HOPE, G. A.

"Federal reserve notes as bank reserves," JOURNAL
OF THE AMERICAN BANKERS ASSOCIATION,
June, 1922. P. 1

Many state banks count these notes as part of their lawful reserve. This is undesirable, because they are in part credit instruments. It also prevents the notes so used from returning to the issuing bank for retirement and thus impedes the contraction of note issues.

Abstract by N.R. Whitney, AMERICAN ECONOMIC REVIEW,
XII, Sept., 1922, p. 553.

KEMMERER, E. W.

THE A. B. C. OF THE FEDERAL RESERVE SYSTEM.
1920.

Determination of quantity of F.R. notes

M

Murchison, C.T.

Present paper backing of Reserve notes obsolete: general assets preferable. (In: Annalist, June 20, 1930, p.1309-)

The American banking system is better suited to a type of currency issued against the general assets of the Federal reserve banks than is that of any other country.
