"The limitations of foreign credits,"
JOURNAL OF POLITICAL ECONOMY, Vol. 29, No. 10,
December, 1921. pp. 791-805.

Pp. 15.

A review of our experience in making loans to Europe to aid in buying our exports. Thinks it unlikely that the U.S. is permanently in the creditor class. Our own needs will limit further credit extension on our part. Questions whether additional credits, even if we could grant them, would be effective in rehabilitating Europe. What Europe needs is work and thrift.
