history of banking in 9th F.R.  
District

---

he struggle of business men in the Central Northwest to  
create banks, to keep them going, and to give them  
strength is the theme of this colorful history studded  
with personalities and stores. It shows why small country  
banks were weak and how the most promising banks of the  
Twin Cities grew in strength and usefulness and throws light  
upon the whole problem of forming bank groups.
