Internal Memorandum

For Miss Adams

Some weeks ago, Mr. Riefler suggested that we invite Dr. Alexander Sachs to join this Committee. The proposal was greeted with some dismay, as Dr. Sachs would bring so very different a point of view and certain personality difficulties. It was suggested that Mr. Riefler pass it on to Mr. Woodward who know Dr. Sachs well. The last time I saw Mr. Riefler in Washington, he said that Mr. Woodward had suggested that Dr. Sachs be invited to attend a group interview and make his contribution in that way. Until these group interviews become a reality, this idea must be held in abeyance, but not forgotten.
