FEDERAL RESERVE  
BOARDDate April 10, 1935To Governor EcclesSubject: Request from Congressman HancockFrom J. M. Daiger 

• P O 16-852

You will recall that a few days ago I sent a memorandum to you saying that Congressman Hancock had asked for a comparison of the Federal Monetary Authority bill with Title II of the banking bill. At the same time I sent a carbon copy of the memorandum to Dr. Goldenweiser, who has since drafted the attached statement.

If this meets with your approval, I shall have it typed over with the changes noted on pages 1 and 2, and then take it to Congressman Hancock.
