

U.S. 4302 ENG'G CONST COMMAND.

APC 75- South America

26 March 1945.

Dear Mr. Cates.

I thought you might be
interested in the envelopes - and
its possible you already know
some interesting stories - The new
10 peso note Serial 0983930 is
I believe the real thing - the other
one C109662 may be an official
counterfeit by the U.S. Gov't - I
am sure that it was counterfeited
and used by the Guerrillas - but
as to whether this is one I cannot
say. I've been in New Guinea and
am now in the Philippines
