

June 20, 1935

WHEREAS, the National Lumber Manufacturers Association regards the National Housing Act as practical, businesslike and sound, and as having already made a substantial contribution to national recovery, and

WHEREAS, the Federal Housing Administration has diligently endeavored to solve the many problems of developing this great program and has produced constantly increasing results,

THEREFORE BE IT RESOLVED, That the Executive Committee of the National Lumber Manufacturers Association commends the Administrator and his organization, wishes them increasing success in their difficult and important undertaking, and, as an aid to this end, offers to them the facilities of the Lumber Manufacturing Industry's organizations.
