Dear Mr. Eccles:

Because you understand housing you may get a real kick out of the First Annual Report of our Atlanta Authority, just published, and being sent forward to you today under separate cover.

The illustrations and maps show how we really are removing blight from central real estate and at the same time helping the people who need help most.

Here's looking forward to the time when you will give me the pleasure of driving you over these projects in Atlanta.

Cordially yours,

C. F. Palmer
