

most recently published together in Flow of Funds Accounts, 1949-78 (December 1979). Data in that publication however, are superceded by revisions that have appeared in subsequent publications and in the current release. Two replacement volumes to the 1979 publication have been in preparation. The first, containing annual data for 1946 to 1969, was made available in December 1986, and can be ordered from Publication Services at the Federal Reserve Board at a cost of \$1.75. The second, with quarterly data from 1970 onwards likely will follow in early 1988.

Subscription Information. Effective in 1987, the Federal Reserve Board began charging nominal amounts for subscriptions to all public releases, to defray printing and postage costs. The annual cost of the Z.7 Summary Statistics release presently is set at \$2.00; the price of the full Z.1 release has been fixed at \$7.00. The Flow of Funds Section also publishes Balance Sheets for the U.S. Economy, which is designated as the Federal Reserve Board's C.9 release and appears twice a year, usually in April and October. The cost of that release is \$2.00 per year. Subscription inquiries for these releases should be directed to Publication Services, Stop 138, at the Federal Reserve street address given below.

Quarterly or annual data for specific sectors of the accounts, in reasonable scope, are available in printed form from the Flow of Funds Section on request. Computer tapes for the entire data base in the accounts may be purchased from the National Technical Information Service, 5285 Port Royal Road, Springfield, Virginia 22161. Tape prices are determined by NTIS.

Requests and inquiries about the data and historical tabulations should be addressed to:
