

B-N I
Nixon, Richard - outgoing, 7/1971 - 6/1972

August 4, 1971

Dear Mr. President:

Your comments about me at the Press Conference have warmed my heart. They were generous as well as kind, and they mean more to me and my family than words can express.

The differences between us on matters of economic policy are really minor. I applaud the thrust of your policy pronouncements today. You deserve strong support from me, and--within the limits of my ability--you shall always have it.

Sincerely yours,

Arthur F. Burns
