Dear Larry:

Was glad to get your favorable reaction to the letter.

Have written Marriner for a conference along the lines you suggested. I am leaving here on the 11th — must stay there the 12th & expect to stay at Mayflower. Should get in my time, between the date of my arrival and Marriner's meeting, visiting my boys who are stationed in Washington — at least 8 of them.

Note Otto Candler, Larry, as Vice-Chairman of the Finance Committee he merely acts as one of the Head office Credit Officers - nothing else - such officers - but we do expect, on the side, to use his influence with the Bank in Germany should it happen that Inflation should get out of hand. And our Manager of International Dept, Mr Diehl, retires in a year or so & Otto will assume supervision over Foreign Dept.

Yours
