MEMORANDUM FOR GOVERNOR ECCLES:

**The attached pencilled memorandum
is self-explanatory.**

A handwritten signature in cursive script, appearing to read 'M. H. McIntyre'.

**M. H. McIntyre,
Assistant Secretary
to the President.**

August 27, 1935.

MEMORANDUM:

TO: Mr. McIntyre, White House.
FROM: Mr. Eccles.

When I was in conference with the President about a week ago, he requested that I send to him pictures of the proposed new Federal Reserve building.

I am, therefore, enclosing three small pictures herewith: One showing the South elevation of the building on Constitution Avenue; one showing the North elevation on C Street, and the other showing the general shape of the building.

I trust you will see that these are brought to the President's attention as he seemed very much interested in seeing the design of the proposed building.

Enclosures.
