Internal Memorandum

Papers of S. Sloan Colt

A Mr. Brickner (in the Economics Department) of the Bankers Trust called today to discover just what kind of papers the Committee was seeking in its letter to Mr. S. Sloan Colt. I explained what we wanted; Mr. Brickner is pretty sure that Mr. Colt has nothing as he does not keep a diary nor does he amass a personal file. However, now that Mr. Brickner understands what the Committee is interested in, he will talk with Mr. Colt and we will hear from one of them.
