

COMMITTEE ON THE HISTORY OF THE FEDERAL RESERVE SYSTEM

Register of Papers

I

Processed: MA
Date: 11/3/55

ROY A. YOUNG

The papers of Roy Young, bank president, Governor of the Federal Reserve Board and of the Minneapolis and Boston Federal Reserve Banks, are still in his possession. Efforts have been made to persuade him to allow this Committee access to them, but while he has consented to interviews, he has as yet shown no desire to open the papers to study.

No estimate of the size of this collection has been made.

In addition to his own collection, papers of his are incorporated in the files of the Federal Reserve Board and of the two Federal Reserve Banks which he headed, Minneapolis and Boston.

Further effort should be put on getting access to his own papers.
