¹ Exclusive also of certified and cashiers' or treasurers' checks outstanding and of letters of credit and travelers' checks sold for cash and outstanding.

² Combined excess of amounts due to banks over amounts due from banks as shown by individual bank reports. When for a given bank, amounts due from banks exceed amounts due to banks, the excess due from can not be deducted in determining deposits on which reserves are computed, and for this reason amounts in this column do not agree with the difference between aggregate amounts due to banks and due from banks. In this calculation the amounts due to banks include due to Federal reserve banks, bankers, and trust companies, certified and cashiers' or treasurers' checks outstanding, and letters of credit and travelers' checks sold for cash and outstanding, while amounts due from banks include items with Federal reserve banks in process of collection, amounts due from banks and trust companies in United States, balances payable in dollars due from foreign branches of other American banks, and exchanges for clearing house and other checks on local banks.

³ Deficiencies in reserves indicated by a minus (-) sign.
