

STATEMENT FOR THE PRESS

for publication
beginning, Feb. 21;
at an earlier date.

St. 4853
Federal Reserve Board,
February 20, 1926.

BANK DEBITS

debits to individual accounts, as reported to the Federal Reserve Board for the leading cities for the week ending February 17, aggregated \$11,517,000,000 or 7 per cent below the total of \$12,116,000,000 reported for the preceding week. The midmonth swell was more than offset by the fact that February 12, Washington's birthday, was observed as a holiday in many of the reporting centers. New York City reported a decline of \$539,000,000, San Francisco of \$110,000,000 and Chicago of \$86,000,000, while increases of \$22,000,000 and \$20,000,000 were reported for Philadelphia and Detroit, respectively.

As compared with the week ending February 18, 1925, which also included but one business day in many of the centers, debits for the week under review are down by \$758,500,000, or 7 per cent. Increases were reported for most of the important centers, the largest increases being as follows: New York City \$1,000,000; Chicago \$66,000,000, Philadelphia \$42,000,000, San Francisco \$30,000,000, Los Angeles \$32,000,000 and Detroit \$25,000,000.

Aggregate debits for 141 centers for which figures have been published weekly for January, 1919, amounted to \$10,310,227,000 as compared with \$11,423,386,000 for the preceding week and \$10,046,491,000 for the week ending February 18, 1925.

Debits to individual accounts were reported to the Federal Reserve Board for 258 centers, all of which are included in the summary by Federal Reserve Districts.
