My dear Mr. Eccles:

Dr. Bush believes that you will be interested in a report on a post-war program for scientific research which he is making to President Truman in response to a request from President Roosevelt last November. Before leaving Washington on urgent business, he asked me to send you an advance copy which I enclose.

You will note that the Report is to be released by the White House on Thursday morning, July 19, 1945, and should be held in confidence until that date.

Very sincerely yours,
