Washington, D.C.

Dear Mr. Eccles:

Your letter of March 16th enclosing some comments prepared by a member of your Research Division with respect to the recent report of our Banking and Investment Committee on the Banking Bill of 1935, as well as a summary list of your suggested changes made to the House Banking and Currency Committee, and your address before the Ohio State Bankers Association has just come to my attention.

The time and trouble which you have taken to obtain our point of view is very much appreciated, and I shall be interested in reading the enclosed data over the week-end after which I shall pass it along at once to our Banking and Investment Committee for their perusal and consideration.

Very truly yours,

HARRISON D. BLAIR,
President
