Subject: Long Run Framework Project: Additional Supplementary Materials for

November FOMC Meeting

On September 29, we provided you with an overview of supplementary materials associated with the Long Run Framework (LRF) project that we will be sending to you in advance of the November FOMC meeting. On September 30, you were sent six of these memos. Today we are providing you with three additional memos from the Interest Rate Targets and Operating Regimes workgroup, including:

- Alternative Policy Rates
- Addressing Global Dollar Liquidity Strains: The Role of the Federal Reserve's Swap Arrangements
- Preparing the Public for a New Monetary Policy Framework

Should you have any questions about these memos, or if you would like to discuss any of the LRF materials further, please feel free to contact either of us or Julie Remache, who is the chair of the LRF Operating Committee.
