Honorable M. S. Eccles,
% Federal Reserve Board,
Washington, D. C.

Dear Mr. Eccles:

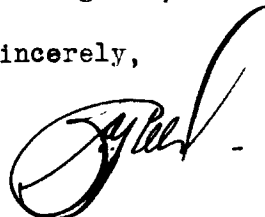

I appreciate receiving your letter of the 21st and assure you it is a pleasure for me to be able to contact Senator Carey in your behalf. If there is anything further in this connection that you feel I can do for you, I will be only too glad to give it my attention.

I was only in Washington for one day on my return from New York. I should have enjoyed a short visit with you, but upon calling your office found that you were very busy and as I have had some experience in public life, I know something of what you are up against so thought it best not to insist further upon seeing you. I had nothing in particular to talk about but I did want to advise you of some rather influential contacts I had in New York that were inclined to be luke-warm over your appointment and I am convinced that after I was through talking with them, that they had an entirely different understanding of you.

We will perhaps have an opportunity for a personal contact the next time I am east or at such a time as you are west during the forthcoming summer.

With kind personal regards, I am

Sincerely,

Jr-nf
