and New York 1/29/54. Introductory.

FOUND, Leslie

1/29/54

Conversation with Mr. Rounds in New York

8/20/56

Internal Memoranda - Interviews

2 copies of an interview with Leslie
Rounds of the Federal Reserve Bank of New York.

This should be filed in the blue folders of
Internal Interviews, under the date of May 2, 1955,
and the proper reference card put into the
alphabetic file (in the same file drawer)
under his name. This is the second of two
interviews with Mr. Rounds, and taken down
on a tape recorder as an experiment. The record
was poor, and much correction had to be made.
Hence the lateness of this transcription. MA
