Federal Reserve Board,  
Washington, D. C.

Dear Sir:

It is my privilege to acknowledge receipt of your favor of May 6th, together with a summary of the testimony which you gave before the Banking and Currency Committee of the House of Representatives. This will be read with great interest as I am very much concerned over the entire banking legislation and appreciate the fact that Mr. Henry H. Heimann has asked you to place this correct testimony in my hands.

Yours very truly,

C. R. Burnett.
