Either you or Thurston if there advise McIntyre do not see at this time how it will be possible for me to accept invitation to speak before New York Herald Tribune Forum as will be in the West until latter part of September Am assuming New York meeting prior that time If after that time advise McIntyre my belief meeting would be interpreted as strictly political and if so my appearance may do more harm for administration than good However if President feels it important for me to appear and meeting is after I return to Washington I will be willing to accept invitation Advise air mail outcome this matter
