Of the shareholdings by males there are 6,446,269, or 73 per cent, owned by resident shareholders and 2,-390,973 by nonresidents, while of the holdings by females, 58 per cent, or 1,797,978 shares, are owned by residents and 1,290,766 by nonresident shareholders. Seventy per cent, or 1,420,626, of the shares owned by other than natural persons, are held by resident corporations, companies, etc., and 599,051 by nonresidents.

The combined capital of the 46 banks located in the three central reserve cities, amounting to \$244,450,000, is divided into 2,450,564 shares, owned by 30,743 shareholders, the average holdings being 80 shares. The capital of the 379 banks in the 63 other reserve cities, \$354,440,000, in shares numbering 4,128,316, is owned by 83,254 persons, etc., with average holdings of 50 shares; while of the capital of \$673,401,000 of the 7,705 country banks located in the 48 States, Alaska, and Hawaii, there is a division of shares numbering 7,366,783, with 405,110 holders, the average holdings being 18 shares.

#### SHAREHOLDERS.

From the returns it further appears that the capital stock of the banks is owned by 519,107 shareholders, of whom 311,825, or 60 per cent, are residents of the place in which the banks are located, while 207,282 are nonresidents. Approximately 65 per cent (336,497) of the shareholders are males, 30 per cent (158,766) females, and 5 per cent (23,844) others than natural persons. Of the male shareholders, 215,666 (64 per cent) are local residents and 120,831 nonresidents; while of the female shareholders, 82,514 (52 per cent) are residents and 76,252 nonresidents. Of the remaining shareholders—corporations, companies, etc.—13,645 (57 per cent) are residents and 10,199 nonresidents.

In the accompanying tables are shown, by reserve cities and States, geographically divided, the number of shareholders, shares, and classification of each, based on sex, etc., and residence.

#### NATIONAL BANKS CLASSIFIED ACCORDING TO CAPITAL STOCK.

Section 5138 of the Revised Statutes of the United States prescribes that no national bank shall be organized with a less capital than \$100,000, except that banks with a capital of not less than \$50,000 may, with the approval of the Secretary of the Treasury, be organized in any place the population of which does not exceed 6,000 inhabitants, and except that banks with a capital of not less than \$25,000 may, with the sanction of the Secretary of the Treasury, be organized in any place the population of which does not exceed 3,000 inhabitants. No association shall be organized in a city the population of which exceeds 50,000 persons with a capital of less than \$200,000.

On September 6, 1921, 8,155 national banks with aggregate paidin capital stock of \$1,276,177,000 submitted reports of condition to this office, and information compiled from these reports, grouped according to capital stock, is interesting in that it discloses the geographical distribution of national banks in cities and States having paid-in capital within the several classifications shown in the table following.

It is noted that of the 8,155 reporting banks, 2,112 had capital stock of \$25,000, the aggregate amount being \$52,784,000; loans and discounts, including rediscounts, \$434,776,000; aggregate resources, including rediscounts, \$744,863,000, and total deposits \$566,633,000. The number of national banks in the second group, capital stock in excess of \$25,000 but not over \$50,000, was 2,459. The loans and discounts of this class were \$945,281,000; aggregate resources, including rediscounts, \$1,672,297,000, and total deposits \$1,246,115,000. The aggregate paid-in capital stock of the banks in this class was \$116,065,000.

Thirty-three and eighty-three one-hundredths per cent of the banks reporting had capital stock of \$50,000 or over but not in excess of \$200,000, the number of such banks being 2,759 and their loans and discounts, including rediscounts, were \$2,495,531,000. The aggregate resources, including rediscounts, of these banks amounting to \$4,427,996,000 represented 22.46 per cent of the total resources of all banks and their total deposits of \$3,314,124,000, 22.76 per cent of the total deposits of all reporting banks. The combined paid-in capital of this class was \$319,739,000.

Only 552 national banks with aggregate capital of \$197,639,000 had capital stock of over \$200,000 but not over \$500,000. The loans and discounts of these banks amounted to \$1,690,584,000, aggregate resources, \$2,956,470,000 and total deposits \$2,121,219,000.

One hundred and sixty-one national banks had capital stock of \$500,000 but not over \$1,000,000. The loans and discounts of this class of banks were \$1,290,548,000; total resources, \$2,079,293,000; aggregate paid-in capital, \$138,250,000; and total deposits; \$1,501,619,000.

The aggregate capital of 91 national banks with individual capital of \$1,000,000 but not in excess of \$5,000,000 was \$196,200,000. The loans and discounts of these banks aggregated \$2,207,065,000; total resources, \$3,570,744,000; and total deposits, \$2,634,301,000.

While the number of national banks with individual capital in excess of \$5,000,000 is only 21, the total capital of these banks, which

amounted to \$255,500,000, was 20.2 per cent of the capital stock of all reporting banks, their loans and discounts of \$2,618,907,000 were 22.42 per cent of the total loans and discounts of all reporting banks, aggregate resources of \$4,267,517,000 constituted 21.64 per cent of the total resources of all reporting national banks, and the total deposits of this class of banks were 21.82 per cent of the total deposits of all reporting national banks and amounted to \$3,176,841,000. Twelve of the national banks in this class with aggregate loans and discounts of \$2,054,193,000, total resources of \$3,341,900,000, paid-in capital of \$187,000,000, and total deposits of \$2,517,241,000 were situated in the three central reserve cities, New York, Chicago, and St. Louis. The table in question follows:

		Capital st	ock of \$25	5,000 ever	ı.	Capita	al stock ov	er <b>\$</b> 25,000, 1	but not ov	er \$50,000.	Capit	al stock ove	r <b>\$</b> 50,000, bu	t not ove	r \$200,000.

### DORMANT DEPOSIT ACCOUNTS IN NATIONAL BANKS ON FEBRUARY 21, 1921.

In the call for reports of condition for February 21, 1921, the national banks were instructed to report the number and amount of deposit accounts from which no withdrawals had been made and to which no deposits had been credited (exclusive of interest credited on such accounts), together with the rate of interest credited, since January 1, 1916. To what extent the returns include individual deposits of creditors whose whereabouts are unknown to the banks is not in evidence. It appears, however, that the total number of accounts showing no change since the date in question is 1,143,920 and the total credits \$28,912,105. At this time the total number of all deposit accounts in national banks is approximately 20,500,000, hence the number of "dormant" accounts was about 5½ per cent of the total, but the volume of these accounts—\$28,912,105—is less than one-fifth of 1 per cent of all individual deposits. connection it is noted that on only 1,600 of these accounts has interest been credited—that is, on less than one and one-half one hundredths of 1 per cent the rate credited averaging  $3\frac{1}{2}$  per cent.

The average credit on these dormant accounts in all national banks was \$25.27. In the central reserve city banks with 62,435 accounts and \$1,290,460 credit balances the average account was \$20.67; in the other reserve city banks, with 279,112 accounts and \$5,243,986 balances, the average was \$18.79, and in the country banks with 802,373 accounts and \$22,377,659 balances the average

account was \$27.89.

In banks in Greater New York there were 35,100 dormant accounts, aggregating \$993,900, the average account being \$28.32. Second in number of dormant accounts among the reserve cities is Washington. The banks in that city reported 18,400 accounts, with credit balances of \$212,300, or an average of \$11.54.

In all of the 67 reserve cities there are but 14 cities in which the

banks report as many as 10,000 dormant accounts.

Among the country banks those in Pennsylvania lead both in number and volume of dormant accounts, namely, 122,800 and \$4,372,900, respectively, an average of \$35.60. New York country banks are second to Pennsylvania, with 73,300 accounts, aggregating \$3,093,400, the average being \$42.20. In volume of accounts, Maine with \$1,902,900 is third on the list, although the number of accounts was but 16,800. New Jersey follows in volume of balances, \$1,570,800 to the credit of 56,600 accounts. The only other State in which the country banks reported dormant balances in excess of \$1,000,000 is Texas, the accounts aggregating \$1,432,900, the number of accounts 65,500 and the average credit balance \$21.88.

#### NATIONAL BANK EXAMINERS.

The following is a list of the examiners in the service on October 31, 1921: CHIEF EXAMINERS.

Federal Reserve District:

No. 1.—Daniel C. Mulloney, Boston, Mass.

No. 2.—Daniel C. Borden, New York, N. Y. No. 3.—Stephen L. Newnham, Philadelphia, Pa.

No. 4.—Thomas C. Thomas, Cleveland, Ohio. No. 5.—William J. Schechter, Richmond, Va.

No. 6.—J. William Pole, Atlanta, Ga.

No. 7.—Fred Brown, Chicago, Ill. No. 8.—John S. Wood, St. Louis, Mo.

No. 9.—Howard M. Sims, Minneapolis, Minn.

No. 10.—Luther K. Roberts, Kansas City, Mo. No. 11.—Richard H. Collier, Dallas, Tex. No. 12.—Harry L. Machen, San Francisco, Calif.

Assigned as Chief, Examining Division, Comptroller's Office: Henry B. Davenport, Washington, D. C.

Unassigned:

John A. Best, care of First National Bank, Judsonia, Ark. Gail W. Crossen, Washington, D. C.

Robert D. Garrett; Washington, D. C. Robin M. Johnson, care of First National Bank, Hearne, Tex. Adelia M. Stewart, Washington, D. C. Charles F. Wilson, Washington, D. C.

#### NATIONAL-BANK FAILURES.

Thirty-four national banks, with aggregate capital of \$1,870,000, were placed in charge of receivers during the year ended October 31, 1921. The date that each bank was authorized to commence business, date of appointment of the receiver, the capital stock, and the circulation outstanding at date of failure are shown in table No. 27,

in the appendix of this report.

The first failure of a national bank took place in 1865; from that date until the close of business on October 31, 1921, the number of banks placed in charge of receivers was 628. Of this number, however, 40 were subsequently restored to solvency and permitted to resume business. The total capital of these failed banks was \$98,-120,920, while the book or nominal value of the assets administered by receivers under the supervision of the Comptroller aggregated \$423,884,689, and the total cash, thus far realized from the liquidation of these assets, amounted to \$213,204,717. In addition to this amount, however, there has been realized from assessments of \$97,984,290, levied against shareholders, the sum of \$25,064,767, making the total cash collections from all sources \$238,269,484, which have been disbursed as follows:

In dividends to creditors on claims proved, amounting to \$219,930,162,	
the sum of	<b>\$165, 109, 759</b>
In payment of loans and other disbursements discharging liabilities of	
the bank other than those of the general creditors	
In payment of legal expenses incurred in the administration of such	
receiverships	6, 144, 024
In payment of receivers' salaries and other expenses of receiverships	
There has been returned to shareholders in cash	
Leaving a balance with the Comptroller and the receivers of	2,497,880
Ф. д. 1	020 000 404

In addition to the funds thus distributed there has been returned to agents for shareholders, to be liquidated for their benefit, assets

having a nominal value of \$15,818,008.

The book or nominal value of the assets of the 61 national banks that are still in charge of receivers amount to \$62,417,919. The receivers had realized from these assets at the close of business on October 31, 1921, the sum of \$29,550,393, and had collected from the shareholders on account of assessments levied against them to cover deficiencies in assets the further sum of \$2,133,226, making the total collections from all sources in the liquidation of active receiverships the sum of \$31,683,619, which amount has been distributed as follows:

Dividends to creditors (to Sept. 30, 1921)	\$20, 432, 266
Loans paid and other disbursements discharging liabilities of the bank	
other than those to the general creditors	6, 992, 900
Legal expenses	631, 365
Receivers' salaries and all other expenses of administration	1, 163, 836
Amount returned to shareholders in cash	
Leaving a balance with the Comptroller and the receivers of	
Total	31, 683, 619

75338°—22——7

The receiverships of three national banks, which had failed in previous years were finally closed during the year ended October 31,

1921, making a total of 567 closed receiverships.

The collections from the assets of the 567 national banks, the affairs of which have been finally closed, amounted to \$183,654,324, and, together with the collections of \$22,931,541 from assessments levied against the shareholders, make a total of \$206,585,865, from which on claims aggregating \$187,313,581 dividends were paid amounting to \$144,677,493.

The average rate of dividends paid on claims proved was 77.25 per cent, but including offsets allowed, loans paid and other disbursements with dividends, creditors received on an average 83.79 per cent.

The expenses incident to the administration of these 567 trusts—that is, receivers' salaries and legal and other expenses—amounted to \$15,282,541, or 4.23 per cent of the nominal value of the assets and 7.40 per cent of the collections from assets and from shareholders. The outstanding circulation of these banks at the date of failure was \$28,704,904, which was secured by United States bonds on deposit in the Treasury of the face value of \$30,958,550. The assessments against shareholders averaged 51.34 per cent of their holdings, while the collections from the assessments levied were 48.49 per cent of the amount assessed. The total amount disbursed in dividends during the current year to the creditors of insolvent banks was \$1,216,835.

In the table following is summarized the condition of all insolvent national banks, the closed and active receiverships being shown

separately:

Items.	Closed receiverships, 567.1	Active receiverships, 61.	Total, 628.1

<sup>&</sup>lt;sup>1</sup>Includes 40 banks restored to solvency.

<sup>&</sup>lt;sup>2</sup>Includes capital stock of 40 banks restored to solvency.

Information relative to the capital, date of appointment of receiver, and per cent of dividends paid to creditors of three insolvent national banks, the affairs of which were closed during the year ended October 31, 1921, appears in the following table:

Title.	Location.	Date receiver appointed.	Capital.	Per cent dividends paid to creditors.
First National Bank National City Bank Merchants & Farmers National Bank	Alma, Kans. Cambridge, Mass. Cisco, Tex.	Nov. 21, 1890 Feb. 23, 1910 Nov. 12, 1915	\$75,000 100,000 50,000	29 1 123, 478 2 103

<sup>1</sup> With interest in full.

Of the 34 banks placed in charge of receivers since October 31, 1920, 4 were closed on account of runs; 5 on account of injudicious banking; 1 on account of forgeries and embezzlement; 10 on account of the inability to realize on loans; 1 on account of robbery and the burning of the bank; 1 on account of the inability to realize on loans and the failure of stockholders to pay balance due on capital; 1 on account of defalcation by cashier; 1 on account of the stockholders failing to vote to place the bank in liquidation after the sale of the assets; 1 wrecked by president; 5 on account of fraudulent management; 1 wrecked by assistant cashier; 1 on account of depreciation of securities; 1 on account of injudicious banking and depreciation of securities; 1 on account of fraudulent management, injudicious bank investment in real estate mortgages, and depreciation of securities.

#### FORFEITURE OF CHARTER.

Section 5239 of the Revised Statutes of the United States provides in part that "If the directors of any national banking association shall knowingly violate or knowingly permit any of the officers, agents, or servants of the association to violate any of the provisions of the title [national bank act], all the rights, privileges, and franchises of the association shall be thereby forfeited." Such violation shall, however, be determined and adjudged by \* \* \* a court of the United States, in a suit brought for that purpose by the Comptroller of the Currency in his own name, before the association shall be dissolved.

Examinations of the First National Bank of Hagerstown, Md., made during the past two or three years evidenced the fact that the affairs of the association had not been conducted in conformity with the provisions and limitations of law, and that directions from the Comptroller, addressed to the board of directors, in reference to unlawful transactions, both of commission and of omission, were disregarded.

In these circumstances the Comptroller reached the conclusion that action in the premises as provided by the section cited were demanded. Prior to reaching that conclusion, however, the Comptroller urged that a change in management be effected in order that the conduct of the business of the bank might be conducted by those having due regard to the requirements of law or, as an alternative, that the bank

<sup>&</sup>lt;sup>2</sup> With 37.678 per cent of interest due.

be placed in voluntary liquidation. Neither of these suggestions received favorable consideration. The matter therefore was brought to the attention of the Department of Justice, and on September 28, 1921, a suit was entered in the United States District Court for the District of Maryland to forfeit the charter of the association.

In anticipation of a run on the bank resulting from the filing of suit and in order to conserve the interests of all creditors the court appointed Robert D. Garrett (national bank examiner) as temporary receiver pending a hearing and answer on the bill of complaint. The receiver was directed to and did file with the clerk of the court a bond in the penal sum of \$50,000, whereupon he was directed to take charge of the bank and of all of its assets, holding them subject to further orders of the court, and to suspend all payments and to collect

all maturing notes and obligations of the bank.

Between the date of filing of the suit and the time fixed for the hearing a conference was held by the directors of the bank with the United States district attorney, and the question was raised as to whether consideration would be given to an application for discontinuance of forfeiture proceedings conditioned upon an entire change in management and disposal of their stock interests by those responsible for the condition of the bank. This proposition received the favorable consideration of the Department of Justice and the Comptroller of the Currency, conditioned upon the resignation of former directors and officers, and sale of all shareholdings to those whose means and ability evidenced that in their control the affairs of the bank would be managed in conformity with law.

Subsequent to the conference an agreement was entered into by the old and new interests for the sale of the shares of stock of the bank. Upon the filing of a copy of the agreement with the Comptroller's Office, the United States attorney was advised that it would be agreeable to the Comptroller to have the forfeiture proceedings discontinued, the receiver discharged, and the bank turned over to

the new management.

Acting upon this advice, an order of court was issued withdrawing the receiver and permitting the bank to resume business on October 8, 1921.

## NATIONAL BANK CHARTERS APPLIED FOR, GRANTED, AND REFUSED.

Applications for charters for 206 national banking associations, with capital of \$25,370,000, were made during the 12 months ended October 31, 1921, as compared with 470 applications and capital of \$40,720,000 during the previous year. Of the applications received, 153 with capital of \$17,595,000 were approved, as against 389 and capital of \$33,990,000 in 1920.

In the last year 95 applications, with capital of \$4,530,000, were rejected, and 85, capital of \$7,382,000, were abandoned or action thereon indefinitely deferred. The principal causes of rejection were lack of demand for additional banking facilities in the various communities or the reported unsatisfactory financial standing or character of the applicants.

National banking associations to the number of 169, with capital of \$20,005,000, were chartered in the year ended October 31, 1921, as

compared with 361 associations, with capital of \$31,077,500, chartered in 1920. Of the national banks chartered during the year just closed only 53 became banks of issue, and of this latter number 12 were converted from State banks, 1 was a reorganized national bank, 1 was organized to take over a private bank, and 39 were banks of primary organization.

### INCREASES AND REDUCTIONS OF CAPITAL STOCK OF NATIONAL BANKS.

In order to meet the constantly increasing demands for additional capital, there was an increase in the capital stock of national banks of \$27,835,800 on the part of 259 national banks during the year. In the previous year the increase in capital of existing banks was \$104,618,100, the number of banks concerned in this increase being 608.

In 1921 there were but 3 banks which effected a reduction in their capital stock, the aggregate being \$200,000; there were also 3 reductions in capital aggregating \$850,000 incident to consolidations of national banks under act November 7, 1918. In 1920 the number of reductions of capital was 4 and the aggregate amount of the reductions was \$300,000; there were also 4 reductions aggregating \$1,650,000 under the act of November 7, 1918.

#### LIQUIDATION OF NATIONAL BANKS.

Exclusive of 18 banks, with capital of \$6,565,000 liquidated and absorbed by other national banks, 75 national banking associations (4 of which never opened for business), with capital of \$30,510,000, were placed in voluntary liquidation, or the corporate existence expired during the past year, of which 52 were absorbed by State banks, 15 reorganized as State banks, and 8 quit business. Of the 93 liquidations for the past year, advice has been received from 35 that their affairs have been entirely closed. The year before there were 67 liquidations, with \$11,180,000 capital. The number of receiverships was 34, and the capital involved was only \$1,870,000.

#### CONSOLIDATION OF NATIONAL BANKS.

Under the provisions of the act of Congress approved November 7, 1918, providing for the consolidation of national banking associations, 128 national banks have consolidated into 63 associations. During the last year 24 consolidations were effected, with capital of \$52,795,000, surplus \$52,994,000, and other undivided profits of \$31,542,022, the number of banks concerned being 48 and their capital \$52,609,200. There was therefore an increase as a result of these consolidations of \$185,800 in aggregate capital stock. The total assets of the 24 consolidated banks amounted at the date of consolidation to \$845,175,826.

In the following table the capital, surplus, undivided profits, and aggregate assets and date of consolidation of each of the 24 consolidated banks are shown:

National banks consolidated under act Nov. 7, 1918, their capital, surplus, undivided profits, and aggregate assets, year ended Oct. 31, 1921.

#### GROWTH IN NUMBER AND CAPITAL OF NATIONAL BANKS.

Notwithstanding the liquidations and the consolidations which took place there was a net increase in the year ended October 31, 1921, of 22 in the number of national banking associations and a net increase of \$8,045,800 in capital. The authorized capital stock of the 8,179 national banks in existence at the close of the year was \$1,281,995,565.

From the inauguration of the national banking system in 1863 to October 31, 1921, national banking associations to the number of 12,033 were chartered, the capital stock at organization being \$1,220,218,482. The total loss to the system in the number of banks during this period was 3,854, of which 3,267 were closed by voluntary liquidation or by consolidation with other national banks and 587 were liquidated through receivers.

#### NATIONAL BANKS ORGANIZED SINCE 1900.

The organization of banks with minimum capital of \$25,000 authorized by the act of March 14, 1900, has added to the system 4,231 banks, aggregate capital at time of organization, \$110,302,500. During this period there were also organized 2,538 national banks with individual capital of \$50,000 or more, their capital at organization aggregating \$353,482,800. It therefore appears that from March 14, 1900, to October 31, 1921, 6,769 national banking associations were chartered, with combined capital of \$463,785,300.

### STATE BANKS CONVERTED OR REORGANIZED INTO NATIONAL BANKING ASSOCIATIONS SINCE 1900.

State banks to the number of 1,259 and with capital of \$105,617,800 were converted into national banking associations between March 14, 1900, and October 31, 1921. In addition there were 1,621 reorganizations of 1,655 State banks, trust companies, and private banks and 141 reorganizations of 168 national banks which had voluntarily liquidated for the purpose of reorganizing or the charters of which had expired by limitation. The remaining 3,748 of the 6,769 banks chartered during this period were banks of primary organization.

The capital at date of charter of the converted State banks was \$105,617,800; of the reorganized State and private banks, \$86,307,000; of the reorganized national banks, \$46,000,000. The banks of primary organization were capitalized at \$225,860,000. Therefore, of the aggregate capital of \$463,785,300 of banks chartered since March 14, 1900, \$237,924,800 was the capital of converted or reorganized State, private, and national banks, and \$225,860,000 entirely new capital, or that resulting from primary organizations.

#### ORGANIZATION AND LIQUIDATION OF NATIONAL BANKS.

The statistical or report year of the Comptroller of the Currency terminates on October 31, and the following table contains a statistical annual history from 1914 to 1921, inclusive, of the number of banks organized each year, and their capital at date of organization, together with the number and capital of banks closed voluntarily or by reason of failure, together with the yearly net increase or decrease in the number of banks and original capital. In the table the increases and reductions of capital of existing banks are not taken into account.

Number and authorized capital of national banks chartered and the number and capital stock of banks closed in each year ended Oct. 31, since 1913, with the yearly increase. or decrease.

# EXPIRATIONS AND EXTENSIONS OF CHARTERS OF NATIONAL BANKS.

Charters are granted to national banks for a period of 20 years from the date of the execution of the organization certificate. In the year ended October 31 last, 283 banks, with capital of \$20,471,500, reached the termination of their existence, and their charters were extended for an additional period of 20 years under authority of the act of July 12, 1882. In the same year charters of 62 banks, with capital of \$10,642,900, extended under the act of 1882, were extended for a further period of 20 years, under the act of April 12, 1902. The total number of extensions of charters under the act of 1882 is 4,100, and under the act of 1902, 1,415.

In the coming report year the charters of 361 banks, with capital of \$33,662,500, will expire for the first time, 135, with capital of \$51,260,000, for the second time, and 23, with capital of \$4,130,000, for the third time. There is no provision of law for extending national banks for the third time. A list of banks concerned in the extensions during the report year ending October 31, 1922, will be found in the appendix.

Number of national banks in each State the charters of which were extended under the act of July 12, 1882, to Oct. 31, 1921.

### CHANGES OF TITLE INCIDENT TO CONSOLIDATIONS OF NATIONAL BANKS.

In the consolidation of national banks under the act of November 7, 1918, a number of changes resulted in the corporate title of banks under the charter of which consolidations were effected.

In the following statement the titles of the banks consolidating and also the new titles of the consolidated banks are given:

The La Rue National Bank of Hodgenville, Ky. (9843), and The Farmers National Bank of Hodgenville, Ky. (6894), consolidated under the charter of the latter, with title: Farmers National Bank of Hodgenville.

Liberty National Bank of Roanoke, Va. (11191), and Colonial National Bank of Roanoke, Va. (11817), consolidated under the charter of the latter, with title: The Colonial National Bank of Roanoke.

The Peoples National Bank of Waynesboro, Pa. (4445), and The National Bank of Waynesboro, Pa. (11866), consolidated under the charter of the latter, with title: First National Bank in Waynesboro.

The City National Bank of Plattsburg, N. Y. (6613), and Plattsburg National Bank & Trust Co., Plattsburg, N. Y. (5785), consolidated under the charter of the latter, with title: Plattsburg National Bank & Trust Co.

Union National Bank of Tulsa, Okla. (16906), and First National Bank of Tulsa, Okla., consolidated under the charter of the latter, with title: The First National Bank

of Tulsa.

The Superior National Bank & Trust Co. of Cleveland, Ohio (11878), and The Central National Bank of Cleveland (4318), consolidated under the charter of the latter, with title: Central National Bank and Trust Co. of Cleveland.

The Farmers National Bank of Wellington, Kans. (11889), and The Wellington National Bank, Wellington, Kans. (3091), consolidated under the charter of the latter, with title: First National Bank in Wellington.

The Connecticut National Bank of Bridgeport, Conn. (927), and The First-Bridgeport National Bank Bridgeport, Conn. (335), consolidated under the charter of the latter, with title: The First National Bank of Bridgeport.

The Merchants National Bank of Billings, Mont. (9355), and The Yellowstone National Bank of Billings, Mont. (4593), consolidated under the charter of the latter, with title: The Yellowstone-Merchants National Bank of Billings.

Under authority of section 5155, of the Revised Statutes of the United States, the following national banks formerly State banks, continue to operate the branches indicated:

# California:

First National Bank of Bakersfield; capital, \$400,000.

Branch at Taft; capital, \$50,000. Branch at Wasco; capital, \$25,000. Branch at Maricopa; capital, \$25,000.

Bank of California National Association, San Francisco; capital, \$8,500,000.

Branch at Portland, Oreg.; capital, \$300,000. Branch at Seattle, Wash.; capital, \$200,000. Digitized for FRASER Branch at Tacoma, Wash.; capital, \$200,000.

http://fraser.stlouisfed.org/ Federal Reserve Bank of St. Louis

### Louisiana:

Calcassieu National Bank of Southwestern Louisiana, Lake Charles; capital, \$750,000.

Branch at De Quincy; capital, \$21,000.

Branch at Jennings; capital, \$105,000.

Branch at Kinder; capital, \$30,000.

Branch at Lake Arthur; capital, \$33,000.

Branch at Oakdale; capital, \$60,000.

Branch at Sulphur; capital, \$21,000.

Branch at Vinton; capital, \$45,000.

Branch at Welch; capital, \$60,000.

## Michigan:

City National Bank of Battle Creek; capital, \$350,000.

Branch in Battle Creek; capital, \$25,000.

National Union Bank of Jackson; capital, \$400,000.

Branch in Jackson; capital, \$100,000.

### Mississippi:

Pascagoula National Bank of Moss Point; capital, \$75,000.

Branch at Pascagoula; capital, \$25,000.

#### New York:

Chatham & Phoenix National Bank of New York; capital, \$7,000,000.

Twelve branches in the city of New York, with capital of \$100,000 assigned to each.

Metropolitan National Bank of New York; capital, \$2,500,000.

Seven branches in the city of New York, with capital of \$100,000 assigned to each.

Public National Bank of New York; capital, \$3,000,000.

Five branches in the city of New York, with \$100,000 capital assigned to each.

### North Carolina:

American Exchange National Bank, of Greensboro; capital, \$600,000.

Branch at South Greensboro; capital, \$50,000.

### Oregon:

First National Bank of Milton; capital, \$50,000.

Branch at Freewater; capital, \$10,000.

# Washington:

Union National Bank of Seattle; capital, \$600,000.

Branch at Ballard; capital, \$50,000. Branch at Georgetown; capital, \$50,000.

Under the consolidation act of November 7, 1918, converted State banks having branches were consolidated with the following banks and the branches continued:

# New York:

National Commercial Bank & Trust Co. of Albany; capital, \$1,250,000.

Branch in Albany; capital, \$100,000. National City Bank of New York; capital, \$40,000,000.

Three branches in the City of New York, with \$100,000 capital assigned to each.

Irving National Bank, New York; capital, \$12,500,000.

Eight branches in the city of New York, with capital of \$100,000 assigned to each. Digitized for FRASER

New York—Continued.

Mechanics & Metals National Bank, New York; capital,

\$10,000,000.

Nine branches in the city of New York, to which is assigned \$50,000 capital each to seven, and \$100,000 each to two of the branches.

Virginia:

First National Bank of Abingdon; capital, \$200,000. Branch at Abingdon; capital, \$25,000.

### FOREIGN BRANCHES OF NATIONAL BANKS.

Under authority of section 25 of the Federal reserve act, "Any national banking association possessing a capital and surplus of of \$1,000,000 or more, may with the approval of the Federal Reserve Board, establish branches in foreign countries or dependencies or insular possessions of the United States for the furtherance of the foreign commerce of the United States and to act, if required to do so, as fiscal agents of the United States.

Only two national banks have taken advantage of the provision of the law referred to, namely, the First National Bank of Boston and the National City Bank of New York.

The locations of the foreign branches of each of these banks are as follows:

The First National Bank of Boston:

Argentina.—Buenos Aires.

The National City Bank of New York: Argentina.—Buenos Aires, Rosario.

Belgium.—Antwerp, Brussels.

Brazil.—Bahia, Pernambuco, Rio de Janeiro, Santos, Sao Paulo.

Chile.—Santiago, Valparaiso.

Colombia.—Barranquilla, Bogota, Medellin.

Cuba.—Artemisa, Bayamo, Caibarien, Camaguey, Cardenas, Ciego de Avila, Cienfuegos, Colon, Cruces, and Cuatro Caminos, subbranches; Guantanamo, Habana, subbranch Galious Street, Manzanillo, Matanzas, Nuevitas, Pinar del Rio, Placetas del Norte, Remedios, Sagua la Grande, Sancti Spiritus, Santa Clara, Santiago, Union De Reyes, Yagaujay. England.—London.

Italy.—Genoa.

Peru.—Lima.

Porto Rico.—San Juan, Ponce.

Uruguay.—Montevideo.

Venezuela.—Caracas, Maracaibo.

The principal items of resources and liabilities of the foreign branches of the National City Bank of New York and the First National Bank of Boston, are shown in the following statement, as of June 30, 1921.

# Condition of the foreign branches of the National City Bank, New York, N. Y., and First National Bank, Boston, Mass., on June 30, 1921. RESOURCES.

### INTEREST-BEARING DEBT OF THE UNITED STATES.

By reference to the statement following, it will be noted that the interest-bearing debt of the United States on June 30, 1921, was \$23,737,352,080, and that the amount of bonds available as security for national bank circulation was but \$793,115,530.

As will be seen, approximately 80 per cent of the bonds available as security for circulation are consols of 1930. There are also outstanding and available as security for circulation 4 per cent bonds of 1925 to the amount of \$118,489,900, while the outstanding issues of Panama Canal 2's amount to a trifle less than \$75,000,000.

The statement in question follows:

# UNITED STATES BONDS ON DEPOSIT AS SECURITY FOR CIRCULATION AND DEPOSITS MADE DURING THE PAST YEAR.

Of the \$727,512,420 bonds on deposit as security for national bank circulation on October 31, there was deposited during the year \$40,140,000, of which \$4,798,250 was deposited by banks authorized to begin business during the year in question. In the same time withdrawals of bonds aggregated \$24,684,210, of which \$7,449,450 were on account of banks reducing their circulation, \$17,159,760 by banks placed in voluntary liquidation, and \$75,000 on account of banks placed in charge of receivers.

The following statement shows by months from November, 1920, to October, 1921, the amount of deposits and withdrawals of United

States bonds.

United States bonds deposited as security for circulation by banks chartered and by those increasing their circulation, together with the amount withdrawn by banks reducing their circulation and by those closed, during each month, year ended Oct. 31, 1921.

Date.	Bonds deposited by all banks chartered and those increasing circulation during the year.	Bonds withdrawn by banks reducing circulation.	Bonds withdrawn by banks in liquidation.	Bonds withdrawn by banks in insolvency.

<sup>1</sup> Includes \$4,798,250 deposited by banks chartered during the year.

### PROFIT ON NATIONAL-BANK CIRCULATION.

In the appendix of this report will be found a computation by the Government actuary of the profit on national-bank circulation, based upon the deposit of \$100,000 consols of 1930, bonds of 1925, and 2 per cent Panama Canal bonds, at the average net price monthly from November, 1920 to October, 1921. In this computation money is assumed to be worth 6 per cent and the computation shows the amount and percentage of profit in excess of 6 per cent on the investment in the bonds. The gross receipts are the interest on circulation loaned (less 5 per cent required for the redemption fund) and the fixed interest on the bonds. From the receipts are deducted tax on circulation, expenses of redemption, and the sinking fund. As an illustration: Two per cent consols were reported at 101 in

October last, and on the deposit of \$100,000 bonds the bank received circulation to the amount of \$100,000; the interest on \$95,000 loanable circulation produced \$5,700, interest on the bonds \$2,000, gross receipts \$7,700. The tax on the circulation was \$500, expenses for redemption \$62.50, sinking fund \$91.61; total deducted \$654.11, showing net receipts of \$7,045.89, the interest on cost of the bonds at 6 per cent being \$6,060, the profit on the issue is stated at \$985.89, or 0.976 per cent. On the 4 per cent, the cost of which was \$104,865, the profit was \$1,016.36, or 0.969 per cent. The cost of \$100,000 Panama 2's in October was \$100,500, the profit on circulation \$1,086.36, or 1.081 per cent in excess of interest at 6 per cent on the cost of the bonds.

### MONTHLY RANGE OF PRICES OF U. S. BONDS.

Elsewhere in this report will be found a statement showing the monthly range of prices in New York for United States bonds, both registered and coupon, from November, 1920, to October, 1921, inclusive. Supplemental to the statement showing monthly range of prices for United States bonds will be found a table relating to the investment value of these securities.

# REDEMPTION OF NATIONAL AND FEDERAL RESERVE BANK CIRCULATING NOTES.

In connection with the redemption of bank circulation it is of interest to note the volume and character of the circulating medium of the country. On November 1, 1921, the general stock of coin and paper currency in the United States was \$8,047,409,682, of which \$3,504,677,154 was gold coin, including bullion in the Treasury, \$614,784,955 silver, \$346,681,016, United States notes, \$2,837,977,710 Federal reserve bank issues, and \$743,288,847 national-bank notes. On account of the United States circulating note issues the Treasurer holds a gold reserve fund of approximately \$152,979,000. the Federal reserve notes is a gold reserve of over 50 per cent and a like percentage of eligible paper, and the Federal reserve bank notes are secured by United States certificates of indebtedness and United States bonds of the character eligible as security for national-bank circulation, these securities being held in trust by the Treasurer of the United States. The Treasurer also holds in trust as security for national-bank notes the required amount of 2 per cent consols, 2 per cent Panama Canal bonds, and 4 per cent bonds of 1925.

To meet current redemptions the Federal reserve and national banks are required to maintain a redemption fund of 5 per cent of their outstanding issues. Unless national-bank notes received for redemption are to be retired, corresponding amounts of new currency are shipped to the banks interested upon receipt of advice from the National Bank Redemption Agency of the amounts of old issues redeemed.

In the year ended October 31, 1921, the total amount of Federal reserve and national-bank currency received and redeemed was \$1,020,912,004, in addition to which there were received direct from the Federal reserve banks and their branches canceled Federal reserve notes amounting to \$1,781,861,460, which were not counted

into cash. Included in the amount of currency received and counted into the cash were national-bank notes to the amount of \$597,558,702, Federal reserve bank notes \$258,332,653, and Federal reserve notes \$165,020,648.

The total cost of redemption of notes by the National Bank Redemption Agency for the year ended June 30, 1921, was \$1,115,146.15, the average cost per \$1,000 for national-bank notes being \$1.03, Federal reserve notes \$0.49, and Federal reserve bank notes \$0.98, or an average of \$0.89.

The law provides that notes fit for circulation and received for redemption shall be redeemed and returned to the banks of issue. The amount of fit national-bank notes received and returned during the year is stated at \$805,970, and of Federal reserve notes

**\$**1,967, 600.

In the following statements are shown, by months, from November, 1920, to October, 1921, the receipts of each class of bank currency, and the principal sources whence received. It will be noted that there is a discrepancy in the amount of reported receipts in the two statements, due to the inclusion in the second statement of a comparatively small amount of United States currency. The statements in question follow.

Amount of currency received for redemption by months, from Nov. 1, 1920, to Oct. 31, 1921, and counted into the cash of the agency.

#### DENOMINATIONS OF NATIONAL-BANK CIRCULATION.

The outstanding issues of national-bank notes at the close of business, October 31, 1921, with the exception of a small amount of \$1 and \$2 notes issued under the act of 1864 and prior to 1879, were principally of the denominations of \$5, \$10, \$20, \$50, and \$100.

The following statement shows the amount of each denomination of national-bank circulation outstanding.

National-bank notes outstanding October 31, 1921.

# NATIONAL-BANK CIRCULATION IN VAULTS OF CURRENCY BUREAU.

At the close of business October 31, 1921, the amount of national-bank notes in the vaults of this bureau was \$351,412,930. During the year ended October 31, 1921, notes to the amount of \$647,293,250 were received from the Bureau of Engraving and Printing, and with

the balance of \$324,362,560 on hand at the close of business October 31, 1920, make the total to be accounted for \$971,655,810. Circulation issued during the year to replace notes of existing banks redeemed and destroyed, to new banks chartered, and on account of banks increasing their circulation, amounted to \$603,301,700, while incident to liquidations and expirations of charters, notes amounting to \$16,941,180 were withdrawn from the vaults and destroyed, making total withdrawals during the year \$620,242,880, and leaving the balance above stated, which was \$27,050,370 in excess of the balance at the close of business October 31, 1920.

The amount of national-bank circulation issued, and the total outstanding each month during the year ended October 31, 1921, is shown in the following statement:

#### FEDERAL RESERVE NOTES.

The weekly statements of Federal reserve agents' accounts, issued by the Federal Reserve Board, include figures showing the volume of Federal reserve notes outstanding, the amount of notes secured by gold, and the amount secured by commercial and other eligible paper.

As shown by these statements, the volume of Federal reserve notes outstanding reached the peak on December 23, 1920, the statement for that date showing \$3,755,246,000 outstanding. From this point,

due to a steadily decreasing demand for currency, the volume of notes outstanding has fallen off a little more than \$1,000,000,000 in about 10 months, the statement on October 26, 1921, showing \$2,725,315,000 outstanding.

Federal reserve notes—Weekly statement of Federal reserve notes outstanding (amount issued by Federal reserve agents to the banks, less "unfit" notes returned for redemption), amount secured by gold and amount secured by commercial and other eligible paper from Dec. 3, 1920, to Oct. 26, 1921.

A decided change during the year is noted in the character of the collateral held as security for Federal reserve notes. On November 26, 1920, the amount secured by commercial or other eligible paper was more than 67 per cent of the total, while on October 26, 1921, only about 37 per cent was thus secured, the balance, or 63 per cent, being secured by gold or gold certificates.

A total of \$12,173,220,000 Federal reserve notes had been printed up to October 31, 1921, of which \$9,809,440,000 were shipped or delivered to, or upon the order of Federal reserve agents, leaving a balance of \$2,363,780,000 on hand in the reserve vault available for

shipment as required.

During the year ended October 31, 1921, Federal reserve notes amounting to \$2,448,410,825 were delivered to this office for destruction as "unfit" for circulation, making with previous returns, a total of \$6,146,054,640 mutilated notes returned for redemption up to that date.

Detailed information showing issues and redemptions by denominations, is given in the following tables.

Note.—During the year burned, badly mutilated, and fractional parts of Federal reserve notes, amounting to \$35,775 have been identified, valued, and the bank of issue determined.

### FEDERAL RESERVE BANK NOTES.

Federal reserve bank currency is issued under the same terms and conditions as national-bank currency and is secured by United States bonds deposited with the Treasurer of the United States, or under the provisions of the act of April 23, 1918, commonly known as the Pittman Act, by United States certificates of indebtedness.

Under authority of the Pittman Act, which also provides for the issue of \$1 and \$2 Federal reserve bank notes, about \$260,000,000

standard silver dollars were melted and sold.

Issues to Federal reserve banks of Federal reserve bank notes, amounts printed, redeemed, and outstanding, by denominations, up to and including October 31, 1921, are shown in the following tables:

Statement showing the total amount of Federal reserve bank notes, by denominations, issued to Federal reserve banks upon the deposit of securities under the provisions of the act of Apr. 23, 1918.

# MONETARY STOCKS IN THE PRINCIPAL COUNTRIES OF THE WORLD.

The monetary stock of gold, silver, and paper currency in all of the principal countries of the world, shown in the following statement for the calendar year 1920, was prepared by the Office of the Director of the Mint, Treasury Department. The amount of gold and silver in circulation in many countries is not obtainable, and in some countries that held by private banks can not be given. All foreign coin which comes into possession of the Government is converted to bullion.

<sup>1</sup> Exclusive of notes of bank of issue.

 Exclusive of 1 and 2 lire Government notes.
 Polish mark has no fixed value; converted as the equivalent of the German mark.
 Fluctuates with the price of silver.
 Straits Settlements silver and notes in circulation not included; they predominate. 10 Silver coin in circulation.

11 Russia's paper circulation, estimated at 790 billions of rubles, not included.

Note.—Blanks indicate no figures available rather than no stock. Gold held abroad: Argentina, \$3,978,023; Paraguay, \$787,277; Bank of France, \$376,035,000; Greece, \$257,094,199; Bank of Norway, \$15,622,929; National Bank of Rumania, \$95,294,798; Switzerland, \$12,575,880; French Indo-China, \$4,935,668; Japan (April, 1920), \$350,000,000; Straits Settlements, \$3,763,687; Union of South Africa, \$3,235,288; Spain, \$15,929,469; Peru, \$14,112,850; Jugoslavia, \$67,464,875 (gold and silver).

<sup>2</sup> Part in circulation.

Monetary standard not established.
 Actual value much less; converted at gold value while original data state items as paper marks.

<sup>5</sup> In Banks of Italy, Naples, and Sicily.

### BANKING POWER OF THE UNITED STATES.

The banking power of the United States on June 30, 1921, represented by the combined paid-in capital, surplus and profits, deposits, and circulation of all reporting banks, including national and State, nonreporting private banks (estimated), and the 12 Federal reserve banks, was \$48,219,900,000. Comparison of this amount with the banking power for June 30, 1914, aggregating \$24,340,100,000, discloses an increase in this 7-year period, of \$23,879,800,000, or 98.11 per cent.

Banking power of the United States, June 30, 1921.

### MONEY IN THE UNITED STATES.

By reference to the following statement prepared by the Division of Loans and Currency, Treasury Department, showing the general stock of money in the United States on July 1, 1921, to the aggregate of \$8,027,395,496, it appears that the stock has increased since July 1, 1914, shortly before the inauguration of the Federal reserve system, 114.72 per cent, the amount of increase being \$4,288,775,151. The per capita circulation in this period also increased from \$34.53 to \$53.44.

To the issuance of Federal reserve and Federal reserve bank notes, subsequent to July 1, 1914, is due the increase in the paper circulating medium. The stock of gold, including bullion in the United States Treasury, increased in this period from \$1,890,678,304 to \$3,226,119,093. Standard silver dollars were reduced between July 1, 1914 and 1921, from \$565,834,263 to \$288,788,378, and national-bank notes amounting to \$743,290,374 July 1, 1921, were \$7,381,525 less than on July 1, 1914. The statement follows:

Note.—Information for nonreporting private banks has been estimated by using as a basis for the calculation, statements of reporting private banks. Only such institutions as are performing the functions of a bank are included in the total number of private banks. Concerns whose business is confined to the selling of investments are not included in the list of private bankers.

The circulating medium—Coin and paper currency, July 1, 1921.

Population of continental United States estimated at..... Circulation per capita.....

Includes gold held in the Treasury for the redemption of outstanding gold certificates (\$716,532,998 and Federal reserve gold settlement fund \$1,537,836,895.45 on July 1, 1921), and standard silver dollars held in the Treasury for the redemption of outstanding silver certificates and Treasury notes of 1890 (\$203,110,397 on July 1, 1921). Does not include gold held with foreign agencies of Federal Reserve Banks. Amounts of Federal reserve bank notes and antional-bank notes are amounts issued by Treasury to banks.

\*Includes the gold reserve fund held against issues of United States notes and Treasury notes of 1890 (\$152,979,025.63 on July 1, 1921), and the gold or lawful money redemption funds held against issues of national-bank notes, Federal reserve bank notes (\$287,115,228.57 on July 1, 1921). Does not include deposits of public money in Federal reserve banks, national banks, and special depositaries (\$531,170,736.30 on July 1, 1921), nor does it include funds held in trust in the Treasury for the redemption of outstanding gold and silver certificates and Treasury notes of 1890. (See column I, ante.) For a full statement of Treasury assets and liabilities see daily statement of the United States Treasury and monthly financial statement. financial statement.

<sup>3</sup> Includes the gold reserve held by banks against issues and gold or other funds deposited by banks with agents to retire Federal reserve notes in circulation and own Federal reserve notes held by Federal

with agents to retire Federal reserve notes in circulation and own Federal reserve notes held by Federal reserve banks.

Amounts of various kinds of money in circulation determined by deducting from the appropriate item in the general stock of money (column I, ante) the amount held in the Treasury as assets of the Government (column II, ante) and the amount held by Federal reserve banks or Federal reserve agents against issues of Federal reserve notes (column III, ante). Gold and silver certificates and Treasury notes of 1890 in circulation are represented in the general stock of money by equal amounts of gold coin or bullion and standard silver dollars held in Treasury for their redemption. (See column I, ante.) Amounts of Federal reserve bank notes and national-bank notes are amounts of issues by Treasury to banks less amounts held in Treasury as assets of the Government.

Includes \$1,22,553,360 credited to Federal reserve agents in the gold settlement fund deposited with Treasurer of the United States.

6 Includes \$408,303,535.45 credited to Federal reserve banks in the gold settlement fund deposited with

Treasurer of the United States.
7 Includes own Federal reserve notes held by Federal reserve banks.

# STOCK OF MONEY IN THE UNITED STATES, IN THE TREASURY, REPORTING BANKS, FEDERAL RESERVE BANKS, AND IN GENERAL CIRCULATION.

Based upon the general stock of money in the United States, and the amount of money held in the United States Treasury as assets of the Government, as shown in the preceding statement, the amount of money in general circulation on June 30, 1921, after deducting the amount of coin and other money in reporting banks, including national and State, exclusive of banks in the island possessions, and amounts held by or for Federal reserve banks and agents, shown by information received from the Federal Reserve Board, was \$3,942,300,000, or 49.11 per cent of the total stock of money. The per capita amount in general circulation, based upon an estimated population in the continental United States of 108,087,000 was \$36.47.

The stock of money in the United States, in the Treasury, reporting banks, Federal reserve banks, and in general circulation for the years ended June 30, 1914 to 1921, inclusive, is shown in the following statement:

### RATES FOR MONEY IN NEW YORK.

The monthly range of rates for money in the New York market in the year ended October, 1921, reported by the Commercial and Financial Chronicle, is shown in the following table: Call loans on the Stock Exchange ranged from 5 to 10 per cent in November, 1920, 5 to 7 per cent in the following April; dropped to  $3\frac{1}{2}$  to  $6\frac{1}{2}$  per cent in July; and ranged from 4 to 6 per cent in October.

Time loans, 60 and 90 day paper, at the beginning of the year ranged from 7 to 8 per cent in April, quotations are 6 to 7 per cent in July, 5½

to  $6\frac{1}{2}$ , and in October  $5\frac{1}{4}$  to  $5\frac{1}{2}$  per cent.

Time loans, 4 to 6 months paper, ranged from 6 to 8 in November; 6 to 7 per cent in April;  $5\frac{1}{2}$  to  $6\frac{1}{2}$  per cent in July; and  $5\frac{1}{2}$  to  $5\frac{3}{4}$  per cent in October.

Commercial paper, 60 to 90 days, double name, and single name prime, 4 to 6 months, ranged from 7½ to 8 per cent in November, 1920; 7 to 7½ per cent in April; 5½ to 6½ per cent in July, and closed in October at 5½ to 5½ per cent. The table in question follows.

<sup>&</sup>lt;sup>2</sup> Includes national banks and all reporting State banks with exception of banks in island possessions.

<sup>3</sup> Includes gold reserve held by banks against issues and gold or other funds deposited by banks with agents to retire Federal reserve notes in circulation and own Federal reserve notes held by Federal reserve banks.

Population estimated at 105,869,000 in 1918, 106,136,000 in 1919, 107,155,000 in 1920, and 108,087,000 in 1921.

### NEW YORK CLEARING HOUSE.

A comparative statement of the transactions of the New York Clearing House for the years ended September 30, 1920 and 1921, submitted by Manager W. J. Gilpin, shows a membership of 52 banks, with capital of \$286,150,000. The number of member banks was reduced during the year by 3, while the capital was increased \$24,500,000.

The total clearings for the year ended September 30, 1921, were \$204,082,339,000 compared with \$252,338,249,000 for the year ended September 30, 1920, while the average daily clearings for the year ended September 30, 1921, were \$673,539,000 compared with average daily clearings for the year 1920, of \$830,060,000. The average daily balances for the year ended September 30, 1921, were \$68,846,000 and the percentage of balances to clearings was 10.22.

The transactions of the assistant treasurer of the United States with the New York Clearing House, from October 1, 1920, to December 3, 1920, the date of the last exchange incident to the transfer of the duties of the assistant treasurer of the United States, to the Federal Reserve Bank of New York were reported as follows:

Exchanges received from clearing house	\$94, 340, 949. 04 1, 456, 024. 03
Total Exchanges delivered to clearing house	95, 796, 973. 07 52, 730, 334. 69
Balances paid to clearing house	43, 066, 638. 38
Debit exchanges.	94, 340, 949. 04
Credit exchanges	52, 730, 334. 69
Debit balances	43, 066, 638. 38
Credit balances	1, 456, 024. 03
Excess of debit balances	41, 610, 614. 35
Clearing House transactions of the Federal Reserve Bank of New York September 30, 1921.	c, for year ended

 Debit exchanges
 \$3,606,428,553.48

 Credit exchanges
 20,966,754,726.16

 Credit balances
 17,360,326,172.68

In the appendix of this volume, comparative statements are published for the years ended September 30, 1920 and 1921, of the exchanges of the clearing houses of the United States, and the transactions of the New York Clearing House, by years since 1854.

### CLEARING HOUSE ASSOCIATIONS IN THE UNITED STATES.

Information received from Manager W. J. Gilpin, of the New York Clearing House Association, with respect to the clearings of the clearing houses of the United States for the years ended September 30, 1920 and 1921, indicates a reduction in the clearings during the year ended September 30, 1921, of \$86,989,718,000, the aggregate amount of clearings for the year being \$376,779,895,000. The number of cities from which the returns were received September 30, 1921, was 216, or 17 in excess of the number of cities on September 30, 1920.

The clearings of the associations in the 12 Federal reserve bank cities for the year ended September 30, 1921, were \$304,348,672,000, representing a decline since September 30, 1920, of \$73,851,790, while in 16

other principal cities, in each of which the clearings were in excess of \$1,000,000,000, the clearings during the year amounted to \$41,965,903,000, the total clearings in the 12 Federal reserve banks cities and the 16 other cities amounting to \$346,314,575,000, or 91.91 per cent of the total clearings of all associations in the United States.

The clearings in each of the 12 Federal reserve bank cities and the 16 other principal cities for the years ended September 30, 1920 and 1921, amount of increase or decrease, the aggregate for all other cities and the total for all cities in the United States are shown in the fol-

lowing statement:

Comparison of the transactions of clearing-house associations in the 12 Federal reserve bank cities and in other cities with transactions exceeding \$1,000,000,000 in the years ended Sept. 30, 1920 and 1921.

### RESOURCES OF THE CENTRAL BANKS IN FOREIGN COUNTRIES

The resources of the principal central banks in the several foreign countries on or about July 1, 1921, are shown in the currencies of the respective countries, in the following statement. The resources of each bank are also shown converted into dollars at the par rate of exchange and at the rate of exchange on or about the date of the returns.

The total resources of the 15 central banks listed, converted into dollars at the rate of exchange on given date, amounted to \$12,710,292,000, or 61.95 per cent of the resources, including rediscounts of national banks on June 30, 1921:

#### BANKS OTHER THAN NATIONAL.

#### STATE (COMMERCIAL) BANKS.

The principal increase in the number of reporting banks of any class, on June 30, 1921, was in the State banks doing a commercial business, the number of these banks having increased during the year, from 18,195 on June 30, 1920, to 18,875 on June 30, 1921. During this period the resources of these banks were increased from \$14,009,781,000 to \$14,199,099,000.

Loans and discounts increased since June 30, 1920, \$195,873,000, and amounted to \$9,070,958,000 on June 30, 1921. Overdrafts were reduced from \$88,325,000, June 30, 1920, to \$68,243,000, June 30, 1921.

Approximately 17 per cent of the assets of these banks were invested in United States Government securities, State, county, and municipal bonds, and other miscellaneous stocks and bonds. Investments were increased \$211,141,000 during the year and amounted to \$2,438,057,000, June 30, 1921.

The value placed upon the banking houses, furniture, and fixtures of these banks was \$330,005,000, compared with \$262,042,000, June 30, 1920, while other real estate owned increased during the year from \$42,961,000 to \$55,344,000.

Balances due from other banks and bankers (including lawful reserve with Federal reserve banks, or other reserve agents), aggregated \$1,393,783,000, a reduction during the year of \$155,788,000. Checks (including exchanges for clearing house) and other cash items were reduced from \$332,847,000 to \$278,293,000.

Cash on hand reported June 30, 1921, at \$346,589,000, was \$47,346,000 less than the amount on hand June 30, 1920. Other miscellaneous resources June 30, 1921, were \$217,827,000, against \$238,099,000 June 30, 1920.

Capital stock, due to the increase in the number of reporting banks, rose from \$920,211,000 June 30, 1920, to \$1,063,045,000 June 30, 1921, and surplus and undivided profits aggregating \$791,712,000 on the latter date, were \$42,094,000 greater than a year ago.

Individual deposits declined during the year from \$10,892, 866, 000 to \$10,809,788,000, and all other deposits amounting to \$337,373,000, exclusive of \$40,019,000 United States deposits, were \$99,271,000 less than the amount reported June 30, 1920.

Notes and bills were rediscounted to the amount of \$257, 450, 000, the increase over June 30, 1920, being \$121,085,000, while the liability for bills payable was \$560,839,000, or \$11,231,000 in excess of the amount reported June 30, 1920. All other miscellaneous liabilities amounted to \$338,873,000, an increase during the year of \$14,404,000.

The resources and liabilities of state banks June 30, 1921, with classifications of loans and discounts, investments, cash in vault, and deposits, are shown in the following summary:

#### LOAN AND TRUST COMPANIES.

The condition of 1,474 loan and trust companies, with resources of \$8,181,092,000, disclosed by the returns June 30, 1921, indicates an increase in the number of these institutions of 66 and reduction in resources of \$138,926,000 since June 30, 1920.

Loans and discounts decreased during the year, \$324,238,000 or from \$4,598,819,000 to \$4,274,581,000. Overdrafts declined from

\$2,689,000 to \$2,541,000.

Investments in United States Government and other bonds, stocks, and securities aggregated \$1,942,676,000, an increase over the amount

reported June 30, 1920, of \$40,601,000.

The value of banking houses, furniture and fixtures was increased during the year, \$25,640,000, the amount at which these assets were carried on the books June 30, 1921, being \$188,873,000. Other real estate owned was reduced from \$26,609,000 to \$26,163,000.

Balances due from other banks and bankers amounted to

\$780,214,000, a reduction of \$98,478,000 during the year.

Checks (including exchanges for clearing house) and other cash items reported June 30, 1921, at \$230,765,000, were \$37,150,000 in

excess of the amount reported June 30, 1920.

Cash in the vaults of these banks was increased during the fiscal year from \$148,455,000 to \$172,717,000, and assets not classified under any of the preceding headings were reported June 30, 1921, to the amount of \$562,562,000, or an increase of \$156,731,000.

Capital stock of loan and trust companies was increased from \$475,745,000 June 30, 1920, to \$515,533,000 June 30, 1921, while surplus and undivided profits were increased \$37,438,000 and

amounted to \$649,561,000.

Deposits to the credit of other banks were \$319,160,000, or \$105,382,000 less than the amount reported June 30, 1920, and individual deposits were reduced from \$6,093,443,000 to \$5,754,931,000. United States deposits amounted to \$100,951,000, no amount being

reported June 30, 1920.

Notes and bills rediscounted amounted to \$132,778,000, a reduction during the year of \$13,768,000, and the liability for all other obligations representing borrowed money was also reduced during the fiscal year some \$40,958,000, the amount reported June 30, 1921, being \$173,186,000. Other miscellaneous liabilities were increased from \$353,475,000 to \$534,992,000.

The following summary of the resources and liabilities of loan and trust companies, June 30, 1921, shows classifications of loans and

Digitized fodiscounts, investments, cash, and deposits.

Summary of reports of condition of 1,474 loan and trust companies in the United States at the close of business June 30, 1921.

#### STOCK SAVINGS BANKS.

The number of stock savings banks and aggregate resources as shown by returns to this office, June 30, 1921, were less by 109, and \$948,503,000, respectively, than in 1920, by reason, mainly, of the fact that the returns from approximately 106 banks in the State of California, which have heretofore been classified as stock savings banks, are included in the returns for the present year, with State (commercial) banks, on account of the departmental character of the business conducted by the banks in that State.

Loans and discounts of stock savings banks amounted to \$429,587,000 and overdrafts were \$361,000. The investments in United States Government securities and other bonds, stocks, and securities amounted to \$57,777,000.

Banking houses, furniture and fixtures were valued at \$14,611,000 and other real estate owned totaled \$1,500,000. Balances due from other banks, including reserve agents, amounted to \$42,145,000, and checks (including exchanges for clearing houses), and other cash items aggregated \$391,000, while cash in vault amounted to \$11,-013,000, and other miscellaneous resources to \$525,000.

The paid-in capital stock of stock savings banks was \$39,902,000,

and surplus and undivided profits totaled \$28,426,000.

The aggregate of deposits in these banks, including amounts due to other banks of \$393,000 and United States deposits of \$110,000, were \$443,580,000.

Notes and bills rediscounted amounted to \$86,000 and the liability for bills payable was \$40,411,000. All other liabilities amounted to \$5,505,000.

The number of depositors in these banks was 1,118,583, with deposits to their credit of \$443,077,000. The average amount due each depositor was \$396.11 and the average rate of interest credited to savings accounts was 3.72 per cent.

A summary of the resources and liabilities of stock savings banks, June 30, 1921, and a comparative statement of the number of banks in each State in 1920 and 1921, number of depositors, amount of deposits, and average due each depositor, with the per cent rate of interest credited to savings accounts, follow:

Summary of reports of condition of 978 stock savings banks in the United States at the close of business June 30, 1921.

#### MUTUAL SAVINGS BANKS.

Returns were received June 30, 1921, from 623 mutual savings banks with resources of \$6,040,121,000, the number of banks being 3 more than reported June 30, 1920, and the resources \$421,104,000 greater than on that date.

Loans and discounts, including overdrafts, increased during the year \$218,325,000, and on June 30, 1921, aggregated \$2,809,805,000.

Investments in United States Government and all other securities were \$2,888,971,000, the increase during the year being \$172,689,000. Banking houses, furniture, and fixtures were carried at \$46,171,000. compared with \$41,599,000, June 30, 1920, and other real estate owned was increased during the year \$1,720,000, the amount reported June 30, 1921, being \$11,700,000.

The amount due from other banks and bankers was \$171,742,000, a reduction during the year of \$11,785,000. Checks (including exchanges for clearing house) and other cash items were \$2,699,000,

an increase during the year of \$1,508,000.

Total cash in the vaults of these banks June 30, 1921, was \$37,429,000, against \$41,942,000 June 30, 1920, and all other resources were increased during the year by \$38,588,000, or **\$71,604,000**.

Surplus and undivided profits amounted to \$446,340,000 and were

\$23,819,000 in excess of the amount reported June 30, 1920.

Total deposits, including bank deposits of \$135,000 and United States deposits of \$2,000, amounted to \$5,575,318,000 and were \$388,230,000 greater than the amount reported June 30, 1920.

Notes and bills rediscounted were reduced during the fiscal year from \$144,000 to \$91,000, while bills payable were increased from \$395,000 to \$764,000. All other liabilities were increased during the year by \$8,739,000 and on June 30, 1921, amounted to \$17,608,000.

The resources and liabilities of these banks June 30, 1921, are

shown in the following summary:

UNANTICIPATED CONDITIONS REVEALED WITH RESPECT TO NUMBER OF DEPOSITORS AND VOLUME OF DEPOSITS IN MUTUAL SAVINGS BANKS OF THE UNITED STATES, YEAR ENDED JUNE 30, 1921.

Of the 623 reporting banks all except 26 are located in the New England and Eastern States, and the deposits in the banks of these two geographical divisions amount to nearly 96 per cent of the total in all banks of that class. The deposits in these institutions upon the date in question amounted to \$5,575,181,000, credited to 9,619,260 depositors, showing an average deposit account of \$579.59.

In June, 1920, deposits in these institutions totaled \$5,186,845,000, the number of depositors 9,445,327, and the average deposit \$549.14. It thus appears that notwithstanding the unfavorable conditions existing throughout the country, these savings institutions gained both in number of depositors and volume of deposits during the last year. The increase in number of depositors was 173,933 (1.84 per cent) and the gain in deposits was \$388,336,000 (7.49 per cent). It thus appears that there was a gain in the average deposit of \$30.45.

In the New England States the deposits in these savings institutions increased \$63,000,000, of which \$47,000,000 were in the banks in Massachusetts; and the balance of the increase is shown in the remaining States, ranging from about \$1,400,000 in New Hampshire to nearly \$5,000,000 in Rhode Island. The average deposit in banks in this geographical division was \$500.01.

Deposits in the savings banks in the Eastern States increased from \$3,025,000,000 to \$3,284,000,000, showing a net increase of \$259,000,000, approximately. This increase was mainly in the banks in the State of New York, wherein the increase was \$250,000,000.

As will be noted by reference to the table following, there is but a limited number of mutual savings banks in other States—1 in West Virginia and 1 in California, 3 in Ohio, 5 in Indiana, 7 in Wisconsin, and 9 in Minnesota. No returns were received from the mutual savings banks in West Virginia and California in 1920. It appears that there was a general increase in deposits of savings banks in the States named, with the exception of a decrease of about \$100,000 in the banks in Ohio and less than \$50,000 in the banks in Wisconsin.

Comparing the returns from mutual savings banks for the current year with those for 1914, it is shown there has been an increase in the number of depositors of about 1,342,000, or from 8,277,000 to 9,619,000; and in deposits of \$1,660,000,000, or from \$3,915,000,000 to \$5,575,000,000.

In the following table the number of banks, depositors, and the amount of deposits in mutual savings banks in each State for years 1920 and 1921 are shown:

		1920						1921

#### PRIVATE BANKS.

Of the 1,154 private banks, including only those institutions performing the functions of a bank, listed in the July edition of the Rand-McNally Bankers' Directory, information was received in this office as of June 30, 1921, relative to the condition of only 708 of these banks, with resources of \$175,306,000. The reduction in the number of banks reporting since June 30, 1920, was 91, and the reduction in resources was \$37,320,000. The fact that private banks in several States are not under the supervision of the banking departments is accountable in part for the reduction in the number and resources of banks reporting.

Loans and discounts were reduced during the fiscal year from \$127,661,000 to \$104,285,000. Overdrafts were reduced \$527,000 during the year, the amount reported June 30, 1921, being \$727,000. The investments of these banks declined from \$32,191,000 June 30, 1920, to \$29,361,000 June 30, 1921.

Banking houses, furniture, and fixtures reported June 30, 1920, at \$4,046,000 were reduced to \$3,846,000 June 30, 1921, while all other real estate owned was reduced in this period from \$7,720,000 to

\$7,174,000.

Balances due from other banks and bankers were \$21,597,000, or

\$7,870,000 less than on June 30, 1920.

Checks (including exchanges for clearing house) and other cash items amounted to \$710,000, a reduction during the year of \$753,000; and cash on hand June 30, 1921, amounting to \$4,470,000, was \$2,010,000 less than a year ago.

All other resources aggregated \$3,136,000, an increase of \$792,000

during the year.

The capital of these banks was reduced between June 30, 1920, and June 30, 1921, from \$13,334,000 to \$11,601,000, surplus from \$13,-046,000 to \$12,369,000, and undivided profits from \$3,458,000 to \$1,956,000.

Total deposits of \$135,348,000, including \$133,897,000 individual deposits, \$1,342,000 deposits to the credit of other banks and bankers, and \$109,000 United States deposits, were \$36,493,000 less than on

June 30, 1920.

Notes and bills rediscounted amounting to \$1,863,000 June 30, 1921, were \$224,000 greater than on June 30, 1920, and the liability for bills payable was also increased in this period from \$5,870,000 to \$7,828,000.

All other liabilities June 30, 1921, were \$4,341,000, an increase in

the year of \$903,000.

A summary of the resources and liabilities of private banks on June 30, 1921, follows:

Summary of reports of condition of 708 private banks in the United States at the close of business June 30, 1921.

#### ALL REPORTING BANKS OTHER THAN NATIONAL—STATE, SAV-INGS, PRIVATE BANKS AND LOAN AND TRUST COMPANIES.

Returns received from the banking departments of the several States, and through the Bureau of Insular Affairs, War Department, with reference to banks in the island possessions, for the fiscal year ended June 30, 1921, referred to in the preceding paragraphs relative to each class of reporting banks, show an increase of 549 banks. The number of banks on June 30, 1921, including a few private banks not under State supervision, from which individual statements were received, was 22,658, and the aggregate resources, \$29,153,528,000. The reduction in the assets of these banks during the year was \$514,327,000.

Loans and discounts were reduced from \$17,171,091,000 June 30, 1920, to \$16,689,209,000, June 30, 1921. The investments in bonds, etc., increased from \$7,201,060,000 to \$7,356,842,000. Balances in other banks to the credit of these banks (including lawful reserve with Federal reserve banks of the 1,595 State bank and trust companys members of the Federal reserve system, amounting to \$705,-

220,000) amounted to \$2,409,481,000, or \$302,559,000 less than the amount reported June 30, 1920.

Cash on hand was less by \$53,809,000 than in 1920, the amount

reported June 30, 1921, being \$572,218,000.

Incident to the increase in the number of banks, capital stock was increased from \$1,478,473,000 June 30, 1920, to \$1,630,081,000. Surplus and undivided profits June 30, 1921, amounted to \$1,930, 364,000, an increase of \$76,929,000. Individual deposits decreased from \$23,694,372,000 June 30, 1920, to \$22,716,874,000 June 30, 1921, and all other deposits, exclusive of United States deposits, to the amount of \$141,191,000, declined to the extent of \$205,879,000, the amount reported June 30, 1921, being \$658,403,000. Notes and bills rediscounted aggregated \$392,268,000, compared with \$284,746,000 June 30, 1920, and bills payable were reduced from \$794,046,000 to \$783,028,000. All other liabilities amounted to \$901,319,000, an increase of \$202,818,000.

The following summary shows the resources and liabilities on June 30, 1921, of the banks referred to in the preceding paragraphs:

Summary of reports of condition of 22,658 State, savings, private banks, and loan and trust companies in the United States and island possessions at the close of business June 30, 1921.

### COMPARISON OF PRINCIPAL ITEMS OF RESOURCES AND LIABILITIES OF ALL REPORTING BANKS IN JUNE, 1921 AND 1920.

In the following statement, comparison is made of the number and the principal items of resources and liabilities, of reporting banks other than national, including State, savings, private banks, and loan and trust companies, on or about June 30, 1921 and 1920, with similar information relative to national banks and all reporting banks on the dates indicated. The growth in resources of national and State banking institutions between June 30, 1916, and June 30, 1921, is also shown:

Comparative statement of the number of banks reporting loans, cash in vault, total deposits, and aggregate resources of all banks in the United States, on dates nearest to June 30, for the years 1920 and 1921.

## RESOURCES AND LIABILITIES OF ALL REPORTING BANKS IN EACH STATE AND ISLAND POSSESSIONS.

The combined returns from the 30,812 reporting banks (including national, State, savings, private banks, and loan and trust companies), with aggregate resources of \$49,671,390,000, shown by States and island possessions, in the following statement, disclose an increase in the number of banks of 673, and a reduction in resources of \$3,407,718,000 in comparison with similar information for June 30, 1920.

Loans and discounts, which include paper rediscounted and acceptances, were reduced during the year from \$31,256,147,000 to \$28,932,011,000, and overdrafts amounting to \$81,849,000 were

\$27,337,000 less than a year ago.

The investments of these banks, aggregating \$11,381,923,000, were \$5,602,000 less than on June 30, 1920, and the real estate owned, including banking houses, furniture and fixtures, and other real estate, was increased during the year \$146,545,000, or from \$1,000,-

976,000 to \$1,147,521,000.

Balances due from other banks, including lawful reserve with Federal reserve banks, of national banks, and member State banks of the Federal reserve system, totaled \$4,794,205,000, a reduction during the year of \$1,039,036,000. Checks (including exchanges for clearing house) and other cash items were reduced \$167,111,000 and amounted June 30, 1921, to \$1,290,667,000.

The cash in the vaults of all reporting banks June 30, 1921, amounting to \$946,567,000, was \$129,811,000 less than on June 30, 1920. Other miscellaneous resources were \$1,096,647,000 June 30,

1921, compared with \$957,877,000 June 30, 1920.

Capital stock was increased during the year, \$201,322,000, and amounted to \$2,903,961,000, while surplus and undivided profits

were increased \$66,168,000, or to \$3,452,775,000.

Of the total deposits, aggregating \$38,658,799,000, \$2,809,414,000 represented balances to the credit of other banks and bankers, \$35,459,155,000 were individual deposits, and \$390,230,000 were United States deposits. The reduction in total deposits during the year was \$3,055,276,000.

National-bank circulation outstanding June 30, 1921, amounted to

\$704,147,000 compared with \$688,178,000 June 30, 1920.

Notes and bills were rediscounted by all reporting banks, June 30, 1921, to the amount of \$1,271,684,000, a reduction since June 30, 1920, of \$227,578,000. Paper rediscounted with Federal reserve banks June 30, 1921, by national banks and member State banks, amounted to \$1,152,972,000 or 90.66 per cent of the above total. The liability of these banks for all other obligations representing borrowed money, amounting to \$1,375,591,000, was \$410,007,000 less than on June 30, 1920. Of this liability 44.82 per cent, or \$616,557,000, represented the bills payable with Federal reserve banks, of national banks, and member State banks of the Federal reserve system.

All other liabilities, amounting to \$1,304,433,000, June 30, 1921,

Digitized foweres \$1,684,000 greater than on June 30, 1920.

## INCREASE IN RESOURCES OF ALL REPORTING BANKS IN SEVEN-YEAR PERIOD.

In connection with the liquidation in the assets and liabilities of all reporting banks in the United States and island possessions during the past year, referred to in the preceding paragraphs, it is interesting to note the tremendous increase in the volume of the business of these banks as disclosed by their returns for June 30, 1921, and for June 30, 1914, a few months prior to the opening of the Federal reserve banks.

During this period the number of all reporting banks rose from 26,765 to 30,812, and resources were increased 84.16 per cent, or from \$26,971,398,000 to \$49,671,390,000. The increase in the resources of national banks was \$9,035,671,000 and all other reporting banks \$13,664,321,000. The increase in the loans and discounts of all of these banks was \$13,643,654,000, or 89.24 per cent, the amount June 30,1914, being \$15,288,357,000, and on June 30,1921,\$28,932,011,000, which was nearly \$2,000,000,000 in excess of the aggregate resources of all reporting banks (National and State) on June 30, 1914.

Investments were increased more than 100 per cent, or from \$5,584,925,000 on June 30, 1914, to \$11,381,923,000 June 30, 1921. Balances due from banks, including lawful reserve with Federal reserve banks and other reserve agents, June 30, 1921, were \$1,921,507,000 in excess of the amount reported June 30, 1914, namely, \$2,872,698,000, while cash on hand decreased to the extent of \$692,652,000, due to the fact that prior to the passage of the Federal reserve act larger amounts of cash held in the vaults of national banks and banks other than national than subsequent thereto, since the Act of June 21, 1917, requires national banks and member State banks of the Federal reserve system to maintain their entire lawful reserve with Federal reserve banks.

Capital stock of the banks increased from \$2,132,074,000 on June 30, 1914, to \$2,903,961,000 on June 30, 1921. The increase in the capital stock of national banks during this period was \$215,688,000, and in the State banks \$556,199,000. Surplus and undivided profits were increased \$1,176,257,000.

Bank balances on the books of these banks to the credit of other banks and bankers were increased \$104,338,000, and individual deposits increased \$16,871,044,000, or from \$18,588,111,000 on June 30, 1914, to \$35,459,155,000 on June 30, 1921, \$6,431,087,000 of this in-

crease being in the deposits of national banks, while the increase in the State banks was \$10,439,967,000. United States deposits increased to the extent of \$323,575,000. Notes and bills rediscounted increased to the extent of \$1,233,554,000, the amount of this paper on June 30, 1914, being only \$38,130,000 against \$1,271,684,000 on June 30, 1921. The liability for bills payable increased from \$194,431,000 June 30, 1914, to \$1,375,591,000 June 30, 1921. The liability of national banks on account of outstanding circulation notes was reduced between June 30, 1914, and June 30, 1921, \$18,408,000, the amounts on the respective dates being \$722,555,000 and \$704,147,000.

The percentage of loans and discounts of all reporting banks on June 30, 1914, to total deposits was 71.58, while the percentage on

June 30, 1921, was 74.84.

#### RESOURCES AND LIABILITIES OF ALL REPORTING BANKS, 1916-1921.

The principal items of resources and liabilities of all banks, other than Federal reserve banks, for the six years 1916 to 1921 are shown in the following statement:

Classification.	1916 (27,513 banks).	1917 (27,923 banks).	1918 (28,880 banks).	1919 (29,123 banks).	1920 (30,139 banks).	1921 (30,812 banks).

#### NATIONAL AND FEDERAL RESERVE BANKS, STATE, SAVINGS, PRIVATE BANKS AND LOAN AND TRUST COMPANIES.

The aggregate resources of all reporting banks, June 30, 1921 (including rediscounts of national banks amounting to \$879,416,000), were \$49,671,390,000, or \$3,407,718,000 less than on June 30, 1920. The combined capital of these banks on June 30, 1921, was \$2,903,961,000, or \$201,322,000 more than the amount reported June 30, 1920. The aggregate assets of the 12 Federal reserve banks on June 29, 1921, were \$5,242,041,000, a reduction since June 25, 1920, of \$832,555,000, while the paid-in capital stock of these banks was increased during the fiscal year, \$7,678,000, the amount reported June 29, 1921, being \$102,184,000.

The combined resources of the 30,812 reporting banks, including the 12 Federal reserve banks, were therefore \$54,913,431,000 or \$4,240,273,000 less than on June 30, 1920, while the paid-in capital stock of these banks amounting to \$3,006,145,000, was increased

during the fiscal year \$209,000,000.

The principal items of resources and liabilities of the national and state banks combined, of the 12 Federal reserve banks, and the aggregate for all banks, are shown in the following statement:

Statement of the principal items of resources and liabilities of 30,824 reporting banks, including the Federal reserve banks, in the United States and island possessions, June, 1921.

## INDIVIDUAL DEPOSITS IN ALL REPORTING BANKS.

Individual deposits in all reporting banks in the United States and island possessions amounting to \$35,459,155,000, June 30, 1921, were

\$2,370,830,000 less than on June 30, 1920.

Deposits subject to check without notice were about equally divided between national banks and banks other than national on the date indicated, the amount reported by national banks being \$8,036,561,000, and by all other banks \$8,037,564,000. Demand certificates amounted to \$694,781,000, \$404,367,000 of which were issued by banks other than national and the remainder by national banks. Savings deposits totaled \$13,142,135,000. The amount reported by banks other than national was \$10,184,580,000 and by national banks \$2,957,555,000, including approximately \$296,879,000 of time certificates which were inadvertently reported as savings deposits owing to a misinterpretation of the definition of a savings deposit.

The following statement is based on the reported classification of the individual deposits in each class of banks on June 30, 1921:

## BUILDING AND LOAN ASSOCIATIONS IN THE UNITED STATES.

An unprecedented increase in the membership and assets of building and loan associations in the United States, during the year 1920, is disclosed in the annual report of Mr. H. F. Cellarius, secretary United States League of Local Building and Loan Associations.

The figures for 1920 indicate an increase in the assets of these associations for that year greater than the gain made in the two preceding years, while the growth in the membership was almost equal

to that in the three preceding years.

There are in the United States 8,633 building and loan associations with assets aggregating \$2,519,914,971, which is an increase of \$393,294,581, or 18.49 per cent gain for the year. The total membership is 4,962,919, an increase of 673,593 for the year, or 15.77 per The average amount due each member is \$507.75 as against \$495.80, the amount shown last year.

The notable increases in assets of the several States for the year 1920 are as follows: Ohio, \$81,311,585; Pennsylvania, \$74,202,493; New Jersey, \$39,637,974; Massachusetts, \$19,166,652; New York, \$15,520,785; Indiana, \$15,498,139; Nebraska, \$12,171,277; Wisconsin, \$12,079,058; Louisiana, \$11,669,244; Oklahoma, \$11,171,622; California, \$9,476,962; Illinois, \$8,748,995; Michigan, \$8,568,679; Missouri, \$7,484,719; Washington, \$6,840,410; and Kansas, **\$**5,989,770.

Statistics for 1920-21.

The following table shows, by States, the number of associations, total membership and total assets for States in which accurate statistics are compiled by State supervisors:

## BUILDING AND LOAN ASSOCIATIONS IN THE DISTRICT OF COLUMBIA.

The act of March 4, 1909, placed all building and loan associations, incorporated or unincorporated, organized and existing under the laws of any State or Territory, doing a building association business, in the District of Columbia, under the supervision of the Comptroller

of the Currency.

The number of borrowing members shown by reports for the six months period ended June 30, 1921, was 12,786, while the number of nonborrowing members was 34,873. The prevailing rate of interest paid by borrowing members was 6 per cent. The total operating expenses of these associations during the period indicated were \$182,162.46, of which amount \$103,598.24 was on account of salaries paid to officers and other employees. Fifteen associations are operated on the permanent plan; six on the serial plan; one terminating; and two operate under declarations of trust. Nineteen associations require installment payments of \$1; two associations \$2; and one association \$2.50. One of the associations operating under declaration of trust requires payments of \$7 and the other payments of 1 per cent of the face value of the contract.

While the number of these institutions has increased but slightly since 1909, the date of the act referred to, their resources have increased from \$14,393,927 to \$31,683,000 and their loans from \$13,511,587 to \$29,520,000.

In the following table, the number of associations for years ended June 30, 1909 to 1921, the amount of loans, installments on shares, and aggregate resources are shown:

Years.	Number of asso- ciations.	Loans.	Installments on shares.	Aggregate resources.
June 30—				
1909	22	\$13, 511, 587	\$11,996,357	\$14, 393, 92

## BANKS IN THE DISTRICT OF COLUMBIA.

The number of banks, and other institutions doing a banking business in the District of Columbia, on June 30, 1921, was 71, including 15 national banks, 26 savings banks, 6 loan and trust companies, and 24 building and loan associations. The aggregate resources of these institutions amounted to \$247,321,000 or \$2,809,000 more than the resources of the 66 institutions which reported on June 30, 1920. Capital stock increased from \$20,572,000 on June 30, 1920, to \$20,965,000, while individual deposits in this period were increased to the extent of \$7,293,000 and amounted to \$184,651,000.

The number of institutions of each class, capital stock, individual deposits, and aggregate resources on June 30, 1921, are shown in the following table:

	Num- ber.	Capital.	Individual deposits. <sup>1</sup>	Aggregate resources.
National banks. Loan and trust companies. Savings banks. Building and loan associations.	6 26	\$7,677,000 10,400,000 2,888,000	\$77,755,000 51,871,000 27,275,000 27,750,000	\$110,628,000 72,197,000 32,813,000 31,683,000
Total	71	20, 965, 000	184,651,000	247, 321, 000

<sup>1</sup> Amounts due to banks not included.

## EARNINGS, EXPENSES, AND DIVIDENDS OF SAVINGS BANKS AND TRUST COMPANIES IN THE DISTRICT OF COLUMBIA.

The gross earnings of the savings banks and trust companies in the District of Columbia for the year ended June 30, 1921, were \$6,442,000, or \$467,000 in excess of earnings for the year ended June 30, 1920. The principal source of the earnings of these banks was from interest and discount amounting to \$5,258,000, compared with \$4,920,000 for the prior year. Other miscellaneous earnings aggregated \$1,065,000, and the remainder was accumulated from exchange and collection charges, foreign exchange profits, commissions from insurance premiums, and the negotiation of real estate loans.

Of the total expenses of these banks during the 12 months period ended June 30, 1921, amounting to \$4,437,000, the largest item represented interest paid on deposits to the amount of \$1,644,000, which was \$172,000 greater than the amount paid during the year ended June 30, 1920. Salaries paid during the year amounted to \$1,411,000, the increase since June 30, 1920, being \$235,000. Other miscellaneous expenses representing interest and discount on borrowed money and taxes paid, etc., were \$1,382,000, compared with \$1,087,000 June 30, 1920. Recoveries on charged off assets amounted to \$45,000, leaving net earnings for the year, after payment of all expenses, \$2,050,000, a reduction compared with the net earnings the previous year, of \$222,000.

Losses charged off during the year, on account of loans and discounts, on bonds and securities, and other miscellaneous items were only \$2,000 in excess of the amount charged off in the prior year and amounted to \$609,000. The net addition to the profits of these banks was \$1,441,000, or \$224,000 less than in the year ended June 30, 1920.

Dividends declared during the year were \$1,037,000 compared with \$929,000 during the year ended June 30, 1920, and the surplus fund was increased in this period from \$5,632,000 to \$6,108,000.

A comparison of the earnings, expenses and dividends of savings banks and trust companies in the District of Columbia for the years ended June 30, 1920 and 1921, is shown in the following statement.

<sup>&</sup>lt;sup>3</sup> Share payments mainly.

## UNITED STATES POSTAL SAVINGS SYSTEM.

The resources of the Postal Savings System of the United States on June 30, 1921, as shown by statements received from the Third Assistant Postmaster General, Post Office Department, under whose supervision the system is operated, were \$159,514,000 compared with \$163,064,000, June 30, 1920.

The investments in interest-bearing obligations of the United States Government, consisting of postal savings bonds and Liberty loan bonds, on June 30, 1921, amounted to \$105,669,000 compared with \$30,539,000, June 30, 1920.

Cash on deposit with depository banks and postmasters, was \$48,589,000 or \$75,777,000 less than on June 30, 1920. Special funds deposited with the Treasurer of the United States, amounted to \$4,081,000, a reduction during the year of \$3,701,000, and accounts receivable consisting of accrued interest on bond investments and amounts due from depository banks and postmasters, totaled \$1,176,000 or \$798,000 more than on June 30, 1920.

The liability of the system to depositors was \$155,008,000, or \$4,782,000 less than on June 30, 1920. Accounts payable were in-

creased during the year from \$6,000 to \$235,000, and surplus funds were increased to the extent of \$1,002,000, amounting on June 30, 1921, to \$4,271,000.

The gross profits of the system representing the difference between credits on account of interest on bank deposits and bond investments of \$5,474,000, and debits on account of interest credited to depositors and allowances to postmasters, etc., of \$2,236,000, were \$3,238,000,

representing a gain during the fiscal year of \$1,056,000.

The following statements show respectively the resources and liabilities of the Postal Savings System on June 30, 1921, and June 30, 1920, and the balances to the credit of depositors, on the dates indicated, together with the amount of deposits and withdrawals between these dates and other related matter, in connection with the

operation of the system by States.

It is interesting to note the development of the Postal Savings System between June 30, 1914, and June 30, 1921, as disclosed by the increase in the number of depositors and balances to the credit of depositors on the two dates, the number of depositors having increased in this period from 388,511 to 466,109, and the balances due these depositors, from \$43,444,000 to \$152,390,000.

Balance sheet showing comparatively the resources and liabilities of Postal Savings System on June 30, 1921, and June 30, 1920, the increase or decrease in each item during the period reported, and related data.

## GUARANTY OF BANK DEPOSITS.

#### OKLAHOMA.

In 1908, the year following the admission of Oklahoma into the Union of States, the legislature passed, and the governor approved, an act for the protection of depositors in banks of that State through a guaranty fund created by assessments upon the banks, based

upon their average deposits.

The popularity of this legislation was manifested in the liquidation and reorganization as State banks of 30 national banking associations in 1908 and 52 in 1909. From 1910 to 1921, inclusive, 51 additional national banks in Oklahoma liquidated for the purpose of reorganizing as State banks. Of the total number of national banks liquidated for the purpose in question 36 subsequently reentered the national system by conversion or reorganization, leaving the net loss to the national banking system of 97.

In May, 1908, there were in operation in Oklahoma 494 State banks with capital of \$6,640,000, total deposits of \$21,212,000, and assets amounting to \$29,645,000. On the same date there were 309 national banks with capital of \$12,212,000, deposits of \$44,705,000,

and assets of \$70,517,000.

On June 30, 1921, there were 622 State banks with capital of \$15,551,000, deposits \$146,789,000, and assets of \$180,235,000. The number of national banks was 359, capital \$24,168,000, deposits \$239,997,000, and total assets of \$318,428,000.

## FAILURES OF OKLAHOMA STATE BANKS.

During the existence of the guaranty system up to November 1, 1921, there have been closed some 95 banks, the capital at date of closing, exclusive of 8, the amount of capital of which was not reported, aggregated \$1,935,500, and deposits guaranteed, in the sum of approximately \$11,050,000. It is reported that there has been collected from assessments on the banks of the State and placed to the credit of the guaranty fund, approximately \$3,645,000, collec-

tions from assets of failed banks \$1,931,000.

The law provides that if at any time the depositors' guaranty fund shall be insufficient to pay the depositors of failed banks, the banking board shall have authority to issue certificates of indebtedness, known as "Depositors' guaranty fund warrants of the State of Oklahoma," in order to liquidate the liabilities to depositors. The warrants bear 6 per cent interest from the date of issue and are a first lien upon the depositors' guaranty fund when collected, as well as a first lien upon the capital, surplus, and undivided profits of each and every bank operating under the banking laws of the State to the extent of the liability of any such bank to the depositors' guaranty fund.

When a bank is closed the general policy of the banking department has been to provide for the organization of a new bank, giving to it the assets of the closed bank thought to be collectible, and the deficit paid to the new bank to protect the deposits, the banking board endeavoring to realize upon the assets so turned over to the bank.

The closing of 42 of the 95 banks was due to a decline in the value of the assets, poor management, and slow loans, inability to realize on loans, injudicious investments, and shrinkage in deposits. In 34 cases closing was due to criminal acts on the part of officers, including embezzlement, misapplications, or use of the banks' funds in speculation for private gain. In 19 cases the cause of closing is not of record here.

From the incomplete data at command it would appear that of the closed banks some 66 were taken over by other banks, reorganized or placed in solvent condition and authorized to continue business, and that 16 banks liquidated or are in the process of voluntary liquidation.

Reports have been received to the effect that from November 1, 1920, to November 30, 1921, 44 banks in Oklahoma have been closed.

Within the past few weeks 56 applications have been received in this office for the conversion or reorganization as national banks of State banks in Oklahoma.

#### TEXAS.

The law providing for the guaranty of deposits in the banks of Texas became effective in 1910, and gives the banks the option of adoption of one of two plans: First, deposit of acceptable securities with the banking department, and, second, contributions to the guaranty fund, assessments therefor being based upon the volume of average deposits.

In a communication from Commissioner Hall, of the Department

of Insurance and Banking of Texas, it is stated:

There are 1,022 State banks in operation in Texas, all of which with the exception of 35, are guaranty-fund banks. These 35 banks are bond-security banks. They are required to file with the department a bond to the amount of their capital stock for the protection of their deposits, unless such deposits exceed six times the amount of the excess above six times the capital stock and surplus. We are discouraging, and in fact refusing to permit the organization of bond banks, inasmuch as the bond furnished does not furnish ample or ready protection to the depositors in the event of failure of the bank. Since the guaranty-fund law became effective 51 State banks have been officially closed by the department. Thirty-five of these banks were closed within the past 12 months. For the protection of the noninterest bearing and unsecured depositors of these 51 banks, the guaranty fund has paid out \$5,151,736. The condition of the guaranty fund on June 30 last was as follows:

From the data submitted by the commissioner in relation to the 51 banks that have been closed it appears that their capital at date of closing was \$2,515,000, surplus and other profits \$356,911, all other liabilities \$15,327,406, deposits guaranteed \$9,215,473, liabilities not guaranteed \$5,823,943, deposits paid from the guaranty fund \$5,151,736, liabilities paid from sources other than the guaranty fund \$5,377,729, contributions (assessments) to the guaranty fund \$180,643. The salvage in so far as the shareholders are concerned was nominal, the amount being approximately \$75,000, distributed among the shareholders of seven of the banks, the shareholders of the other banks receiving nothing.

The failure of 13 banks was due to criminal acts of officers, etc., 34 to losses, of which 6 were on account of cotton loans, 1 was due to drought, and 3 not accounted for. The following statistics relative to the number, capital, total deposits, and aggregate assets of Texas State and national banks in 1910 and 1921 are of interest:

	Num- ber.	Capital.	Total deposits.	Aggregate assets (including rediscounts).
June 30, 1910: State banks, etc. National banks. June 30, 1921: State banks, etc. National banks.	608	\$20,694,282	\$46, 562, 769	\$79,005,629
	516	43,561,000	183, 846, 567	294,405,854
	1,052	50,405,000	242, 359, 000	357,065,000
	557	65,650,000	483, 559, 000	718,768,000

#### KANSAS

In 1909 an act providing for the guaranty of deposits in the banks of Kansas became effective. In advice of date of October 21, 1921, Bank Commissioner Foster stated:

The aggregate amount paid in on assessments by the banks of the State to the guaranty fund during the entire time the guaranty law has been in effect prior to June 30, 1921, was \$657,691. The amount of withdrawals from the guaranty fund for deposits paid to creditors of failed guaranteed banks prior to that date was \$28,700; the balance in cash to the credit of the fund was \$628,991. In addition to the cash there are bonds in the guaranty fund to the amount of \$1,135,622 to guarantee payment by banks of future assessments. We may say, however, that there are a number of failed banks in which it is not yet determined how much will have to be paid from the guaranty fund, but it may aggregate between \$300,000 and \$400,000.

From information furnished by Commissioner Foster it appears that during the operation of the guaranty law up to June 30, 1921, five guaranteed banks with combined capital of \$95,000, surplus \$42,945, and guaranteed deposits of \$827,080 failed. In three instances failure was caused by criminal acts of officials; one due to the failure of a large debtor, and one loss sustained upon worthless paper placed in the bank by one of the officials. In the same period there were 11 failures of "unguaranteed" banks, the combined capital of which was \$300,000, surplus and other profits \$66,600, and deposits of \$1,980,000. In five cases failure was due to criminal acts on the part of officials, one to speculations of officer, three to injudicious banking and inability to realize upon real estate and other paper, one to failure of a large debtor, and one was closed as the result of internal dissensions.

There follows a comparative statement in relation to Kansas State and national banks in 1909 and 1921:

	Num- ber.	Capital.	Total deposits.	Aggregate assets (including rediscounts).
Apr. 28, 1909: State banks. National banks. June 30, 1921: State banks. National banks.	780	\$14,506,500	\$89,968,405	\$111,957,172
	211	12,192,500	88,627,318	118,358,211
	1,112	29,066,000	262,958,000	333,391,000
	267	17,228,000	166,491,000	220,155,000

## NEBRASKA.

The depositors' guaranty law went into effect in Nebraska in 1911, and in a communication from the department of trade and commerce of date October 24, 1921, it appears that the total assessments since the inception of the guaranty system amount to \$4,253,151, the drafts on the fund to pay depositors of failed banks to July 1, 1921, amounted to \$1,981,691, and the balance in the fund on that date \$2,312,746. The difference of about \$40,000 is accounted for in adjustments and dividends which receivers of failed banks have returned to the guaranty fund. From an abstract of the receivers' reports as of April 1, 1921, it is shown that there have been 20 failures of State banks since 1911, with deposits at date of closing of \$4,349,524. The recent failure of a large State bank will make necessary a special assessment for the benefit of the guaranty fund.

Herewith is submitted a comparative statement in relation to

Nebraska State and national banks as of 1911 and 1921.

	Num- ber.	Capital.	Total deposits.	Aggregate assets (including rediscounts).
June 7, 1911: State banks National banks.	658 245	\$12, 535, 240 16, 062, 500	\$71, 128, 854 121, 704, 235	\$88, 333, 571 159, 506, 824
June 30, 1921: State banks. National banks.	998 186	26, 212, 000 17, 392, 000	227, 814, 000 175, 501, 000	285, 654, 000 239, 457, 000

#### NORTH DAKOTA.

To a request of the Comptroller for information in relation to the working of the depositors' guaranty law of the State of North Dakota, State Examiner Lofthus in a letter of date November 20, 1921, stated:

In addition to assessments already made there is a liability of each State bank for its proportionate share of losses to the depositors' guaranty fund caused by banks closed up to the time that conversion or dissolution takes place. Of course it is impossible at this time to ascertain such probable losses. It will be necessary for the depositors' guaranty fund commission to figure the maximum loss, which in no event can exceed its proportionate share of the total liabilities of the depositors' guaranty fund resulting from the closing of such banks.

No official information was submitted with respect to the number of failures of State banks in North Dakota, but from commercial and other agency reports it appears that 60 State banks in North Dakota have been closed since 1915, of which 33 were closed during the last year.

Information relative to State and National banks in North Dakota in the years 1915 and 1921 follows:

	Num- ber.	Capital.	Total de- posits.	Aggregate assets (including rediscounts).
June 23, 1915: State banks. National banks.	630 153	\$9,041,000 5,600,000	\$55, 417, 759 39, 744, 466	\$69, 944, 2 <b>49</b> 53, 306, <b>490</b>
June 30, 1921: State banks National banks.	<b>674</b> 180	11, 463, 000 7, 025, 000	91, 290, 000 64, 912, 000	129, 056, 000 94, 246, 000

#### WASHINGTON.

The State of Washington adopted the guaranty-fund system by act of legislature of 1917, the law having been amended in 1921. The guaranty fund is created by assessments against member banks of 1 per cent of the total amount of annual average deposits, eligible to guaranty banks. Of the 300 banks of the State approximately 120 are members of the system, membership under the law being The amount of the assessments are not withdrawn from the bank, but are set aside to the credit of the guaranty-fund board and only drawn against when there has been a failure. The board advises, under date of July 6, 1921, that funds to their credit in this account on that date approximated \$700,000. It has further stated that the actual cost to members thus far has been \$28 to each \$100,000 of eligible deposits. The first payment to the contingent fund authorized at the last session of the legislature approximated \$60,000 the entire cost to the member banks thus far. The failure of the Scandinavian-American Bank in Seattle occurred recently, but no information is at command with respect to the amount of liabilities that will have to be met on account of this failure. It is learned, however, from the secretary of the depositors' guaranty fund that the member banks in the system are planning on a reorganization of the assets of the Scandinavian-American Bank, and if effected the guaranty fund will be relieved of this liability. If it should fail, it would mean a complete wiping out of all the guaranty fund and would mean an assessment against the various member banks for a number of years. In such a case, however, the member banks will no doubt withdraw from the system, as the law provides a method by which they can withdraw by paying all assessments, which shall not exceed one-half of 1 per cent of their average eligible deposits during a period of one year from the date of their withdrawal. It is, indeed, unfortunate that the largest bank in the system should fail, as no doubt the fund could have taken care of any other bank that might have failed.

The condition of State and national banks in the State of Washington in 1917 and 1921 is shown in the following statement:

	Num- ber.	Capital.	Total deposits.	Aggregate assets (including rediscounts).
June 20, 1917:	278	\$15 958 700	\$132, 114, 680	\$155 674 210
State banks, etc	77	\$15, 256, 700 11, 760, 000	149, 652, 000	\$155, 674, 210 176, 087, 000
June 30, 1921: State banks	304	15, 922, 000	155, 845, 000	191, 522, 000
National banks	96	14, 910, 000	190, 704, 000	234, 368, 000

## SOUTH DAKOTA.

The South Dakota guaranty law enacted in 1915 became effective January 1, 1916, and in a communication from Superintendent Hirning, of date of June 24, 1921, it is stated that since the law has been in operation there have been but 3 failures, the combined capital of the banks being \$50,000, and deposit liabilities \$680,000. In each case failure was due to defalcation of officials.

In a case of a failure of one bank it is stated that out of the assets and shareholders' liabilities a sufficient amount was realized to replace the amount withdrawn out of the guaranty fund and remaining assets then turned over to the stockholders, so there was no loss to the guaranty fund. In the second case liquidation has not been fully effected, but it is estimated that there will be a recovery of 75 per cent on account of the amount withdrawn from the guaranty fund. In the third case it is the judgment of the superintendent that the guaranty fund will be reimbursed to the extent of at least 80 per cent of the amount drawn to pay the depositors. A comparison of the number, etc., of the State and national banks in South Dakota in 1916 and 1921 follows:

	Num- ber.	Capital.	Total. deposits.	Aggregate assets (in- cluding re- discounts).
June 30, 1916: State banks. National banks. June 30, 1921: State banks. National banks.	498	\$8,036,400	\$72, 227, 354	\$85, 196, 801
	124	5,260,000	52, 710, 000	64, 602, 000
	566	12,927,000	136, 470, 000	179, 201, 000
	134	6,180,000	68, 671, 000	96, 991, 000

#### MISSISSIPPI.

The law providing for the guaranty of deposits in State banks of Mississippi was enacted in 1914, but the banks were given until June 1, 1915, to put their affairs in such condition as to be admitted (or authorized to do business under the depositors' guaranty law) or,

failing to do so, were required to go out of business.

The first failure of a bank in the system occurred in 1916, and from that date to June 30, 1921, there have been 12 failures, the aggregate capital being \$576,000, surplus and other profits \$349,894, and all other liabilities \$6,318,882. These banks had paid in to the guaranty fund the sum of \$21,000. The total receipts from the assessments on all banks up to June last aggregated \$588,933.44. From an analysis of the statements submitted it would appear that the loss to the guaranty fund over and above the amounts realized from the assets and shareholders' liabilities of nine of the failed banks would amount to over \$580,000. In one case the loss has not been determined and in the remaining two the assets of the banks were found to be sufficient to liquidate the liabilities.

From an examination of the correspondence with the banking department of the State, it would appear that 6 of the 12 failures were due to criminal acts or acts bordering on criminality, 3 to general business conditions, and 3 due to misjudgment of the examiner. It is understood that the statement relative to the third cause relates to the reported condition of those banks at the time they entered the

guaranty system.

The number, capital, etc., of State banks in Mississippi in 1916 and 1921 and the number of national banks in the State for the same years are shown in the following statement:

	Num- ber.	Capital.	Total deposits.	Aggregate assets (including rediscounts).
June 30, 1914: State banks, etc. National banks. June 30, 1921: State banks, etc. National banks.	305	\$10, 893, 080	\$47, 684, 486	\$67, 147, 872
	37	3, 735, 000	18, 115, 920	27, 990, 020
	324	13, 367, 000	111, 361, 000	163, 687, 000
	31	4, 075, 000	36, 783, 000	53, 673, 000

"The theory" (guaranty of bank deposits), states a well-known financial writer in a recent publication, "is that of insurance, but it has certain fundamental weaknesses which are more serious in their effects upon banking than in their relation to most other kinds of business to which insurance is applied. Insurance is sound as a protection against unavoidable hazards, but dangerous whenever it tends to increase the hazards. The insurance or guaranty of bank deposits tends to increase the hazards by eliminating the value of character as a banker's asset. It tends to make all banks look alike to the public, and puts the careful, conservative banker, who is unwilling to make large promises and take large chances, at a disadvantage. The theory is at fault in placing more emphasis upon the payment of depositors after a bank has failed than upon preventing failure. Its weakness always develops in a crisis."

## FEDERAL FARM LOAN SYSTEM.

At the close of the year ended October 31, 1921, statements of the 12 Federal land banks show that the assets of these institutions have increased to \$464,214,472, the principal assets being mortgage loans, including accrued interest uncollected, of \$408,233,159, United States Government bonds and securities \$30,226,410, and cash on hand and due from banks \$18,917,111.

The capital of these banks is \$27,086,267, of which the national farm loan associations contributed \$20,382,402, the Government of the United States \$6,598,770, and borrowers through agents and individual subscribers \$105,095. These banks have accumulated a reserve fund of \$1,514,800. The banks' liability on account of farm loan bonds authorized is \$420,763,315.

The net earnings of these banks to October 31, 1921, were \$6,288,284, from which, in addition to the reserve mentioned, dividends were paid to the amount of \$2,374,199, and other charges made against surplus to the amount of \$234,503, leaving the net undivided profits on hand \$2,164,781.

The original subscription to capital stock of these banks by the United States Government was \$8,892,130, of which \$2,293,360 has

been retired.

The condition of these banks at the close of the year is shown in the following statement:

Odd amount due to carrying at cost farm loan bonds purchased.

#### FARM LOAN BONDS.

Two classes of bonds have been issued by the Federal land banks, namely,  $4\frac{1}{2}$  and 5 per cent, the aggregate being \$420,763,315, of which \$230,723,775 bear interest at the rate of  $4\frac{1}{2}$  per cent and \$90,039,540 at the rate of 5 per cent.

In the following table is shown, by districts, the amount of these bonds authorized, on hand, and outstanding on October 31, 1921:

Statement showing farm loan bonds (issued by the 12 Federal land banks) authorized, on hand, and outstanding Oct. 31, 1921.

## JOINT-STOCK LAND BANKS.

While 31 joint-stock land banks have been chartered, only 24 were doing business at the close of the year ended October 31, 1921, the charters of 7 having been surrendered. The aggregate assets of the 24 banks on that date amounted to \$95,884,117, the principal items being mortgage loans, amounting, including accrued interest uncollected, to \$81,074,809; United States bonds and other securities, \$2,593,367; cash on hand and in banks, \$2,801,162.

The capital of these joint-stock banks was \$7,696,300; surplus, \$85,000; reserve, \$235,381; and undivided profits of \$155,641. The assets and liabilities in detail are shown in the following statement:

Consolidated statement of condition of the joint-stock land banks at the close of business Oct. 31, 1921.

#### ASSETS.

Net mortgage loans. Accrued interest on mortgage loans (not matured). United States Government bonds and securities. Accrued interest on bonds and securities (not matured). #### CONCLUSION.

The successful administration of the affairs of this bureau during the past year has been due to the able and conscientious support rendered me by Deputy Comptrollers Thomas P. Kane and Willis J. Fowler, supported by a corps of loyal chiefs of divisions and other subordinate employees who have responded cheerfully to the demands made upon them from time to time, for overtime work incident to the increase in the volume of the work of the bureau. To these officers and other employees I desire to express my sincere appreciation for the valuable services rendered.

In my letter to the Secretary of the Treasury, submitting estimates of appropriations on account of increased compensation for certain officers of this bureau, for the fiscal year ending June 30, 1922, I took occasion to call attention to the salaries paid the Deputy Comptrollers of the Currency, both of whom are bonded to the extent of \$50,000, which have remained stationary since the act of February 3, 1905, when the salary of the first deputy comptroller was increased to \$3,500 per annum, and since the act of May 22, 1908, which pro-

vided for the position of an additional deputy comptroller at a salary

of \$3,000 per annum.

The responsibility involved in the performance of the duties of these officers, who have a thorough knowledge of the laws governing national banks, their administration, and general banking practices, warrants the payment of more commensurate salaries, especially in view of the fact that their present salaries are not even comparable with salaries paid to the junior officers of some of the larger national banks, and the further fact that they are responsible, under the Comptroller's direction, for the proper administration of the law governing national banks, by reason of their direction of national bank examiners and instructions to the banks, and for solving the delicate problems frequently confronting the office, often involving the rehabilitation of a bank.

The interests of the vast number of depositors and stockholders of our national banks demand that the provisions of the national bank act, governing the activities of these banks, be administered under the guidance of men thoroughly competent to perform the arduous duties involved. I therefore earnestly recommend to the favorable consideration of the Congress amendments to the acts of February 3, 1905 (33 Stat. L., 649, and all subsequent acts), and May 22, 1908 (35 Stat. L., 203), increasing the salaries of the deputy comptrollers thereby provided to \$4,500 per annum and \$4,000 per annum,

respectively.

The inability of this bureau to obtain the services of competent employees from registers provided by the Civil Service Commission, or to retain the services of those employees available after they have been trained in the work of the office, on account of the meager salaries provided by congressional appropriation (and J am not unmindful of the difficulties experienced by other branches of the service in this regard) prompts the suggestion that favorable action by the Congress looking to the reclassification of the salaries of Government employees, will have a lasting and beneficent influence over the morale of the service as a whole.

In the appendix of this report will be found condensed statements of the condition of each national bank in the United States at the close of business September 6, 1921; statistics relating in detail to the assets and liabilities of national banks; data relative to the affairs of national banks in charge of receivers; information with reference to the condition of banks under the supervision of the banking departments of the several States; clearing-house transactions and digest

of decisions relating to national banks, etc.

Respectfully submitted.

D. R. Crissinger.
Comptroller of the Currency.

To the Speaker of the House of Representatives.

# APPENDIX

199

# DIGEST OF DECISIONS RELATING TO NATIONAL BANKS.

[The following cases were reported in volumes 267 to 274, Federal Reporter. One case has been taken from 178 N. W. Rep., one from 183 N. W. Rep., one from 198 Pac. Rep., and two from volume 41, Supreme Court Reporter.]

#### CHECKS.

Only reason assigned for refusal to pay draft against letter of credit can be considered.

(U. S. D. C., 1921.) In an action against a bank, which refused to pay a draft drawn against a letter of credit issued by it, only the reason given by the bank for its refusal to pay can be considered. (International Banking Corporation v. Irving National Bank, 274 Fed. Rep. 122.)

Omission from draft of specification required by letter of credit held to justify refusal of draft.

(U. S. D. C., 1921.) Where the letter of credit issued by a bank required the draft to be accompanied by commercial documents showing that the silk was to conform to their design and the stripe was not to exceed 50 per cent of the width of the material, the omission from the documents presented of the required statement concerning the width of the stripe justifies the bank's refusal to pay the draft, since it can not be required to determine whether such omission has any commercial significance, nor to construe the documents nor decide arguable questions. (Ib.)

METHOD OF COLLECTING CHECKS BY FEDERAL RESERVE BANKS.

Federal reserve bank can not accumulate checks for demand on nonmember banks to force latter to join or cease business.

(U. S. Sup., 1921.) A bill, which alleged that a Federal reserve bank had adopted the practicing of collecting checks drawn on the plaintiff's banks until a considerable number were on hand and then demanding payment in cash over counter for the purpose of forcing the banks on which they were drawn either to join the Federal reserve system or to cease to do business, states a ground for relief, notwithstanding the right of the holder of a check to demand payment thereof in cash. (American Bank & Trust Co. et al. v. Federal Reserve Bank of Atlanta et al., 41 Sup. Court. Rep. 499.)

#### COLLECTIONS.

Holder of draft issued on letter of credit can not be limited to rights of seller against buyer of goods.

(U. S. C. C. A., 1921.) A foreign bank, which was the holder of a draft against a letter of credit issued by a domestic bank to its customer for goods sold to the customer, can not be limited in its right to recover on the draft to the rights of the seller to recover against the buyer for the goods sold. (Bank of Taiwan, Limited, v. Gorgas-Pierie Mfg. Co. et al., 273 Fed. Rep. 660.)

Interpleader—Order requiring holder of draft and customer of drawee to interplead held erroneous.

(U. S. C. C. A., 1921.) Where a bank had issued a letter of credit in behalf of the customer, against which a draft had been drawn and negotiated with a foreign bank by a seller of goods to the customer, and the customer was seeking to have payment of the draft enjoined on the ground that the goods were not shipped within the time required, it was error to order the drawee bank's customer and the foreign bank to interplead as to the right to payment of the draft, since the foreign bank's contractural relations were with the drawee bank and presented a question of law, while the customer had no contractual relations with the foreign bank and was asserting a right in equity, and the foreign bank may have had rights under its contract against the drawee bank, of which it would be deprived, if forced to uphold the contract between the customer and his seller, to which it was neither a party nor a privy. (Ib.)

75338°--22---14

- Election of remedies—Money received—Acts before knowledge money had been received do not waive or bar recovery.
  - (U. S. C. C. A., 1921.) A right of action for the recovery of money received to plaintiff's use can not be defeated by dealings between plaintiff and defendant, which the defendant claimed operated as rescission, waiver, ratification, estoppel, and election of remedies, where such dealings all occurred before plaintiff had knowledge that the defendant had collected the money in controversy. (Scandinavian Bank of Fargo, N. Dak., v. United States National Bank of Portland, Oreg., 271 Fed. Rep. 805.)
- Appeat and error—On review of trial to court whether findings support judgment, and whether error was committed, held only questions for consideration.
  - (U. S. C. C. A., 1921.) Where the case was tried to the court, and special findings were made, which it was not claimed were without evidentiary support, the circuit court of appeals can only inquire whether the facts found support the judgment, and whether, during the progress of the trial, there was error prejudicial to the plaintiff in error, to which it saved exceptions. (Ib.).
- Findings held to show collecting bank liable for collection by it.
  - (U. S. C. C. A., 1921.) Findings by the trial court that a bank, to which a draft with bill of lading attached had been sent by another bank for collection, collected the money and delivered the bill of lading, but thereafter recalled the draft sent in payment of the collection, and concealed from the remitting bank the fact that the collection had been made, held to show the collecting bank was liable to the remitting bank for the amount collected, with interest, as money received to the remitting bank's use. (Ib.).
- Bank fraudulently concealing collection is liable for expenses incurred by remitting bank.

  (U. S. C. C. A., 1921.) A bank, which collected a draft sent by another bank, but fraudulently concealed from the latter the fact that it had made a collection, is liable for the money expended by the bank sending the draft for collection in the storage and insurance of the goods covered by the bill of lading, which was delivered at the time the bank made the collection. (Ib.)

#### CONSOLIDATION.

- Equity has jurisdiction of suit to charge consolidated bank with liability of constituent bank.
  - (U. S. D. C., 1920.) Where a bank which became liable for breach of contract was consolidated with another bank, which assumed its liabilities, equity has jurisdiction of a suit to charge the latter with such liability. (Commercial Trust Co. of Hagerstown v. Laurens County. Same v. Southern Exchange Bank, 267 Fed. Rep. 897.)
- Liability for breach of contract to hold securities.
  - (U. S. D. C., 1920.) A bank held subject to action for breach of a contract to hold uncanceled certain county warrants for complainants' security, regardless of the question whether the county could be held liable on the warrants, although they had been surrendered, which went only to the damages recoverable from the bank. (Ib.)

## DEPOSITS.

#### APPLICATION OF DEPOSIT ON NOTE.

- Bank can set off deposit against notes due from depositor.
  - (U. S. C. C. A., 1921.) Deposits received by a bank in the regular course of business, which are subject to withdrawals by check, can, in the absence of collusion or fraud, be set off by the bank against the amount due to the bank from the bankrupt depositor on notes discounted by the bank, though the depositor was insolvent when the notes became due, and such insolvency is known to the bank. (In re Cross. Appeal of City Bank Trust Co., 273 Fed. Rep. 39.)
- Bankruptcy—Trustee must set off deposit in bank against note due to bank.
- (U. S. C. C. A., 1921.) Where the parties have not voluntarily made, before bankruptcy, the set-off of the amount of the bank deposits against the amount due from the bankrupt depositor, the trustee in bankruptcy must make such set-off. (Ib.)

- Accepting check and note from bank held not to defeat bank's right of set-off.
  - (U. S. C. C. A., 1921.) The fact that a bank, on the day the petition in bank-ruptcy was filed, accepted from the bankrupt a check for the amount of his deposits, to be applied on his note to the bank, and took a new note for the balance still due, does not defeat the bank's right to set off the amount of the deposit against the amount due it from the bankrupt. (Ib.)
- Agreement substituting new accounts for those paid held not to defeat right to set-off.
  - (U. S. C. C. A., 1921.) Where accounts receivable had been assigned as collateral security for a note given to a bank, an agreement that the amounts paid on the accounts assigned should be deposited to the debtor's account, to be used in the transaction of the business, and that new accounts should be assigned in place of those paid, does not defeat the bank's right to set off the debtor's deposit against the amount due on the notes after the bankruptcy of the debtor. (Ib.)
- Evidence held not to show deposit was trust fund for creditors.
  - (U. S. C. C. A., 1921.) Evidence that it was understood that the amounts paid on accounts assigned to a bank to secure a note were to be deposited to the debtor's credit, and were to be used for the transaction of his business, but that there was no express agreement limiting the purpose for which checks could be drawn on such deposit, does not show that the deposit was a trust fund for the creditors of the debtor, against which the bank could not set off the amount of the note. (Ib.)
- Bankruptcy—Bank held entitled to set off surplus from sale of security for other indebtedness.
  - (U. S. C. C. A., 1921.) A bank can set off against a demand note of the bankrupt, secured by assignment of accounts receivable, the surplus received by the sale of warehouse receipts for flour assigned to it as a collateral security for another note, given for money advanced by the bank to enable the bank to purchase the flour covered by the receipts, at a time when the bank had no knowledge that the maker of the notes was insolvent. (Ib.)
- Deposit can not be applied on unmatured debt.
  - (U. S. C. C. A., 1921.) As a general rule a bank has no right to apply a deposit to a debt of the depositor until such debt matures. (Wright v. Seaboard Steel & Manganese Corporation, 272 Fed. Rep. 807.)
- Bills and notes—Additional loan sufficient consideration for agreement accelerating maturity and giving lien on deposit.
  - (U. S. C. C. A., 1921.) An additional loan by a bank to a debtor was a sufficient consideration for the debtor's agreement, giving the bank a lien on any account of the debtor with the bank for payment of the loan and all other notes and claims, and providing that in case of insolvency, or upon the occurrence of any thing evidencing insolvency, the note for the loan and all other claims and liabilities should be immediately due and payable. (Ib.)
- Bills and notes—Provision accelerating maturity in cases of "insolvency" construed.
  - (U. S. C. C. A., 1921.) A provision in a note that in the event of insolvency, or on the occurrence of anything evidencing insolvency, the note and all other claims and liabilities should be immediately due and payable, used the term "insolvency" in its usual sense of inability to pay debts. (Ib.)
- Bills and notes—Bill and answer in suit for receivership held to mature notes.
  - (U. S. C. C. A., 1921.) Under a provision in a note that, on the occurrence of anything evidencing insolvency, the note and all other notes, claims, and liabilities should be due and payable, a bill of complaint alleging insolvency, and an answer admitting insolvency, in a suit against the debtor corporation for the appointment of a receiver, were sufficient to mature the notes. (Ib.)
- Corporations—Right of bank to apply deposit on note matured by insolvency of corporation not affected by appointment of receiver.
- (U. S. C. C. A., 1921.) Where a corporation's note to a bank gave the bank a lien on any deposit of the corporation with the bank for the payment of the note and all other debts owned by the bank against the corporation, and provided that they should become due and payable in case of insolvency or the occurrence of anything evidencing insolvency, the lien was not displaced or affected by the appointment of a receiver for the corporation, and the bank could apply a deposit on a note matured by the maker's insolvency, notwithstanding the receiver's appointment. (Ib.)

- Receivers—Appointment does not disturb liens or rights of third persons.
  - (U. S. C. C. A., 1921.) The appointment of a receiver does not disturb preexisting liens on the property, or vested rights or interests of third persons therein, whether originating in contract or arising by operation of law. (Ib.)

## APPLICATION OF DEPOSIT ON CLAIM.

Recognition after knowledge of fraud waiver of right to rescind discount.

- (U. S. C. C. A., 1921.) Defendant bank discounted for a correspondent bank a note of a third person, secured by chattel mortgage indorsed by the payee bank without recourse, but personally by its president and cashier, and with a letter from the cashier authorizing defendant, on maturity of the note, to charge the same to the bank's account, which was credited with the amount of the discount. When the correspondent bank went into the hands of a receiver, before maturity of the note defendant, claiming to have discovered fraudulent representations in respect to the mortgage security, charged its account, not with the amount credited on the discount, but with the amount of the note, claiming authority under the cashier's letter. Held, that it thereby recognized the contract of discount, and could not disaffirm it for the fraud, when sued by the receiver to recover the balance of the correspondent's account. (First National Bank of Kansas City, Mo., v. Seldomridge, 271 Fed. Rep. 561.)
- Bank can not apply deposit on note discounted for depositor on which latter is not liable.

  (U. S. C. C. A., 1921.) A bank held without authority to apply a deposit in payment of a note discounted for the depositor, but which the latter had indorsed without recourse. (Ib.)
- Bank can not exercise option to charge note to depositor's account after latter's insolvency.

  (U. S. C. C. A., 1921.) A bank can not exercise an option given it to charge the amount of a note discounted for a depositor to the latter's account at maturity, where prior to such maturity the depositor has gone into the hands of a receiver and the rights of others have intervened. (Ib.)
- Contracts—Right to rescind for fraud waived by treating contract as in force after discovery of fraud.
  - (U. S. C. C. A., 1921.) One induced to enter into a contract by fraud, by continuing to treat the contract as in force after discovery of the fraud, loses the right to rescind. (Ib.)

## Actions by Depositors.

Depositor must report errors in statements without delay.

- (U. S. C. C. A., 1921.) A depositor must examine the bank's periodical statements, and report to the bank without unreasonable delay any errors he may discover, or the bank may regard his silence as an admission that the entries as shown are correct. (First National Bank of Philadelphia v. Farrell et al., 272 Fed. Rep. 371.)
- Depositor is charged with knowledge of agent's fraud, which statements examined by agent would have disclosed.
  - (U. S. C. C. A., 1921.) A depositor, who intrusted the management of his bank account to an agent, who was authorized to draw checks thereon, and who permitted the agent to verify the bank's statements, is charged with notice of fraudulent checks drawn by the agent, which would be disclosed by an examination of the statement, though not with the agent's knowledge of the fraud otherwise acquired. (Ib.)
- Depositor's failure to examine statements does not relieve bank from liability for own wrongs.
  - (U. S. C. C. A., 1921.) The failure of a depositor to examine the statements of the bank, which would have disclosed that the depositor's agent was drawing checks in excess of his authority, does not relieve the bank's liability to the depositor for its wrong in paying checks drawn by the agent in excess of the power of attorney in the bank's possession. (Ib.)

- Payment—Money in agent's account delivered to principal can not be credited against bank's liability for cashing unlawful checks by agent.
  - (U. S. C. C. A., 1921.) In an action by a depositor against a bank for the amount paid on checks drawn by the depositor's agent in excess of his authority, of which the bank had knowledge, the bank is not entitled to credit for the amount drawn by the agent from his own account in the bank after the fraud was discovered, and delivered by him to the depositor. (Ib.)
- Bank's relation to depositors is that of debtor and creditor.
  - (U. S. C. C. A., 1921.) The relation between a bank and its depositors is that of debtor and creditor. (Ib.)
- Payment—Agent's money deposited in principal's account deducted, in determining liability to principal for honoring unlawful checks by agent.
  - (U. S. C. C. A., 1921.) In an action by a depositor against a bank for the amount of checks paid to the depositor's agent, exceeding the amounts he was authorized to draw, a deposit by the agent from his own funds to the principal's account to cover a previous unlawful withdrawal must be deducted from the gross deposits for the principal before the lawful checks drawn on the account were deducted, to ascertain the balance due on the unlawful checks. (Ib.)
- Payment—Pleadings held to have limited depositor's recovery against a bank for amount secured by specified unlawful checks paid to agent.
  - (U. S. C. C. A., 1921.) In an action by a depositor against a bank to recover the amount of unlawful checks paid to the depositor's agent, where the plaintiffs in their pleadings eliminated from the transaction between them and the bank all checks within the agent's authority and all unlawful checks, the proceeds of which indirectly reached the depositor, leaving only an undisputed balance in the bank and the amount of 35 unlawful checks paid to the agent, the depositor can not object to a deduction from the amount of those unlawful checks of a credit for the agent's own money deposited to the principal's account, on the ground that the suit was not on the 35 checks, but for the difference between the total deposits and the lawful withdrawals. (Ib.)
- Payment—Bank held entitled to credit against unlawful checks paid by agent for agent's money deposited in principal's account.
  - (U. S. C. C. A., 1921.) In an action by a depositor against a bank for the amount paid by the bank to the depositor's agent on checks drawn in excess of his authority, plaintiff's statement, showing that the total amount deposited in the bank to plaintiff's credit included a deposit made by the agent of his own money to replace amounts which he had previously withdawn on checks exceeding his authority, some of which were among those involved in the suit, shows that the gross deposits in plaintiff's account included the deposit of that money twice to his credit, so that it should be deducted from the gross deposits before the amount of the lawful withdrawals is deducted to ascertain the balance due the plaintiff. (Ib.)

#### JURISDICTION.

- Removal of causes—Suit against Federal reserve bank arises under United States laws.
  - (U. S. Sup., 1921.) A suit against a Federal reserve bank, which is incorporated under an act of Congress, is one arising under the laws of the United States over which the district court of the United States has jurisdiction under Judicial Code, section 24 (Comp. St. sec. 991), so that a suit against that bank begun in a State court can be removed by it to the United States district court. (American Bank & Trust Co. et al. v. Federal Reserve Bank of Atlanta et al., 41 Sup. Court Rep. 499.)
- Removal of causes—Reserve bank is not deemed a citizen of the State where located.
  - (U. S. Sup., 1921.) The provision of Judicial Code, section 24, subdivision 16 (Comp. St. sec. 991), that national banking associations, for the purposes of suits against them are to be deemed citizens of the States in which they are located, does not include Federal reserve banks which are incorporated under a subsequent statute and which are not generally included within the designation of national banking associations, and that provision does not prevent removal of a cause by such bank. (Ib.)

#### NEGOTIABLE PAPER.

- Bills and notes—Compromise of claim sufficient consideration.
  - (U. S. C. C. A., 1920.) A compromise and settlement of matters in dispute, after full and fair negotiation, is binding on the parties, and an acceptance given by one in execution of the settlement is not open to defense. (Nissen v. First National Bank of Waterloo, Iowa, 267 Fed. Rep. 689.)
- Bills and notes—Provisions of mortgage do not affect negotiability of note.
  - (U. S. C. C. A., 1920.) Provisions in a mortgage securing a note against waste, and requiring the mortgagor to pay taxes and maintain insurance, relate to the security only, and do not affect the negotiability of the note. (Fidelity Trust Company v. Mayhugh et al., 268 Fed. Rep. 712.)
- Bills and notes—Bad faith only will defeat title of purchaser of nogotiable note.
  - (U. S. C. C. A., 1920.) The title of a purchaser of negotiable paper in due course before maturity is not defeated by his suspicion of a defect of title, or knowledge of circumstances which would excite the suspicion of a prudent man, or gross negligence; but that result can be produced only by bad faith on his part. (1b.)
- Payment of check on unauthorized indorsement is conversion of payee's property.
  - (U. S. C. C. A., 1920.) A bank, which cashed a check on indorsement by its agent, with knowledge that the indorsement was unauthorized, and charged the check against the drawer's account, is liable to the payee of the check for conversion of his property, though it would not be liable to him in an action for breach of contract. (Fidelity & Deposit Co. of Maryland v. Bank of Charleston, Nat. Banking Association, 267 Fed. Rep. 367.)
- Evidence—Representation that maker would not be held liable inadmissable, us contradicting note.
  - (Court of Appeals, District of Columbia, 1921.) In an action on a promissory note, a claim by defendant that he was not to be held liable for the note, that it was merely desired by the bank to enable it to pass the examination of the bank examiner, contradicts the terms of the note, which is not permissible. (Ryan v. Security Savings & Commercial Bank, 271 Fed. Rep. 366.)
- Bills and notes—Nonliability for part of debt held defense pro tanto.
  - (Court of Appeals, District of Columbia, 1921.) A maker of a note, who was liable only for two of the four notes for which the note in suit was given, has a defense against the original payee, for a partial failure of consideration, to the extent of the notes for which he was not liable, unde Code of Law, 1911, section 1332. (Ib.)
- Bills and notes—Affidavit held not to show defendant was indorser; indorser for credit, joint maker, not discharged by extension.
  - (Court of Appeals, District of Columbia, 1921.) In an action on a note given to the holder of four other notes, an affidavit of defense which stated that the defendants had signed the other notes as indorser does not show even prima facie that plaintiff was a technical indorser, since, if he signed the notes on the back before they were delivered, or after they were delivered while they were in the hands of the payee, for the purpose of enhancing the credit of the notes, he is not entitled to the privileges of an indorser, but is liable as a joint maker, and is not released by the extension of the notes without his consent. (Ib.)
- Bills and notes—Renewal notes are not payment of indorsed notes without agreement.
  - (Court of Appeals, District of Columbia, 1921.) The taking of renewal notes does not effect a payment of the debt evidenced by existing notes indorsed by defendant under circumstances making him liable as a joint maker, in the absence of an express agreement, or other facts showing that the renewal notes were taken in payment of the debt. (Ib.)
- Bills and notes—Presumption of consideration can not prevail against testimony.
  - (Court of Appeals, District of Columbia, 1921.) The presumption of consideration for a negotiable instrument, created by the negotiable instruments law (Code of Law, 1910, sec. 1328), disappears when confronted by facts setting up either absence or failure of consideration, in which case, as between the original parties, the burden is on the plaintiff to prove that he is a holder for value by preponderance of the evidence without resorting to the presumption, and where all the evidence showed the failure of consideration it was error to refuse to direct a verdict for defendant. (Holley v. Smalley, 269 Fed. Rep. 694.)

- Bills and notes—Failure to surrender existing notes defeats recovery on renewal notes.
  - (Court of Appeals, District of Columbia, 1921.) In an action on a note, where it was undisputed that the note in suit was given to the payee on consideration of his promise to surrender prior notes given by the maker to the payee, the failure of the payee to surrender the prior notes establishes failure of consideration for the note in suit, regardless of whether there was any consideration for the prior notes. (Ib.)
- Bills and notes—Judgment on bill payable in foreign currency computed on rate of exchange at time of judgment.
  - (U. S. D. C., 1921.) A judgment on a bill of exchange, drawn in London and payable there in pounds sterling, which judgment must be expressed in United States money, is to be computed, not by the par of exchange as fixed under the acts of Congress (Comp. St., secs. 6536, 6537), but by the rate of exchange at the time judgment is entered, on the principle that such sum is the equivalent of the obligation at that time. (Liberty National Bank of New York v. Burr, 270 Fed. Rep. 251.)
- Bills and notes—Evidence held to show indorsed note was delivered to defendant for collection.
  - (U. S. D. C., 1920.) In an action for proceeds of a note, evidence that neither the original note nor the renewal note was entered on the books of the defendant, and that defendant had no record showing that anything was advanced for the note, with testimony of defendant's witness that it made no claim to the note, held to justify the jury's finding that the note indorsed by plaintiff was delivered to defendant for collection only. (Weidenfeld v. Pacific Improvement Co., 267 Fed. Rep. 699.)
- Bills and notes—Payment of value for note to another than maker does not change burden of proof as to lack of consideration, unauthorized diversion, or bona fide purchase.
  - (U. S. D. C., 1921.) The mere fact that the note in suit passed to the plaintiff bank without payment by the bank to the maker of the value of the note. does not put the bank to proof that the maker received a consideration for the execution of the note. or that the person to whom the bank paid the value of the note had authority from the maker to receive the money, or that the bank was a bona fide holder. (Du Pont National Bank v. Chase, 272 Fed. Rep. 1016.)
- Bills and notes—Stipulated attorney's fee usually allowed.
  - (U. S. D. C., 1921.) The holders of a note, providing allowance for attorney's fee, who employ counsel to enforce collection, are usually allowed the commission stipulated in the instrument, unless it is highly exorbitant for the service rendered; but the agreement of the parties governs, as in all other business transactions. (In re Harris, 272 Fed. Rep. 351.)
- Bills and notes—Attorney's fee allowed on amount collected by execution on confessed judgment.
  - (U. S. D. C., 1921.) The holder of a note, which contained a power of attorney to confess judgment, and providing for an attorney's fee. if collected by legal process, is entitled to a fee on so much of the confessed judgment as was collected by sale of property seized on execution issued thereon against one of the makers. (Ib.)
- Bills and notes—Attorney's fee not allowed on amount received from decendent's estate.
  - (U. S. D. C., 1921.) A holder of a note, providing for an attorney's fee if collected by legal process, is not entitled to the fee on so much of the note as was collected by him from the estate of a deceased maker, where it does not appear that such collection was obtained through legal proceedings in which services of an attorney were required. (Ib.)
- Bankruptcy—Attorney's fee not allowed on amount received from bankrupt's estate.
  - (U. S. D. C., 1921.) A holder of a note, stipulating for an attorney's fee if collected by legal process, is not entitled to such fee on so much of the amount of the note as was allowed as a claim against the estate of the bankrupt maker, since the services of an attorney for such collection were not required, nor had compensation for such services matured before bankruptcy proceedings were instituted. (Ib.)

- Bills and notes—Draft to fictitious payee payable to bearer.
  - (U. S. D. C., 1920.) Under negotiable instrument law (Ill.) a draft drawn to a payee known by the drawer to be fictitious is payable to bearer. (American Hominy Co. v. Millikin Nat. Bank., 273 Fed. Rep. 550.)
- Principal and agent—Principal has burden of proving limitation on authority of agent.
  - (U. S. D. C., 1920.) Where an agency to deal with the particular subject of the inquiry is admitted, and a special limitation is relied on to avoid liability for certain acts of the agent, the burden is on the party alleging the special limitation to prove it. (Ib.)
- Bills and notes—Drawee paying draft not "holder in due course" as respects right to rely on implied warranties.
  - (U. S. D. C., 1920.) Negotiable instrument law (Ill. 65, 66), providing that indorsers warrant the genuineness and validity of the instrument to all subsequent holders in due course, do not apply to the drawee of a draft, to whom it is presented for payment, who does not become by payment a "holder in due course." (Ib.)
- Bills and notes—Drawee, paying drafts fraudulently drawn by its agent, can not recover from innocent holder.
  - (U. S. D. C., 1920.) Plaintiff conducted a grain elevator, which for 10 years was in charge of an agent authorized to buy grain and pay for the same by drafts on plaintiff, each drawn on a form stating the amount and price of the grain for which it was given. During three years, besides drafts legitimately drawn, the agent from time to time made drafts in due form, in all 129, drawn to fictitious payees, whose names he indorsed thereon, in many cases with his own indorsement also. These drafts he negotiated and appropriated the proceeds to his own use, and they eventually came in due course of business to defendant bank for collection, and were by it presented to and paid by plaintiff. Held, that defendant was chargeable with no negligence which rendered it liable to plaintiff for the amounts so received but that the lattter was not only estopped by its negligence in permitting the business of its agent to go on so long without checking, which would have disclosed the fraud, but also by paying the drafts recognized their validity as between it and defendant. (Ib.)

#### OFFICERS.

## Powers of Directors.

Contract by directors of national bank to elect one as officer is void.

(Minn. Sup., 1920.) A contract made by the directors of a national bank to elect a designated person as an officer of the bank and maintain him in such office for a specified time at a specified salary is void and no right of action can be founded thereon. (Van Slyke v. Andrews et al., 178 N. W. Rep. 959.)

#### REPRESENTATION OF BANK BY OFFICERS.

- National bank bound by acts of managing cashier within scope of cashier's general authority.
  - (U. S. C. C. A., 1921.) Where the cashier of a national bank and two subordinate employees who were subject to discharge by him, constituted the acting board of directors, the remaining directors being nonresidents, the cashier having in fact absolute control and management of its affairs, his acts and knowledge were the acts and knowledge of the bank in dealings with third parties, and it was bound by all his acts as cashier which were within the general scope and power of a cashier. (First Nat. Bank of Silverton, Colo., v. Mercantile Nat. Bank of Pueblo, Colo., et al., 273 Fed. Rep. 119.)
- Liability of national bank for bonds deposited held question for jury.
  - (U. S. C. C. A., 1921.) The cashier of defendant national bank, on behalf of himself and his father, the president, made an agreement for purchase of a controlling interest in plaintiff bank, which had a correspondent in the same city as defendant, with which it kept an account and also its certificates of deposit for \$60,000. The correspondent also held a much larger amount in securities and bonds for plaintiff for safe keeping and collection. The day following the stock purchase defendant's cashier, who for more than a year had been in full control of its business, over his signature as such cashier, wrote the cashier of plaintiff,

requesting the transfer of plaintiff's account, time deposits, securities, and bonds from its then correspondent to defendant, and when the transfer was made he receipted for the same as cashier of defendant, but made no entry on its books of the bonds so transferred, amounting to \$97,000, and later appropriated them and other funds to his own use and absconded. Held that proof of such facts was sufficient to require submission to the jury of the question of defendant's liability for the value of the bonds. (Ib.)

Want of knowledge of transaction by other officers of national bank does not affect authority of cashier to bind bank.

(U. S. C. C. A., 1921.) The fact that other officers of a national bank had no knowledge of the receipt of bonds on its behalf by its cashier for safe-keeping and collection, or the fact that the bank received no benefit because of the unlawful conversion of the bonds by the cashier to his own use, did not affect his authority to receive them for it, nor relieve it from liability to account for them. (Ib.)

In action for deceit against national bank, ultra vires no defense.

(U. S. C. C. A., 1920.) A national bank held liable for deceit, where its president, who transacted its business, purporting to act for the bank, sold to plaintiff a note and real estate mortgage, and received payment by drafts payable to him as president, when in fact the bank did not own the note and mortgage, and did not deliver them, although it did not receive the purchase money, and although plaintiff knew it had no authority to make such loans, either for itself or as broker, where he had previously during several years purchased such loans from it, through its president, in the same manner. (Smith v. First Nat. Bank of Casselton, N. D., 268 Fed. Rep. 780.)

In action for deceit against national bank, ultra vires no defense.

(U. S. C. C. A., 1920.) In such case, the action is not one to enforce an ultra vires contract, but in tort, and plaintiff's right arises out of the fact that the bank held itself out as having such loans for sale, and as negotiating them through its president, and is therefore liable for his acts and statements in such negotiations. (Ib.)

Estoppel—Acts not prejudicial do not raise equitable estoppel.

(U. S. C. C. A., 1920.) Where a national bank sold a note and mortgage, which it did not own and could not deliver, subsequent negotiations between the purchaser, the president of the bank, and the actual owner of the note and mortgage, by which the purchaser obtained the same, thereby reducing his loss, and consequently the liability of the bank, held not to estop him from maintaining an action against the bank for the deceit. (Ib.)

## OFFICERS, CRIMINAL LIABILITY OF.

Receiver of national bank is "officer of United States" as respects liability for embezzlement and false reports.

(U. S. C. C. A., 1921.) A receiver of an insolvent national bank is an "officer of the United States," within the meaning of Criminal Code, sec. 97, and act March 4, 1911 (Comp. St. secs. 10265, 10270), and subject thereunder to prosecution for embezzlement of the funds of the bank, or for making a false report of its condition with intent to deceive. (Weitzel v. United States, 274 Fed. Rep. 101.)

#### ORGANIZATION.

One employed to organize bank held not entitled to recover compensation under express contract.

(So. Dak. Sup., 1921.) Where defendants, organizers of a bank, approached plaintiff to obtain blanks for organizing the bank, and from that time on plaintiff assisted in the organization of the bank, but there was never any agreement whatsoever in relation to the compensation plaintiff should receive for his services, plaintiff was not entitled to recover \$5 per share by reason of the fact that defendants in subscribing for stock agreed, as a part of the amount thereof, to pay \$5 per share to cover the expenses of organizing the bank; plaintiff not being a party to the subscription agreement, and the agreement in no light disclosing that he was to receive the \$5 per share. (Jaeggi v. First National Bank of Eden et al., 183 N. W. Rep. 365.)

#### POWERS.

- Directors of bank not entitled to maintain action based on ultra vires contract.
  - (U. S. C. C. A., 1921.) A State bank commissioner, in behalf of the creditors of an insolvent State bank, brought suit against another bank to recover collateral pledged for a loan which created an indebtedness in excess of that permitted by the statutes of the State, but authorized by formal action of the directors. Pending the suit, the directors, who were liable under the statute for any indebtedness of the bank created by them in violation of law, paid to the commissioner the amount of the bank's indebtedness, and took from him an assignment of its assets. Held, that the suit could no longer be maintained for their benefit, either in their own names or in that of the commissioner (Lewis, Banking Comr. v. Fifth-Third National Bank of Cincinnati, 274 Fed. Rep. 587.)
- Can not avoid ultra vires contract which has been executed by the other party.
  - (U. S. C. C. A., 1921.) A private corporation can not avail itself of the fact that a contract made by it was ultra vires, either as a defense or as the basis of an action, where the contract has been fully executed in good faith by the other party and the corporation has received the benefit of it. (Ib.)
- Federal court not bound by state decisions as to rights under ultra vires contract.
  - (U. S. C. C. A., 1921.) The question of the rights and remedies of the parties to an ultra vires contract is one of general jurisprudence, on which a Federal court is not bound by State decisions, but must exercise its own judgment in a case before it. (Ib.)
- Court will regard rights of real parties in interest only.
  - (U. S. C. C. A., 1921.) A court will determine an action in accordance with the rights of the real parties in interest, without regard to form or to those who are nominal parties only. (Ib.)

#### SHAREHOLDERS.

#### ASSESSMENTS.

- Comptroller can conclusively assess stockholders' liability.
  - (U. S. C. C. A., 1920.) The Comptroller of the Currency can order an assessment upon the shares of an insolvent national bank, which is conclusive upon the shareholders, and enforce payment thereof through a receiver of his appointment. (Miller v. Hamner, 269 Fed. Rep. 891.)
- Suit for fractional part of stockholders' liability is in equity.
  - (U. S. C. C. A., 1920.) A suit to enforce a fractional part of a shareholder's liability on assessment to pay the debts of an insolvent national bank, though based on the statute, is in equity. (Ib.)
- Estate liable for stock held by it when insolvency occurred.
  - (U. S. C. C. A., 1920.) Under Rev. St., section 5151, superseded by act December 23, 1913, section 23, the estate of a deceased shareholder in a national bank is liable on the stock held by it, though insolvency of the bank occurs and assessment on the policy is made after his death. (Ib.)
- State limitation statutes apply to suits to enforce national bank stockholder's liability.
  - (U. S. C. C. A., 1920.) In the absence of Federal provisions, State statutes of limitation apply to suits brought to enforce payments on assessment against the stockholders of an insolvent national bank. (Ib.)
- Executors and administrators—Personally liable for settling estate without paying statutory liability.
  - (U. S. C. C. A., 1920.) An executor, who settles an estate without making provision for or disposing of a liability imposed thereon by statute, may in a proper action seasonably brought be held personally liable for devastavit. (Ib.)
- Equity—Relief must conform to bill.
  - (U. S. C. C. A., 1920.) The relief granted in equity must conform to the case made by the bill. (Ib.)

- Equity—Personal decree not authorized in suit against executor as representative.
  - (U. S. C. C. A., 1920.) A bill charging the defendant with liability only as executor of an estate does not authorize a decree against him personally, though he is personally liable, and though the bill contains a prayer for general relief, since such prayer does not vary the rule against relief inconsistent with the case made by the bill. (Ib)
- Limitation of actions—Recovery on supplemental bill stating new cause of action is barred.
  - (U. S. C. C. A., 1920.) When a supplemental bill in equity to hold an executor personally liable for devastavit states a new cause of action, that action is subject to the operation of an applicable statute of limitations. (Ib.)
- Judgment against national bank fixes stockholders' liability.
  - (U. S. C. C. A., 1920.) Rendition of a judgment against a national bank which has gone into voluntary liquidation and the return of an execution thereon unsatisfied fixes the liability of the stockholders for its payment, and a cause of action against them accrues from the date of such return. (Warner et al. v. Citizens National Bank et al., 267 Fed. Rep. 661.)
- Limitations of State statute usually followed in equity.
  - (U. S. C. C. A., 1920.) While State statutes of limitation do not apply to suits in equity in the Federal courts, they are usually followed by analogy, where there is no showing on either side that to follow or not to follow the statute would be inequitable. (Ib.)
- Limitation of actions—Right to extension because of dismissal of prior suit.
  - (U. S. C. C. A., 1920.) In view of act June 30, 1876, chapter 156, section 2 (Comp. St. sec. 9807), providing for enforcement of the liability of stockholders of a national bank by bill in equity in a Federal court, the bringing of an action therefor in a State court held so manifestly unauthorized that the complainant was not entitled to the benefit of Revised Laws, Oklahoma, 1910, section 4662, permitting the bringing of a new action on a cause of action barred by limitation, where a prior action has been dismissed otherwise than on the merits. (Ib.)
- Costs of suit against stockholders apportioned according to holdings of stock.
  - (U. S. D. C., 1920.) Under Rev. St., section 5151, as to the liability of national-bank stockholders for debts, it is just and equitable in a suit against a national bank and its stockholders to apportion the costs between the stockholders in proportion to their holdings of stock, the costs resulting from litigation of the issues made by pleas being apportioned only between the litigating defendants. (American Nat. Bank of Macon v. Commercial Nat. Bank of Macon et al., 268 Fed. Rep. 688.)

#### TAXATION.

- Taxation—Statute preventing State taxation discriminating against shareholders of national banks not limited to discrimination in favor of State banks; "moneyed capital."
  - (U. S. Sup., 1921.) Rev. St., section 5219 (Comp. St. sec. 9784), providing that State taxation of shares of national banks shall not be at greater rate than is assessed on other moneyed capital in the hands of individual citizens of the State is not limited to protecting national-bank shareholders from higher taxation than is assessed against shares in State banks, but the expression "moneyed capital in hands of individual citizens" includes investments in securities that will be money at interest and other evidences of indebtedness, such as normally entered into in banking. (Merchants' Nat. Bank of Richmond, Va., v. City of Richmond, 41 Sup. Court Rep. 619.)
- Taxation—State tax held to discriminate between national-bank stock and capital invested in competition therewith.
  - (U. S. Sup., 1921.) A tax imposed pursuant to Acts, Virginia, 1915, chapter 85, and a city ordinance enacted under the authority thereof which, in connection with the tax under Acts, Virginia, 1915, chapter 117, amounted to \$1.75 on each \$100 invested in bank stock, whether national or State, while the rate was only 95 cents on each \$100 valuation of intangible property, including bonds, notes, and other evidences of indebtedness, is centrary to Rev. St., section 5219 (Comp. St. sec. 9784), providing that the State tax on national-bank shares shall not exceed the tax levied on moneyed capital in hands of individual citizens where it was clearly shown that the capital taxed at lower rate was in relatively material competition with the banks of the State. (Ib.)

Digitized for FRASER

- Taxation—In assessing banks tax is levied against corporation's stock in hands of stockholders.
  - (Okla. Sup., 1921.) In assessing State or national banks, the assessment is not against the corporation upon its moneyed capital, surplus, and undivided profits, but the tax is levied against the shares of stock in the hands of stockholders, and the officers of the corporation act as the agent of the stockholders, both in listing the shares of stock for taxation and in paying the taxes levied against said shares of stock. (In re Tradesmen's State Bank of Oklahoma City, 198 Pacific Rep. 479:)
- Taxation—Bank stock to be assessed at its true value.
  - (Okla. Sup., 1921.) The shares of stock in a State or national bank are to be assessed at their true value, which may or may not coincide with their book value. (Ib.)
- Taxation—No deduction in determining value of bank stock for investments in exempt securities.
  - (Okla. Sup., 1921.) In determining the value of shares of stock in a national or State bank for the purpose of taxation, no deduction is to be made on account of the capital of the corporation invested in securities which are exempt from taxation. (Ib.)

## TABLES.

<sup>1</sup> Included with paper currency.

Note.—Beginning with reports as of Sept. 11, 1917, national bank notes, legal tender notes, Federal reserve notes, and Federal reserve bank notes not included in previous classification of specie, are now included in paper currency and total.

Fractional silver coin includes minor coins beginning Dec. 31, 1914.

<sup>&</sup>lt;sup>2</sup> Includes fractional silver and minor coins.

<sup>3</sup> Included with gold Treasury certificates.

Table No. 43.—Lawful money and classification of reserve held by national banks as shown by reports of Sept. 11, 1917, and subsequent dates.

Date.	Number of banks.	Net amount on which reservo is computed.	Amount of reserve required.	Amount due from Federal reserve banks. <sup>1</sup>	Percentage of amounts due from Federal reserve banks to amount on which reserve is computed.

¹ This amount represents the net amount due from banks as shown by the reports of those banks whose balances due from exceed the balances due to banks and must be deducted from the amount in the second column in order to prove the apparent amount of liabilities upon which reserve is required. Certified checks and cashiers' checks are now included with amount due to banks in the reserve calculation. (This note applies to this column under each date.)

Liabilities for rediscounts, including those						

Beginning with report for Sept. 12, 1916, notes and bills rediscounted are not included in loans and discounts, as was the previous custom.
 Includes Federal reserve bank notes.
 Prior to May 1 this item read "Letters of credit."
 Prior to Nov. 17 this item read "Acceptances based on imports and exports."
