To Governor Eccles

Subject: Shorter draft of letter

From J. M. Daiger

to Mr. Hecht

••• 16-852

COPY

I should like you to consider this shorter draft of the letter to Mr. Hecht. I think it would be more effectual for purposes of newspaper refutation than the longer draft.

The language is taken wholly from the first draft, but the detailed comparison of the new bill with the existing law is omitted. My suggestion would be to reserve this detailed comparison for the Senate record and give it to the newspapers at that time.
