Federal farm loan banks represent a twentieth  
century populism that will be repudiated.

ROBINS, K. N.

Opportunity for private enterprise in  
agricultural finance, TRUST COMPANIES,  
January, 1922.

Pp. 4.

---

The federal farm loan system cannot hope to be more than one of many agencies engaged in financing the farmer. A good opportunity therefore exists for private companies to carry on trust and banking functions together with mortgage financing. Such companies could buy up mortgages and then sell to private individuals bonds based upon these mortgages.
