

ASHLEY, W. J.

Statistics and the Theory of Money,  
ECONOMIC REVIEW,

April 15, 1912.

Pp. 4.

---

A criticism of the statistical method used by Prof.  
Irving Fisher to verify the "equation of exchange."

CARLILE, William W.

New York ~~and~~

MONETARY ECONOMICS. ~~London~~: Longman's Green &  
Co., 1912. Pp. xii, 306.

Review:

(highly unfavorable) by A. C. Whitaker, JOURNAL OF  
POLITICAL ECONOMY, v. 20, June, 1912, pp. 639-42.

---

Whitaker says this is not a treatise on money but rather  
a philippic against economic theory, especially that of  
the 'university' theorists.

CARLISLE, William W.

Monetary Economics. London: Edward  
Arnold & Co., 1912

FISHER, Irving
