VAN HORNE HOUSE  
VAN HORNESVILLE, NEW YORK 13475

Dear Bob.

I have your letter  
of the 23<sup>rd</sup> & its most interesting  
enclosure - <sup>For Jacobsen's</sup> That citation of  
Norman's views - especially on  
Jean Brunet - in 1932 - is  
fascinating, & not only in re the BIS.

Perhaps by this time  
my letter of 6/19, addressed  
to you at Brookings, has caught  
up with you. I think its  
enclosures conform to the substance  
if not the letter of your suggestion  
re Childred's mess. If not, be  
sure to let me know.

As for the depository my  
own choice would be the NY Fed  
but evidently Childred would much  
prefer Columbia -

Your ever  
loyal
