London and the Trade Cycle,
AMERICAN ECONOMIC REVIEW
SUPPLEMENT, Vol. XIX,
1929.

19th c. London as world financial
center

"The 19th century
credit system is not to be
misinterpreted as consisting of
a number of countries each
exercising independent
control over credit within
its own limits. It is
rather to be regarded
as a centralized system
responding to a leader.
The center was London
the leader the Bank of
England."

Horsefield, J. K.

"British banking practices 1750-1850, Some
legal sidelights," *ECONOMICA*,
August, 1952.
