

Chairman Eccles:

If you should wish, in connection with Plan A, to relieve the Board of the present budgetary and Civil Service restrictions upon the Federal Deposit Insurance Corporation (which have been imposed by Executive Order) the following language could be inserted as the opening sentence of the last paragraph of Plan A. It was not included in Plan A because I did not know whether you would wish to raise this subject with Judge Rosenman.

"All previous Executive Orders relating to the administration of the affairs of the Federal Deposit Insurance Corporation (except Executive Order No. 9148 relating to Federal Credit Unions) are superseded by this order as of the date upon which it becomes effective."
