

## Office Correspondence

FEDERAL RESERVE  
BOARDDate November 16, 1935

Governor Eccles

Subject: Mr. Frederic A. DelanoFrom J. M. Daigen

... 16-852

*MS*

I was talking today with Mr. Frederic A. Delano, who was outlining to me the work of the Central Housing Committee, of which he is chairman and Mr. Grimm vice chairman. In the course of the conversation he spoke very favorably of you and of your work here and said that he had been following with great interest the accounts of the A. B. A. convention in New Orleans.

He asked me to tell you that he would like to get in touch with you after you returned to Washington. He wants you to come up to his house to dinner some evening (as you perhaps know, Mr. Preston Delano lives with him) to talk over Federal Reserve matters. One of these matters is that he wishes to make way for a younger man on the Board of the Richmond bank, where he is a Class C director and deputy chairman.
