September 18, 1935

Honorable Marriner S. Eccles,
Salt Lake City,
Utah

Dear Marriner:

I saw the President this morning. The first question I asked him was about you. He assured me that you were absolutely going in as chairman, ----and that's that.

Of course, you are not supposed to repeat any conversation with the President, but I hope you will forgive me for breaking faith in this instance.

I am expecting a wire from you at the end of the month as to when you will be in New York. Luther Harr and I are hoping that we will have the opportunity of lunching with you, or better yet, dining together - just the three of us - or spending a few hours in trying to find something upon which we disagree regarding our theories of finance and money.

Sincerely yours,

J. David Stern
